

Statement of Work**EX [REDACTED] Group 3 Drone Support****1. DESCRIPTION OF SERVICES.**

1.1. SCOPE. This Statement of Work (SOW) defines the effort required by the Contractor to supply service/training opportunities for EX [REDACTED] operations and procedures outlined below. The 23d WG will be responsible for activities during EX [REDACTED] from April [REDACTED], 2026, through April [REDACTED], 2026.

1.2. LOCATION. Services will be conducted at the [REDACTED], with drone flying operations in W-137 (SFC – 30K), and W-138 (SFC – 30K). Launch & recover operations will be conducted at the discretion of the selected vendor.

1.3. BACKGROUND. 23d Wing is requesting an agency to conduct fixed wing, multi-drone operations in support of EX [REDACTED], a 300-level Wing Training Exercise. The 23d Wing requests these drone operations to complete the following training objective: Low & slow fixed wing UAS threat detection and targeting. Drones will operate as red forces, but no live fire will be conducted on the drones (DRY operations). Activities will be conducted off the coast over water.

2. APPLICABLE DOCUMENTS.

- a. PLANORD 25-004: Exercise [REDACTED] 26-3
- b. 14 CFR Part 107 – Small Unmanned Aircraft Systems

3. GENERAL REQUIREMENTS.

3.1. DRONE SERVICE. This contract specifically entails the service of operating drones. The contractor will ensure that any manned or Unmanned Aircraft Systems (UASs) are not specifically procured for this contract and are already owned by the working contractor.

3.2. OPERATING HOURS. All flying operations shall be accomplished from April [REDACTED] – April [REDACTED]. Flying will be conducted for 4 hours each day in alignment with Mission Generation Force Element (MGFE) flying operations.

3.3. EQUIPMENT. The contractor will provide 2x Group 3 UASs and equipment to effectively maintain and operate for training operations.

POC: Capt Ryan Lowery, 23d WG A-Staff A36
ALT: Capt Marcel Alves, 23d WG A-Staff A5

4. SPECIFIC TASKS. The contractor must provide the following:

- 4.1. The contractor's duties shall conduct full-spectrum operation of 2ea Group 3 drones during the exercise window.
 - 4.1.1. Launch & Recovery operations of the 2ea Group 3 UASs will be coordinated by the contractor.
- 4.2. The contractor shall participate in any requested mission planning with the affiliated MGFs.
- 4.3. The contractor shall operate in the designated air spaces.
- 4.4. The contractor shall control Group 3 drones in a manner emulating adversary unmanned aircraft systems.
- 4.5. The contractor shall maintain continuous communication with a designated planning cell POC during exercise activities.
- 4.6. The contractor must have the ability to take-off and land at Beaufort Executive and Reach W-137 and W-138 MOAs.
- 4.7. Must have Anti-Collision lights to operate at night.
- 4.8. Must have the ability to obtain any Part 107 Waivers (NLT 15 March) due to inability to meet Part 107 Requirements to include, but not limited to:
 - 4.8.1. Operation at Night - Section 107.29
 - 4.8.2. Visual Line of Sight Aircraft Operation - Section 107.31
 - 4.8.3. Operation Near Aircraft; Right of Way Rules Section 107.3
 - 4.8.4. Operation over Human Beings (due to operations beyond LOS) - Section 107.39
 - 4.8.5. Operating limitations for sUA: Groundspeed - Section 107.51(a)
 - 4.8.6. Operating Limitations for sUA: Altitude - Section 107.51(b)

Appendix A

Unmanned Aircraft Categorization Chart

Category	MGTW (lbs.)	Normal Operating Altitude (ft)	Speed (KIAS)
Group 1	0 - 20	< 1200 AGL	100
Group 2	21 - 55	< 3500 AGL	< 250
Group 3	< 1320	< 18,000 MSL	
Group 4	> 1320		Any Speed
Group 5		> 18,000 MSL	

Legend

AGL	above ground level	lbs	pounds
ft	feet	MGTW	maximum gross takeoff weight
KIAS	knots indicated airspeed	MSL	mean sea level
