SOLICITATION

NOTE: In sealed bid solicitations "offer" and "offeror" mean "bid and "bidder".

10. THE GOVERNMENT REQUIRES PERFORMANCE OF THE WORK DESCRIBED IN THESE DOCUMENTS (Title, identifying number, date)

Project Title: P919 Bulk Tank Fuel Farm Improvements and Pipeline Phase 1, Naval Station Rota, Spain

P919 Bulk Tank Fuel Farm Improvements and Pipeline Phase 1, Naval Station Rota, Spain

11. The contractor shall begin performance within <u>15</u> calendar days and complete it within <u>909</u> calendar days after receiving ☐ award, ☒ notice to proceed. This performance period is ☒ mandatory ☐ negotiable. (See <u>FAR 52.211-10</u>).	
12a. THE CONTRACTOR MUST FURNISH ANY REQUIRED PERFORMANCE AND PAYMENT BONDS? (If "YES", indicate within how many calendar days after award in Item 12b.) ☒ YES ☐ NO	12b. CALENDAR DAYS 10

13. ADDITIONAL SOLICITATION REQUIREMENTS:

- a. Sealed offers in original and 1 copies to perform the work required are due at the place specified in Item 8 by 2:00 PM (hour) local time 1/14/2026 (date). If this is a sealed bid solicitation, offers will be publicly opened at that time. Sealed envelopes containing offers shall be marked to show the offeror's name and address, the solicitation number, and the date and time offers are due.
- b. An offer guarantee ☐ is, ☒ is not required.
- c. All offers are subject to the (1) work requirements, and (2) other provisions and clauses incorporated in the solicitation in full text or by reference.
- d. Offers providing less than 180 calendar days for Government acceptance after the date offers are due will not be considered and will be rejected.

OFFER (Must be fully completed by offeror)

14. NAME AND ADDRESS OF OFFEROR (Include ZIP Code)		15. TELEPHONE NUMBER (Include area code)	
		16. REMITTANCE ADDRESS (Include only if different than Item 14.)	
CODE	FACILITY CODE		

17. The offeror agrees to perform the work required at the prices specified below in strict accordance with the terms of this solicitation, if this offer is accepted by the Government in writing within _____ calendar days after the date offers are due. (Insert any number equal to or greater than the minimum requirement stated in Item 13d. Failure to insert any number means the offeror accepts the minimum in Item 13d.)

AMOUNTS

18. The offeror agrees to furnish any required performance and payment bonds.

19. ACKNOWLEDGMENT OF AMENDMENTS

(The offeror acknowledges receipt of amendments to the solicitation -- give number and date of each)

AMENDMENT NUMBER

FAR Clauses Incorporated by Full Text

52.236-27 Site Visit (Construction). (Alternate I)

(Feb 1995) Alternate I (Feb 1995)

Alternate I (Feb 1995). If an organized site visit will be conducted, substitute a paragraph substantially the same as the following for paragraph (b) of the basic provision:

(b) An organized site visit has been scheduled for-

16 December 2025 1000 hours, Rota, Spain, Local Time. There will only be one Government sponsored site visit. The site visit shall commence in front of Building 63.

(c) Participants will meet at-

the Naval Station Rota main gate at 0945 hours to board transportation to the project location.

Attendance at the Site Visit is not mandatory and will not affect award. However, all prospective offerors are highly encouraged to attend. No minutes of this meeting will be issued.

All prospective offers are advised that this solicitation will remain unchanged unless it is amended in writing. However, if an amendment is issued, normal procedures relating to the acknowledgment and receipt of any such amendment shall be applicable.

The following documents must be submitted for each applicable attendee prior to 1200 Rota Spain Local Time, 17 November 2025.

If all required documents (detailed below) are not submitted for an individual attendee detailed below, then that person will not be allowed to attend the site-visit.

1. For Spanish citizens:

- Attachment I: Work Pass Format
- Copy of their Identification
- Copy of this solicitation
- Copies of their TC1 and TC2 tax identification

2. For non-Spanish citizens:

- Attachment J: Employee Certification form
- Attachment K: Temporary Pass Form
- Attachment L: Certificate insurance form
- Copy of their passport

When arriving to attend the site visit, Offerors may be asked to show vehicle registration and proof of insurance and copy of the contract solicitation. Ensure you have this information with you upon arrival. Offerors will also be asked to show their valid passport (not a copy) or Spanish identification.

The maximum number of representatives per contractor attending the site visit/pre-proposal conference is three (3). Submissions are to be emailed via password protected documents to Manuela.arroyo.SP@eu.navy.mil and to james.g.wood.civ@us.navy.mil. Passwords to open the documents shall be sent via separate email correspondence with the same email subject line. Processing time for access requires a minimum of 30 days, therefore late submissions and alternates will not be allowed after the date and time has lapsed.

1. GENERAL

1. 1 GENERAL OVERVIEW OF PROCUREMENT PROCESS

1.1.1 This acquisition is being issued on an UNRESTRICTED basis with full and open competition, as a Design Bid-Build procurement conducted as a negotiated procurement utilizing procedures in accordance with FAR Part 36. The best value continuum source selection process used in this acquisition is the tradeoff process. This process allows for a tradeoff between non-price factors (i.e., Construction Experience, Safety, Technical Solution and Past Performance), and price, and allows the Government to accept other than the lowest priced proposal or other than the highest technically rated proposal to achieve a best-value contract award. Award will be made to that responsible Offeror whose proposal, conforming to the solicitation, is determined to offer the best value to the Government, considering the technical and price factors stated herein.

1.1.2 The appropriate Northern American Industry Classification System (NAICS) code for this procurement is 237120 and the size standard is \$45M.

1.1.3 This acquisition will be advertised utilizing FAR Part 15 - Contracting by Negotiation and FAR Part 36 - Construction and Architect-Engineer Contracts.

1.1.4 This acquisition will result in a firm fixed price contract for design-bid-build construction services. Award will be made in U.S. Dollars. In accordance with DFARS 236.204, the magnitude of construction for this project is between \$25,000,000 and \$100,000,000.

