

Physical Annual Inventory

In accordance with the Commercial Solutions Openings – Defense Commissary Agency (DeCA), dated 21.01.2026, paragraph 5.0, the following specific requirement in support of Aol 5.3 Drive Accountability is attached.

DeCA's mission requirements include providing grocery resale products and services at a patron savings as specified by law while meeting regulatory requirements for an unmodified audit opinion. DeCA utilizes a perpetual inventory system to continuously update stock levels in real-time as sales and purchases occur, providing accurate, up-to-date information on inventory quantities and value. Barcode scanners and point-of-sale systems update inventory records with every transaction. An annual physical inventory verifies the system's integrity and prevents lost revenue from inaccurate records.

DeCA is seeking innovative, commercial approaches for Physical Annual Inventory. The prospective contractor shall provide a comprehensive approach to include all personnel, supervision, labor, equipment, materials, facilities, supplies and transportation necessary to perform Physical Annual Inventory services for DeCA's commissary locations in the contiguous United States (CONUS) and outside the contiguous United States (OCOUS) at the following locations: Alaska, Hawaii, Guam, Japan, Puerto Rico, and South Korea. See Commissary Locations and Inventory Dates for additional information.

Installation access will be required for performance of this effort. Offerors must ensure personnel can obtain and maintain access to the Government installation in accordance with local security, vetting, and identification requirements. The Government will not sponsor personnel who fail to meet installation access standards.

Our objective is to establish a long-term partnerships with a providers whose technology, service model, and commercial terms align with our commitment to delivering reliable, value-driven solutions. The anticipated period of performance is April 1, 2026, through March 31, 2027, with four one-year option periods, to extend performance through March 31, 2031.

DeCA elects to forego Phases 1 and 2. Interested vendors with proven expertise in Physical Annual Inventory services should submit their Commercial Solutions Proposal in accordance with section 3.4 Commercial Solutions Proposals. Volume I Business and Price Proposal shall include the application of the Service Contract Labor Standards. Volume II Technical shall not exceed 10 written pages with no smaller than 12-point font.

The closing date for this opportunity is Friday 6 March 2026 at 4:00 PM Eastern Standard Time (EST).

All communications, including proposal information and submission shall be sent via email to the following Points of Contact:

Diana Gross-Bendall, diana.gross-bendall@deca.mil

Tinitia Gholson, tinitia.gholson@deca.mil
