Continuation of Description

PERFORMANCE WORK STATEMENT (PWS)

Electronic Security System Maintenance and Service

Fort Leavenworth, KS

PART 1

GENERAL INFORMATION

1. General: This is a non-personal service contract under which the personnel rendering the services are not subject, either by the contract's terms or by the manner of its administration, to the supervision and control usually prevailing in relationships between the Government and its employees. The United States (U.S.) Government shall not exercise supervision or control over the Contractor's employees performing the tasks herein. Such contract employees shall be accountable solely to the Contractor who, in turn shall be responsible to the U.S. Government.

1.1. Description of Services/Introduction: This is a non-personal service(s) contract to provide maintenance and service of an integrated Electronic Security System (ESS) that consists of a Physical Access Control System (PACS), Intrusion Detection System (IDS), and Closed-Circuit Television (CCTV) system for the Combined Arms Center and US Army Garrison at Fort Leavenworth, Kansas.

1.2. Existing Conditions: A list of all equipment to be maintained and serviced is in Attachment 3. The equipment in Attachment 3 is tabulated by customer and includes the complete equipment list. Fort Leavenworth currently uses a locally developed solution for Intrusion Detection Systems (IDS) and Video Detection System. The central software solution is Manitou by BOLD Group. IDS equipment is based on DSC control equipment, SurGard IP receivers, and an AES Wireless Mesh system. The electronic access control solution is C-Cure 9000. Primary controllers are iSTAR ULTRA, PRO, EX, and EDGE with two factor Software House 4200 and IDFACTORS card readers. The CGSC is covered by a Lenel ACS system. All systems together shall be referred to as the Fort Leavenworth Electronic Security System or ESS.

1.3. Scope: The Contractor shall provide Maintenance and Service for the existing ESS system at Fort Leavenworth, KS. The Contractor shall provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services. The Contractor shall perform to the standards and acceptable quality levels identified in this PWS and associated contract documents.

1.3.1. Contractor shall make no public disclosures of work being performed under this contract or subsequently issued Task Orders.

1.3.2. Video and photographs shall only be taken while in possession of written authorization from the site. Any geotagging features such as Global Positioning System (GPS) or location recording shall be disabled prior to use. Contractor shall surrender any photographic equipment

to the site security manager for review prior to departing the site. The Government reserves the right to delete photos deemed to contain sensitive data or images. Conversations and meetings shall not be recorded without expressed consent from all parties involved. Prior to completion of this task order, all video and photos taken shall be turned over to the Government with their associated negatives and all image files shall be deleted from the contractor's records. Digital photographs shall be submitted to the Government on compact discs or encrypted transmission in Joint Photographic Experts Group (JPEG) format.

1.4. Objective(s): Provide qualified onsite technician (Fort Leavenworth M-F 0800 - 1600 Hours - except Federal Holidays) to provide maintenance and service of an integrated Electronic Security System (ESS) that consists of a Physical Access Control System (PACS), Intrusion Detection System (IDS), and Closed-Circuit Television (CCTV) system to include proposals on ESS equipment that requires repair.

1.5. General Information:

1.5.1. Quality Control Plan (QCP): The Contractor is required to develop, maintain, and implement a Quality Control Plan (QCP) to ensure all services are performed in accordance with this Performance Work Statement (PWS). The QCP must include procedures to identify, prevent, and ensure the non-recurrence of defective services, serving as the contractor's primary method for guaranteeing compliance.

- The proposed QCP must be submitted to the Contracting Officer (KO), via the Contracting Officer's Representative (COR), within ten (10) days of the contract award. The Government will review the plan and provide written acceptance or comments within ten (10) days. If revisions are required, the Contractor will have five (5) days to submit a final QCP for acceptance.

- Any future changes to the accepted QCP must be submitted to the KO for review and acceptance at least thirty days before the proposed implementation date. The same review timeline will apply to all submitted changes.

1.5.2. Quality Assurance: The Government will perform QA of Contractor's performance under this contract using the method of surveillance specified in the Performance Requirements Summary (PRS), which defines how the performance standards will be applied, the frequency of surveillance, and the acceptable quality levels (performance thresholds). The Government will conduct QA inspections on all phases and types of work performed. The Government reserves the right to perform QA inspections at any time.

1.5.3. Recognized Holidays: Work shall not be performed on U.S. federally recognized holidays unless otherwise directed by the Contracting Officer. When a holiday falls on a Saturday, it is observed on the preceding Friday; when it falls on a Sunday, it is observed on the following Monday. If any submission deadline coincides with an observed holiday, the deadline is moved to the preceding business day.

New Year's Day January 1st

M. L. King Memorial Day 3rd Monday in Jan

Presidents Day 3rd Monday in February

Memorial Day last Monday in May

Juneteenth June 19th

Independence Day July 4th

Labor Day 1st Monday in September

Columbus Day 2nd Monday in October

Veteran's Day November 11th

Thanksgiving Day 4th Thursday in November

Christmas Day December 25th

1.5.4. Hours of Operation: The contractor is responsible for conducting business between the hours of 7:30 AM to 4:30 PM, Monday through Friday, except Federal holidays or when the Government facility is closed due to local or national emergencies, administrative closings, or similar Government directed facility closings. The Contractor must, at all times, maintain an adequate workforce for the uninterrupted performance of all tasks defined within this PWS when the Government facility is not closed for the above reasons.

1.5.5. Training Holidays: Training holidays, often scheduled around federal holidays, may impact access to military facilities. If scheduled work requires access during these times, the Contractor must either coordinate with facility occupants or reschedule the work. Conversely, these periods can provide an opportunity for unrestricted access to normally occupied areas. The Contractor is expected to take full advantage of these opportunities by proactively planning maintenance or other work that is best accomplished when facilities are vacant.

1.5.6. Place of Performance: The work to be performed under this contract will be performed at government facilities on Fort Leavenworth, KS.

1.6. Security Requirements: The following information is provided on security related matters.

1.6.1. Security Program: Contractor personnel performing work under this contract must have a "Secret Clearance" at time of proposal submission, and must maintain the required security clearance for the life of the contract. The security requirements are in accordance with the DoD Contract Security Classification Specification (DD254), available at the following link: <http://www.dtic.mil/whs/directives/forms/eforms/dd0254.pdf>

1.6.2. Personnel Security Clearance Requirements: Contractor personnel performing work under this contract must have an active security clearance at the Secret level in the Defense Information System for Security (DISSS) at the time of the proposal submission, and must attain the required level of security for the life of the contract.

1.6.3. Installation Access: Access to U.S. installations, buildings, and controlled areas is restricted to authorized personnel who meet all security criteria. The Contractor is responsible for ensuring all its employees, and any subcontractor personnel, are aware of and comply with all access requirements. Failure to submit the required documentation or obtain necessary

clearances will be grounds for access denial. The Government is not liable for costs or delays resulting from the Contractor's failure to comply with Installation Access Control System (IACS) processing requirements. Finally, the Contractor must return all installation passes to the issuing IACS office upon contract completion or when an employee no longer requires access. For more detailed information, please see link. <https://home.army.mil/leavenworth/about/visitor-information/gate-information>

- Individual Termination or Expiration of Employment: The Contractor shall collect the installation access passes the same day employment of an individual has expired or has been terminated and shall return them to the issuing office within three business (3) days.
- Contract Termination or Cancellation: Upon termination or cancellation of this contract, the Contractor shall collect all outstanding installation access passes and return them to the issuing office within three business (3) days.
- Common Access Cards (CAC) and CAC Log: Eligible contractor personnel--those requiring recurring physical or network access to DoD facilities or systems for six (6) months or more--will be issued a Common Access Card (CAC). The Contractor is responsible for ensuring its employees comply with the following process:
- Sponsorship & Enrollment: A designated Government sponsor will enroll the contractor employee into the Mission Partner Identity, Credential, and Access Management (MP-ICAM) system to be facilitated by the COR.
- Application & Vetting: The employee must use the provided credentials to complete their application in MP-ICAM. A favorably initiated background investigation, including an FBI fingerprint check, is required before card issuance.
- Issuance: Following application approval, the employee must schedule an appointment at a RAPIDS facility, presenting two forms of valid, unexpired identification (one being a government-issued photo ID) to receive their CAC.
- Retrieval: The Contractor shall retrieve and return all CACs to the designated Government representative within five (5) business days upon contract completion, termination of employment, or if access is no longer required. The Contractor must immediately report any lost or stolen cards.

1.6.4. Background Checks: A favorably adjudicated Investigation is required at the clearance level stated within Section 1.6.1 contained herein this PWS. The Contractor shall replace the employees in the event of an unfavorable background check within ten (10) business days. Failure or inability of the contractor to comply with a suitable replacement in the prescribed timeframe may subject the Contractor to termination procedures as determined by the Contracting Officer.

1.6.5. Physical Security: The Contractor shall safeguard all Government equipment, information, and property provided for Contractor use. At the close of each work period, Government facilities, equipment, and materials shall be secured IAW the Army Physical Security Program (AR 190-13.)

1.6.6. Operations Security (OPSEC) Requirements: Contractor personnel shall adhere to facility security policies and restrictions. The Contractor shall immediately report suspicious activities to security personnel. Government issued access badges shall not be worn outside designated facilities where visible to the general public.

1.7. Key Control: The Contractor is responsible for securing all government-issued keys and key cards against loss, misplacement, unauthorized use, or duplication. Key control procedures must be documented in the Contractor's Security and Quality Control Plans. These procedures will ensure keys are returned and lock combinations are changed when an employee no longer requires access. The Contractor must immediately report any lost or duplicated keys to the Contracting Officer. Should a key be lost or duplicated, the Contractor is financially liable for the full cost of re-keying or replacing the affected locks. If a master key is compromised, the government will replace the entire system, and the total cost will be deducted from payments due to the Contractor. Facilities access is strictly controlled. Contractor employees are prohibited from using keys to grant access to any unauthorized individuals.

1.8. Post Award Conference/Periodic Progress Meetings: The Contractor shall attend the post award conference in accordance with FAR Subpart 42.5 to include a monthly workload meeting with the Contracting Officer and/or their designated representative. Contractor shall record meeting minutes and provide to the Government within five (5) business days to the Contracting Officer and their designated representative. The contractor shall meet in person and /or MS Teams as designated by the Contracting Officer.

1.9. Key Personnel: All personnel must be U.S. citizens and fluent in English. For individuals designated as key personnel, the contractor must provide current documentation (e.g., certificates, work history) to verify they meet the qualifications for their role. The Government has identified the following as key personnel positions. The required qualifications for each are detailed below.

1.9.1. Program Manager:

The Program Manager (PM) serves as the contractor's authorized representative, holding full authority and responsibility for the performance of all work under this contract. The PM must be reachable by phone or email during standard business hours, as defined in PWS sections 1.54 and 1.55. For all non-duty hours, the unit must utilize a 24/7/365 answering service manned by live personnel to receive and forward messages. The PM is required to ensure response for critical system repairs within two hours of notification, even if off duty hours. While the PM role is not required to be on-site, attendance at monthly progress meetings with the on-site technician is mandatory.

1.9.2. ESS Maintenance and Repair Technician Qualifications:

The Onsite Maintenance and Repair Technician shall be responsible for the installation, testing, troubleshooting, and maintenance of the facility's integrated electronic security systems. This includes Intrusion Detection Systems (IDS), Access Control Systems (ACS), and Closed-Circuit Television (CCTV) systems. The role requires comprehensive technical knowledge of low-voltage electronics, network protocols, and adherence to the highest standards of safety and compliance.

- Contractor Requirements

Authorized Dealer/Integrator Status: The contractor must be an authorized dealer and integrator for both Software House (C-Cure) and Lenel electronic security systems. This is mandatory to ensure access to direct manufacturer support for advanced troubleshooting and system issues.

- Core Technician Responsibilities and Duties

The technician's inspection, testing, and maintenance procedures are critical to ensuring system integrity and reliability.

- Intrusion Detection Systems (IDS)

Conduct comprehensive performance verification, including functional testing of primary and secondary control panels and all annunciation devices (e.g., keypads, strobes).

Test primary power systems and perform load tests on all backup batteries.

Functionally test every detection device, including tamper circuits and panic/duress buttons.

Test and verify primary and alternate communication paths to the monitoring center.

Confirm that all system statuses, alarms, and alerts are accurately reported and displayed.

- Access Control Systems (ACS)

Perform full system diagnostics on the main control panel, door controllers, and any expansion cards.

Test all system power supplies and conduct load tests on all backup batteries.

Verify uninterrupted communication between all controllers and the access control server.

- Closed-Circuit Television (CCTV) Systems

Inspect and verify that all cameras are functioning, powered, and communicating reliably with their monitoring or recording system.

Clean all camera lenses and protective housings.

Adjust camera focus and field of view as needed to ensure optimal coverage.

Verify that central recording systems are operational and functioning to manufacturer's specifications.

- System Restoration and Deficiency Reporting

Diagnose and resolve circuit issues (e.g., open, short, grounded).

Report and document any system deficiencies and follow up with necessary repairs or restoration.

- Required Technician Qualifications and Skills

- Experience & Certifications

Minimum Experience: A minimum of 3 years of hands-on experience installing, troubleshooting, and maintaining IDS, Electronic Access Control (EAC), and IP-Based CCTV systems of comparable complexity to those in use (e.g., C-Cure 9000, Tyco/DSC, Lenel, Mobotix, AXIS).

Required Certifications:

- o Software House C-Cure 9000 Installer/Maintainer.
- o Software House C-Cure 9000 Advanced Integrator.
- o Equivalent certification for Lenel system maintenance and sustainment.

- Technical Knowledge & Expertise

Access Control Systems: Possess comprehensive knowledge of all system components, including panels, power supplies, I/O devices, readers, and locking mechanisms. Must understand credential authentication technologies.

Intrusion Detection Systems: Demonstrate a complete understanding of DSC Commercial IDS solutions and a wide variety of detection sensors (e.g., PIR Motion, Magnetic Switches, etc.).

Network & Communication: Must be able to troubleshoot industry-standard communication protocols (SIA & Contact ID) over IP and Wireless Mesh (AES) networks.

- Core Skills & Abilities

Electrical & Power: Proficient in low-voltage power connections, understanding electrical units (volt, ohm, amp), and applying circuit principles. Capable of calculating system current draw and required backup power.

Cabling & Installation: Skilled in installing and terminating low-voltage cables, with knowledge of plenum/non-plenum types. Able to read blueprints and proficiently use tools like tone generators, probes, and crimpers.

