Form Approved OMB No. 0704-0188
OMB Approval Expires 20221130

The public reporting burden for this collection of information is estimated to average 110 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Department of Defense, Executive Services Directorate (0704-0188). Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number. Please do not return your form to the above organization. Send completed form to the Government Issuing Contracting Officer for the Contract/PR No. listed in Block E.

16. REMARKS

Note: Whether explicitly mentioned below or not, any mention in DI-ILSS-80872 to medical of clinical requirements is N/A.

BLOCK 4:

Para. 10.1 General - The purpose of the Type 1 training material is to provide an initial cadre of KC-135 operators and maintainer sufficient training to safely and effectively operate and maintain CCRmodified KC-135 prototype and pre-production aircraft. All training material used by the instructors shall be distributed to trainees for pre-study prior, and for reference after, instructor-led training is provided. Training materials shall be suitable for application in a self-paced, self-directed format. The primary delivery method for instruction will be instructor-led presentations and hand-on practical experience in either a flight operational training device (FOTD), modified aircraft, or a systems integration laboratory (SIL) that replicates the HMI experience of operating CCR systems on the flight deck. The purpose of the instructor is to provide lectures and presentations, lead hands-on instructions, observe and evaluate students, answer questions, provide supplemental training, and to simulate malfunctions for training purposes. The training materials and instruction shall be suitable for trainees with the prerequisite of being fully qualified KC-135 operators or maintainers.

Para 10.1.1 Format - Material shall be available in both printed and digital format for trainees. Contractor printed and digital format is acceptable, but digital format shall be searchable in either Microsoft Office Suite of Adobe Acrobat products.

Para. 10.2.1 Programmed Text - The programmed materials shall be designed to guide trainees through the operational inspection, interpretations, application, fault analysis, and fault remediation of CCR systems for operators. The programmed materials shall be designed to guide trainees through the operational inspection, fault diagnosis, fault remediation, LRU removal, malfunction diagnosis and disposition, and LRU installation of CCR systems for maintainers. The programmed text shall give both operators and maintainers functional and physical overviews of CCR architecture and normal operation commensurate with their respective specialties.

Para. 10.2.1.2 Clinical Application - N/A

Para. 10.2.1.3 Operating Procedures - Trainees shall be provided with step-by-step instruction on how to perform the operator and maintainer functions described in Para. 10.2.1 "Programmed Test" above. The reason for each step, and the importance of sequence when applicable, shall be presented.

Para. 10.2.1.4 Routine Inspection - Step-by-step instruction shall be provided to both operators and maintainers on how to inspect CCR systems for proper operation and for the presence of the system faults. This section shall also include routine and preventative maintenance actions required for continual CCR systems availability and operation.

Para. 10.2.1.4 (1) and (2) - N/A

Para. 10.2.1.6 Troubleshooting - Step-by-step instructions on how to diagnose and troubleshoot CCR systems faults and malfunctions, identified separately for operators and maintainers shall be provided. The rationale for each step shall be provided.

16. REMARKS *(Continued)*

Para. 10.2.2 Instructor Guidance - An instructor supplement used to guide and assist instructors in delivering and facilitating the courseware shall be provided both digitally and in printed form IAW DI-ILSS-80872, Para. 10.2.2.

BLOCK 12:
Initial submittal to the Government shall be sixty (60) days prior to the first Type 1 training class for Government approval. Once approved, training materials shall be provided to initial trainees NLT thirty (30) days prior to the beginning of training.

BLOCK 13:
Changes shall be approved by the Government by resubmittal as required. Approved training materials will be provided to trainees 30 days prior to the start of training for subsequent Type 1 training classes.

INSTRUCTIONS FOR COMPLETING DD FORM 1423

(See DoD 5010.12-M for detailed instructions.)

FOR GOVERNMENT PERSONNEL

Item A. Self-explanatory.

Item B. Self-explanatory.

Item C. Mark (X) appropriate category: TDP - Technical Data Package; TM - Technical Manual; Other - other category of data, such as "Provisioning,""Configuration Management," etc.

Item D. Enter name of system/item being acquired that data will support.

Item E. Self-explanatory (to be filled in after contract award).

Item F. Self-explanatory (to be filled in after contract award).

Item G. Signature of preparer of CDRL.

Item H. Date CDRL was prepared.

Item I. Signature of CDRL approval authority.

Item J. Date CDRL was approved.

Item 1. See DoD FAR Supplement Subpart 4.71 for proper numbering.

Item 2. Enter title as it appears on data acquisition document cited in Item 4.

Item 3. Enter subtitle of data item for further definition of data item (optional entry).

Item 4. Enter Data Item Description (DID) number, military specification number, or military standard number listed in DoD 5010.12-L (AMSDL), or one-time DID number, that defines data content and format requirements.

Item 5. Enter reference to tasking in contract that generates requirement for the data item (e.g., Statement of Work paragraph number).

Item 6. Enter technical office responsible for ensuring adequacy of the data item.

Item 7. Specify requirement for inspection/acceptance of the data item by the Government.

Item 8. Specify requirement for approval of a draft before preparation of the final data item.

Item 9. For technical data, specify requirement for contractor to mark the appropriate distribution statement on the data (ref. DoDD 5230.24).

Item 10. Specify number of times data items are to be delivered.

Item 11. Specify as-of date of data item, when applicable.

Item 12. Specify when first submittal is required.

Item 13. Specify when subsequent submittals are required, when applicable.

Item 14. Enter addressees and number of draft/final copies to be delivered to each addressee. Explain reproducible copies in Item 16.

Item 15. Enter total number of draft/final copies to be delivered.

Item 16. Use for additional/clarifying information for Items 1 through 15. Examples are: Tailoring of documents cited in Item 4; Clarification of submittal dates in Items 12 and 13; Explanation of reproducible copies in Item 14.; Desired medium for delivery of the data item.

FOR THE CONTRACTOR

Item 17. Specify appropriate price group from one of the following groups of effort in developing estimated prices for each data item listed on the DD Form 1423.

a. Group I. Definition - Data which is not otherwise essential to the contractor's performance of the primary contracted effort (production, development, testing, and administration) but which is required by DD Form 1423.

Estimated Price - Costs to be included under Group I are those applicable to preparing and assembling the data item in conformance with Government requirements, and the administration and other expenses related to reproducing and delivering such data items to the Government.

b. Group II. Definition - Data which is essential to the performance of the primary contracted effort but the contractor is required to perform additional work to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, or quality of the data item.

Estimated Price - Costs to be included under Group II are those incurred over and above the cost of the essential data item without conforming to Government requirements, and the administrative and other expenses related to reproducing and delivering such data item to the Government.

c. Group III. Definition - Data which the contractor must develop for his internal use in performance of the primary contracted effort and does not require any substantial change to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, and quality of the data item.

Estimated Price - Costs to be included under Group III are the administrative and other expenses related to reproducing and delivering such data item to the Government.

d. Group IV. Definition - Data which is developed by the contractor as part of his normal operating procedures and his effort in supplying these data to the Government is minimal.

Estimated Price - Group IV items should normally be shown on the DD Form 1423 at no cost.

Item 18. For each data item, enter an amount equal to that portion of the total price which is estimated to be attributable to the production or development for the Government of that item of data. These estimated data prices shall be developed only from those costs which will be incurred as a direct result of the requirement to supply the data, over and above those costs which would otherwise be incurred in performance of the contract if no data were required. The estimated data prices shall not include any amount for rights in data. The Government's right to use the data shall be governed by the pertinent provisions of the contract.