1.1.5 The contract completion time for P-919 is 909 calendar days from Notice to Proceed.

1.2 GENERAL OVERVIEW OF CONTRACT SCOPE

1.2.1 This project consists of two new "cut-and-cover" 50,000 barrel tanks. Each tank will have a dedicated pump vault, associated pumping equipment. There will be one standby generator serving the pumps for both tanks. The project includes associated Site and Civil work and will require removal of out-of-service piping as well as HazMat surveying and testing. Additionally, the project will include a new 18 inch diameter fuel pipeline, with associated metering, to transport fuel from Pier 3 to the Bulk Tank Farm. Through the initial design phase, the pipeline is intended to use the existing Utility Bridge to cross the Rio Salado River. Horizontal Directional Drilling will be included as part of the design to reroute existing pipeline

under Arroya del Salado. Design of a cathodic protection system for both the tanks and pipeline will be provided and out-of-service piping will be removed. Electrical utilities include electrical distribution system, communications distribution, site lighting, lightning protection and cathodic protection system for both the tanks and pipeline.

1.2.2 Contractor Performance Information: Contractor's performance will be evaluated using the respective contractor performance evaluation report entry system located on the website: <https://www.cpars.gov>. Prior to commencement of work the contractor is required to provide the Government with the name, phone number and email address of the "Contractor's Representative" that will be responsible for receipt and review of draft performance evaluations prepared by the Government in the appropriate system. It is the contractor's responsibility to keep this contract information current.

2. BASIS FOR AWARD

2.1.1 The Government reserves the right to eliminate from consideration any or all Offerors at any time prior to award of the contract; to negotiate with Offerors in the competitive range; to award the contract to other than the Offeror submitting the lowest total price; and to award the contract to the Offeror submitting the proposal determined to be the best value - the proposal most advantageous to the Government, price and other factors considered.

2.1.2 The Government intends to evaluate proposals and award a contract without discussions with Offerors (except clarifications as described in FAR 15.306(a)). The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. In addition, if the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

2.1.3 The best value continuum source selection process used in this acquisition is the tradeoff process. The Government considers it to be in its best interest to allow consideration of award to other than the lowest priced Offeror or other than the highest technically rated Offeror.

2.1.4 Factor 2-Safety will only be rated Acceptable or Unacceptable. If an Offeror is rated Unacceptable for any factor, they will not be eligible for award, unless the deficiency(ies) is/are remedied through discussions (if held). For the Offerors found Acceptable on Factor 2-Safety, the relative order of importance of the non-price evaluation factors is the technical factors (Factor 1-Construction Experience and Factor 3- Technical Solution) are of equal importance to each other and, when combined, are equal in importance to the past performance evaluation/performance confidence assessment factor (Factor 4-Past Performance). When the proposal is evaluated as a whole, the technical factors and past performance/performance confidence assessment factor combined (i.e., the non-price evaluation factors) are significantly more important than price.

2.1.5 Award will be made on the total sum of CLINS 0001 through 0004. The Government intends to award a contract to a single contractor for CLIN 0001, with CLINs 0002 through 0004 as priced options. The Government reserves the unilateral right to award CLINs 0002 through 0004 to the Contractor at the proposed price at the time of award or within 365 calendar days after the contract award. A firm fixed proposed price is required for ALL CLINs (CLINS 0001 through 0004). No provision is made for economic price adjustment. Offerors who do not submit prices for all CLINs will be considered nonresponsive to the solicitation and will not be evaluated.

2.1.6 The Government intends to issue the Solicitation through the Internet at Contract Opportunities (<https://sam.gov>). All prospective Offerors MUST register themselves on the website. All contractors are encouraged to attempt downloading the documents prior to obtaining the solicitation through alternate sources. Many firms and commercial printing services have the capability to print the solicitation package and plan-holder's list from the Internet, if necessary. The official plan-holder's list will be created by registration and will be available from the website only. Amendments will also be posted on the website for downloading. This will be the normal method for distributing amendments; therefore, it is the Offeror's responsibility to check the website periodically for any amendments to this solicitation.

2.1.7 SYSTEM FOR AWARD MANAGEMENT:

To be eligible for award, your firm(s) must be registered in the System for Award Management (SAM) database as required by FAR 52.204-7, System for Award Management (Nov 2024).

Note that the System for Award Management (SAM) registration is required for all Offerors; including Joint Ventures (JV) (registration must state the NAME of the JV). Offerors not currently registered in SAM must obtain a Unique Entity Identifier (UEI) and a CAGE or NCAGE prior to registering in SAM.

All Offerors, including JV offerors, must submit with their proposal a UEI. In addition to the UEI required for JV Offerors, JV Offerors must submit with their proposal a UEI number for each member comprising the JV. UEIs can be obtained at <https://sam.gov/content/entity-registration>. The UEI is required in order to register in SAM (see above).

CAGE/NCAGE - A CAGE/NCAGE code is required for all Offerors, including JV Offerors. JV Offerors must acquire a CAGE Code registered in the JV name.

(a) U.S. Offerors, including Joint Venture Offerors: U.S. Offerors must obtain a CAGE Code prior to registering in the SAM database, part of the SAM registration process (see paragraph above).

(b) Non-U.S. (foreign) Offerors ONLY, including JV Offerors: Non-U.S. Offerors must obtain a NATO CAGE (NCAGE) Code instead of a CAGE Code prior to registering in the SAM database. NCAGE codes may be obtained at the NCAGE website <https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>.

IMPORTANT NOTICE: If the Offeror is registering a new entity in SAM.gov, the Offeror must follow new procedures, which include providing an original, signed notarized letter indicating authorized entity Administrator for the entity associated with the UEI before a new SAM.gov entity registration will be activated.

IT IS HIGHLY RECOMMENDED FOR THE NEW REGISTRANTS TO CHECK WITH SAM.GOV HELPDESK DIRECTLY TO ENSURE THAT ALL REQUIREMENTS FOR TIMELY REGISTRATION ARE MET.

2.2.1 ENGLISH SPEAKING REPRESENTATIVE:

At all times when any performance of the work at the site is being conducted by any employee of the Contractor or its subcontractors, the Contractor shall have a representative present on the site capable of explaining the work operations and receiving instructions in the English language. The Contracting Officer shall have the right to determine, without appeal of such decision, whether the proposed representative has sufficient technical and lingual capabilities, and the Contractor shall immediately replace any individual not acceptable to the Contracting Officer.

2.2.2 PERFORMANCE GUARANTEE:

PERFORMANCE GUARANTEE

Fifty-Percent (50%) PERFORMANCE GUARANTEE

Submittal Time: The Offeror whose offer is accepted shall, within ten (10) days after award, furnish either (1) a Performance Guarantee and a notarized Performance Guarantee Letter conforming to the requirements below, or (2) Performance and Payment bonds conforming to the requirements below. If the Offeror fails to provide either (1) a Performance Guarantee and a notarized Performance Guarantee Letter, or (2) Performance and Payment Bonds within ten (10) days, the contract may be terminated for default. In such event, the Offeror shall be liable for any cost of procuring the work which exceeds the amount of its offer. Clauses 52.228-2, 52.228-11 and 52.228-15, listed in Section 01 00 00 - General Requirements below, will apply only if the Offeror elects to submit payment and performance bonds, rather than a notarized performance guarantee, with their proposal.

