GAOA BAR ISLAND DAM RECONSTRUCTION 140L0626R0006 | Pre-Solicitation Notice

Project Location: Phillips County, approximately 59 miles southwest of Malta, MT.

Project Description: The Bureau of Land Management (BLM) has a construction requirement for all labor, materials, equipment, and supervision to reconstruct Bar Island Dam. The project will restore and reinforce critical infrastructure to ensure the long-term stability and functionality of this earthen embankment dam. The project addresses essential maintenance needs by repairing embankments, reinforcing slope protections, and upgrading the outlet works and spillway. These improvements will extend the dam's useful life, enhance structural integrity, and ensure continued water management capabilities.

Major items of work include:

1. Dewater reservoir and construction area.
2. Excavate a portion of the existing dam embankment and foundation to remove the existing outlet works pipe and allow construction of the new outlet works.
3. Reconstruct the dam embankment, including
 - a. Placement of compacted fill from onsite borrow sources.
 - b. Placement of lime-amended backfill.
 - c. Placement of imported rock for riprap slope protection within designated areas on the upstream slope.
 - d. Placement and compaction of imported sand for internal filter and drain features.
 - e. Construction of a toe drain.
4. Construct a precast concrete outlet works riser
5. Construct concrete encased, precast reinforced concrete pipe outlet works conduit.
6. Construct grouted riprap outlet works stilling basin.
7. Excavation, fill, and grading of the spillway.
8. Place gravel road surfacing within specified limits on the crest of the dam.
9. Reclaim all disturbed areas including staging areas and temporary roads. Reclamation consists of preparation of soil and seeding.

Estimated Period of Performance (PoP): Project must be completed by 30 Nov 2027. Award anticipated 1 Jul 2026. (Onsite work restrictions annually Dec 1 - Jul 15).

Magnitude of Construction: Between \$1M – \$5M

Solicitation Set-Aside: Total Small Business

NAICS Code: 237990 - Other Heavy and Civil Engineering Construction

Produce Service Code: Z2KA – Repair or Alteration of Dams

Small Business Size Standard: \$45M

Site Visit: Date, time and meeting location, will be provided in the solicitation. Offerors are highly encouraged to attend the scheduled site visit to ensure they fully understand the requirement and conditions that may affect the specifications, cost, and performance of the project.

Solicitation Issuance Date: The BLM anticipates issuing a request for proposals (RFP) end of April 2026. The proposals will be due approximately 30 days after the solicitation issue date. Potential offerors are responsible for monitoring www.sam.gov Contract Opportunities for all communication regarding this requirement, including downloading the complete solicitation package and all solicitation amendments. No paper copies or email copies will be provided.

Registration: Offerors must have a UEI number and be registered and active in the System for Award Management (SAM) www.sam.gov at time of proposal submission in order to be eligible for award.

Award will be based on best value to the government in accordance with the Federal Acquisition Regulations (FAR). This notice does not obligate the government to award a contract, nor does it obligate the government to pay for any proposal preparation costs.

Point of contact: Contracting Officer, Lisa McKeon at lmckeon@blm.gov
