Naval Station Great Lakes Industry Day

Commander Navy Region Mid-Atlantic

Naval Station Great Lakes Industry Day

29 January 2026
Great Lakes, Illinois

LEADERSHIP ★ VISION ★ TEAMWORK ★ SERVICE

Session Information

- **Restroom locations**
- **Emergency exit locations**
- **Wi-Fi access: RFUMS-Guest, No Password Needed**
- **Please silence cell phones**
- **Photos of slides are permitted**
- **This is a 3.5-hour session with no scheduled breaks. Attendees may step out quietly as needed. Refreshments are available during the session.**
- **Reminder to sign in upon arrival; drop-in attendees are also asked to sign in**

Agenda

09:00 - 09:30 Attendee Arrival/Check In

09:30 - 10:00 Welcome and Opening Remarks

10:00 - 10:15 Economic Development

10:15 - 10:40 Real Estate Authorities

10:40 - 11:30 Sites Overview

11:30 - 12:30 Q&A Discussion

Welcome and Opening Remarks

Captain Steve Yargosz

**Commanding Officer, NS
Great Lakes**

Naval Station Great Lakes

MISSION

Enable Fleet, Fighter, and Family to sustain Navy enlisted force development facilities by providing superior, integrated Base Operating Support

- Area: 1,982.7 acres
- Facilities: 331 Military / 1468 PPV Houses
- Plant Replacement Value:
 - Military - \$5.645B
 - PPV Housing - \$2.155
 - Total - \$7.8B
- CO/XO/CMC:
 - CAPT Stephen Yargosz
 - CDR Julius Dabu
 - CMDCM Nathan Hon

Base Population	NAVSTA	Tenants	Total
Military	101	14,955	15,056
Active	101	13,521(a)	13,622
Reserve	0	1,424	1,424
Foreign National	0	10 (b)	10
Dependents	148	2,307	2,455
Civilians	364	4,440	4,804
Appropriated Fund (APF)	132	1,527	1,659
Non-Appropriated Fund (NAF)	226	339	565
Contractor	6	1,492	1,498
NFE (Bank, USO etc..)	0	1,082	1,082
Total:	651	21,702	22,315

(a) Includes 10,469 AOB Recruits & Students (varies dramatically)

Top 5 Tenant Commands	Military	Civilian
Recruit Training Command	8,143	89
Surface Combat Systems Training Command (SCSTC) Great Lakes	1,978	77
Surface Warfare Engineering School Command (SWESC) Great Lakes	1,899	72
Navy Reserve Center (NRC) Great Lakes	967	0
Navy Medical Readiness and Training Center Great Lakes	725	16

Other Tenant Commands of note:

-Naval Service Training Command (only Flag on Base)

-Military Entrance Processing Command

-Center for EOD and Diving (CEODD) Learning Site Great Lakes

Total # of Tenant Commands / Organizations: 50

Support & Operations

Weekly Number of Recruits and Students on board:

- Summer/Fall: High over 18,000
- Winter/Spring: Low of 14,000

Barracks: 40 (19,852 beds)

- Recruit Training Command Barracks: 14 (14,280 Beds)
- A School Dormitories: 21 (5,076 Beds)
- Permanent Party Housing: 5 (496 Beds)

Operational Galleys: 14

- Main Side Student Galleys: 1
- Recruit Training Command Training Galleys: 12
- Recruit Training Command In-Processing Galleys: 1
- Meals served per year: 10M+

Graduations per year:

- Recruits: 48
- New Student Indoctrination (ROTC): 3
- Family Members Hosted for Graduations: 200K+

Uniform items issued: 2.3 M

Pieces of mail delivered: 2.5M + 9K private parcels

MWR facilities: 20

- 2M+ Customers per year
- 750K+ SF
- 275 acres of open water and recreational green space

Major Tenant Commands

Major Tenant Commands with Accessions and Training Focus include:

- Naval Service Training Command (NSTC)
- Recruit Training Command
- Surface Warfare Engineering School Command (SWESC) Great Lakes
- Surface Combat Systems Training Command Unit Great Lakes (SCSTC)
- Center For Explosive Ordnance Disposal and Diving Detachment Great lakes
- US Military Entrance Processing Command (USMEPCOM)
- Navy Medicine Readiness and Training Command (NMRTC) Great Lakes
- Navy Drug Screening Laboratory (NDSL) Great Lakes
- Transaction Service Center (TSC) Great Lakes

This Installation exists to generate combat power by meeting the CNO's operational readiness priority of 40,600 new fleet accessions as the Navy's bootcamp and by supporting the surface warfare accessions Pipeline with a third of new Sailors staying for A School.

