Cancer Research Data Commons (CRDC) Data Discovery Portal

Agency Contact Information:

U.S. Department of the Interior (DOI), Interior Business Center (IBC), Acquisition Services Directorate (AQD), 381 Elden Street, Suite 2000A, Herndon, VA 20170

Contracting Officer: Victoria Seelhofer – Victoria_seelhofer@ibc.doi.gov

Proposed Action:

The Government intends to negotiate on a sole source basis, a firm-fixed-price (FFP) / Time-and-Materials (T&M) acquisition with Jataware for licenses to develop, deploy, and maintain a Data Discovery Portal for the CRDC using Jataware's BeakerHub Platform through multiple phases. This non-competitive action is being issued by the Acquisition Services Directorate on the behalf of the National Institutes of Health (NIH), National Cancer Institute (NCI), Center for Biomedical Informatics and Information Technology (CBIIT).

Place of Performance:

Contractor Facilities.

Description of Requirement:

The NCI seeks to integrate and expand Jataware's prototype BeakerHub platform into the CRDC ecosystem to create an Artificial Intelligence (AI)-powered next-generation Data Discovery Portal that combines traditional faceted search with a conversational AI assistant powered by an integrated Jupyter notebook environment, enabling rapid data analysis in one setting for users.

The Data Discovery Portal acquired under this acquisition will provide users with powerful underlying AI technologies. The Data Discovery Portal will contain new AI and large language model functionality in conjunction with a traditional faceted search user interface. This comprehensive approach aims to create a user-friendly Data Discovery Portal that simplifies data access, enhances visualization, promotes collaboration, and democratizes understanding of cancer research data to enhance reusability and new hypothesis generation to further cancer research for new discoveries.