Form of Performance Guarantee: The Performance Guarantee shall be an amount equal to fifty percent (50%) of the amount of the contract and shall be deposited into a banking institution, as acceptable to the Contracting Officer, which will then issue an irrevocable letter guaranteeing (the "Performance Guarantee Letter") the payment of the amount deposited to the United States Government, upon demand by the Contracting Officer. Demand may be made if the Contractor fails to comply with the terms and conditions of the contract, or does not fulfill its undertaking in whole or in part. Payment to the Contracting Officer will be by check made payable to the "United States of America by the U.S. Department of the Navy, Naval Facilities Engineering Systems Command, Europe, Africa, Central." The Performance Guarantee shall take effect upon the date of signature of the Performance Guarantee Letter and shall remain valid and irrevocable until one (1) year after the work has been finally inspected and accepted by the Government. The Performance Guarantee Letter shall be accompanied by a notarized document authenticating the financial institution's authority to sign the letter. An English translation of the Performance Guarantee Letter shall be submitted with the Performance Guarantee Letter.

Upon acceptance of all work by the Government, however, the Contractor may, with the approval of the Contracting Officer, replace this guarantee with a reduced guarantee in the amount of four percent (4%) of the then existing contract price, with modifications, if any. Such replacement guarantee will then remain in effect for one (1) year after the final acceptance of the work by the Government.

The performance guarantee/performance and payment bonds shall be in the name of the proposed Offeror. If the Offeror is a Joint Venture (JV), the guarantee/bonds shall be in the name of the JV.

SAMPLE OF PERFORMANCE GUARANTEE ISSUED BY A BANK

The Government will accept as valid a Performance Guarantee conforming to these requirements.

BANK LETTERHEAD

Date
To: United States of America
U.S. Department of Navy
Contracting Office (FEA/IPT put in your address)

Attention: Contracting Officer

This is a letter of performance guarantee. I/We, the undersigned, acting as the duly authorized representative(s) of the Bank, declare that the Bank hereby guarantees and is jointly and severally liable as guarantor with the contractor named below to effect payment to the Contracting Office that issued the contract stated below, by check made payable to the "United States of America by the U.S. Department of the Navy, Naval Facilities Engineering Systems Command, Europe, Africa, Central," within five (5) calendar days after receipt of a simple written request by registered mail, return receipt, in amount up to sum of (Amount equal to fifty (50%) percent of the contract amount in the currency stated in the contract), which represents the deposit required of the Contractor to guarantee fulfillment of his obligations for the satisfactory completion and timely performance of the work under Contract No. (insert contract number) for (insert description of services and location), in strict compliance with the terms, conditions and specifications of said contract entered into between the United States of America by the U.S. Department of Navy, Naval Facilities Engineering Systems Command, Europe, Africa, Central and the Contractor (insert name of Contractor) on (insert contract date), plus legal interest to be calculated from the date of receipt of the registered letter of request by the Contracting Officer to the date of actual payment, without any need for the Contracting Officer to take any legal action or obtain the prior consent of the Contractor, or for any other proof, action or decision by any other authority. The request by the Contracting Officer shall simply inform the Bank that the Contractor failed to comply with the terms and conditions of the contract, or did not fulfill his undertaking in whole or in part.

I/We agree and consent that said contract may be modified by change order or supplemental agreement affecting the amount or the period of performance of the contract without prior consent of the Bank and without affecting the validity of this guarantee; provided, however, that the amount of this guarantee shall remain unchanged.

This letter of performance guarantee will continue in effect without change in amount or terms until one year after the work has been finally accepted by the Government through its Contracting Officer's legal representative.

(BANK NAME & ADDRESS) (CONTRACTOR NAME & ADDRESS)

Signed by: Signed by:

(Typed name) (Typed name)

(Title) (Title)

(This Performance Guarantee shall be accompanied by a notarized document authenticating the bank agent's authority to sign the letter of performance guarantee for the bank company.)

Optional Performance and Payment Bonds: In lieu of a performance guarantee, the Offeror may submit Performance and Payment Bonds in which the Offeror and the surety obligate themselves in the amount of one hundred percent (100%) of the contract price, that the Offeror shall undertake the performance of the contract if it receives award, shall make all required payments to subcontractors, and that said Performance and Payment Bonds ensure the fulfillment of all agreements contained in the contract. To be considered for acceptability, the Offeror(s) shall submit Performance and Payment Bonds that meet the following requirements:

- (a) The bonds shall be furnished within **10 days after receipt of award** and shall each be in a penal sum equal to 100% of the contract price;
- (b) The bonds shall be from a bank or other financial institution, either of which must first be approved by the Contracting Officer; and
- (c) The bonds shall be of the U.S. standard type or of another type approved by the Contracting Officer and shall include the following concepts: (1) name of Surety and name of agent signing in behalf of Surety; (2) name of Principal; (3) a statement that the Principal and Surety are firmly bound on the United States of America in the penal sum of the bond; (4) Contract number; (5) Penal sum of bond and the statement "This bond will be in force until the Contracting Officer of the above-cited Contract authorized cancellation of the bond"; and (6) date of issuance of bond and signature of Surety's agent.

Contract Timing: Regardless of when performance and payment bonds or the Performance Guarantee and Performance Guarantee Letter are provided, the contract time for purposes of fixing the completion date, default, and liquidated damages shall begin to run 909 days from the notice to proceed.

3. EVALUATION FACTORS FOR AWARD

3.1.1. The solicitation requires the evaluation of price and the following non-price factors:

Factor 1 - Construction Experience
Factor 2 - Safety
Factor 3 - Technical Solution
Factor 4 - Past Performance

The distinction between experience and past performance is that experience pertains to the volume of work completed by a contractor that is comparable to the types of work described under the definition of recent, relevant projects, in terms of size, scope, and complexity. Past performance pertains to both the relevance of recent efforts and how well a contractor has performed on the contracts.