Troubleshooting: Expert use of testing equipment, including multimeters, to diagnose and resolve circuit faults.

- Safety & Compliance

Standards: The technician shall have relevant experience with UL 2050 installation standards for IDS and an understanding of life safety requirements as they apply to electronic access control.

Worksite Safety: All work shall adhere to OSHA standards for worksite safety, including the safe use of ladders, scaffolding, and hand/power tools.

1.10. Identification of Contractor Employees: Contractor personnel must clearly identify themselves in all professional interactions to avoid being mistaken for Government officials. This requires stating their name and company affiliation when answering phones or attending meetings, and ensuring all correspondence, reports, and email signatures are marked with the company name to reflect their contractor status.

1.10.1. Contractor Workspace: To include offices, desks, and staging areas, must feature a sign indicating the area is occupied by contractor employees. The design for this sign must be submitted to the Contracting Officer or their designated representative for approval within ten calendar days of the contract award, with the final placement coordinated with the COR.

1.10.2. Contractor Identification Badges: Contractor employees shall identify themselves as Contractor personnel and shall avoid representing themselves as Government employees. This identification includes meeting attendance, answering Government telephones, email communications, and working in other situations where Contractor status is not obvious. Contractor personnel identification shall be easily identifiable through the display of badges, name tags, lanyards, etc. The Government will provide access badges with limited access privileges to DES facilities.

1.11. Contractor Travel: Not Applicable.

1.12. Other Direct Costs (ODCs): Not Applicable.

1.13. Data Rights: The Government has unlimited rights to all documents and materials produced under this contract. All documents and materials, to include the source codes of software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership and copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the Contractor without written permission from the Contracting Officer. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.

1.14. Advertisement and Social Media: The Contractor shall NOT post information to public website or social media locations, personal or professional, that in any way disclose names, locations, hotel data, participants, discussions, pictures, etc. before, during or after the contract period of performance without the express consent of the Government. The Contractor shall not

cite any information (e.g., contract information, pictures, locations, etc.) obtained through this contract on any marketing tools to include its company website.

1.15. Cybersecurity: At no time will the Contractor or associated sub-contractor employees transmit government documents or information over using methods that do not meet the security requirements specified in the National Institute of Standards and Technology (NIST) Special Publication (SP) 800-171, "Protecting Controlled Unclassified Information in Nonfederal Information Systems and Organizations" such as personal electronic mail accounts, public digital data storage sites (cloud storage), social media platforms or instant messaging. Approved government site(s) such DOD SAFE - <https://safe.apps.mil/security.php>

1.16. Non-Disclosure Agreement (NDA): The Contractor shall provide signed non-disclosure agreements to the Contracting Officer or their designated representative no later than ten (10) days prior to commencement of work under the contract. Disclosure of information by Contractor personnel may result in removal of Contractor personnel from performance under this contract. The Contractor and Contractor personnel, shall not divulge or release data or information developed, or obtained under performance of this PWS, except to authorized Government personnel or upon written approval of the Contracting Officer. The Contractor shall not use, disclose, or reproduce proprietary data, which bears a restrictive legend, other than as specified in this PWS. All documentation showing individual names or other personal information shall be controlled and protected under the provisions of the Privacy Act of 1974, Public Law 93-579, 5 United States Code (U.S.C.) Section 552a.

1.17. Organizational Conflict of Interest (OCI): Should any contractor or subcontractor personnel encounter proprietary or source selection information that could create an Organizational Conflict of Interest (OCI), as defined in FAR Subpart 9.5, the Contractor must notify the Contracting Officer (KO) immediately. Upon notification, the Contractor must promptly submit an OCI Mitigation Plan for review. The KO has sole discretion to determine the acceptability of the mitigation plan. If the KO determines that an OCI cannot be satisfactorily avoided or mitigated, they may impose other remedies as necessary, including prohibiting the Contractor from participation in future related contracts.

1.18. Phase In /Phase Out Period (PIPO): To minimize decreases in productivity and to prevent possible negative impacts on additional services, the Contractor shall have personnel on board, during the thirty (30) day phase in/ phase out periods. During the phase in period, the Contractor shall become familiar with performance requirements in order to commence full performance of services on the contract start date. During the phase out period, the outgoing contractor shall ensure the facility is cleared of all Contractor owned equipment and office supplies, cleaned and approved by the COR.

1.19. Safety: The Contractor shall execute all work in accordance with the latest OSHA standards and must develop a comprehensive Accident Prevention Plan (APP). This plan must include a detailed Activity Hazard Analysis (AHA) for all contract activities. The Contractor is also responsible for verifying all installation-specific requirements for emergency procedures. The completed APP must be submitted for Government review and acceptance at least twenty-one (21) days prior to the start of any work. The Contractor must ensure the APP remains current, covering all subsequent proposals and contract modifications. If any new work is not covered by the accepted plan, an addendum must be submitted and accepted before that work can begin.

1.20. Required Training: The following provides information on training requirements.

1.20.1. Anti-Terrorism (AT) Level I Training: All Contractor employees, including subcontractor employees, who are employed under the contract, shall complete AT Level I Training within thirty (30) days after contract start date or effective date of incorporation of this requirement into the contract, whichever applies, or within thirty (30) days after employment of new personnel. The Contractor shall submit certificates of completion for each affected Contractor employee and subcontractor employee to the COR within five (5) days after completion of this training by all employees and subcontractor personnel. AT Level I awareness training at <https://jkodirect.jten.mil>. Contractor personnel shall complete refresher training every twelve (12) months.

1.20.2. OPSEC Training: All Contractor employees, including subcontractors, shall complete Level I OPSEC training within thirty (30) days of employment under this contract. Verification of the training shall be provided to the COR within five (5) days after completion of the training. OPSEC Level I training is available at <http://www.cdse.edu/catalog/elearning/GS130.html>. Contractor personnel shall complete refresher training every twelve (12) months.

1.20.3. iWATCH Training: The Contractor and all subcontractors must view available iWATCH program training, utilizing training standards provided by the requiring activity ATO. This training will inform employees about suspicious behaviors and how to report them to the COR. Training for all employees must be completed within 30 days of contract award, and for new employees within 30 days of commencing work. Verification of training completion and reporting of results must be provided to the COR within five days thereafter. <https://www.mepcom.army.mil/Home/Contractors/>

1.20.4. Cyber Awareness Training: All Contractor employees, including subcontractors, requiring access to Government information systems shall complete the DOD IA Cyber Awareness Training. All employees working information technology (IT)/IA functions must comply with DOD and Army training requirements per DOD Directive (DODD) 8570.01, Information Assurance Training Certification and Workforce Management, DOD 8570.01-M, Information Assurance Workforce Improvement Program, and AR 25-2, Information Assurance, within 30 days of employment. <https://cs.signal.army.mil/login.asp>

1.20.5. Personally Identifiable Information (PII): Contractor employees, including subcontractors, performing services under this contract with access to PII and Government information shall complete "Identifying and Safeguarding PII" within 30 calendar days of employment. Contractor personnel shall complete refresher training every twelve (12) months from initial completion. The Contractor shall provide the COR a copy of the training certificates for its employees no later than five (5) days after completion. <https://securityawareness.dcsa.mil/piiv2/index.htm>

1.20.6. PDREP Online Overview: Contractor familiarization overview of Product Data Reporting and Evaluation Program (PDREP) - Corrective Action Request (CAR) System. CARs formerly Nonconformance Reports (NCR)) are used for managing contractual nonconformances. Nonconformance occurs when a contractor fails to meet contract requirements or specifications. The COR will verbally notify the contractor and document in Product Data Reporting and Evaluation Program (PDREP) each time nonconforming service or

supplies have been identified and request the contractor to correct the defect to conform with contract requirements. Vendor overview at the following link - https://www.pdrep.csd.disa.mil/pdrep_files/reference/guides_manuals/pdf/CAR.pdf

PART 2

DEFINITIONS & ACRONYMS

2. Definitions and Acronyms

2.1. Definitions: Although not inclusive of every term used within this PWS, the following provides a list of definitions used throughout this PWS and commonly used in the acquisition field.

Adjust - Performing the necessary modifications to return the performance of the part to within the stated acceptable range.

Corrective Action Request (CAR) System - CAR formerly Nonconformance Reports (NCR) are used for managing contractual nonconformances on ACC administered contracts. Nonconformance occurs when a contractor fails to meet contract requirements or specifications. The COR will verbally notify the contractor and document in Product Data Reporting and Evaluation Program (PDREP) each time nonconforming service or supplies have been identified and request the contractor to correct the defect to conform with contract requirements. Resolution of nonconformance identified at the subcontractor level shall be addressed with the prime contractor. CARs are issued, processed, and closed IAW ACC Acquisition Instruction (AI) 46-2 and FAR subpart 46.407

Check - To observe a system or its components for satisfactory operating performance, condition, and accuracy as compared to its designed operating parameters and to repair all deficiencies discovered.

Contracting Officer - means a person with the authority to enter into, administer, and/or terminate contracts and make related determinations and findings on behalf of the Government. Note: The only individual who can legally bind the Government.

Contracting Officer's Representative (COR) - A Contracting Officer's Representative (COR) is an individual formally designated in writing by the Contracting Officer to perform specific technical or administrative contract-related functions. This title applies to any person delegated these duties, regardless of local terminology (e.g., Task Order Manager, Quality Assurance Evaluator), and all must be certified. While other personnel can assist the COR, they may only act as an on-site "alternate COR" if they meet all COR requirements and are formally appointed by the Contracting Officer.

Contractor - means a supplier or vendor awarded a contract to provide specific supplies or service to the Government. The term used in this contract refers to the prime.

Contractor-Acquired Property - means property acquired, fabricated, or otherwise provided by the Contractor for performing a contract and to which the Government has title.

Corrective Maintenance - Reactive approach to maintenance that involves repairing or restoring equipment after a failure, breakdown, or performance issue has occurred. The primary goal is to restore the equipment to an operational state as quickly as possible to minimize disruption, making it an event-driven process.

Defect - Any nonconformance of a unit of service with specified requirements.

Deficiency List - List or report of deficiencies noted on an inspection.

Deliverable - means anything that can be physically delivered but may include non-manufactured things such as meeting minutes or reports.

Electronic Security Systems (ESS) - Electronic security systems consist of access control systems (card reader systems), closed-circuit television (CCTV) system, intrusion detection systems, transmission media systems, and provision of local or regional dispatch centers (also known as security command centers). Electronic security systems are one part of an overall physical security plan.

Equipment - Equipment means a tangible item that is functionally complete for its intended purpose, durable, nonexpendable, and needed for the performance of a contract. Equipment is not intended for sale and does not ordinarily lose its identity or become a component part of another article when put into use. (e.g. Preventative Maintenance tasks that require equipment to reach or service the ESS system is the responsibility of the contractor).

Government-furnished Property - As reflected in FAR 52.245-1, Government-furnished Property "means property in the possession of, or directly acquired by, the Government and subsequently furnished to the Contractor for performance of a contract. Government-furnished property includes, but is not limited to, spares and property furnished for repair, maintenance, overhaul, or modification. Government-furnished property also includes contractor-acquired property if the contractor-acquired property is a deliverable under a cost contract when accepted by the Government for continued use under the contract

Government Property - means all property owned or leased by the Government. Government property includes both Government-furnished and Contractor-acquired property. Government property includes material, equipment, special tooling, special test equipment, and real property. Government property does not include intellectual property and software.

ICIDS - Integrated Commercial Intrusion Detection System; generation is DA Approved system.

Incidental Property - Property provided to the Contractor and not considered Government Furnished Property or Contractor Acquired Property.

Inspect - To conduct a close, thorough, and critical appraisal of the systems, equipment, components, and services covered by this contract and to provide detailed written reports on the conditions observed.

Install or Installation - Act of assembling and integrating and testing that results in a fully functional system. (e.g. installation is testing or other validation methods to ensure functionality for OEM standards).

Integrated Tracking System (ITS) - Knowledge Management system that enables knowledge flow to enhance shared understanding of relevant information to support the ESS Execution Plan of PWS Tasks 5.1, 5.2 and 5.3.

Lead Time - The total time from the receipt of a work requirement by the contractor until the work must be completed.

Maintain - To furnish necessary resources including repairs to keep systems and components operating in a safe, effective, and reliable manner, to extend its useful life, and to minimize unscheduled downtime.

Occupied - A facility is occupied if it contains personnel, equipment, or any other Government-owned/supported property.

Operate - To furnish all labor to systematically ensure that systems and equipment are properly performing their intended and designed functions and are functioning safely, effectively, and efficiently for reliable, trouble-free service.

Operation - To adjust, control or guide a specific thing so as to produce a specific performance or result in accordance with a specific operating procedure.

Operational Maintenance - Routine, recurring maintenance required whenever systems or components are operating to ensure that such operation is safe, efficient, and effective and that the operation will not result in damage or accelerated deterioration of the system or component.

Patch - A patch is a piece of software designed to update a computer program or its supporting data, to fix or improve it. This includes fixing security vulnerabilities and other bugs, with such patches usually called bugfixes or bug fixes, and improving the usability or performance.

Patch Management - Is the process of using a strategy and plan of what patches should be applied to which systems at a specified time.

Property Administrator - means an authorized representative of the Contracting Officer appointed in accordance with agency procedures, responsible for administering the contract requirements and obligations relating to Government property in the possession of a Contractor.

Performance Requirements Summary - Identifies the key service outputs of the contract that will be evaluated by the Government to assure contract performance standards are met by the Contractor.

Physical Security - means that part of security concerned with physical measures designed to safeguard personnel; to prevent unauthorized access to equipment, installations, material, and documents; and to safeguard against espionage, sabotage, damage, and theft.

Preventive Maintenance (PM): Proactive strategy that involves regularly scheduled inspections, repairs, and services performed on equipment before any major issues or breakdowns arise. The goal of PM is to prevent failures, extend the lifespan of assets, and avoid costly, unplanned downtime.

Project Work: Projects are those that in general are related to small system installation projects, equipment removal or adding sensors/devices/components for any of the ESS which are easily achievable and does not impact the daily scheduled maintenance requirements

Protection: means unintended/unauthorized disclosure, or exposure of any drawing, specification, or program language associated with a component, sub-system, system, software, or hardware that would potentially pose a security threat to the system or the protected asset.

Provide: Furnish, install, test, inspect and make ready for use.

