RATIONALE FOR JUSTIFICATION TYPE SELECTED ABOVE TO INCLUDE RELEVANT INFORMATION GAINED THROUGH YOUR MARKET RESEARCH TO SUPPORT THE JUSTIFICATION TYPE:

Sikorsky Aircraft Corporation (Cage Code 78286) is the Original Equipment Manufacturer (OEM) of this item. The OEM has the proprietary rights to the technical data, specifications, and drawings required to manufacture it and it has been determined uneconomical for the Government to purchase these rights. This item is complex and must meet critical operational and reliability requirements, the achievement of which require unique production techniques and extensive and/or sophisticated testing. Procurement of this item from an entity other than the OEM will compromise the safety of the aircraft and air crew. In addition, USCG Aviation Engineering has assigned this item an Acquisition Method Code (AMC) of 3. An AMC code of 3 indicates to acquire only from the actual manufacturer, whether the prime contractor is the actual manufacturer. Therefore, the USCG is conducting a sole source acquisition.