Factor 2-Safety will only be rated Acceptable or Unacceptable. If an Offeror is rated Unacceptable for any factor, they will not be eligible for award, unless the deficiency(ies) is/are remedied through discussions (if held). For the Offerors found Acceptable on Factor 2-Safety, the relative order of importance of the non-price evaluation factors is the technical factors (Factor 1-Construction Experience and Factor 3- Technical Solution) are of equal importance to each other and, when combined are equal in importance to the past performance evaluation/performance confidence assessment factor (Factor 4-Past Performance). When the proposal is evaluated as a whole, the technical factors and past performance/performance confidence assessment factor combined (i.e., the non-price evaluation factors) are significantly more important than price.

The importance of price will increase if the Offerors' non-price proposals are considered essentially equal in terms of overall quality, or if price is so high as to significantly diminish the value of a non-price proposal's superiority to the Government. Award will be made to the responsible Offeror(s) whose offer conforms to the solicitation and represents the best value to the Government, price and non-price factors considered.

3.2 Basis of Evaluation and Submittal Requirements for Each Factor.

(i) Non-price Factors:

Solicitation Submittal Requirements: The Offeror shall submit one (1) electronic copy of their non-price proposal via the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module in accordance with the solicitation submittal requirements identified below.

All submissions shall include the following characteristics:

- Text pages 8 1/2 x 11 format (A4, A3 paper is also acceptable)
- 12-point font, Times New Roman
- Each electronic copy must be formatted as a single .pdf searchable file
- Include a cover page with Solicitation Number, Solicitation Title, Prime Contractor Name, Address, Phone Number, Fax Number, Unique Entity ID, Cage Code, Point of Contact, Title, phone number, and email address
- Signed Letter(s) of Commitment (if applicable)

If the prime Offeror is a JV, provide a copy of the JV Agreement as well as any legal document that establishes the JV.

Offerors are reminded that, as per FAR 52.214-34, as incorporated herein, offers submitted in response to this solicitation shall be in the English language and any offers received in other than the English language shall be rejected.

FAR Part 9.6 defines Contractor team arrangements. Contractor team arrangement, as used in this subpart, means an arrangement in which -- (1) Two or more companies form a partnership or joint venture to act as a potential prime Contractor; or (2) A potential prime Contractor agrees with one or more other companies to have them act as its subcontractors under a specified Government contract or acquisition program.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent /LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent/LLC/LTD member companies will have involvement in the performance of the contract in order for the experience information of the affiliate /subsidiary/parent/LLC/LTD member companies to be considered. The proposal shall state specific commitments of technical resources (e.g., personnel, management, equipment that the affiliate/subsidiary/parent/LLC/LTD member companies shall commit to the performance of this contract). In particular, the proposal shall clearly state the specific commitments of resources of the affiliate/subsidiary/parent/LLC/LTD member companies in terms of the work it will either self-perform or manage on behalf of the Offeror in the performance of the contract.

Vague commitments to support will likely be found insufficient; rather, they must demonstrate intent/manner of actual performance on the contract action being solicited.

The Offeror shall submit a signed copy of partnership agreement, teaming agreement, or letter of commitment for each member of the Offeror's team (e.g., partner, team member, subcontractor, parent company, subsidiary, or other affiliated company, etc.) whose projects are submitted to demonstrate Construction Experience. The Government will not consider any project submitted for Factor 1 if it was performed by a firm other than the Offeror and there is no supporting partnership agreement, teaming agreement, or letter of commitment. Note: See specific restrictions on the use of subcontractor experience under Factor 1.

Factor 1 - Construction Experience:

(a) Solicitation Submittal Requirements:

The Offeror shall submit the following information:

Submit a maximum of five (5) construction projects for the Offeror that best demonstrate experience on relevant projects that are similar in size, scope, and complexity to the RFP.

Projects submitted for the Offeror shall be completed within the past ten (10) years of the date of issuance of this RFP.

For purposes of this evaluation, a relevant project is further defined as construction, installation, repair, and/or renovation of a bulk fuel storage facility and/or associated fuel facility and/or interterminal fuel pipeline(s) that have been successfully commissioned with a minimum total value of ten (10) million United States Dollars (USD) at the time of project completion. Failure to provide value in US Dollars will result in the project being deemed irrelevant and ineligible for consideration. Examples of relevant projects include, but are not limited to, construction of underground (buried) or aboveground American Petroleum Institute (API) 650 fuel storage tanks, construction of fuel facility or interterminal fuel pipeline(s), or construction of a combination of bulk storage tank(s) being served by new fuel pipeline(s).

1. At least one (1) project shall demonstrate experience in accordance with API 650 with a vertical underground (buried) liquid fuel storage tank(s) ("cut-n-cover" tank) or demonstrate experience in the construction, installation, and testing (in accordance with API 650) of a vertical aboveground liquid hydrocarbon storage tank(s). Minimum per tank volume of 10,000 barrels (1590 cubic meters) net capacity (not aggregate among multiple tanks).

2. At least one (1) project shall demonstrate experience in accordance with ASME B31.3 or ASME B31.8 with an interterminal steel pipeline that transported liquid hydrocarbon fuel (refined product) or hydrocarbon fluids (refined or unrefined, liquid or gas). The minimum pipeline diameter must be equal to or greater than 10" (250 mm) and minimum of 1,000 linear feet (304 m). The relevant project must also demonstrate the installation of permanent pig launcher(s) and/or receiver(s) suitable for maintenance or inspection (smart) pigging.

For all submissions, use Box 11 on the Construction Project Data Sheet to list the facility features and value of the project to meet the requirements noted herein. If the project has multiple facilities, provide details for each facility in Block 11.

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery/indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather Offerors shall submit the work performed under a task order as a project.

The attached Construction Project Data Sheet (Attachment D) is MANDATORY and SHALL be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed one (1) double-sided page (or two (2) single-sided pages). Construction project values in Block 7 of Attachment D SHALL be provided in US Dollars.

For all submitted projects, the description of the project shall clearly describe the scope of work performed and the relevancy to the project requirements of this RFP (i.e., unique features, area, construction methods).