Quality Assurance - (or Government contract quality assurance) means the various functions, including, inspection, performed by the Government to determine whether a Contractor has fulfilled the contract obligations pertaining to quality and quantity.

Quality Assurance Surveillance Plan (QASP) - means the key Government-developed surveillance process document and is applied to Performance-Based Service Contracting (PBSC). The QASP is used for managing Contractor performance assessment by ensuring that systematic quality assurance methods validate that Contractor quality control efforts are timely, effective, and are delivering the results specified in the contract or task order. The QASP directly corresponds to the performance objectives and standards (i.e., quality, quantity, timeliness) specified in the Performance Work Statement (PWS). It provides specific details on how the Government will survey, observe, test, sample, evaluate, and document Contractor performance results to determine if the Contractor has met the required standards for each objective in the PWS. The QASP, with very few if any exceptions, is an internal to Government document.

Quality Control - means all necessary measures taken by the Contractor to assure that the quality of an end product or service shall meet contract requirements.

Repair: The restoration of a failed or failing piece of equipment or real property facility (or component thereof) to such condition that it may be effectively used for its designated purpose, by overhaul, overlay, reprocessing, or replacement of constituent parts or materials which have been damaged by action of the elements or wear and tear in use.

Response Time (Response): The total time from the receipt of a work requirement by the Contractor until the Contractor is onsite and begins to perform the work requirement. The response times indicated herein are a standard for performance on which the Government will evaluate the Contractor.

Risk Management Framework (RMF): The selection and specification of security controls for an information system is accomplished as part of an organization-wide information security program that involves the management of organizational risk---that is, the risk to the organization or to individuals associated with the operation of an information system. The management of organizational risk is a key element in the organization's information security program and provides an effective framework for selecting the appropriate security controls for an information system---the security controls necessary to protect individuals and the operations and assets of the organization.

Security Sensitive: Information relating to detailed Electronic Security systems drawings, specifications, or account information. Detailed to a level that could provide sufficient information that would allow a criminal or terrorist element to disable, defeat, or otherwise negatively impact the Electronic Security Systems architecture.

Scheduled Maintenance (SM): Maintenance activities performed on a recurring basis in accordance with predetermined frequencies.

Scheduled Service Call: Any call responded to during normal duty hours.

Security Technical Implementation Guide (STIG): Is a methodology for standardized secure installation and maintenance of computer software and hardware. These guides, when implemented, 'lockdown' common and typically permissive software to further reduce vulnerabilities. The term was coined in 1998 by DISA which creates configuration documents in support of the United States Department of Defense (DoD). The implementation guidelines include recommended administrative processes and span the devices' lifecycle. STIG scanning software is used to implement/validate proper configuration.

Service Order - Service document that identifies repair, materials and a detailed write up of work completed. This service order requires time sensitive submission and Government signature for acceptance of work. It is used to validate work completed for the monthly billing cycle.

Statement - means the specific results-based activities required in the context of the statement, and the required action(s). Statements focus on "what" is to be accomplished; however, they are not prescriptive in describing "how" the outcome is to be achieved. Each HLO may have several statements to flesh out the areas necessary to meet the objective. Statements are similar to Level 3 in a Work Breakdown Structure.

Subcontractor - means one that enters into a contract with a prime Contractor. The Government does not have privity of contract with the subcontractor.

Unscheduled Service Calls - An onsite response to a designated location, within an allotted timeline, for services that require immediate attention.

Vandal Resistant - To provide above normal protection to an asset or process that will provide some mitigation against acts of vandalism.

Weather Tight - A condition which provides protection and prevents wind, rain, and snow from entering any structure.

Workday - The number of hours per day the Contractor provides services in accordance with the contract.

2.2. Acronyms: Although not inclusive of every term used within this PWS, or that may be included in an acquisition, the following provides a list of acronyms commonly used in the acquisition field.

ACOR Alternate Contracting Officer's Representative

AFARS Army Federal Acquisition Regulation Supplement

AHA Activity Hazard Analysis

AOR Area of Responsibility

AR Army Regulation

AT Anti-terrorism

CAC Common Access Card

CFR Code of Federal Regulations

CONUS Continental United States (excludes Alaska and Hawaii)

COR Contracting Officer's Representative

DA Department of the Army

DD254 Department of Defense Contract Security Requirement List

DFARS Defense Federal Acquisition Regulation Supplement

DoD Department of Defense

UOM Unit of Measure

PART 3

3. GOVERNMENT PROPERTY (GP) AND SERVICES

3.1. Utilities - The Government will provide all utilities in the facilities (water, sewer, electricity, local area network (LAN) connectivity, HVAC). These utilities will be available for the Contractor's use in performance of the tasks outlined in this PWS.

3.2. Facilities - The Government will provide office space with a storage for administrative office items and hand carry tools for performance on this contract. No modifications or alterations to the office space is permitted without prior approval by the government.

3.3. Computer Workstation - The Government will provide one Government computer workstation located in building to be determined. The intended use for this workstation is for electronic correspondence between the Government and the Contractor to include receiving / processing service tickets and access to system reports required for diagnostic purposes.

3.4. Equipment Delivery and Secure Storage - The Government will provide storage area if requested by the contractor for incoming repair and/or maintenance parts of the ESS system. Contractor shall be responsible for the preparation and delivery of all required installation materials and equipment, and shall perform loading, unloading, packing, unpacking, inventory, and inspection of said equipment at each site. The Contractor shall also be responsible for proper (i.e., secure, weather protected) storage of all materials and equipment under its cognizance during performance of this contract. The purpose of this provision is to ensure that materials and equipment do not become unusable as a result of inadequate or inappropriate handling or storage.

3.5. Drawings - Drawings will be provided for service order repairs as applicable and available.

PART 4

CONTRACTOR FURNISHED ITEMS AND SERVICES

4. Contractor Furnished Property and Services

4.1. General - The Contractor shall furnish all personnel, equipment, supplies, transportation, tools, materials, supervision, and other items necessary to perform services as described in the PWS and associated contract documents, except for those items specified in Part 3 Government Property and Services.

4.2. Materials - The Contractor's technician will have access to a workstation which includes at a minimum a computer, printer, and telephone. Contractor shall provide all other supervision, labor, personnel, equipment, materials and supplies required to complete the tasks listed in this PWS.

4.3. Vehicles and Equipment - The Contractor must provide and maintain all necessary vehicles and equipment, which must be clearly marked with the company's name and kept in a professional condition. All vehicles and equipment must comply with relevant safety and environmental regulations, and any unsafe items must be removed and replaced. The use of government-provided vehicles, tools, or parts for the Contractor's equipment is prohibited.

4.3.1. Lift Equipment - In support of Preventive and Correct Maintenance. Contractor may purchase and/or rent at no additional cost to the Government.

4.3.2. Tools - Contractor maintained tools, measuring, recording, and calibration equipment that includes access to miscellaneous system replacement pieces (buttons, seals, items that support tension and calibration, weather proofing or other items to support Preventive Maintenance program that supports equipment to work as intended by OEM standards).

4.4. Organization - The contractor shall be responsible for cleaning up their office workspace and areas of work conducted not otherwise covered under the Custodial contract. Contractor is responsible to secure all tools and materials at the close of business. Contractor shall protect all materials from exposure to the elements. This requirement applies to all job areas.

4.5 Insurance - A Certificate of Insurance (COI) shall be provided to the Contracting Officer (KO) as evidence of liability insurance coverage for work on a Government installation. The COI must reference the contract number and include an endorsement for 30-day written notice to the KO prior to cancellation or material change

PART 5

5. Specific Tasks

5.1. Task #1 - EQUIPMENT INVENTORY

5.1.1. Deliverable - Contractor shall provide an Integrated Tracking System (ITS) that provides documentation of equipment fluctuations to be serviced throughout each of the option years could result in a reduction through attrition or gain because of added coverage areas and new equipment. Contractor shall provide to the Government an updated consolidated list of equipment that captures increase and decrease of equipment. The Government may use this list to modify the preventive maintenance requirements for the next option year.

5.1.2. Standards - Provide updated equipment list (include replacements / additions / removed items) to the Contracting Officer and their designated representative the last Wednesday of each month and conduct quarterly review with the Contracting Officer Representative (COR). Equipment updates shall contain Building number, location in building, item description, quantity, serial numbers as applicable with any necessary equipment notes. Equipment list shall be in a streamlined structure with easily accessible data for authorized users from Garrison and CAC. Data structure eliminates duplicate files and maintains effective version control of equipment list. The list shall be filterable to find needed data without complex nested file storage (i.e. folders within folders).

5.2. Task #2 - Processing Warranty Equipment

5.2.1. Deliverable - Contractor shall provide an Integrated Tracking System (ITS) that provides equipment tracking for eligible for warranty repair will be notated on the equipment list to include the date remanded for Warranty repair or replacement and disposition (e.g. onsite repair, pending delivery, repair completed, etc). For equipment currently under warranty, the contractor shall make coordination for onsite warranty repairs as available. For equipment required to be sent to the OEM, contractor is to provide suspected faulty equipment information to the end user of the equipment and shipping procedures. The information to be included with

each warranty item shall include, as minimum, the location(s), model and serial number(s), and the troubleshooting test(s) that were performed.

5.2.2. Standards - Disposition of all Warranty equipment will be maintained in daily contractor work log electronically housed on MS Teams on a SharePoint location available for the COR to review as needed. list shall be in a streamlined structure with easily accessible data for authorized users from Garrison and CAC. Data structure eliminates duplicate files and maintains effective version control of equipment list. The list shall be filterable to find needed data without complex nested file storage (i.e. folders within folders).

5.3. Task #3 - Preventive Maintenance (PM)

5.3.1. Deliverable - The contractor shall perform and document PM activities according to manufacturer recommendations and the frequencies specified below. Deliverables include:

- Comprehensive System Testing: Execution of all previously defined maintenance and testing duties for IDS, ACS, and CCTV systems, including functional tests of all components, power systems, patch management and communications.
- Minor Corrections - On-site correction of minor deficiencies found during PM, such as fixing loose wires, cleaning components, and making adjustments.
- Corrective Maintenance - Shall be performed on equipment where repairs are required prior to or in tandem with scheduled PM where replacement parts are not required. In the event replacement part(s) are required those actions shall be performed on a separate task order.
- License Management - Maintenance of current ESS service agreements and software licenses to include specific software license numbers and expiration dates on a log accessible by the COR. Contractor shall coordinate with the Contracting Officer and COR dates for license renewals for Government purchase of licensing.
- PM Report - Contractor shall produce a schedule for PM to be conducted. Contractor shall provide a detailed report documenting tests performed, system conditions, and corrective actions for each inspection submitted monthly to Contracting Officer or their designated representative.

Intrusion Detection Systems	Semi-annual
All Closed-Circuit Television Systems	Annual
All Electronic Access Control Systems	Annual

All Other ESS Equipment	Annual
-------------------------	--------

5.3.2. Standard - All scheduled PM must be completed within a +/- 5% variance of the approved schedule, with 100% of required activities performed. A detailed PM report of work planned vice work completed is due to the COR within five (5) business days following each month. Performance is evaluated on a Pass/Fail basis; failure to meet any standard results in a "Fail."

5.4. Task #4 - Corrective Maintenance (CM) - Service Order Repairs

5.4.1. Deliverable: The contractor shall provide comprehensive corrective maintenance to diagnose, repair, and restore to full operational status any failed ESS component 24/7/365. Contractor shall provide their afterhours response plan (e.g. call roster, answering service, etc). Proposals on this requirement will be priced on a per task order basis as repairs become known. This deliverable applies to all integrated systems, including but not limited to the following:

5.5. Intrusion Detection System (IDS): Repair and replacement of all IDS components, including sensors, control panels, communication pathways, and power supplies.

- Access Control System (ACS): Correction of failures in door controllers, card readers, locking hardware, and communication links to the access control server.
- Closed-Circuit Television (CCTV): Repair of cameras, network video recorders, power sources, and network connectivity issues impacting video surveillance.
- Service Documentation: Upon completion of each repair, the contractor shall submit a detailed Customer Service Order (CSO) or electronic service ticket. This report must document the initial issue, diagnostics performed, corrective actions taken, and a list of all parts used on the above and all other ESS devices serviced.

5.4.2. Standard: The contractor shall respond to and complete Corrective Maintenance task orders in accordance with the priority levels established below. Response time is defined as the time from notification to the arrival of a qualified technician on-site.

Priority Level	Description of Failure	Response timelines
Priority 1: Critical	Catastrophic system failure, such as a network switch, or communications loss affecting multiple facilities.	Immediate response, not to exceed 2 hours.

Priority 2: Urgent	Failure of an IDS or ACS component at a high-priority area (e.g., Arms Room, SCIF).	Within 3 hours.
Priority 3: Routine	Failure of a single, non-critical component (e.g., an individual door reader, a single camera with overlapping coverage) that does not compromise the overall security of a facility.	Within 5 hours.
Priority 4: Low	Non-critical issues that do not impact the primary security function of the system.	By the next business day.

Note: All repairs shall be performed in accordance with manufacturer's recommendations and relevant standards, including UFGS 28 10 05, to ensure system integrity.

5.5 Task #5 - ESS Parts Management System

5.5.1. Deliverable: The contractor shall provide a comprehensive parts management program based on a rapid procurement model. The contractor shall develop and maintain a comprehensive list of pre-approved vendors for all critical, long-lead, and high-failure rate components for the IDS, ACS, CCTV, and subsystems to include all other related ESS components that contain the vendor's name, contact information, component name and part numbers with the guaranteed lead and delivery times for each component. Contractor shall maintain a tracking list to validate actual delivery times. Critical items not available for rapid shipping to meet critical repair timelines remain the responsibility of the contractor to execute appropriate alternate methods for procurement at the time of need. Failure of 3rd party vendor delivery times does not relieve contractor's responsibility to meet repair timelines.

5.5.2. Standard: For 95% of all Priority 1 (Critical) and Priority 2 (Urgent) service calls requiring parts, the contractor must procure and receive the necessary components within the delivery timelines specified in their Vendor Managed Inventory List, ensuring overall repair times are met. AQL is 95%.

5.6. Task #6 - Service Contract Reporting (SCR)

5.6.1. Deliverable: Submission of the annual SCR via the SAM.gov portal. The report shall, at a minimum, include the "Total Amount Invoiced" and "Prime Contractor Hours Expended" for the performance period.

