REQUIREMENTS, 2. FORMAT, ADD (TOP Option Selection Worksheet is TBD)

REQUIREMENTS, 3. CONTENT, ADD

Drawings shall be IAW ASME Y\4.100-2013 (including Appendices B, C, D, E), ASME Y\4.24, ASME Yl4.3, ASME Yl4.34, ASME Yl4.35, ASME Yl4.5. Tailoring to these documents as indicated on this DD1423. Block 4: Dl-SESS-80776 and Technical Data Package Option Worksheet (defined in MTL-STD-31 000) are applicable. Tailoring to DID per TOP Option Selection Worksheet. Legibility and Reproducibility: All documents prepared or submitted shall meet the legibility and reproducibility requirements of the specification or standard controlling the media in which the data is delivered. As a minimum, all lines, symbols, letters, and numerals shall be readable, as per ASME Y 14.2-2014. Contractor shall prepare Source Control Drawings and/or Vendor Item Control Drawings for existing Commercial-off-the-shelf (COTS) items or vendor developed items, with the exception of bulk items. All drawings and associated lists shall have the contract number identified on sheet one of each document. Contractor shall provide COTs data including results of qualification testing, operators and installation manuals and instructions for continued air worthiness.

BLOCK 10, 12 & 13:
Contractor shall submit the Draft digital copies NLT 60 days prior to PDR, updated Draft digital copies NLT 60 days prior to CDR, and Final digital copies NLT 60 days prior to Aircraft PCA. The Government requires 60 days to review drawings and provide comments back to the contractor. The Contractor shall respond with corrections/comments NLT 120 days. The Contractor shall submit TEAMCENTER compatible digital data sample (See TEAMCENTER instructions below), including Metadata file prepared in Microsoft Access for drawings and associated lists, NLT 15 days after PCA.

The Contractor shall submit Final Drawings and Associated Lists NLT 45 working days after PCA. All newly created Drawings and Associated Lists shall be released at the Basic Revision. All updated/ revised Drawings and Associated Lists shall be delivered with all outstanding Engineering Change Orders (ECOs) incorporated. Other ECO's shall be provided in Contractor format. Final delivery format shall match sample formats defined below or as agreed upon by the Government. The Government requires 90 calendar days for Final inspection and acceptance of delivery. CDROM label (s) shall be marked with Date, Contract Number, Company Name, Data Item Number and System. Shipping List: A shipping list shall be provided with each shipment of engineering data delivery. Each shipping list shall identify each and every document being furnished in the TDP in alphanumeric order. The Contractor shall identify all data that is proprietary.

If 3-D model(s) are included in the deliverable, a STEP format file shall be delivered:

INSTRUCTIONS FOR COMPLETING DD FORM 1423

(See DoD 5010.12-M for detailed instructions.)

FOR GOVERNMENT PERSONNEL

Item A. Self-explanatory.

Item B. Self-explanatory.

Item C. Mark (X) appropriate category: TDP - Technical Data Package; TM - Technical Manual; Other - other category of data, such as "Provisioning,""Configuration Management," etc.

Item D. Enter name of system/item being acquired that data will support.

Item E. Self-explanatory (to be filled in after contract award).

Item F. Self-explanatory (to be filled in after contract award).

Item G. Signature of preparer of CDRL.

Item H. Date CDRL was prepared.

Item I. Signature of CDRL approval authority.

Item J. Date CDRL was approved.

Item 1. See DoD FAR Supplement Subpart 4.71 for proper numbering.

Item 2. Enter title as it appears on data acquisition document cited in Item 4.

Item 3. Enter subtitle of data item for further definition of data item (optional entry).

Item 4. Enter Data Item Description (DID) number, military specification number, or military standard number listed in DoD 5010.12-L (AMSDL), or one-time DID number, that defines data content and format requirements.

Item 5. Enter reference to tasking in contract that generates requirement for the data item (e.g., Statement of Work paragraph number).

Item 6. Enter technical office responsible for ensuring adequacy of the data item.

Item 7. Specify requirement for inspection/acceptance of the data item by the Government.

Item 8. Specify requirement for approval of a draft before preparation of the final data item.

Item 9. For technical data, specify requirement for contractor to mark the appropriate distribution statement on the data (ref. DoDD 5230.24).

Item 10. Specify number of times data items are to be delivered.

Item 11. Specify as-of date of data item, when applicable.

Item 12. Specify when first submittal is required.

Item 13. Specify when subsequent submittals are required, when applicable.

Item 14. Enter addressees and number of draft/final copies to be delivered to each addressee. Explain reproducible copies in Item 16.

Item 15. Enter total number of draft/final copies to be delivered.

Item 16. Use for additional/clarifying information for Items 1 through 15. Examples are: Tailoring of documents cited in Item 4; Clarification of submittal dates in Items 12 and 13; Explanation of reproducible copies in Item 14.; Desired medium for delivery of the data item.

FOR THE CONTRACTOR

Item 17. Specify appropriate price group from one of the following groups of effort in developing estimated prices for each data item listed on the DD Form 1423.

a. Group I. Definition - Data which is not otherwise essential to the contractor's performance of the primary contracted effort (production, development, testing, and administration) but which is required by DD Form 1423.

Estimated Price - Costs to be included under Group I are those applicable to preparing and assembling the data item in conformance with Government requirements, and the administration and other expenses related to reproducing and delivering such data items to the Government.

b. Group II. Definition - Data which is essential to the performance of the primary contracted effort but the contractor is required to perform additional work to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, or quality of the data item.

Estimated Price - Costs to be included under Group II are those incurred over and above the cost of the essential data item without conforming to Government requirements, and the administrative and other expenses related to reproducing and delivering such data item to the Government.

c. Group III. Definition - Data which the contractor must develop for his internal use in performance of the primary contracted effort and does not require any substantial change to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, and quality of the data item.

Estimated Price - Costs to be included under Group III are the administrative and other expenses related to reproducing and delivering such data item to the Government.

d. Group IV. Definition - Data which is developed by the contractor as part of his normal operating procedures and his effort in supplying these data to the Government is minimal.

Estimated Price - Group IV items should normally be shown on the DD Form 1423 at no cost.

Item 18. For each data item, enter an amount equal to that portion of the total price which is estimated to be attributable to the production or development for the Government of that item of data. These estimated data prices shall be developed only from those costs which will be incurred as a direct result of the requirement to supply the data, over and above those costs which would otherwise be incurred in performance of the contract if no data were required. The estimated data prices shall not include any amount for rights in data. The Government's right to use the data shall be governed by the pertinent provisions of the contract.