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. If a project was performed by a JV, and not all partners from that JV are on the JV proposed for this contract, the Offeror shall clearly demonstrate what portion of the work was performed by the JV member offering on this contract and shall not include work performed by the JV as a whole. The JV member proposed for this contract shall specifically address field work performed by that JV member including field staffing and direct field work oversight. The JV member proposed for this contract shall also address home office management performed by that JV member including the number/percentage of employees provided for the overall contract by the JV members as well as the overall percentage of work performed by the JV member. The Offeror shall also submit a SIGNED copy of the Joint Venture agreement indicating the proposed participation of each Joint Venture member. Offerors are still limited to a total of five (5) projects combined.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement in the performance of the contract. The proposal shall state specific commitments of technical resources (e.g. personnel, equipment) that the affiliate/subsidiary/parent/LLC/LTD member companies commit to the performance of this contract. In particular, the proposal will clearly state the specific commitments of resources of the affiliate/subsidiary/parent/LLC/LTD member that will be located at the worksites and company offices in the city/area of the project. The proposal shall also describe specific roles of the affiliate/subsidiary/parent/LLC/LTD member companies in terms of the work it will either self-perform or manage on behalf of the Offeror in performance of the contract. Failure to submit this information may result in a lower rating.

The Offeror may utilize experience of a subcontractor that will perform specialized installation, inspection, and field testing of the fuels infrastructure for the required construction experience under this evaluation factor. The Offer must provide a letter of commitment and an explanation of the meaningful involvement that the subcontractor will have in performance of this contract.

(b) Basis of Evaluation:

The basis of evaluation will include the Offeror's breadth and depth of experience in performing relevant construction projects as defined in the solicitation submittal requirements. The assessment of the Offeror's relevant experience will be used as a means of evaluating the capability of the Offeror to successfully meet the requirements of the RFP. The Government will only review five (5) projects for construction. Any projects submitted in excess of the five (5) for Construction Experience will not be considered.

Offerors that demonstrate construction and installation of an interterminal, pipeline(s) via horizontal directional drilling (HDD) method may be considered more favorably than those that do not demonstrate this experience.

Offerors that demonstrate experience in the construction, installation and testing (in accordance with API 650) of a vertical underground (buried) liquid fuel storage tank ("cut-n-cover" tank) with a minimum per tank volume of 25,000 barrels (3,975 cubic meters) net capacity (not aggregate among multiple tanks) may be considered more favorably than Offerors who do not demonstrate this experience.

Offerors that demonstrate experience with relevant projects contracted with the United States Government may be considered more favorably than Offerors who do not demonstrate this experience.

Offerors who submit relevant projects that demonstrate experience self-performing relevant features of work may receive a higher rating than those who do not demonstrate self-performance. Self-performance is defined as Offeror performance of construction elements with in-house resources and the Offeror--not entities other than the Offeror (i.e. subcontractors, joint ventures, affiliates, subsidiaries, etc.)--served as the Prime Contractor on the project.

Factor 2 - Safety:

(a) Solicitation Submittal Requirements:

The Offeror shall submit the following information below (for a partnership or joint venture, only one safety narrative is required, but it must address each contractor who is part of the partnership or joint venture).

Technical Approach to Safety:

Describe the Offeror's technical approach to safety for its employees as well as the plan that the Offeror will implement to evaluate and measure safety performance of potential subcontractors as a part of the selection process for all levels of subcontractors. Also, describe methods that the Offeror will employ to ensure and monitor safe work practices at all subcontractor levels. The Safety Narrative, which shall include all information requested in this paragraph, shall be limited to three single-sided pages, (i.e., one (1) double-sided page plus one (1) single-sided page; or three (3) single-sided pages).

(b) Basis of Evaluation:

The Government is seeking to determine that the Offeror has consistently demonstrated a commitment to safety and that the Offeror plans to properly manage and implement safety procedures for itself and its subcontractors. The Government will evaluate the Offeror's technical approach to safety for its employees, as well as its plan to select and monitor subcontractors. The Government may consult additional sources of information for evaluating safety including, but not limited to, Government agencies, OSHA, NAVFAC's Facility Accident and Incident Reporting (FAIR) and Contractor Incident Reporting System (CIRS) databases, and other related resources. While the Government may elect to consider data from other sources, the burden of providing detailed, current, accurate and complete safety information regarding these submittal requirements resides with the Offeror.

The Safety Factor will be rated on an Acceptable/Unacceptable basis.

Factor 3 - Technical Solution:**(a) Solicitation Submittal Requirements:**

Provide a narrative describing the technical solution to the project that meets the requirements of the RFP. Include the following:

Summary of the technical approach, including the means/methods, materials, and tools to be utilized to complete the work; mitigation plans for anticipated problems, logistical challenges, and site constraints.

A Project organizational chart that lists the key positions (at a minimum, Project Manager, Site Safety & Health Officer, Construction QCM, Superintendent), for each specific discipline, as well as the communication flow with the Government and subcontractors. The organizational chart shall clearly identify the lines of authority between the entities. If the experience of a significant subcontractor is being claimed in Factor 1, the firm must be named in the above narrative and shown on the organizational chart

A project schedule with a Gantt chart. Include the contract duration, all major submittals, including long lead-procurement items such as the large diameter 18" steel piping, the pig launchers and receivers, the large diameter double block and bleed valves and ball valves, the chemical injector system, vertical turbine pumps for the cut-n-cover tanks, and all major aspects of the construction project. The contract timeframe identified in the RFP defines the acceptable contract duration. Provide a narrative that explains the proposed contract duration and a Gantt chart to graphically represent the contract duration.

Narrative shall not exceed five (5) double-sided pages (or ten (10) single-sided pages) The Gantt chart may be submitted on 11" x 17" or A3 page(s) that will not count against the page limitations for the narrative but will be limited to five (5) double-sided pages (or ten (10) single-sided pages). The organizational chart will not count against the page limitations of the narrative but will be limited to one (1) single-sided page, either 11" x 17" or A3.

(a) Basis of Evaluation:

The Government will evaluate the narrative, organizational chart, and schedule considering the extent to which the Offeror demonstrates a clear understanding of the requirements of the project. The Government will evaluate the effectiveness of the technical solution to determine the likelihood that the work will be performed in accordance with the technical requirements of the RFP.

The Government will evaluate a comparison of the contractor's proposed contract duration and the acceptable contract duration. The Government's evaluation of the contractor's proposed schedule is a means of determining whether the contractor understands the scope of work and approaches the tasks in a logical and effective manner consistent with the terms of the RFP.

A higher rating may be provided for a schedule that clearly identifies realistic and achievable construction durations, to include tank, pipeline/piping, valve material and other mechanical equipment procurement, and shipment durations.

In addition, the contractor's proposed contract duration shall become an enforceable part of the contract and will be reflected in the awarded Contract Completion Date (CCD) to the successful Offeror.