Other Supported Tenants

US NAVY

- Navy Service Support Advanced Training Command (NSSATC) Great Lakes
- NAVFAC MIDLANT / Public Works Dep
- NAVFAC MIDLANT Forward Deployed: Design & Construction – 10
- NAVFACSYSCOM Mid-Atlantic Environmental Business Line
- Navy Region Mid-Atlantic Reserve Region Readiness and Mobilization Command (REDCOM) Great Lakes
- Navy Reserve Center (NRC) Great Lakes
- Regional Support Center Great Lakes
- Regional Legal Service Office (RLSO) / Defense (Legal) Service Office North Detachment & Victims Legal Counsel Great Lakes
- Naval History and Heritage Command, National Museum of the American Sailor
- Navy Band Great Lakes
- Navy Criminal Investigative Service (NCIS)
- Navy Talent Acquisition Group Great Lakes
- NAVSUP Fleet Logistics Center Norfolk
- Navy Exchange (NEX)
- Naval Computer and Telecommunications Area Master Station Atlantic, Base Communications Office Great Lakes (NCTAMS LANT)(USN)

MARINE CORP

- Marine Air Control Group - 48
- Marine 3d Civil Affairs Group
- 9th Marine Corps District & PSRS 9, 9th MCD

US ARMY

- Great Lakes Veterinary Branch
- 3rd Recruiting Brigade, Chicago Recruiting Battalion
- HQs, 3rd ROTC BDE, USACC
- U.S. Army Corps of Engineers Chicago District
- Selective Service System Data Management

DOD

- Defense Commissary Agency
- Defense Health Agency Great Lakes
- Defense Logistics Agency Document Services
- Defense Counterintelligence and Security Agency

FEDERAL ORGs

- Selective Service System Region 1
- National Archives & Records Administration
- U.S. Postal Service

NON-FEDERAL

- Leidos - NMCI contractor (COMSPAWARSSYSCOM)
- HUNT / Midwest Military Communities (PPV Housing Partner)
- Armed Forces Bank
- Navy Federal Credit Union
- United Services Organization (USO) of Illinois
- Navy Marine Corps Relief (NMCRS)
- Goodwill Services (Galley & Uniform Services Contractor)
- North Chicago School District 187, LEARN Charter School
- North Chicago School District 187, Forrestal Elementary School

What Is The Purpose Of Today's Industry Day?

- **Provide industry with a clear overview of available land at Naval Station Great Lakes (NSGL) and the characteristics of each parcel.**
- **Explain the federal real estate leasing process and applicable authorities.**
- **Gather market insight to better understand current development conditions.**
- **Assess industry interest and potential concepts for long-term development, redevelopment, or reuse of multiple parcels at NSGL.**
- **Inform the Government's consideration of a potential future solicitation.**
- **Any response to the RFI is for information-gathering purposes only and does not create a commitment or agreement for either party.**

Economic Development

Michelle Smith

**Morale, Welfare, and Recreation (MWR) Commercial
Sponsorship Coordinator**

How Does NSGL Contribute to Growth in Lake County?

- **46,000 New Sailors Annually + 11,000 Technical Students**
 - A constantly renewing population of young adults with steady paychecks, meaning consistent demand for housing, food, recreation, and retail.
- **200,000+ Visitors/48 Graduations Per Year (Graduations & Events)**
 - A built-in tourism driver that creates predictable demand for hotels, restaurants, and local attractions every week of the year.
- **Graduations generate a guaranteed county revenue of 60 Million of the 91 million for lodging each year.**
- **\$1.4B+ Annual Economic Impact**
 - A significant flow of money into the region, a clear sign of economic stability and opportunity for supporting businesses.
- **Major Construction Pipeline**
 - \$208M Barracks, \$130M Wet Trainer, \$26M Water Project; Proof of long-term Navy investment, major projects guarantee jobs, contracts, and sustained regional growth.

How Does NSGL Contribute to Growth in Lake County?