5.6.2. Standard: The SCR for each Government Fiscal Year (October September 30) must be submitted no later than October 31 of each calendar year. If the contract's period of

performance ends prior to September 30, the final completed report is due within 30 calendar days of the contract's end date. The Acceptable Quality Level (AQL) is Pass/Fail.

PART 6

APPLICABLE PUBLICATIONS

6. Applicable Publications (Current Editions): The following publications, manuals, regulations, etc. are mentioned in this PWS and are listed below.

- 6.1.1. Department Of Defense Contract Security Classification Specification (DD Form 254)
- 6.1.2. Department of Defense Security Agreement (DD Form 441)

Continuation of Deliveries or Performance

LOCAL INSTRUCTIONS

RESPONSIBILITY FOR ADMINISTRATION OF CONTRACT

a. The Contracting Officer is responsible for the administration of this contract. The Contracting Officer alone is authorized to the extent indicated in the contract to take action on behalf of the government which results in changes in the terms of the contract, including deviations from specifications, details and delivery schedules. Communications pertaining to contractual administrative matters will be addressed to the Contracting Officer. No changes in or deviation from the scope of work shall be effected without a written modification to the contract executed by the Contracting Officer. Delivery/Task orders will be issued by the Contract Administration Division.

b. No oral statement of any person will in any manner or degree, modify or otherwise affect the terms of this contract. The Contracting Officer is the only person authorized to approve changes in any of the requirements under this contract, and notwithstanding any provisions contained elsewhere in this contract, the said authority remains solely with the Contracting Officer.

c. All matters pertaining to Government administration of this contract should be directed to:

ATTN: Captain Jazmin Burns, Contracting Specialist

MICC Ft. Leavenworth

535 Kearny, Bldg 338

FORT LEAVENWORTH, KS 66027-1417

TELEPHONE NUMBER: 520-706-2498

E-MAIL: jazmin.burns.mil@army.mil

OR

ATTN: Robert Parvin, Contracting Officer

RESTRICTED ACCESS TO MILITARY INSTALLATION - COOPERATION WITH FORCE PROTECTION MEASURES

- a. The contractor agrees to abide by and cooperate with Force Protection measures that are implemented on the military installation.
- b. The Contractor shall comply with, and in the instance of contractor/sub-contractor employees, shall ensure compliance with the following instructions when access to the Fort Leavenworth installation/facilities are required for contract performance. These local instructions are incorporated in this contract, in order to implement local installation antiterrorism /operations security policies and procedures, and to supplement Federal Acquisition Regulation (FAR) clause 52.204-9, which, if applicable to this contract, is located in Section I of the contract. In the event of conflict between any portion of this supplement and/or FAR 52.204-9; and any other provision within the PWS, or specifications; clause 52.204-9 (if listed) shall take precedence. In the event of conflict between this supplement and any other provision within the PWS, or specifications, this supplement shall take precedence.

(i) An un-cleared contractor is an individual who falls into one of two categories: (1) CAC-eligible; and (2)

Non-CAC eligible. The Common Access Card (CAC) is the DoD federal personal identity verification credential. CAC Eligibility is defined in Army Directive 2014-05, dated March 7, 2014.

(ii) Army Directive 2014-05 provides that all contractor and/or subcontractor personnel who do not possess a CAC, another Federal personal identity verification card, or other authorized DoD identification card and who require unescorted access to Army installations must have a validated need for such access and undergo a vetting process to determine their fitness for access. Accordingly, non-CAC eligible, un-cleared contractor and/or subcontractor personnel requiring access to the Fort Leavenworth installation and facilities, to perform under this contract, will submit personal identity information through the Fort Leavenworth Installation Pass implementation.

c. Contractors and Contract Employees may obtain a Locally Approved Credential (LAC) for up to 365 days for entry through Grant or Hancock Gates. See location & hours of operation at the following - <https://home.army.mil/leavenworth/index.php/my-fort/all-services/gate-information>

d. Prime contractors can direct their Sub-contractors to the Visitor Control Center in order to obtain a 30 day pass. See location & hours of operation at the following -<https://home.army.mil/leavenworth/index.php/my-fort/allservices/gate-information>

e. Fort Leavenworth no longer accepts for access purposes the state issued driver licenses (DL) or state issued IDs that do not meet the Real ID Act of 2005 standards. Person(s) requesting access with a non-compliant state DL or ID will need to call ahead to the Visitor Control Center at (913) 684-3600 for inquiry of needed additional documentation.

LEGAL PUBLIC HOLIDAYS

Normal Working Hours: The Contractor shall schedule delivery or service hours to coincide with the working hours of the military installation, 7:30am to 4:00pm, a normal 5-day, 40 hour week, Monday through Friday, except legal holidays which include the following -

Federal Government holidays are:

New Year's Day 1st day of January

Martin Luther King Jr.'s Birthday 3rd Monday of January

Presidents Day 3rd Monday of February

Memorial Day last Monday of May

Juneteenth 19th day of June

Independence Day 4th day of July

Labor Day 1st Monday of September

Columbus Day 2nd Monday of October

Veterans Day 11th day of November

Thanksgiving Day 4th Thursday of November

Christmas Day 25th day of December

NOTE: Any of the above holidays falling on a Saturday will be observed on the preceding Friday. Holidays falling on a Sunday will be observed on the following Monday.

KANSAS SALES AND USE TAX - Notwithstanding any other provisions of the contract, the contract price excludes the Kansas retailer's sales tax and compensating (use) tax on all sales of tangible personal property or services purchased by the Contractor or subcontractors for the sustainment, restoration, or repairs of buildings or other projects called for by this contract. In accordance with Kan. Stats. Anno. Sec 79-3606(e), the Contracting Officer will upon request from the Contractor obtain from the State and furnish an exemption certificate for this project for the use by the Contractor and subcontractors in the purchase of materials for incorporation in the project and of services. The Contractor and the subcontractors shall furnish the number of such certificate to all suppliers from whom such purchases are made, and the suppliers shall execute invoices covering the same bearing the number of such certificate. Pursuant to a 1977 amendment to K.S.A., 1976 Supp., 79-3606(e), effective 1 July 1977, the Contractor is required to retain all invoices for a period of 5 years during which time these invoices are subject to audit by the Kansas Director

of Taxation. Upon completion of the project, the Contractor shall complete the Project Completion Certificate (Form STD 77, REV. 6/77) in duplicate, returning one copy to the Contracting Officer, and forwarding the other to the Kansas Director of Taxation.

CONDUCT OF EMPLOYEES - The contractor is fully responsible for the performance and conduct of their employees at all times while on or off post in the performance of services when in performance under this contract. Daily courtesies, to include customary greetings or professional interactions with Government employees are expected of the Contractor and their employees. The contractor shall not allow any employee to perform work under this contract while under the influence of alcohol, drugs, or any other incapacitating agent. Military police and other law enforcement personnel on post have the right to deny entry to post or remove from post any contractor employee for misconduct, which endangers the health or safety of people or property, or for reasons of security. Health and safety compliance of contractor provided and contractor worn Personal Protective Equipment (PPE). At such time where a PPE posture mandated for installation personnel, all contract employees shall observe the same policies while prosecuting work on the installation.

The Post Commander may bar any individual from entering the post under the authority of 18 U.S.C. 1382. Removal from post of a contractor employee in accordance with the above shall not relieve the contractor from the requirements to meet all of the terms and conditions of the contract; nor shall such removal be grounds for the contractor to file a claim.

SCHEDULE OF VALUES (Invoicing and Payments authorized via WAWF) - Contractor Project Managers are responsible submit a "Schedule of Values (SOV)" to the Contracting Officer Representative for each individual awarded project that outlines acceptable milestones of payment for each awarded Task Order that is not otherwise going to be invoiced 100% at completion. The SOV is intended for longer term projects that are more than 30 days in duration that include long lead times for order of equipment. While the percentage of acceptable invoicing on milestones can vary, the contractor may not invoice for greater than 90% of any project until full completion.

ADVERTISING ON CONTRACTOR VEHICLES - Advertising displayed on Contractor vehicles is permitted provided that the advertising is so worded as not to imply Army or United States Government approval or sanction of the advertised service and is not embarrassing or detrimental to the Government.

PACKAGING AND MARKING - All shipments of materials, equipment and/or supplies shall be addressed to the Contractor and not to the Government. The Contractor shall retain full responsibility for the delivery and acceptance of shipments to this installation or elsewhere that are required for the completion of this task order.

PROJECT LABELING FOR OFFICIAL CORRESPONDENCE - The Government singularly identifies each Task Order with a Task Order number at time of award. The Task Order number is a unique identifier to purposely and permanently represent an awarded project. The Government issued Task Order number is to be referenced on all official communications starting upon notice of award.

Contract Number: TBD

Contracting Officer Representative: TBD

Vendor POC: TBD

SEE PWS SECTION 1.20 FOR A/T AND OPSEC TRAINING REQUIREMENTS

For contractors that do not require CAC, but require access to a DoD facility or installation.

Contractor and all associated sub-contractors employees shall comply with adjudication standards and procedures using the National Crime Information Center Interstate Identification Index (NCIC-III)

and Terrorist Screening Database (TSDB) (Army Directive 2014-05/AR 190-13), applicable installation, facility and area commander installation/facility access and local security policies and procedures (provided by government representative), or, at OCONUS locations, in accordance with status of forces agreements and other theater regulations.

WORK AT THE ARMY CORRECTIONS BRIGADE (ACB) FACILITIES

- a. ACB facilities consist of the United States Disciplinary Barracks (USDB), its satellite Trusty Unit (TU) and the Joint Regional Correctional Facility (JRCF). The USDB is a maximum security military prison and the JRCF is a medium security military prison. Paramount consideration will be given to security and safety of all parties concerned.
- b. A list of Contractor personnel and vehicles, to include types of vehicles, color, and license plate numbers must be submitted to the Directorate of Public Works. Special equipment, i.e., cranes, welding machines, trailers, and jackhammers will also be included. The access roster will be submitted to the Directorate of Public Works at least ten (10) days before commencing work, who will then forward to the appropriate facility Directorate of Operations (DOPS) for the purpose of security investigation for personnel permitted on ACB properties. A minimum of ten (10) working days' notice is also required to add personnel or equipment to the work force. Likewise, notification of personnel removed from the work force is required upon initiation of that action. It should be noted that the security investigation may result in the denial of access to ACB properties for those personnel considered a security risk. (Reference ACA 4-4061) Additionally, special handling or parking may be required for equipment which could be used to breach security when idle.
- c. All Contractor personnel, vehicles, and materials will be subject to inspection and search upon entry to and exit from ACB properties. Except for emergency vehicles (fire trucks and ambulances), contractor personnel and vehicles will be given first priority in entering and departing ACB properties.
- d. All Contractors and Contractor personnel will be required to read and comply with the 15th Military Police (MP) Brigade (BDE) Regulation 190-3, Rules of Conduct, Army Corrections Command (ACC) Policy Letter 17, Standards of Conduct and sign and date ACB Form 190-3-1, Request for Identification Badge/Statement indicating that they have read, understand and will comply with provisions stated therein.. The signed ACB Form(s) 190-3-1 must be attached to the access roster upon submittal to the Directorate of Public Works in order to process Contractor personnel for clearance.
- e. The USDB/JRCF Main Entrance or West Gate will be utilized by Contractor personnel dependent on the work to be performed for entering or exiting the USDB/JRCF. Personnel will

sign for USDB/JRCF badges on a register after identification and clearance has been made by the staff. The badge will be worn on the outer garment at all times. Personnel losing a badge are required to report the loss to the USDB/JRCF Investigations and USDB/JRCF Physical Security Office immediately. Contractors will be required to provide a properly cleared escort(s) for vendor deliveries to the work site. The escort will be required to accompany the vendor from the West Gate to the work site and return. At no time will vendor personnel be left unescorted within the secured area of the USDB/JRCF.

f. Contractor personnel may enter USDB/JRCF properties at 7:30am. Working hours will be 7:30am to 4:00pm within the USDB/JRCF, and 7:30am to 4:30pm at external USDB/JRCF properties. Contractor personnel and vehicles, have 30 minutes to clear the USDB/JRCF by 4:30pm. Work will not be allowed on weekends and holidays, to include Federal Holidays. In unusual circumstances, such as when utility turn-off is required for an extended period of time, weekend or holiday work may be coordinated between the ACB Directorate of Institutional Support (DIS) the USDB/JRCF DOPS, facility engineers, and the Contractor. These instances must be coordinated well in advance, in writing. Likewise, utility turn-on of short duration or work which will disrupt institution routines and/or traffic flow must be scheduled at least three working days in advance and may require schedule changes to ensure security is maintained.

g. Contractor vehicles entering or leaving USDB/JRCF properties are searched, all personnel will be required to dismount, shut the engine off, and open all doors and compartments.

h. Contractor vehicles will not be permitted to enter or depart USDB/JRCF West Gate between 11:00am and 12:30pm except those deemed necessary to complete on-going work, such as concrete trucks. Clearance must be obtained and coordinated with the USDB/JRCF DOPS.

i. Privately owned vehicles will not be allowed inside the secure area of the USDB/JRCF.

j. No vehicle will have keys left in the ignition switch at any time the vehicle is unoccupied. All vehicles will be locked when unattended. Open trucks containing tools of any kind in the truck bed will not be left unattended. Vehicles/equipment without key ignitions will be rendered inoperable when unattended or idle.

k. Contractor vehicles may be parked overnight outside the perimeter in an area designated by the facility DOPS, as long as the vehicles are secured or rendered inoperable.

l. When entering ACB properties, Contractor personnel shall travel only from the West Gate to the work site. They will remain in the work site, and if required, will be escorted to other areas.

m. Contractor personnel are not permitted to talk with prisoners, except as actual work may require. Contractor personnel shall not give or accept any items from prisoners at any time. If there are problems with prisoners, the Contractor personnel will notify the Construction Inspector.

n. Former inmates of ACB facilities will not be allowed to work at any ACB property.

o. The project site shall be kept clean and in a good state of police. All tools will be secured under lock and key unless in use.

p. The following items are contraband and will not be brought onto ACB property:

- (1) Guns and firearms of any type, and their component parts, including, but not limited to ammunition clips or magazines. Gun type rivet or nail tools will not be allowed at the job site without prior clearance in writing and will not be left unattended nor remain within ACB properties overnight or on weekends.
- (2) Ammunition, explosives.
- (3) Mechanical or chemical components of or complete incendiary devices.
- (4) Knives (including pocket knives).
- (5) Narcotics and nonprescription drugs, This does not include a limited supply of over the counter medications such as aspirin, Tylenol, Advil, cold medicines, etc., stored in their original containers. (Reference ACA 4-4063)
- (6) Intoxicants or alcoholic beverages. (Reference ACA 4-4063).
- (7) Currency (not carried on the person or accompanying the person and contained in a purse or handbag.).
- (8) Razor blades or blades of any type, not specifically required for performance within the scope of work.
- (9) Cellular phones and radio transmitters.
- (10) Photographic equipment.
- (11) Printed material/video tapes that do not comply with A Regulation 28-1, Mail Screening Policy and Procedures
- (12) Recording devices (e.g. MP3 players, iPods, portable hard drives, thumb drives).
- (13) Extra clothing not worn at the job site
- (14) Glass containers.
- (15) Metal fingernail files.
- (16) Metal eating utensils (e.g. forks, spoons, knives).
- (17) Weight-lifting dietary supplements (Creatine, etc.). This does not include a limited supply of diet or food items such as Slim Fast.
- (18) Personally owned/retained handcuff keys or picklocks.
- (19) Smoking and smoking related products, including but not limited to pipes, lighters, matches, etc.
- (20) Smokeless tobacco, including but not limited to chewing tobacco, snuff, pouches, etc. (even if contained in the mouth).

q. All ladders and scaffolding, when not in actual use, will be secure to immovable objects with locks and chains. No ladders or scaffolding will be left unattended next to the outer fence of the USDB/JRCF.

r. The USDB Commandant or JRCF Commander (as applicable), may remove and permanently bar contractor personnel from the USDB or JRCF (as applicable) for actions which the USDB Commandant or JRCF Commander deems may threaten or compromise the security of the USDB or JRCF (e.g. leaving tools and/or equipment unsecured on the jobsite). Notwithstanding the removal and/or bar of such personnel, the contractor will still be expected to fully perform all aspects of the job in accordance with the provisions of the contract.

s. Exceptions to these instructions may be granted by the USDB Commandant or the JRCF Commander (as applicable) on a case-by-case basis. Request for exceptions to specific items above must be submitted in writing to the Contracting Officer, Fort Leavenworth, and three (3) weeks prior to the bid opening date. If the exception(s) receives approval from the USDB Commandant or JRCF Commander all bidders in receipt of the Invitation to Bid will be so notified before the bid opening date. Exceptions to these instructions after work commences will generally not be granted. However, should unanticipated circumstances require a request for exception, that request must be submitted in writing as soon as the circumstances become known and in no case less than three working days prior to the desired effective date of exception.

52.219-14	Limitations on Subcontracting. (Deviation)	2026-02		

Limitations on Subcontracting (Feb 2026) (Deviation)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition. Similarly situated entity*, as used in this clause, means a first-tier subcontractor, including an independent contractor, that-

(1) Has the same small business program status as that which qualified the prime contractor for the award (*e.g.*, for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability*. This clause applies only to-

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with sections 19.105, 19.106, 19.107, and 19.108;

(4) Orders expected to exceed the simplified acquisition threshold and that are set aside for small business concerns under multiple-award contracts, as described in 8.4 and 16.5;

(5) Orders, regardless of dollar value, that are set aside in accordance with sections 19.105, 19.106, 19.107, and 19.108 under multiple-award contracts, as described in 8.4 and 16.5; and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for-

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract;

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause-

XX By the end of the base term of the contract and then by the end of each subsequent option period; or

By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protege and its mentor approved by the Small Business Administration, the small business protege shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protege in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

252.232-7006	Wide Area WorkFlow Payment Instructions.	2023-01		

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal

Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Refer to Section B)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

"Invoice 2in1"

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	HQ0490
Issue By DoDAAC	<u>W91QF4</u>
Admin DoDAAC	<u>W91QF4</u>
Inspect By DoDAAC	<u>Issued at Task Order</u>
Ship To Code	_____
Ship From Code	_____
Mark For Code	_____
Service Approver (DoDAAC)	_____

Service Acceptor (DoDAAC)	_____
Accept at Other DoDAAC	_____
LPO DoDAAC	_____
DCAA Auditor DoDAAC	_____
Other DoDAAC(s)	_____

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

WAWF POC: TBD

(Contracting Officer: Robert M. Parvin - robert.m.parvin.civ@army.mil)

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.216-20 Definite Quantity. 1995-10

Definite Quantity (Oct 1995)

(a) This is a definite-quantity, indefinite-delivery contract for the supplies or services specified, and effective for the period stated, in the Schedule.

(b) The Government shall order the quantity of supplies or services specified in the Schedule, and the Contractor shall furnish them when ordered. Delivery or performance shall be at locations designated in orders issued in accordance with the Ordering clause and the Schedule.

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the effective period of this contract and not completed within that time shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after ____[insert date].

(End of clause)

52.216-22 Indefinite Quantity. 2026-02
 (Deviation)

Indefinite Quantity (Feb 2026) (Deviation)

(a) This is an indefinite-quantity contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies and services specified in the Schedule are estimates only and are not purchased by this contract.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. The Contractor shall furnish to the Government, when

and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the "maximum." The Government shall order at least the quantity of supplies or services designated in the Schedule as the "minimum."

(c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(d) Any order issued during the ordering period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order, which may include order options to be exercised after the ordering period of this contract but before the end of the period of performance of the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order, including options exercised, to the same extent as if the order were completed during the contract's ordering period; provided, that the Contractor shall not be required to make any deliveries under this contract after 14 June 2031.

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.209-7	Information Regarding Responsibility Matters. (Deviation)	2026-02		

Information Regarding Responsibility Matters (Feb 2026) (Deviation)

(a) *Definitions.* As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (*e.g.*, Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

- (1) The total value of all current, active contracts and grants, including all priced options; and
- (2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (*e.g.*, general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in-

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

(End of provision)

DFARS Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
252.204-7017	Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.	2021-05		

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when

providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it will provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

SECTION L

INSTRUCTIONS, CONDITIONS, AND NOTICES TO OFFERORS OR RESPONDENTS

L.1. PROPOSAL SUBMISSION, PREPARTATION INSTRUCTIONS, AND CONTENT

The following instructions prescribe the format for the proposal and describe the approach for the development and presentation of proposal data. These instructions are designed to ensure the submission of necessary information to provide for the understanding and comprehensive evaluation of proposals.

L.1.1. PROPOSAL SUBMISSION

a. Proposals shall be submitted prior to the closing date and time identified on Standard Form (SF) 1449, to the following address:

Mission and Installation Contracting Command (MICC) MICC Fort Leavenworth

ATTN: CCMI-LV (Mr. Robert Parvin)

535 Kearny AVE, Bldg #338

Fort Leavenworth, Kansas 66027

robert.m.parvin.civ@army.mil

b. Offeror's proposal shall be clearly marked RFP W9QF4-26-R-A010 and consist of four (4) volumes physically separated and detachable parts, individually entitled: RFP Documents, Technical Capability Proposal, Past Performance, and Price Proposal.

c. Offerors shall submit an original and the number of copies listed below of their proposal. The copies of Volume II (Technical Capability Proposal) shall be redacted and void of Company Name and other identifying marks or logos.

VOLUME	TITLE	ORIGINAL	NO. OF COPIES
I	RFP Documents	1	1

II	Technical Capability Proposal	1	3
III	Past Performance (Past 3 Years)	1	3
IV	Price Proposal	1	1

d. Electronic submissions via email or fax will not be accepted. Offers shall be mailed through a commercial/Government carrier or hand carried.

e. The Contract Specialist is the sole point of contact for this acquisition. All questions regarding this solicitation shall be submitted in writing via email - Captain Jazmin Burns at jazmin.burns.mil@army.mil.

L.1.2. PROPOSAL PREPARATION INSTRUCTIONS

a. The Offer. The submission of the documentation specified below will constitute the offeror's acceptance of the terms and conditions of the RFP, concurrence with the Performance Work Statement, and the proposed contract type.

b. In accordance with FAR Subpart 4.8 (Government Contract Files), the Government will retain one copy of all unsuccessful proposals. Unless the offeror requests otherwise, the Government will destroy extra copies of such unsuccessful proposals.

c. If an offeror believes that the requirements in these instructions contain an error, an ambiguity, omission, or are otherwise unsound, the offeror shall immediately notify the contract specialist in writing with supporting rationale. The offeror is reminded that the Government reserves the right to award this effort based on the initial proposal, as received, without discussion.

d. All referenced documents for this solicitation are available at the Government Point of Entry at <https://sam.gov>. Potential offerors are encouraged to subscribe for e-mail notifications when information has been posted to the website for this solicitation.

e. Exceptions. Offerors shall meet all solicitation requirements, such as terms and conditions, representations and certifications, and technical requirements, in addition to the evaluation factors. Failure to meet a requirement may result in an offer being determined ineligible for award. If the offeror finds it necessary to take exception to any of the requirements specified in this solicitation, clearly indicate in Volume 1 - RFP Documents each such exception with a complete explanation of why the exception was taken, what benefit accrues to the Government (if any), and its impact, if any, on the performance, schedule, cost, and specific requirements of the solicitation. Each exception shall be specifically related to each paragraph and/or specific part of the solicitation to which the exception is taken. This information shall be provided in the format below.

Solicitation Exceptions

Solicitation Document	Page/ Paragraph	Requirement/ Portion	Rationale & Impact
<i>Section B, PWS, Section L&M, etc.</i>	<i>Applicable Page and Paragraph Numbers</i>	<i>Identify the requirement or portion to which exception is taken</i>	<i>Describe The rationale and impact of the exception</i>

f. The proposals shall be organized into four (4) volumes. Specifically, Volume II of the Technical Proposal, except for the Original Copy shall be redacted for the removal of any identifying Company Logos, Company Name, or other descriptive information that will identify the Company proposal and should further be separately bound in a three-ring loose leaf binder that shall permit the volume to lie flat when open. A cover sheet shall be bound in each book, clearly marked as to volume number, title, copy number, and solicitation identification. All text shall be single spaced in and printed black on white paper (Black and white requirement does not apply to graphics, photos, etc., Company stationary and logo's are not acceptable with Volume II). Printing shall be easily readable. Cross references should be utilized to preclude unnecessary duplication of data between sections.

g. Page limitations are as follows:

VOLUME	TITLE	PAGE LIMITS
I	RFP Documents	No Limit
II	Technical Capability Proposal	30
III	Past Performance (Past 3 Years)	5

IV	Price Proposal	Add Proposed Prices on CLINs
----	----------------	------------------------------

h. Proposal page Limitation: Proposals shall not exceed the limits stated above. If the page limits are exceeded, the pages in excess of the limit shall be removed and will not be considered for evaluation. No material may be incorporated by reference to circumvent the page limitation. Cross-references should be utilized to preclude unnecessary duplication of data between sections within the same Volume. The offeror shall number each page in order to eliminate any confusion. In the event offeror creates an ambiguity in its numbering of pages, the Government may exercise its own discretion in counting pages. All proposals shall be legible, single spaced, utilizing Arial or Times New Roman Font with a 12- point font size. A page shall be 8 1/2 X 11" in size, any page larger than 8 1/2" x 11" will be counted as two pages. Use at least 1-inch margins on the top and bottom and 3/4-inch side margins. Page size, font size and spacing requirements for, illustrations, charts, graphs, figures and tables may be at the discretion of the offeror, however, must be easily readable. Page limit includes all appendices, charts, graphs, diagrams, tables, photographs, drawings, etc. unless specifically excluded in the proposal instructions. The exceptions/other assumptions section will count against the page limitation. If discussions become necessary, page limitations may be placed on responses to Evaluation Notices (Ens). The specified page limits for EN responses will be identified in the letters forwarding the Ens to the offerors. The Government recommends the contractor use section and page number in paginating each sections page. (e.g. Section IV-32)

i. Page Limit Includes: All appendices, charts, graphs, diagrams, tables, photographs, drawings, etc.

j. Page Limit Excludes: Certifications or Awards, covers for volumes, tables of contents, glossary of abbreviations and acronyms, indices, title pages, cross reference indices, and section dividers/tables if they are inserted solely to provide ease to the reader in locating parts /sections of the proposal. They will be counted if they contain any other information, i.e., diagrams, extraneous data, etc. Pages marked "This page intentionally left blank" will not be counted.

k. Indexing and Glossary: Each volume shall contain a detailed table of contents to delineate the subparagraphs within that volume. Tab indexing shall be used to identify sections. Each volume shall contain a glossary of all abbreviations and acronyms used, with an explanation for each.

L.1.3. PROPOSAL CONTENT

1. Volume I - RFP Documents. This volume should be clearly marked "VOL I - RFP DOCUMENTS, W91QF4-26-R-A010". Volume I shall contain a signed copy of all documents requiring signature of the offeror. This would include the Standard Form (SF) 1449. Offerors are cautioned that the SF 1449 must contain an "original signature". Each offeror should complete (fill-ins and signatures) and submit the original as stated below. An authorized official of the firm shall sign the offer and all certifications requiring original signature. Volume I should include the following information:

a. TAB A - Standard Form 1449, Solicitation Offer and Award. The offeror is cautioned that the SF 1449 must contain an original signature. The contractor shall acknowledge any amendments to the RFP in accordance with the instructions on the SF 1449 and with Section L, FAR 52.215-1, Instruction to Offerors--Competitive Acquisition. Acknowledgment of amendments can be made on the face of the SF 1449 and signed copies of the amendments can be included in this Section. The offeror shall provide the name, title and telephone number of the company/division point of contact regarding decisions made with respect to your proposal and who can obligate your company contractually. Also, identify those individuals authorized to negotiate with the Government.

b. TAB B - Section K - Representations, Certifications, and Other Statements of Offerors. The offeror shall ensure that a statement is provided giving the Company Name, UEI, and Cage Code are updated with current registration at <https://sam.gov>.

c. TAB C - Transmittal Summary Letter. A summary cover letter to the proposal should provide the following:

(i) Identification of the proposal's Point of Contact (POC), current phone number, fax number, and email address;

(ii) A list of the proposal package contents; and

(iii) A listing of Offeror's subcontractors and/or teaming partners that the offeror historically uses when involved in contracts of this type.

d. TAB D - Payment and Performance Bonds-Other Than Construction (FAR 52.228-16). The offeror shall submit information showing maximum available bonding capacity and bonding costs with verification from the Securities or Bonding Company (to be completed by Surety Company and submitted by Offeror). The information shall include how long the Surety Company has provided bonding for the Contractor and the bonding limit for a single project, aggregate amount, and current available bonding.

e. TAB E - Exceptions/Assumptions (if applicable). Identification and explanation of any exceptions or deviations. Additionally, any assumptions used in the proposal preparation must be identified.