Factor 4 - Past Performance:**(a) Solicitation Submittal Requirements:**

If a completed Contractor Performance Assessment Reporting System (CPARS) evaluation is available, it shall be submitted with the proposal for each project included in Factor 1 for Construction Experience. If there is not a completed CPARS evaluation then submit Past Performance Questionnaires (PPQ) (Attachment C) for each project included in Factor 1 for Construction Experience. The Offeror should provide completed PPQ

(s) in the proposal. Offerors shall not incorporate by reference into their proposal PPQs previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation. If the Offeror is unable to obtain a completed PPQ from a client for a project(s) before proposal closing date, the Offeror shall complete and submit with the proposal the first page of the PPQ, which will provide contract and client information for the respective project(s). The Government may make reasonable attempts to contact the client noted for that project(s) to obtain the PPQ information but the Government is not obligated to do so. Therefore, Offerors should follow-up with clients/references to help ensure timely submittal of questionnaires. If the client requests, questionnaires may be submitted directly to the Government's point of contact, Liz Roberts, Elizabeth.l.roberts31.civ@us.navy.mil.

Offerors may provide any information on problems encountered and the corrective actions taken on projects submitted under Factor 1 - Construction Experience. Offerors may also address any adverse past performance issues. Explanations shall not exceed two (2) double-sided pages (or four (4) single-sided pages) in total.

The Government reserves the right to contact references for verification or additional information. The Government's inability to contact any of the Offeror's references or the references unwillingness to provide the information requested may affect the Government's evaluation of this factor.

Performance award or additional information submitted will not be considered.

(b) Basis of Evaluation:

This evaluation will consider how well the Offeror's team performed on relevant projects submitted under Factor 1 - Construction Experience and may also consider past performance on other projects currently documented in known sources.

The Government will consider the recency and relevance of the information, the source of the information, context of the data, and general trends in the Contractor's performance. This evaluation is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the Offeror's team's past performance will be used as a means of evaluating the Offeror's team's probability to successfully meet the requirements of the RFP.

Offerors lacking relevant past performance history will receive a NEUTRAL Confidence rating. Past performance ratings of "Substantial Confidence" or "Satisfactory Confidence" hold more value than a "Neutral Confidence" rating and will be considered more favorably in the evaluation of past performance.

(ii) Price:

(a) Solicitation Submittal Requirements:

Price shall be submitted on the Price Proposal Form included in the solicitation. The Offeror shall submit one (1) electronic copy of their price proposal via PIEE in accordance with the solicitation submittal requirements identified below. Price information included in the non-price proposal will not be considered. Likewise, non-price information included in the price proposal will not be considered.

The Offeror is required to submit a complete Price Proposal Form that includes completion of all contract line items numbers (CLINs). Pricing information is not required to be completed under Section 00 10 00 - Solicitation Contract Form in SF 1442. All required proposal documents shall be submitted in accordance with FAR 15.208.

Each electronic copy must be formatted as a single pdf searchable file. All submissions shall include the following:

- Include a cover page with Solicitation Number, Solicitation Title, Prime Contractor Name, Address, Phone Number, Fax Number, Unique Entity ID, Cage Code, Point of Contact, Phone Number, and E-mail address;
- Completed SF-1442 signed with all amendments acknowledged;
- Completed Schedule B, Price Proposal Form (Attachment B);
- Copy of Representation and Certifications from System for Award Management (SAM);
- Completed Solicitation Representations and Certifications (Attachment H) (Note: Some of these certification provisions/clauses may not be included in SAM. Offerors are cautioned to closely review and separately provide completed certifications in response to these full text provisions /clauses);
- Certificates of Classification (Attachment G); and
- Required Responsibility Determination Information.

The Offeror is required to submit a complete Price Proposal Form that includes completion of all contract line item numbers (CLINs).

If there is a difference between a unit price and the extended total, the unit price will be held to be the intended bid and total recomputed accordingly. If an Offeror provides a total but fails to enter a unit price, the total divided by the specified quantity will be held to be the intended unit price.

The Government reserves the unilateral right to award Options; CLIN 0002, CLIN 0003, and CLIN 0004 to the Contractor at the proposed price within 365 calendar days after the contract award. A firm fixed proposed price is required for all CLINs. No provision is made for economic price

adjustment. Exercise of any option(s) will not result in an extension to the contract completion date.

The Government may reject an offer as nonresponsive if it is materially unbalanced as to prices for the basic requirement and the option quantities. An offer is unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.

If any of the Option CLINs; CLIN 0002, CLIN 0003, and/or CLIN 0004 are exercised, additional bonding and consent of surety is required. Consequently, the Performance Bond must reflect 100 percent of the aggregate amount of all Items.

Certificates of Classification:

Each contracting company and its subcontractors shall be responsible for assuring, upon submission of a bid for a contract of \$500,000 euros or more, that they are registered at the Register of Bidders contractors of the Spanish Ministry of finance with the classification applicable to the type of project to be performed. The classification levels for this project are:

GROUP	SUB-GROUP	CATEGORY
A	1	4
C	2 and 3	5
I	6	4
J	4 and 5	3

It is the responsibility of contracting companies to ensure they are properly following Spanish contracting law and classification requirements. Each Offeror SHALL fill out and sign the certification provided at Attachment (G) and include it with its proposal. Failure to submit such information shall prevent the Government from being able to determine whether an Offeror is responsible.

ADDITIONAL INFORMATION TO BE SUBMITTED WITH PRICE PROPOSAL PACKAGE:

RESPONSIBILITY DETERMINATION INFORMATION - In order to be eligible for award, the Offeror must be determined responsible in accordance with FAR Part 9, specifically 9.104-1, General Standards.

No purchase or award shall be made unless the Contracting Officer makes an affirmative determination of responsibility. To be determined responsible, a prospective contractor must have adequate financial resources to perform the contract, or the ability to obtain them. The Contracting Officer shall require acceptable evidence of the prospective contractor's current sound financial status, as well as the ability to obtain required resources if the need arises. In regard to resources, the contractor must be prepared to present acceptable evidence of subcontracts, commitments or explicit arrangements that will be in existence at the time of contract award, to rent, purchase or otherwise acquire the needed facilities, equipment, services, materials, other resources or personnel. Consideration of a prime contractor's compliance with limitations on subcontracting shall be taken into account for the time period covered by the contract base period or quantities, plus option periods or quantities, if such options are considered when evaluating offers for award. Pursuant to FAR 9.104-4, the Contracting Officer reserves the right to request adequate evidence of responsibility on the part of any prospective subcontractor(s). In the absence of information clearly indicating that the prospective contractor is responsible, the Contracting Officer shall make a determination of non-responsibility. As a minimum requirement, all Offerors are requested to submit, as part of the price proposal submissions, the following:

In a separate Tab, in the English language, the Offeror shall provide the following information in the price proposal package:

1. One (1) Signed Bank Reference demonstrating adequate financial resources. If Offeror's firm has a line of credit - provide information on how many figures Offeror can borrow against the line of credit (i.e. medium 6 figures - exact line of credit is not required).
2. The Offeror shall provide the latest three complete fiscal year financial statements for the prime contractor, certified by an independent accounting firm, if practicable, or signed by an authorized officer of the organization. Submit evidence of availability of working/operating capital, which will be

used for the performance of the resultant contract. For Joint Venture arrangements, submit the latest three complete fiscal year financial statements for each company in the Joint Venture and discuss the financial responsibilities among the companies. The Government may also utilize Dun & Bradstreet reports to evaluate the financial capacity of the Offeror.