- **1,417 Family Housing Units + New \$72M Elementary School**
 - Families need schools, healthcare, childcare, and family friendly services. A new construction school signals permanence and growing investment in the local community.
- **\$31M Annual Grocery Spend + 1,000 Civilian Jobs via Goodwill**
 - Shows how outside businesses can successfully partner with the base, there's a massive, ongoing demand for goods and services that local or regional companies can capture.

Real Estate Authorities

Amanda Pack

**Naval Facilities Engineering Systems Command – Mid-Atlantic
Real Estate Division Director / Real Estate Contracting Officer**

What Is a Lease Under Title 10?

- **What is a Title 10 Authority?**
 - **Title 10 authorities give the military legal power to carry out real estate actions needed to support their missions.**
- **What is Title 10 U.S.C. § 2667 Leases?**
 - **Under this authority, military installations can lease land, buildings, facilities, or other unused property to private companies, local governments, or organizations. Instead of paying cash rent, the lessee provides In-Kind Consideration (IKC).**
- **What is In-Kind Consideration (IKC)?**
 - **IKC is payment in services to the installation instead of cash (the lessee contracts services for the installation).**
 - **Examples of needed services the lessee can contract for the lessor: road repair, roof repair, infrastructure repair/upgrades.**
 - **IKC amount is determined during the negotiation process.**

What Does The Lease Process Look Like?

PHASE I – PROPERTY IDENTIFICATION

- Review installation assets
- Identify underutilized or excess property
- Issue Request for Information (RFI)

PHASE II – MARKET OUTREACH AND SOLICITATION

- Conduct market research and environmental review
- Issue Request for Proposals (RFP) via SAM.gov

PHASE III – PROPOSAL DEVELOPMENT & EVALUATION

- Offerors submit technical and financial proposals
- Government evaluates based on mission fit and best value

PHASE IV – NEGOTIATION & AGREEMENT

- Negotiate lease terms. Performance requirements, and compliance
- Execute Enhanced Use Lease (EUL)

PHASE V – IMPLEMENTATION AND MANAGEMENT

- Lessee begins project development
- NAVFAC oversees performance and compliance

What Are The Benefits Of Operating On Federal Land?

- **Property Taxes**
 - Federal land is exempt from state and local property taxes.
 - Businesses may structure leases so they aren't paying traditional property taxes, which lowers operating costs significantly compared to private land.
- **Permitting & Zoning**
 - Land use/zoning is often pre-cleared under federal authority, reducing local zoning hurdles.
 - Some activities may avoid lengthy rezoning or variance processes required in civilian jurisdictions.
- **Environmental Streamlining**
 - Federal installations already have environmental baseline surveys (EBS) and compliance frameworks in place.
 - This can mean less upfront environmental due diligence for lessees, since DoD has ongoing NEPA (National Environmental Policy Act) compliance.
 - Potential for DoD to shoulder some long-term remediation obligations, lowering risk to the business.

Benefits of Operating on Federal Land (Cont.)