2. Volume II - Technical Capability Proposal. This volume should be clearly marked "TECHNICAL CAPABILITY PROPOSAL, W91QF4-26-R-A010". The Technical Volume shall have NO pricing information included.

The Technical Volume shall be clear, concise, and include sufficient detail for effective evaluation and for substantiating the validity of stated claims. Legibility, clarity and coherence are very important. Responses will be evaluated against the factors defined in Section M, Evaluation Factors for Award. The proposal should not simply rephrase or restate the Government's requirements, but rather shall provide convincing rationale to address how the offeror intends to meet these requirements. Statements that the offeror understands, can, or will comply with the Performance Work Statement (PWS) (including referenced publications, technical data, etc.); statements paraphrasing the PWS or parts thereof (including applicable publications, technical data, etc.); and phrases such as "standard procedures will be employed"

or "well known techniques will be used," etc., will be considered unacceptable. Offerors shall assume that the Government has no prior knowledge of their facilities and experience. The Government will base its evaluation on the information presented in the offeror's proposal. Elaborate brochures or documentation, binding, detailed art work, or other embellishments are unnecessary and are not desired.

The Technical Volume shall, at a minimum, be prepared in a form consistent with the PWS and the evaluation criteria for award set forth in Section M of this solicitation. The section shall be prepared in an orderly format and in sufficient detail to enable the Government to make a thorough evaluation of the Contractor's technical competence, and ability to comply with the contract job requirements specified in the PWS. The offeror shall address as specifically as possible the actual methodology to be used for accomplishing the PWS requirements. The volume shall include a table of contents, a list of table(s) and drawings (if applicable), and cross reference matrix (if applicable).

FACTOR - 1 - TECHNICAL CAPABILITY PROPOSAL - The offeror shall include the following information to be evaluated on Technical Capability:

TAB A - Sub-Factor 1 - Integrated Tracking System (ITS): The offeror shall submit a proposal for the following -

(i) PWS Tasks 5.1, 5.2, and 5.3. - The offeror's proposal must create an **"Integrated Tracking System (ITS)"** to manage equipment inventory, warranties, and preventive maintenance. This system should be a modern, centralized solution that is easily accessible to Government representatives.

- Technology: Contractor is to provide in their written proposal their proposed tracking system and how it will be implemented and maintained. The proposed system shall be sharable and allow real-time updates. The Government will own the contractor built Integrated Tracking System beyond the duration of the contract. The proposed system shall be compatible with the Government network. Contractors may elect to leverage A365 (M365) tools like SharePoint Lists, and potentially PowerApps, to create their proposed system. All information shall be filterable by two distinct separate entities for the "Installation - Garrison", and the "Combined Arms Command (CAC)".

- Data Structure: Contractor is to propose streamlined data structure that prevents duplication of files and assists with version control. The proposal shall provide a method with filters for data sorting without complex nested file storage.

- User Interface: Contractor is to propose a user-friendly front-end to allow authorized users (both contract employees & Government) to easily view, search, and manage the data as required. Any tracking systems to monitor the progress of ESS program execution shall include training from the contractor to the Contracting Officer Representative.

(ii) Required ESS Data Points

- Asset Details
- Operational Information
- Lifecycle & Support

TAB B - Sub-Factor 2 - Service Order Repair Procedures

(i) PWS Task 5.4 - Offeror shall submit a clear and thorough approach to address separately priced "Service Order Repairs" that include the most responsive solutions where repeat and secondary trips for repairs are minimized. Offeror shall propose clear and thorough approach to achieve actual ESS repair work on a 24/7/365 basis in lieu of identifying issues in non-duty hours merely to meet a response time.

(ii) PWS Task 5.5 - Offeror shall submit a plan that includes but not limited to Contractor rapid supply sourcing solutions for on-the-spot repairs and/or a system of delivery solutions to address repairs during compressed timelines.

TAB C - Sub-Factor 3 - Staffing Plan Onsite Personnel Plan - Offeror shall propose onsite personnel plan to effectively achieve PWS Tasks 1-5 and/or provide key facilitation while being a point of contact with the Contracting Officer Representative (COR). The Contractor's proposed key personnel shall consist of qualified repair key personnel or support personnel in the quantity required to best support the Government ESS requirement.

3. Volume III - Factor 2 - Past Performance Proposal. Part III should be clearly marked "PAST PERFORMANCE PROPOSAL, RFP W91QF4-26-R-A010". Volume III shall have NO pricing information included.

PAST PERFORMANCE - Past performance information will assist the Government in determining performance risk related to each offeror's proposal. The offeror shall include the following information to be evaluated on Past Performance:

a. TAB A - Past Performance History.

(i) Recent performance is defined as projects completed within the past three (3) years from the issue date of this RFP or are current efforts that have been performed for at least one year and are 80% complete from the date of issuance of this RFP. For projects that are not 100% complete, the offeror shall: 1) explain the metric used to demonstrate 80% complete (e.g., based on schedule, objectives achieved); 2) provide the estimated completion date; and briefly summarize the remaining activities. Past performance information that fails this condition will not be evaluated.

(ii) Relevant performance is defined as work completed on projects that are the same or similar in scope, magnitude, complexity, and task/contract type as those described in the PWS. Offeror shall submit a maximum of five (5) projects that are recent relevant.

- Contract Number, Award Date, and Period of Performance
- Name of Contracting Activity that awarded the contract
- Contract Type (i.e. Firm-Fixed Price, Cost Plus-Award Fee, etc.)
- Total Contract Value
- Aggregate Bond Capacity and Bond Rate for each past performance listed

- Name of the Contracting Officer, Contract Administrator, and Government or commercial technical representative or COR, to include Phone Number and Email Address
- List of Major Subcontractors (if applicable)
- Delivery Schedule - original AND final (or projected final, if the contract is current)
- Brief history of the work performed on each reference given

b. TAB B - Past Performance Questionnaires. For the contracts identified in Volume III, Tab B above, the offeror shall forward a copy of the Past Performance Questionnaire (See Attachments) to the points of contact (POC) responsible for monitoring performance under such contracts. The evaluating agency shall submit their evaluations directly to the Contract Specialist as specified in the Past Performance Questionnaire. Any questionnaires not returned directly to the Contract Specialist will not be reviewed and evaluated. The information contained in the questionnaires will be used to evaluate the offeror's past performance. If any negative past performance information is received, the contractor will be given an opportunity to provide rebuttal. A maximum of three (3) Questionnaires requested to the solicitation Point of Contact prior to the date and time established for the RFP closing. New entities that have no past customers shall notify the KO in writing, prior to the date and time established for the RFP closing, that they have had no previous clients and that the minimum number of questionnaires cannot be provided. It is the offeror's responsibility to follow-up with the evaluating agency to ascertain if the information to be provided by the references has been forwarded within the specified time. Past Performance Questionnaires shall be received by the Contract Specialist prior to the date and time established for the RFP closing. Offeror's without past performance will be rated as a "neutral." ***Past Performance Questionnaire(s) will not count against the page limit.***

Offerors are reminded that both independent data and data provided by offerors in their proposals may be used by the Government to evaluate offeror past performance. However, the burden of providing thorough, complete, and current past performance information as requested in this paragraph remains with the offerors. In the case of an offeror without any recent or relevant past performance history, past performance will be evaluated as "neutral."

All past performance comments received will be taken into account and could affect the overall rating. The overall past performance evaluation is a subjective decision based on the whole of all data received. Offerors with no past performance may provide the equivalent information on company officials and/or personnel proposed for this action. If the offeror has no relevant past performance, they will be rated as "neutral."

c. TAB C - Suspension / Termination History. List any suspensions, terminations for default and/or termination for convenience issued to the company and include documentation for each action. ***Suspension / Termination History will not count against the page limit.***

4. Volume IV - Factor 3 - PRICE PROPOSAL. Part IV should be clearly marked "PRICE PROPOSAL, RFP NO. W91QF4-26-R-A010".

a. TAB A - Price Proposal. Reference CLIN Structure in Solicitation.

CLIN(s) - 0001/0003 - 4001/4003 - Preventative Maintenance Program - Includes all work to support PWS Tasks 5.1 - 5.3 to include contractor proposed onsite or other proposed support staff. ***NOTE*** Breakout pricing among Garrison and CAC requirements. Reference equipment

CLIN(s) - 0002/0004 - 4002/4004 - Service Orders **(Do Not PRICE)** - Includes repairs to ESS to support PWS Task Service Orders are repairs that go beyond Preventative Maintenance and will be priced by repair requirement on future task orders for repairs determined to be within scope of the contract.

b. TAB B - Price Breakout. The offeror shall provide a detailed price proposal outlining all costs associated with the successful execution of the tasks described in PWS Sections 5.1, 5.2, and 5.3. The price proposal must include a comprehensive and distinct breakout of all associated costs. This breakout shall clearly itemize:

The fully burdened labor rates for all Key Personnel (Program Manager and ESS Maintenance and Repair Technician) and any other personnel required to support these specific tasks.

Applicable Direct Costs and Indirect Costs.

General and Administrative (G&A) overhead rates.

The costs for any other materials, software, or resources required to develop, implement, and maintain the proposed solution for these tasks.

Reference Addendum to 52.212-2

Addendum to Evaluation - Commercial Product and Commercial Services

SECTION M

EVALUATION FACTORS FOR AWARD

M.1. SOLICITATION PROVISIONS INCORPORATED BY REFERENCE

a. The source selection shall be conducted in accordance with Federal Acquisition Regulation (FAR) 12.203 (c) (3), Evaluating Competitive Proposals, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS), and the Army Federal Acquisition Regulation Supplement (AFARS). Award will be made to the responsible offeror submitting the best value in accordance with the terms and conditions of the solicitation and evaluation procedures set forth in Section M.

b. The Government will evaluate proposals strictly in accordance with proposal content and will not assume that performance will include areas not specified in the offeror's proposal.

c. The Government reserves the right to reject a proposal upon initial submission and to not consider it for contract award if required data is absent or the data received conveys a misunderstanding of the requirement.

d. Subject to the terms and conditions herein, award will be made to a single offeror. The award will be based on a trade-off between the Technical Capability, Past Performance, and Price Factors. Technical Capability is slightly more important than Past Performance. Technical Capability and Past Performance when combined are significantly more important than price. The importance of price increases as the quality differences between proposals decreases. The subfactors for Technical Capability are as follows; Sub-Factor - 1 ESS Execution Plan, Sub-Factor - 2 Service Order Repair Procedures, Sub-Factor - 3 Staffing Onsite Personnel Plan and when combined are of equal importance. The Government may select other than the lowest evaluated price for award. The offeror selected for award will be the proposal that is determined most advantageous to the Government.

e. As set forth in FAR 52.212-1 (d) the Government intends to evaluate and award a contract without discussions with Offerors. Therefore, the Offeror's initial offer should contain the Offeror's best terms. However, the Government reserves the right to conduct discussions, if necessary. The Government may reject any or all offers if such action is in the public interest, accept other than the lowest offer, and waive informalities and minor irregularities in offers received.

M.2. EVALUATION FACTORS FOR AWARD

The Government will use the criteria set forth below in the evaluation and selection of offers for award. Each offeror must submit a proposal that completely addresses all of the requirements listed in Section L of the RFP and must demonstrate how each requirement will be satisfied. Cursory responses or responses which merely reiterate or reformulate Section L, the SOW or the solicitation will not be considered as satisfying the requirements of the RFP or as demonstrating the ability to perform the jobs outlined in the solicitation. The evaluation criteria

provides for technical evaluations based upon criteria established before receipt of the proposals and is intended to ensure that the evaluation will be a structured process employing equitable measures.

Volume II - FACTOR - 1 - TECHNICAL CAPABILITY PROPOSAL - The offeror shall include the following information to be evaluated on Technical Capability:

TAB A - Sub-Factor 1 - ESS Execution Plan: The offeror shall submit a Plan for execution of the following -

(i) PWS Tasks 5.1, 5.2, and 5.3. - The offeror's proposal must describe an integrated tracking system to manage equipment inventory, warranties, and preventive maintenance. This system should be a modern, centralized solution that is easily accessible to Government representatives.

(ii) Unified Tracking System

- Technology: Leverage A365 tools like SharePoint Lists, and potentially PowerApps, to create the system. All information shall be filterable by two distinct separate entities for the "Installation - Garrison", and the "Combined Arms Command (CAC)".

- Data Structure: Avoid using a complex structure of nested sub-folders. Instead, your proposal must detail how you will use metadata (tags, labels) to organize, filter, and control versions of the data.

- User Interface: Contractor may consider PowerApp as a user-friendly front-end. This would allow authorized users to easily view, search, and manage the data stored in your A365-based system. Any tracking systems to monitor the progress of ESS program execution shall include training from the contractor to the Contracting Officer Representative.

(iii) Required ESS Data Points

- Asset Details

- Operational Information

- Lifecycle & Support

TAB B - Sub-Factor 2 - Service Order Repair Procedures

(i) PWS Task #4 - Offeror shall submit a clear and thorough approach to address separately priced "Service Order Repairs" that include the most responsive solutions where repeat and secondary trips for repairs are minimized. Offeror shall propose clear and thorough approach to achieve actual ESS repair work on a 24/7/365 basis in lieu of identifying issues in non-duty hours merely to meet a response time.

(ii) PWS Task #5 - Offeror shall submit a plan that includes but not limited to Contractor rapid supply sourcing solutions for on the spot repairs and/or a system of delivery solutions to address repairs during compressed timelines.

TAB C - Sub-Factor 3 - Staffing Plan Onsite Personnel Plan - Offeror shall propose onsite personnel plan to effectively achieve PWS Tasks 1-5 and/or provide key facilitation while being a point of contact with the Contracting Officer Representative (COR). The Contractor's proposed key personnel shall consist of qualified repair key personnel and may propose additional project support personnel for organizational and communication purposes.

Adjectival Ratings. Technical Capability Evaluation: The Government will assign a single, combined technical/risk rating for each technical sub-factor based on the criteria in the table below.

TABLE 1 - Combined TECHNICAL/RISK RATING METHOD	
Adjectival Rating	Description
Outstanding	Proposal demonstrates an exceptional approach and understanding of the requirements and contains multiple strengths and/or at least one significant strength and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength or significant strength, and risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation, and thus, contains one or more deficiencies and is unawardable, and/or risk of performance is unacceptably high.