3. Point of contact from a bank or any financial institution with which the Offeror transacts business.

Although required to be submitted with offeror's price proposal, this information will not be evaluated as part of the price proposal. This information forms part of the basis of your firm's responsibility determination should your firm be considered for award. Proposal packages from unsuccessful Offerors will not be returned to the Offeror but shall be destroyed by the Contracting Officer. No certificate of destruction will be issued.

(b) Basis of Evaluation:

The Government will evaluate price based on the total price. Total price consists of the basic requirements and all option items, if applicable. The Government intends to evaluate all options and has included the provision FAR 52.217-5, Evaluation of Options (JUL 1990) in the solicitation. In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the option(s). Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:

(i) Comparison of proposed prices received in response to the RFP.

(ii) Comparison of proposed prices with the IGCE.

(iii) Comparison of proposed prices with available historical information.

(iv) Comparison of market survey results.

4. PROPOSAL REQUIREMENTS

4.1 PRE-PROPOSAL CONFERENCE AND SITE VISIT:

See Provision 52.236-27 Alt I under section 00 20 00 - Instructions for Procurements.

4.2 PROPOSAL SUBMISSION INSTRUCTIONS:

Offerors are invited to submit their proposal package via the PIEE Solicitation Module. Hard copy delivery or facsimile submission will not be accepted. All responses must be received by the Government by the response due date and time specified below.

In response to this request for proposal, the complete proposal shall include both the Price Proposal and the Non-Price Proposal, submitted in accordance with the above Basis of Evaluation and Submittal Requirements for each factor and as follows:

Offerors shall submit one (1) electronic copy of their Price Proposal and (1) electronic copy of their Non-Price Proposal as separate files via the PIEE Solicitation Module. All pages shall be numbered and appropriately tabbed, conforming to the proposal submittal requirements structure for each evaluation factor.

Submission, modification, revision and withdrawal of proposals shall be via the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module at <https://piee.eb.mil>. Proposals received after the proposal due date and time will not be considered or evaluated for receipt of award. It is the Offeror's responsibility to confirm that their proposal is received by the date and time posted in the solicitation and all associated amendments. The Government will not be responsible for any failure of receipt of the Proposals or any failure of the Offeror to verify receipt of the proposals. The electronic copies of the proposals shall be submitted in a format readable by Microsoft (MS) Word 2016, Adobe Acrobat, or MS Excel 2016. Please note that any submissions by any other method in place of the PIEE Solicitation Module WILL NOT be accepted and will not be evaluated. In order to submit your proposal on the PIEE Solicitation Portal, Offerors will first need to register for the PIEE 'Contract Administrator' role. For step-by-step instructions, see "Vendors - Getting Access Help" at: <https://piee.eb.mil/xhtml/unauth/web/homepage/vendorGettingStartedHelp.xhtml>. Offerors are further encouraged to contact the PIEE Helpdesk at 1-866-618-5988 for additional assistance. It is strongly recommended that Offerors register well in advance of the proposal due date, so that there is ample time to resolve potential registration issues that may arise.

The Offeror's proposal must include all data and information required and must be submitted in accordance with these instructions. The offeror shall be compliant with the requirements as stated herein, for non-conformance may result in an unfavorable proposal evaluation.

ALL SUBMITTALS MUST BE RECEIVED AS SPECIFIED ABOVE PRIOR TO 2:00PM Norfolk, VA local time, Wednesday, 14 January 2025. LATE SUBMITTALS WILL NOT BE CONSIDERED.

4.3 PRE-PROPOSAL INQUIRIES (PPIs):

All inquiries regarding the Request for Proposal shall be submitted electronically to Liz Roberts by e-mail at elizabeth.l.roberts31.civ@us.navy.mil and to Kathleen Delashmitt at kathleen.a.delashmitt.civ@us.navy.mil. Offerors are requested to use the Pre-Proposal Inquiries Submittal Form (Attachment A). Responses will be published as an amendment to the solicitation.

The Government does not intend to respond to any pre-proposal inquiries submitted less than 15 business days before the solicitation closing date in order to permit adequate time to reply to the inquiries.

4.4 CONTRACT OPPORTUNITIES:

Amendments will be posted directly to Contract Opportunities. Additionally, other postings will be made to Contract Opportunities, such as the pre-proposal inquires (PPI) log, etc., under the Additional Documents section of the RFP. It is recommended contractors check the Contract Opportunities Additional Documents section of the RFP periodically to see if additional postings have been made. It is the contractor's responsibility to check Contract Opportunities for all postings.

4.5 SPECIAL JOINT VENTURE (JV) REQUIREMENTS

NOTE #1: FOR THE PURPOSES OF THIS SOLICITATION A JOINT VENTURE REFERS TO A LEGAL ENTITY IN THE NATURE OF A CORPORATION, CONSORTIUM OR PARTNERSHIP - COMPRISED OF TWO OR MORE PERSONS OR ENTITIES, IN WHICH PROFITS, LOSSES AND CONTROL ARE SHARED, AND THERE IS JOINT LIABILITY FOR DEBT BETWEEN ALL THE PERSONS AND/OR ENTITIES, WHICH IS FULLY LEGALLY INCORPORATED TO DO BUSINESS AS A SINGLE ENTITY IN THE JURISDICTION FROM WHICH IT IS FORMED.

THE JOINT VENTURE MUST PROVIDE ONE (1) CAGE CODE FOR THE JOINT VENTURE ITSELF, ONE (1) UEI NUMBER FOR THE JOINT VENTURE ITSELF, AND ONE (1) UEI NUMBER FOR EACH MEMBER COMPRISING THE JOINT VENTURE. THE JOINT VENTURE MUST BE REGISTERED IN THE SYSTEM FOR AWARD MANAGEMENT (SAM) USING THE NAME OF THE JOINT VENTURE.