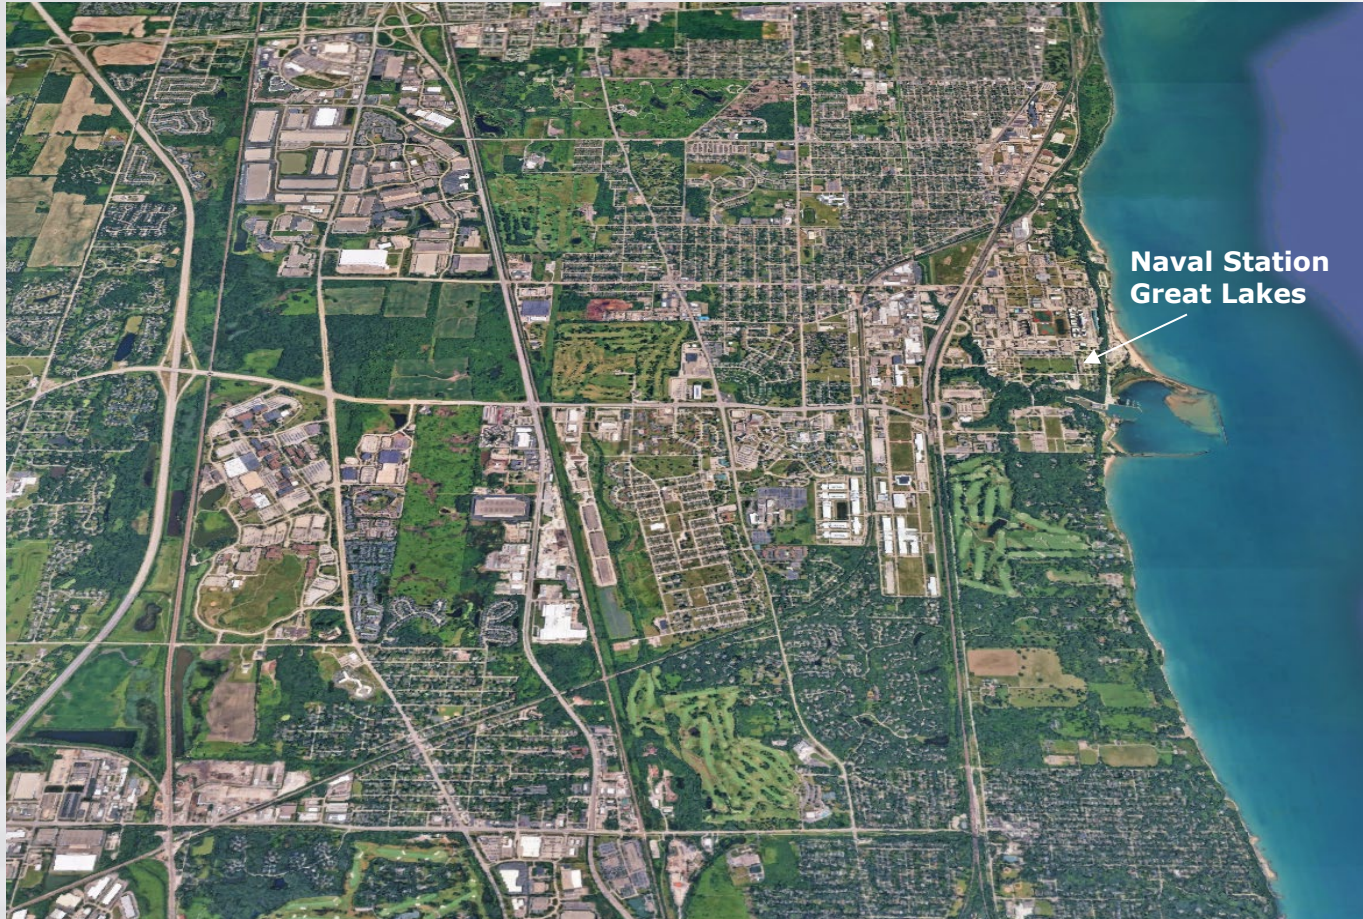

- **Stability & Security**
 - **Federal land is not subject to sudden eminent domain by local governments or private acquisition.**
 - **Installations offer long-term lease security (often up to 50 years), which reduces risk.**
 - **partnerships between military security and local law enforcement tend to create more oversight than in a typical civilian city area.**
- **Local Government Exemptions**
 - **Many local permitting, inspection, and impact fees don't apply the same way on federal property.**
 - **Streamlined processes can reduce project startup time and costs.**