Volume III - FACTOR - 2 - PAST PERFORMANCE

TAB A - Past Performance History.

The past performance evaluation considers each offeror's demonstrated recent and relevant record of performance in supplying products and services that meet the contract's requirements. Absent any recent and relevant past performance history or when the performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned, the offeror will be assigned a "neutral confidence rating" and its proposal will not be evaluated either favorably or unfavorably on past performance.

(i) **RECENCY:** The first aspect is to evaluate the recency of the offeror's past performance. Recency is generally expressed as a time period during which past performance references are considered relevant and is critical to establishing the relevancy of past performance information. Recent performance is defined as projects completed within the past seven (7) years from the issue date of this RFP or are current efforts that have been performed for at least one year and are 80% complete from the date of issuance of this RFP. Past performance information that fails this condition will not be evaluated.

(ii) **RELEVANCY:** The second aspect is to determine how relevant a recent effort accomplished by the offeror is to the effort to be acquired through the source selection. Relevancy is not separately rated; however, the following criteria (see Table 2) will be used to establish what is relevant. A relevancy determination of the offeror's (including any major subcontractors, teaming partners, and/or joint venture partners' past performance will be made. In determining relevancy for individual contracts, consideration will be given to the effort, or portion of the effort, being proposed by the Offeror, teaming partner or subcontractor whose contract is being reviewed and evaluated. The past performance information provided in the proposal and

obtained from other sources will be used to establish the degree of relevancy of past performance. With respect to relevancy, more relevant past performance will typically be a stronger predictor of future success and have more influence on the past performance confidence assessment than past performance of lesser relevance.

Table 2 - Past Performance Relevancy Rating Method	
Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort and complexities this solicitation requires.
Relevant	Present/past performance effort involved similar scope and magnitude of effort and complexities this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort and complexities this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort and complexities this solicitation requires.

(i) **QUALITY ASSESSMENT:** The third aspect assesses the overall quality of the offeror's past performance. Documented results from Past Performance Questionnaires, interviews, CPARS – Integrity Reports, and other sources form the basis for this assessment. Offerors are reminded that both independent data and data provided by Offerors in their proposals may be used by the Government to evaluate Offeror past performance. The Government may consider a wide array of information from a variety of sources but is not compelled to rely on all of the information available as the burden of providing thorough, complete, and current past performance information as requested in this paragraph remains with the Offerors. The Past Performance Evaluation Team will review this past performance information and determine the quality and usefulness as it applies to performance confidence assessment. More recent and relevant performance will have a greater impact on the Performance Confidence Assessment than less recent or less relevant effort. A strong record of relevant past performance may be considered more advantageous to the government than an "Unknown confidence" rating. Likewise, a more relevant past performance record may receive a higher confidence rating and be considered more favorable than a less relevant record of favorable performance. In conducting a performance confidence assessment, each offeror will be assigned one of the ratings in Table 3 below. A separate quality assessment rating will not be conducted; rather, the past performance rating is based on the offeror's overall record of recency, relevancy, and quality of performance." See Table 3 below, Performance Confidence Assessments Rating Method."

TABLE 3 - Performance Confidence Assessments Rating Method	
Adjectival Rating	Description
Substantial Confidence	Based on the offeror's recent/relevant performance record, the Government has a high expectation that the offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the offeror's recent/relevant performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available or the offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the offeror's recent/relevant performance record, the Government has a low expectation that the offeror will successfully perform the required effort.
No Confidence	Based on the offeror's recent/relevant performance record, the Government has no expectation that the offeror will be able to successfully perform the required effort.

Volume IV – FACTOR – 3 – PRICE PROPOSAL

Price Evaluation: The Firm Fixed Price (FFP) proposal will not be scored or rated. The techniques and procedures described under FAR 15.404-1(b) will be the primary means of assessing price analysis to determine price reasonableness. To be viable for award, an offeror's price must be determined fair and reasonable, balanced, complete, and accurate. In order for the Government to conduct its price analysis, the price proposal shall have included all the information requested from Section L of this Solicitation. The price proposal will be evaluated for price reasonableness but will not be scored or rated. The total proposed price will be used in the best value tradeoff analysis.

(i) **REASONABLENESS**: The existence of adequate price competition is expected to support a determination of reasonableness. Other price analysis techniques IAW FAR 15.404-1(b)(2) may be used to further validate price reasonableness. If adequate price competition is not obtained or if price reasonableness cannot be determined using price analysis of Government obtained information, additional information IAW FAR 15.403-3 may be required from the offeror to support the proposed price.

(ii) **UNBALANCED PRICING**: May evaluated IAW FAR 15.404-6, as applicable, to assess potential performance risk which could result in unreasonably high prices. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price analysis techniques. Offers that are determined to be unbalanced may be rejected if the lack of balance poses an unacceptable risk to the Government.

(iii) **COMPLETE/ACCURATE**: When evaluating price the Government reserves the right, without entering discussions, to de- conflict or correct situations involving clerical errors, minor mathematical errors, rounding discrepancies or obvious misplacement of decimal points where there is a negligible impact on price.

(END OF ADDENDUM)

*** END OF NARRATIVE ***

Offeror Representations and Certifications - Commercial Products and Commercial Services

FAR Provisions Incorporated by Full Text

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.212-3	Offeror Representations and Certifications-Commercial Products and Commercial Services. (DEVIATION 2025-O0003 and 2025-O0004)	2025-03	Deviation 2025-O0004	2025-03

Offeror Representations and Certifications-Commercial Products and Commercial Services (MAR 2025) (DEVIATION 2025-O0003 and 2025-O0004)

(a) *Definitions.* As used in this provision-

Covered telecommunications equipment or services has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Economically disadvantaged women-owned small business (EDWOSB) concern means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States and who are economically disadvantaged in accordance with 13 CFR part 127, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300. It automatically qualifies as a women-owned small business eligible under the WOSB Program.

Forced or indentured child labor means all work or service-

(1) Exacted from any person under the age of 18 under the menace of any penalty for its nonperformance and for which the worker does not offer himself voluntarily; or

(2) Performed by any person under the age of 18 pursuant to a contract the enforcement of which can be accomplished by process or penalties.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees.

Inverted domestic corporation, means a foreign incorporated entity that meets the definition of an inverted domestic corporation under 6 U.S.C. 395(b), applied in accordance with the rules and definitions of 6 U.S.C. 395(c).

Manufactured end product means any end product in product and service codes (PSCs) 1000-9999, except-

- (1) PSC 5510, Lumber and Related Basic Wood Materials;
- (2) Product or Service Group (PSG) 87, Agricultural Supplies;
- (3) PSG 88, Live Animals;
- (4) PSG 89, Subsistence;
- (5) PSC 9410, Crude Grades of Plant Materials;
- (6) PSC 9430, Miscellaneous Crude Animal Products, Inedible;
- (7) PSC 9440, Miscellaneous Crude Agricultural and Forestry Products;
- (8) PSC 9610, Ores;
- (9) PSC 9620, Minerals, Natural and Synthetic; and
- (10) PSC 9630, Additive Metal Materials.

Place of manufacture means the place where an end product is assembled out of components, or otherwise made or processed from raw materials into the finished product that is to be provided to the Government. If a product is disassembled and reassembled, the place of reassembly is not the place of manufacture.

Predecessor means an entity that is replaced by a successor and includes any predecessors of the predecessor.

Reasonable inquiry has the meaning provided in the clause 52.204-25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment.

Restricted business operations means business operations in Sudan that include power production activities, mineral extraction activities, oil-related activities, or the production of military equipment, as those terms are defined in the Sudan Accountability and Divestment Act of 2007 (Pub. L. 110-174). Restricted business operations do not include business operations that the person (as that term is defined in Section 2 of the Sudan Accountability and Divestment Act of 2007) conducting the business can demonstrate-

- (1) Are conducted under contract directly and exclusively with the regional government of southern Sudan;

- (2) Are conducted pursuant to specific authorization from the Office of Foreign Assets Control in the Department of the Treasury, or are expressly exempted under Federal law from the requirement to be conducted under such authorization;
- (3) Consist of providing goods or services to marginalized populations of Sudan;
- (4) Consist of providing goods or services to an internationally recognized peacekeeping force or humanitarian organization;
- (5) Consist of providing goods or services that are used only to promote health or education; or
- (6) Have been voluntarily suspended. "Sensitive technology"-

Sensitive technology-

- (1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically-
 - (i) To restrict the free flow of unbiased information in Iran; or
 - (ii) To disrupt, monitor, or otherwise restrict speech of the people of Iran; and
- (2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).

Service-disabled veteran-owned small business (SDVOSB) concern means a small business concern-

- (1)
 - (i) Not less than 51 percent of which is owned and controlled by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
 - (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a service-disabled veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran; or
- (2) A small business concern eligible under the SDVOSB Program in accordance with 13 CFR part 128 (see subpart 19.14).
- (3) *Service-disabled veteran*, as used in this definition, means a veteran as defined in 38 U.S.C. 101(2), with a disability that is service connected, as defined in 38 U.S.C. 101(16), and who is registered in the Beneficiary Identification and Records Locator Subsystem, or successor system that is maintained by the Department of Veterans Affairs' Veterans Benefits Administration, as a service-disabled veteran.

Service-disabled veteran-owned small business (SDVOSB) concern eligible under the SDVOSB Program means an SDVOSB concern that-

- (1) Effective January 1, 2024, is designated in the System for Award Management (SAM) as certified by the Small Business Administration (SBA) in accordance with 13 CFR 128.300; or
- (2) Has represented that it is an SDVOSB concern in SAM and submitted a complete application for certification to SBA on or before December 31, 2023.

Service-disabled veteran-owned small business (SDVOSB) Program means a program that authorizes contracting officers to limit competition, including award on a sole-source basis, to SDVOSB concerns eligible under the SDVOSB Program.

Small business concern-

- (1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and size standards in this solicitation.
- (2) *Affiliates*, as used in this definition, means business concerns, one of whom directly or indirectly controls or has the power to control the others, or a third party or parties control or have the power to control the others. In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.

Small disadvantaged business concern, consistent with 13 CFR 124.1001, means a small business concern under the size standard applicable to the acquisition, that-

- (1) Is at least 51 percent unconditionally and directly owned (as defined at 13 CFR 124.105) by-
 - (i) One or more socially disadvantaged (as defined at 13 CFR 124.103) and economically disadvantaged (as defined at 13 CFR 124.104) individuals who are citizens of the United States; and
 - (ii) Each individual claiming economic disadvantage has a net worth not exceeding the threshold at 13 CFR 124.104(c)(2) after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and
- (2) The management and daily business operations of which are controlled (as defined at 13 CFR 124.106) by individuals, who meet the criteria in paragraphs (1)(i) and (ii) of this definition.

Subsidiary means an entity in which more than 50 percent of the entity is owned-

- (1) Directly by a parent corporation; or
- (2) Through another subsidiary of a parent corporation

Successor means an entity that has replaced a predecessor by acquiring the assets and carrying out the affairs of the predecessor under a new name (often through acquisition or merger). The term "successor" does not include new offices/divisions of the same company or a company that only changes its name. The extent of the responsibility of the successor for the liabilities of the predecessor may vary, depending on State law and specific circumstances.

Veteran-owned small business concern means a small business concern-

- (1) Not less than 51 percent of which is owned and controlled by one or more veterans (as defined at 38 U.S.C. 101(2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
- (2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned business concern means a concern which is at least 51 percent owned by one or more women; or in the case of any publicly owned business, at least 51 percent of its stock is owned by one or more women; and whose management and daily business operations are controlled by one or more women

Women-owned small business concern means a small business concern-

- (1) That is at least 51 percent owned by one or more women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and
- (2) Whose management and daily business operations are controlled by one or more women.

Women-owned small business (WOSB) concern eligible under the WOSB Program (in accordance with 13 CFR part 127), means a small business concern that is at least 51 percent directly and unconditionally owned by, and the management and daily business operations of which are controlled by, one or more women who are citizens of the United States, and the concern is certified by SBA or an approved third-party certifier in accordance with 13 CFR 127.300.

(b)

(1) *Annual Representations and Certifications.* Any changes provided by the Offeror in paragraph (b)(2) of this provision do not automatically change the representations and certifications in SAM.

(2) The offeror has completed the annual representations and certifications electronically in SAM accessed through <http://www.sam.gov>. After reviewing SAM information, the Offeror verifies by submission of this offer that the representations and certifications currently posted electronically at FAR 52.212-3, Offeror Representations and Certifications-Commercial Products and Commercial Services, have been entered or updated in the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business

size standard(s) applicable to the NAICS code(s) referenced for this solicitation), at the time this offer is submitted and are incorporated in this offer by reference (see FAR 4.1201), except for paragraphs ____.

[Offeror to identify the applicable paragraphs at (c) through (v) of this provision that the offeror has completed for the purposes of this solicitation only, if any.]

These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted electronically on SAM.]

(c) Offerors must complete the following representations when the resulting contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1) (ii). Check all that apply.

(1) *Small business concern.* The offeror represents as part of its offer that-

(i) It is a small business concern; or

(ii) It is a small business joint venture that complies with the requirements of 13 CFR 121.103 (h) and 13 CFR 125.8(a) and (b). *[The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____.]*

(2) *Veteran-owned small business concern.* *[Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents as part of its offer that is not a veteran-owned small business concern.

(3) *SDVOSB concern.* *[Complete only if the offeror represented itself as a veteran-owned small business concern in paragraph (c)(2) of this provision.]* The offeror represents that is not an SDVOSB concern.

(4) *SDVOSB concern joint venture eligible under the SDVOSB Program.* The offeror represents that it is not an SDVOSB joint venture eligible under the SDVOSB Program that complies with the requirements of 13 CFR 128.402. *[Complete only if the offeror represented itself as an SDVOSB concern in paragraph (c)(3) of this provision.] [The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____.]*

(5) *Small disadvantaged business concern.* *[Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents that it is not a small disadvantaged business concern as defined in 13 CFR 124.1001.

(6) *Women-owned small business concern.* *[Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.]* The offeror represents that it is not a women-owned small business concern.

(7) *WOSB joint venture eligible under the WOSB Program.* The offeror represents that it is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [

The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____.]

