- **Place of Performance:** U.S. Embassy Baghdad, Al-Kindi Street, International Zone, Baghdad, Iraq

2.0 DESCRIPTION OF REQUIREMENT

The U.S. Embassy Baghdad (the Government) is seeking information from industry to assist with the development, planning, design, and implementation of a comprehensive studio facility. The purpose of this Request for Information (RFI) is to gather industry expertise and capabilities to help the Embassy develop requirements, specifications, and budget estimates for a complete studio setup. This market research is intended to identify all capable sources.

BACKGROUND

The Embassy requires the establishment of a professional studio facility to support broadcast production, video recording, audio recording, and multimedia content creation for official communications purposes. Currently, the Embassy does not have detailed specifications for equipment, furniture, acoustic treatments, or other materials required for this project.

The Embassy is seeking contractor expertise to:

- Assess the designated space and existing conditions
- Recommend appropriate studio configurations
- Provide comprehensive equipment lists and specifications
- Suggest acoustic treatment solutions
- Recommend furniture and set design options
- Provide budget estimates for various capability levels

2.1 Scope of Work

The Contractor shall furnish all necessary personnel, materials, and services to perform the following:

2.1.1 Site Assessment and Design Services:

- Space evaluation and analysis

- Studio layout and configuration recommendations
- Acoustic analysis and treatment design
- Lighting design and specifications
- Set design concepts and options
- 3D renderings and visualizations

2.1.2 Equipment and Systems

Contractors should describe their approach to specifying and providing:

Video Production Equipment:

- Cameras (broadcast quality, 4K or better)
- Camera support systems (tripods, mounts, etc.)
- Video switching and routing equipment
- Recording and playback systems
- Monitors and displays
- Video processing equipment
- Teleprompter systems
- Any other video production equipment deemed necessary

Audio Production Equipment:

- Microphones (various types as appropriate)
- Audio mixing consoles
- Audio processing equipment
- Monitoring speakers
- Headphones and communication systems
- Audio recording systems
- Any other audio equipment deemed necessary

Lighting Systems:

- Studio lighting fixtures (LED preferred for energy efficiency)
- Lighting control systems
- Lighting support infrastructure
- Dimming systems
- Any other lighting equipment deemed necessary

Control and Integration:

- Control room equipment and furniture
- System integration and control
- Intercom systems
- Network infrastructure
- Any other control systems deemed necessary

Acoustic Treatment:

- Wall panels and treatments
- Ceiling treatments
- Floor treatments
- Door and window treatments
- Sound isolation solutions
- Any other treatments deemed necessary

Studio Furniture and Set Elements:

- Studio desks and tables
- Seating (on-camera and off-camera)
- Set pieces and backgrounds
- Storage solutions
- Workstations for operators
- Any other furniture deemed necessary

Supporting Infrastructure:

- Cable management systems
- Power distribution
- Any other infrastructure requirements

2.1.3 Installation and Commissioning Services

- Installation methodology and timeline
- Testing and commissioning procedures
- Training programs for Embassy personnel
- Documentation (as-built drawings, operation manuals, etc.)
- Warranty and maintenance support options

2.2 Technical Specifications (Facility Fact Sheet)

- **Studio:** 377.8 sq. ft. (15', 10.25" x 24', 0.75"). Floor to grid: 10', 2".
-

3.0 SITE VISIT & ACCESS (BAGHDAD SECURITY)

A site visit is scheduled for **03/15/2026 @ 10:00 AM AST** at the U.S. Embassy Baghdad Headquarters.

Access Requirements:

1. **Notification:** Vendors must send attendee names and Passport/ID copies NLT **03/07/2026 12:00 pm Baghdad local time**, to: baghdadgsoprocagt2@state.gov
 2. **Location:** Meet at **GREEN CAC**, International Zone, Baghdad.
 3. **International Zone access:** the Embassy will not facilitate accessing the IZ, it is the contractor's responsibility.
-

4.0 SUBMISSION INSTRUCTIONS

Respondents must provide a **Capability Statement (White Paper)** not exceeding 10 pages.

Submissions must include:

1. **Company Information:** Name, address, website, and Point of Contact.
 2. **Registration Status:** Provide your **UEI and NCAGE Code** if available. If your company is currently in the process of registering, please state "Registration in Progress."
 3. **Socio-Economic Status:** Identify if the business is Local Iraqi-Owned, U.S. Small Business, etc.
 4. **Past Performance:** Summary of experience in turnkey broadcast installations or work in high-security environments.
 5. **Logistics Approach:** Brief description of how your firm designs and implements studio facility projects, including the setup of equipment.
 6. **Budgetary Estimate:** An itemized, non-binding budgetary estimate for a system capable of satisfying the requirements.
-