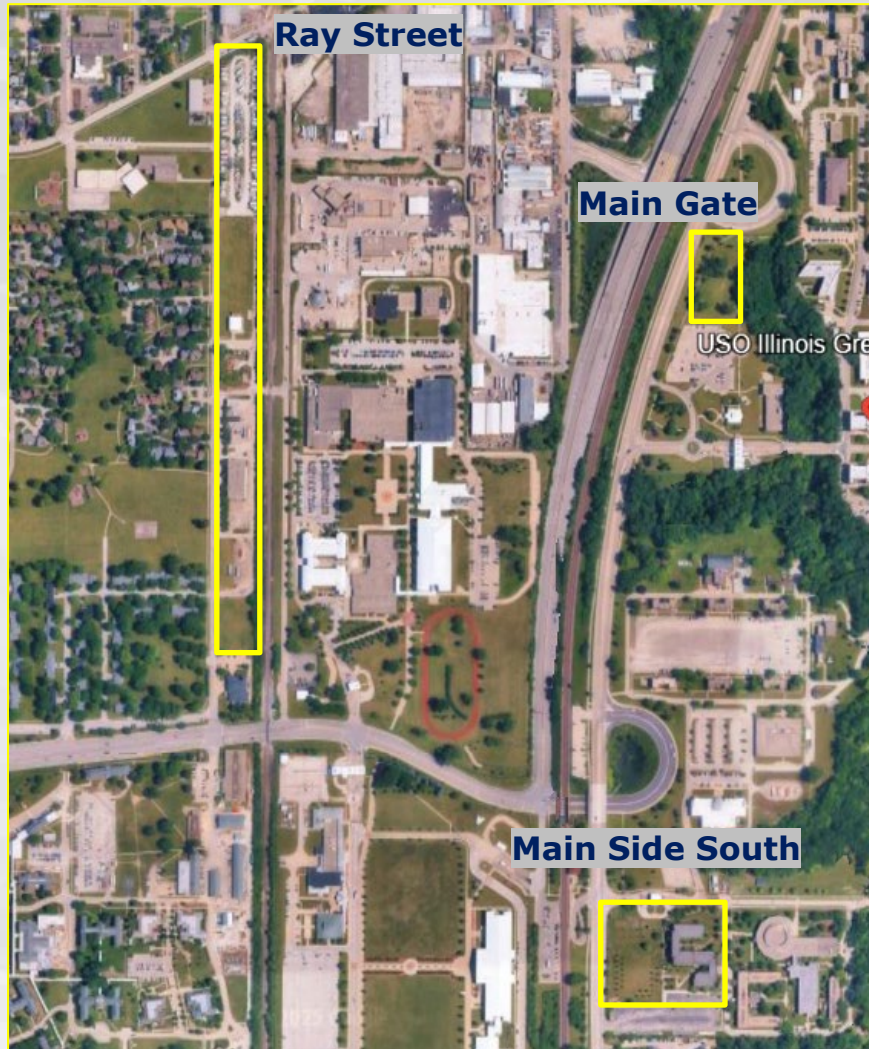

Sites Overview

Shannon Bever
Naval Station Great Lakes
Facilities Management Director

Naval Station Great Lakes and Surrounding Area

Site Locations

Box sizes are approximations and not to scale. They serve only as a reference for parcel location within the overall map.

Site Locations Continued

Ray Street (Site 1)

Parcel Overview

- 3 parcels totaling 11.5 acres
 - Approx. ~3,020 ft L x ~174 ft W

Ray Street North (Site 1) Continued

Parcel Overview

- **Size: 3.1 Acres**
 - **Approx. ~880 ft L x ~200 ft W**
- **Zoning: Presumed Industrial/Commercial**

Current Use

- **MWR RV storage lot**

Compatible Uses

- **Fleet or service vehicle parking**
- **Utility or Energy Facility**
- **Self Storage Facility**
- **Small Flex-Retail /Commercial Vehicle Leasing**
- **Warehouse or Logistics Support**
- **Service Center or Flex-Commercial**

Advantages

- **Cleared level site with strong frontage**
- **Outside the fence line with direct road access**
- **Long, linear configuration fits fleet or storage operations**

Ray Street Central (Site 1) Continued

Parcel Overview

- **Size: 6.2 Acres with existing buildings**
 - **Approx. ~1,000 ft. L x ~200 ft. W**
- **Zoning: Presumed Industrial/Commercial**

Existing Structures

- **Building 2016: 27,264 SF Office (vacant)**
- **Building 2017: 1620 SF Storage**
- **Building 8301: 2805 SF Storage**