(8) *Economically disadvantaged women-owned small business (EDWOSB) joint venture.* The offeror represents that it is not a joint venture that complies with the requirements of 13 CFR 127.506(a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____.*]

Note to paragraphs (c)(9) and (10): Complete paragraphs (c)(9) and (10) only if this solicitation is expected to exceed the simplified acquisition threshold.

(9) *Women-owned business concern (other than small business concern).* [*Complete only if the offeror is a women-owned business concern and did not represent itself as a small business concern in paragraph (c)(1) of this provision.*] The offeror represents that it is a women-owned business concern.

(10) *Tie bid priority for labor surplus area concerns.* If this is an invitation for bid, small business offerors may identify the labor surplus areas in which costs to be incurred on account of manufacturing or production (by offeror or first-tier subcontractors) amount to more than 50 percent of the contract price: _____

(11) *HUBZone small business concern.* [*Complete only if the offeror represented itself as a small business concern in paragraph (c)(1) of this provision.*] The offeror represents, as part of its offer, that-

(i) It is not a HUBZone small business concern listed, on the date of this representation, as having been certified by SBA as a HUBZone small business concern in the Dynamic Small Business Search and SAM, and will attempt to maintain an employment rate of HUBZone residents of 35 percent of its employees during performance of a HUBZone contract (see 13 CFR 126.200(e)(1)); and

(ii) It is not a HUBZone joint venture that complies with the requirements of 13 CFR 126.616 (a) through (c). [*The offeror shall enter the name and unique entity identifier of each party to the joint venture: _____.*] Each HUBZone small business concern participating in the HUBZone joint venture shall provide representation of its HUBZone status.

(d) [Reserved]

(e) *Certification Regarding Payments to Influence Federal Transactions (31 <http://uscode.house.gov/> U.S.C. 1352).* (Applies only if the contract is expected to exceed \$150,000.) By submission of its offer, the offeror certifies to the best of its knowledge and belief that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress on his or her behalf in connection with the award of any resultant contract. If any registrants under the Lobbying Disclosure Act of 1995 have made a lobbying contact on behalf of the offeror with respect to this contract, the offeror shall complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to provide the name of the registrants. The offeror need not report regularly employed officers or employees of the offeror to whom payments of reasonable compensation were made.

(f) *Buy American Certificate*. (Applies only if the clause at Federal Acquisition Regulation (FAR) 52.225-1, Buy American-Supplies, is included in this solicitation.)

(1)

(i) The Offeror certifies that each end product, except those listed in paragraph (f)(2) of this provision, is a domestic end product and that each domestic end product listed in paragraph (f)(3) of this provision contains a critical component.

(ii) The Offeror shall list as foreign end products those end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

(iii) The Offeror shall separately list the line item numbers of domestic end products that contain a critical component (see FAR 25.105).

(iv) The terms "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," and "United States" are defined in the clause of this solicitation entitled "Buy American-Supplies."

(2) Foreign End Products:

Line Item No.	Country of Origin	Exceeds 55% domestic content (yes/no)
_____	_____	_____
_____	_____	_____
_____	_____	_____

[List as necessary]

(3) Domestic end products containing a critical component:

Line Item No. _____

[List as necessary]

(4) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25.

(g)

(1) *Buy American-Free Trade Agreements-Israeli Trade Act Certificate*. (Applies only if the clause at FAR 52.225-3, Buy American-Free Trade Agreements-Israeli Trade Act, is included in this solicitation.)

(i)

(A) The Offeror certifies that each end product, except those listed in paragraph (g)(1)(ii) or (iii) of this provision, is a domestic end product and that each domestic end product listed in paragraph (g)(1)(iv) of this provision contains a critical component.

(B) The terms "Bahraini, Moroccan, Omani, Panamanian, or Peruvian end product," "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "Israeli end product," and "United States" are defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

(ii) The Offeror certifies that the following supplies are Free Trade Agreement country end products (other than Bahraini, Moroccan, Omani, Panamanian, or Peruvian end products) or Israeli end products as defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

Free Trade Agreement Country End Products (Other than Bahraini, Moroccan, Omani, Panamanian, or Peruvian End Products) or *Israeli End Products*:

Line Item No.	Country of Origin
_____	_____
_____	_____
_____	_____

[List as necessary]

(iii) The Offeror shall list those supplies that are foreign end products (other than those listed in paragraph (g)(1)(ii) of this provision) as defined in the clause of this solicitation entitled

"Buy American-Free Trade Agreements-Israeli Trade Act." The Offeror shall list as other foreign end products those end products manufactured in the United States that do not qualify as domestic end products. For those foreign end products that do not consist wholly or predominantly of iron or steel or a combination of both, the Offeror shall also indicate whether these foreign end products exceed 55 percent domestic content, except for those that are COTS items. If the percentage of the domestic content is unknown, select "no".

Other Foreign End Products:

Line Item No.	Country of Origin	Exceeds 55% domestic content (yes/no)
_____	_____	_____
_____	_____	_____
_____	_____	_____

[List as necessary]

(iv) The Offeror shall list the line item numbers of domestic end products that contain a critical component (see FAR 25.105).

Line Item No. _____

[List as necessary]

(v) The Government will evaluate *offers* in accordance with the policies and procedures of FAR part 25.

(2) *Buy American-Free Trade Agreements-Israeli Trade Act Certificate, Alternate II.* If Alternate II to the clause at FAR 52.225-3 is included in this solicitation, substitute the following paragraph (g)(1)(ii) for paragraph (g)(1)(ii) of the basic provision:

(g)(1)(ii) The offeror certifies that the following supplies are Israeli end products as defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act":

Israeli End Products:

Line Item No.

[List as necessary]

(3) *Buy American-Free Trade Agreements-Israeli Trade Act Certificate, Alternate III.* If Alternate III to the clause at 52.225-3 is included in this solicitation, substitute the following paragraphs (g)(1)(i)(B) and (g)(1)(ii) for paragraphs (g)(1)(i)(B) and (g)(1)(ii) of the basic provision:

(g)(1)(i)(B) The terms "Korean end product", "commercially available off-the-shelf (COTS) item," "critical component," "domestic end product," "end product," "foreign end product," "Free Trade Agreement country," "Free Trade Agreement country end product," "Israeli end product," and "United States" are defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act."

(g)(1)(ii) The Offeror certifies that the following supplies are Korean end products or Israeli end products as defined in the clause of this solicitation entitled "Buy American-Free Trade Agreements-Israeli Trade Act":

Korean End Products or Israeli End Products:

Line Item No.	Country of Origin
_____	_____
_____	_____
_____	_____

[List as necessary]

(4) *Trade Agreements Certificate.* (Applies only if the clause at FAR 52.225-5, Trade Agreements, is included in this solicitation.)

(i) The offeror certifies that each end product, except those listed in paragraph (g)(4)(ii) of this provision, is a U.S.-made or designated country end product, as defined in the clause of this solicitation entitled "Trade Agreements."

(ii) The offeror shall list as other end products those end products that are not U.S.-made or designated country end products.

Other End Products:

Line Item No.	Country of Origin
_____	_____
_____	_____
_____	_____

[List as necessary]

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) Are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) Have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) Are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) Have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. (S)6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. (S)6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. (S)6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. (S)362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(1) *Listed end products.*

Listed End Product	Listed Countries of Origin
_____	_____
_____	_____

(2) *Certification. [If the Contracting Officer has identified end products and countries of origin in paragraph (i)(1) of this provision, then the offeror must certify to either (i)(2)(i) or (i)(2)(ii) by checking the appropriate block.]*

(i)

(ii)

(j) *Place of manufacture.* (Does not apply unless the solicitation is predominantly for the acquisition of manufactured end products.) For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

(1) In the United States (Check this box if the total anticipated price of offered end products manufactured in the United States exceeds the total anticipated price of offered end products manufactured outside the United States); or

(2) Outside the United States.

(k) *Certificates regarding exemptions from the application of the Service Contract Labor Standards* (Certification by the offeror as to its compliance with respect to the contract also constitutes its certification as to compliance by its subcontractor if it subcontracts out the exempt services.) *[The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]*

(1) 22.1003-4(c)(1). The offeror does not certify that-

(i) The items of equipment to be serviced under this contract are used regularly for other than Governmental purposes and are sold or traded by the offeror (or subcontractor in the case of an exempt subcontract) in substantial quantities to the general public in the course of normal business operations;

(ii) The services will be furnished at prices which are, or are based on, established catalog or market prices (see FAR 22.1003-4(c)(2)(ii)) for the maintenance, calibration, or repair of such equipment; and

(iii) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract will be the same as that used for these employees and equivalent employees servicing the same equipment of commercial customers.

(2) 22.1003-4(d)(1). The offeror does not certify that-

(i) The services under the contract are offered and sold regularly to non-Governmental customers, and are provided by the offeror (or subcontractor in the case of an exempt subcontract) to the general public in substantial quantities in the course of normal business operations;

(ii) The contract services will be furnished at prices that are, or are based on, established catalog or market prices (see FAR 22.1003-4(d)(2)(iii));

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)

(1) All offerors must submit the information required in paragraphs (l)(3) through (l)(5) of this provision to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d), reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M, and implementing regulations issued by the Internal Revenue Service (IRS).

(2) The TIN may be used by the Government to collect and report on any delinquent amounts arising out of the offeror's relationship with the Government (31 U.S.C. 7701(c)(3)). If the resulting contract is subject to the payment reporting requirements described in FAR 4.904, the TIN provided hereunder may be matched with IRS records to verify the accuracy of the offeror's TIN.

(3) *Taxpayer Identification Number (TIN)*.

TIN: ____.

TIN has been applied for.

TIN is not required because:

Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

Offeror is an agency or instrumentality of a foreign government;

Offeror is an agency or instrumentality of the Federal Government.

(4) *Type of organization.*

Sole proprietorship;

Partnership;

Corporate entity (not tax-exempt);

Corporate entity (tax-exempt);

Government entity (Federal, State, or local);

Foreign government;

International organization per 26 CFR1.6049-4;

Other ____.

(5) *Common parent.*

Offeror is not owned or controlled by a common parent;

Name and TIN of common parent:

Name ____.

TIN ____.

(m) *Restricted business operations in Sudan.* By submission of its offer, the offeror certifies that the offeror does not conduct any restricted business operations in Sudan.

(n) *Prohibition on Contracting with Inverted Domestic Corporations.*

(1) Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation, or a subsidiary of an inverted domestic corporation, unless the exception at 9.108-2(b) applies or the requirement is waived in accordance with the procedures at 9.108-4.

(2) *Representation*. The Offeror represents that-

(i) It is, is not an inverted domestic corporation; and

(ii) It is, is not a subsidiary of an inverted domestic corporation.

(o) Prohibition on contracting with entities engaging in certain activities or transactions relating to Iran.

(1) The offeror shall e-mail questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(2) *Representation and Certifications*. Unless a waiver is granted or an exception applies as provided in paragraph (o)(3) of this provision, by submission of its offer, the offeror-

(i) Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any entities or individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(ii) Certifies that the offeror, or any person owned or controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act; and

(iii) Certifies that the offeror, and any person owned or controlled by the offeror, does not knowingly engage in any transaction that exceeds the threshold at FAR 25.703-2(a)(2) with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act (et seq.) (see OFAC's Specially Designated Nationals and Blocked Persons List at <https://www.treasury.gov/resource-center/sanctions/SDN-List/Pages/default.aspx>).

(3) The representation and certification requirements of paragraph (o)(2) of this provision do not apply if-

(i) This solicitation includes a trade agreements certification (*e.g.*, 52.212-3(g) or a comparable agency provision); and

(ii) The offeror has certified that all the offered products to be supplied are designated country end products.

(p) *Ownership or Control of Offeror*. (Applies in all solicitations when there is a requirement to be registered in SAM or a requirement to have a unique entity identifier in the solicitation).

(1) The Offeror represents that it has or does not have an immediate owner. If the Offeror has more than one immediate owner (such as a joint venture), then the Offeror shall respond to paragraph (2) and if applicable, paragraph (3) of this provision for each participant in the joint venture.

(2) If the Offeror indicates "has" in paragraph (p)(1) of this provision, enter the following information:

Immediate owner CAGE code: ____.

Immediate owner legal name: ____.

(Do not use a "doing business as" name)

Is the immediate owner owned or controlled by another entity: Yes or No.

(3) If the Offeror indicates "yes" in paragraph (p)(2) of this provision, indicating that the immediate owner is owned or controlled by another entity, then enter the following information:

Highest-level owner CAGE code: ____.

Highest-level owner legal name: ____.

(Do not use a "doing business as" name)

(q) Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law.

(1) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, The Government will not enter into a contract with any corporation that-

(i) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(ii) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.

(2) The Offeror represents that-

(i) It is is not a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(ii) It is is not a corporation that was convicted of a felony criminal violation under a Federal law within the preceding 24 months.

(r) Predecessor of Offeror. (Applies in all solicitations that include the provision at 52.204-16, Commercial and Government Entity Code Reporting.)

(1) The Offeror represents that it is or is not a successor to a predecessor that held a Federal contract or grant within the last three years.

(2) If the Offeror has indicated "is" in paragraph (r)(1) of this provision, enter the following information for all predecessors that held a Federal contract or grant within the last three years (if more than one predecessor, list in reverse chronological order):

Predecessor CAGE code: _____(or mark "Unknown").

Predecessor legal name: _____.

(Do not use a "doing business as" name).

(s) [Reserved]

(t) [Reserved]

(u)

(1) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235) and its successor provisions in subsequent appropriations acts (and as extended in continuing resolutions), Government agencies are not permitted to use appropriated (or otherwise made available) funds for contracts with an entity that requires employees or subcontractors of such entity seeking to report waste, fraud, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(2) The prohibition in paragraph (u)(1) of this provision does not contravene requirements applicable to Standard Form 312 (Classified Information Nondisclosure Agreement), Form 4414 (Sensitive Compartmented Information Nondisclosure Agreement), or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(3) *Representation.* By submission of its offer, the Offeror represents that it will not require its employees or subcontractors to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting waste, fraud, or abuse related to the performance of a Government contract to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information (*e.g.*, agency Office of the Inspector General).

(v) *Covered Telecommunications Equipment or Services-Representation.* Section 889(a)(1)(A) and section 889 (a)(1)(B) of Public Law 115-232.

(1) The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered telecommunications equipment or services".

(2) The Offeror represents that-

(i) It does provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(ii) After conducting a reasonable inquiry for purposes of this representation, that it does, does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.