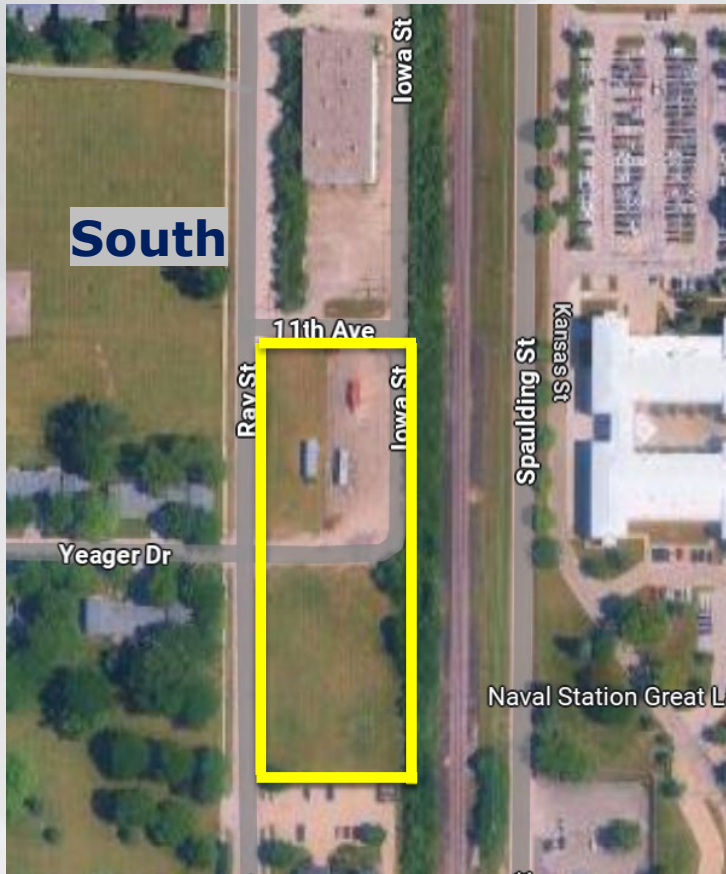

Compatible Uses

- **Mixed-Use light industrial**
- **Flex-office or Training Facility**
- **Contractor Services Hub**
- **Storage Facility**

Advantages

- **Large, rectangular site with depth and footage**
- **Utilities in place (electric, water, sewer)**
- **Vacant office building provides adaptive reuse potential**

Ray Street South (Site 1) Continued

Parcel Overview

- **Size: 2.2 Acres of undeveloped land**
 - **Approx. ~800 ft L x ~200 ft W**
- **Current Use: Occasional used by the installation fire department for controlled burn training.**
- **Zoning: Presumed Light Industrial/Commercial**

Compatible Uses

- **Light Industrial**
- **Small-Scale Warehouse**
- **Utility/Energy Use**
- **Self Storage**

Advantages

- **Clear and Level Site ready for Immediate Development**
- **Utilities accessible for adjacent parcels**
- **Adjacent to Fire Station 2 for potential synergy**

Main Side South (Site 3)

Parcel Overview

- **Size: 4.66 Acres**
 - **Approx. ~1,200 ft L x ~200 ft W**
- **Zoning: Commercial, Mixed-Use**

Current Status

- **96,116 SF dormitory (vacant since 2010)**
 - **Scheduled for demolition in 2027**
- **Roughly ~2.33 acres improved, ~2.33 Acres vacant/open land**

Compatible Uses

- **Retail or restaurant pad sites**
- **Commercial/Mixed-use development**
- **Hotel or extended stay lodging**

Advantages

- **High visibility frontage on Sheridan Road**
- **Large, cleared development pad available post-2027 demo**
- **Proximity to city infrastructure and charter school**
- **Proximity to METRA System**

Main Gate Parcel (Site 4)

Parcel Overview

- **Size: 2 Acres**
 - **Approx. ~1,200 ft L x ~200 ft W**
- **Zoning: Commercial, Mixed-Use**

Current Status

- **Vacant, unimproved raw land**

Compatible Uses

- **Commercial**
- **Mixed-Use Development**
- **Cultural/Tourism Supporting Facilities**

Advantages

- **Direct frontage on Sheridan Road, a key regional arterial and access corridor**
- **Adjacent to the National Museum of the American Sailor and parking lot**
- **Strong visibility and accessibility for regional traffic and museum visitors**

Glenview (Site 2) and Surrounding Area

Site 2: Glenview

B8801: 13,876 SF

Parcel Overview

- **Size: 2.5 Acres**
 - **Approx. ~1,400 ft L x ~284 ft W**
- **Zoning: Commercial**
- **24 dedicated parking spaces**
- **On Site Playground**

Current Status

- **Vacant**
- **13,876 sq ft**
- **Year built: 1999**
- **Prior Use: Navy Child Development Center**

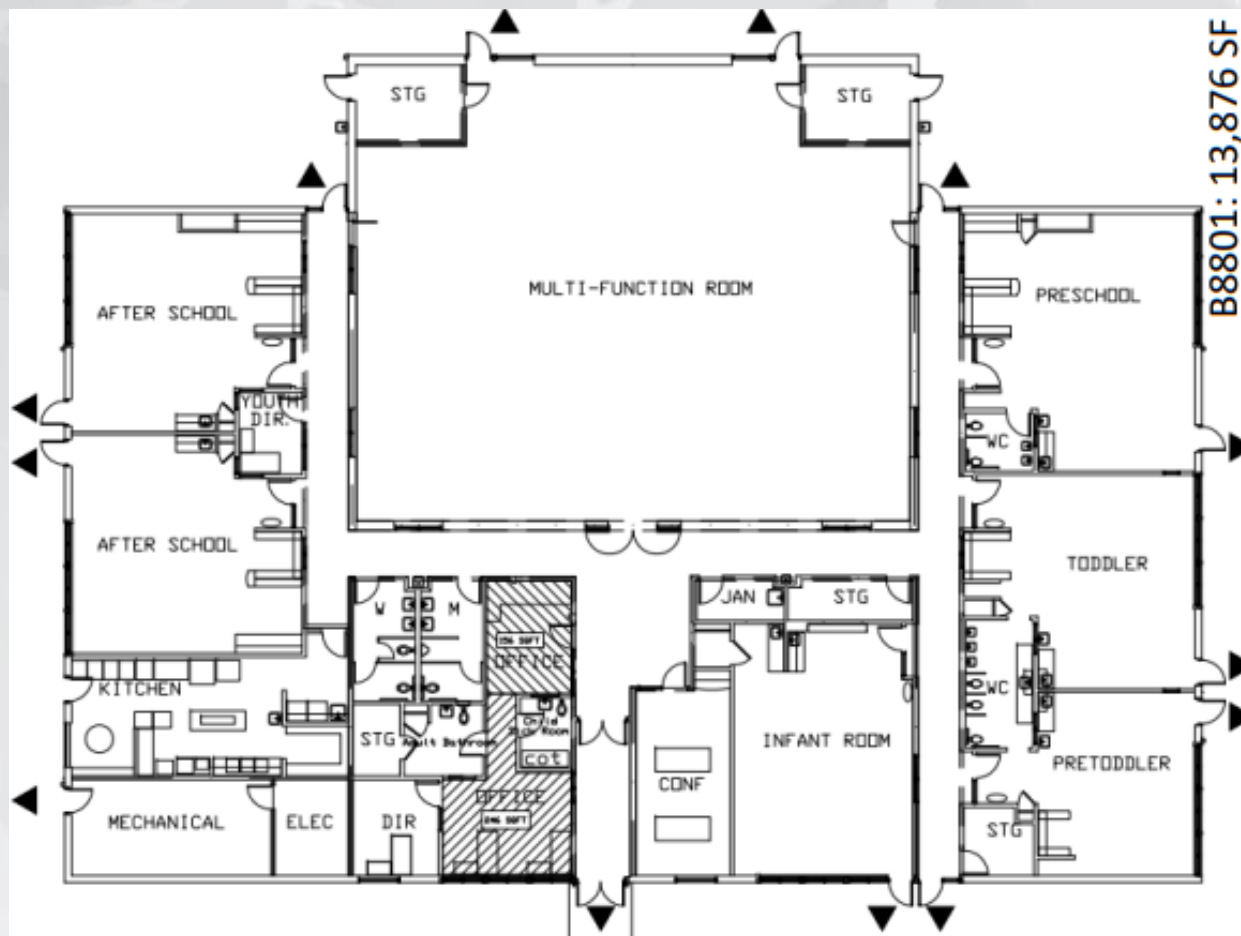

Compatible Uses

- **Commercial / Medical office or flex space**
- **Educational or training facility**
- **Adaptive reuse for mixed institutional/commercial functions**

Advantages

- **Move in ready commercial structure**
- **Located within a developed neighborhood with housing and road access**
- **Proximity to PPV housing**

Site 2: Glenview Continued

Floorplan Description

- **Building: 13,876 SF**
- **6 Classrooms**
- **1 Multifunction room with high ceiling**
- **5 Storage Closets**
- **4 Offices**
- **6 Bathrooms**
- **1 Conference Room**
- **1 Kitchen**
- **1 Mechanical Room**
- **1 Electric Room**

Q & A Discussion

Next Steps

- **Deadline for RFI Questions: 5 February 2026**
 - Submit questions via email to derek.a.crute2.civ@us.navy.mil (Subject Line: NSGL RFI Questions)
- **RFI Responses Due: 2:00 PM EDT on Thursday, 19 February 2026**
 - Submit via email to derek.a.crute2.civ@us.navy.mil (Subject Line: Response to NSGL RFI)
 - Limit: 10 pages / 5 MB file size
- **Public Posting of today's Q&A: Following Industry Day (on SAM.gov)**