JV offerors shall provide with their proposal a notarized legal document that establishes the JV. The JV Agreement shall take effect upon the submission of the proposal and remain irrevocable until one (1) year after the work has been finally inspected and accepted by the Government. Submission of the notarized legal document that establishes the JV shall be furnished with the price proposal in its original language version along with a certified English translation of the notarized JV. The Joint Venture must be formed and valid at the time of submission of the proposal. The validated notarized legal document must include language that each member of the JV will be jointly and severally liable for the performance of the whole contract and will be incorporated into the contract award if award is made to the JV.

Only offers from Prime Contractors and Joint Ventures (JV) will be accepted.

1. The Joint Venture Agreement shall include, at a minimum, the following:

- (a) Name of firms that form the JV and the name of the JV.
- (b) Name and title of the corporate officials signing on behalf of each party.
- (c) Solicitation number.
- (d) Description of the responsibilities in terms of work category for each member (for example: Firm A performing 100% of ____)
- (e) The statement "The composition and structure of the JV will remain unchanged from award to one (1) year after the work has been finally inspected and accepted by the Government."
- (f) Date of issuance of the agreement and notarized signature of the corporate officials signing on behalf of each party.
- (g) Statement that each member of the JV will be jointly and severally liable for the performance of the entire contract.
- (h) Statement under oath stating that the Joint Venture (JV) is in compliance at the time of proposal submission with all applicable laws, rules, and regulations. This statement must be signed under oath by all members comprising the Joint Venture.
- (i) Statement identifying whether the JV is a vertical or horizontal arrangement; and
- (j) Statement that the JV is NOT a prime-subcontractor relationship.

2. The U.S. Government reserves the right to review the actual JV Agreement to determine its basis and compliance with the applicable laws. Any internal agreements affecting the internal composition of the existing JV and its potential liabilities in relation to the contract (performance guarantee, insurance, etc.) will be sent to the Contracting Officer to provide notice of the same. Any change in the composition of the JV will require the JV to formally request a Novation Agreement in accordance with FAR 42.12, which will be approved/disapproved at the discretion of the Contracting Officer.

FAR Clauses Incorporated by Full Text

52.233-2 Service of Protest.

(Sep 2006)

Service of Protest (Sept 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from NAVFAC Atlantic 6506 Hampton Blvd, Norfolk VA 23508.

(b) The copy of any protest shall be received in the office designated above within one day of filing a protest with the GAO.

(End of provision)

52.252-1 Solicitation Provisions Incorporated by Reference.**(Feb 1998)**

Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

FAR: <https://www.acquisition.gov/browse/index/far>

DFARS: <https://www.acq.osd.mil/dpap/dars/dfarspgi/current/index.html>

NMCARS: <https://www.secnave.navy.mil/rda/DASN-P/Pages/NMCARS.aspx>

(End of provision)

52.252-5 Authorized Deviations in Provisions.**(Nov 2020)**

Authorized Deviations in Provisions (Nov 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any Defense Federal Acquisition Regulation Supplement (48 CFR Chapter 2) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

252.204-7007 Alternate A, Annual Representations and Certifications. (Oct 2025) Alternate A (Oct 2025)

ALTERNATE A, ANNUAL REPRESENTATIONS AND CERTIFICATIONS (OCT 2025)

Substitute the following paragraphs (b), (d), and (e) for paragraphs (b) and (d) of the provision at FAR 52.204-8:

(b)(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (e) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (e) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

☐ (i) Paragraph (e) applies.

☐ (ii) Paragraph (e) does not apply and the Offeror has completed the individual representations and certifications in the solicitation.

(d)(1) The following representations or certifications in the SAM database are applicable to this solicitation as indicated:

(i) 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation. Applies to all solicitations.

(ii) 252.216-7008, Economic Price Adjustment-Wage Rates or Material Prices Controlled by a Foreign Government. Applies to solicitations for fixed-price supply and service contracts when the contract is to be performed wholly or in part in a foreign country, and a foreign government controls wage rates or material prices and may during contract performance impose a mandatory change in wages or prices of materials.

(iii) 252.225-7042, Authorization to Perform. Applies to all solicitations when performance will be wholly or in part in a foreign country.

(iv) 252.225-7049, Prohibition on Acquisition of Certain Foreign Commercial Satellite Services-Representations. Applies to solicitations for the acquisition of commercial satellite services.

(v) 252.225-7050, Disclosure of Ownership or Control by the Government of a Country that is a State Sponsor of Terrorism. Applies to all solicitations expected to result in contracts of \$200,000 or more.

(vi) 252.229-7012, Tax Exemptions (Italy)-Representation. Applies to solicitations and contracts when contract performance will be in Italy.

(vii) 252.229-7013, Tax Exemptions (Spain)-Representation. Applies to solicitations and contracts when contract performance will be in Spain.

(2) The following representations or certifications in SAM are applicable to this solicitation as indicated by the Contracting Officer:
[Contracting Officer check as appropriate.]

☐ (i) 252.209-7002, Disclosure of Ownership or Control by a Foreign Government.

☐ (ii) 252.225-7000, Buy American-Balance of Payments Program Certificate.

☐ (iii) 252.225-7020, Trade Agreements Certificate.

☐ Use with Alternate I.

☐ (iv) 252.225-7031, Secondary Arab Boycott of Israel.

☐ (v) 252.225-7035, Buy American-Free Trade Agreements-Balance of Payments Program Certificate.

☐ Use with Alternate I.

☐ Use with Alternate II.

☐ Use with Alternate III.

☐ Use with Alternate IV.

☐ Use with Alternate V.

☐ (vi) 252.226-7002, Representation for Demonstration Project for Contractors Employing Persons with Disabilities.

☐ (vii) 252.232-7015, Performance-Based Payments-Representation.

(e) The Offeror has completed the annual representations and certifications electronically via the SAM website at <https://www.sam.gov>. After reviewing the SAM database information, the Offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in FAR 52.204-8(c) and paragraph (d) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer, and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*Offeror to insert changes, identifying change by provision number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clauses Incorporated by Full Text

52.204-8 Annual Representations and Certifications. (DEVIATION 2025-O0003 (Oct 2025) Deviation 2025-O0004 (Mar 2025)
and 2025-O0004)

Annual Representations and Certifications (MAR 2025)(DEVIATION 2025-O0003 and 2025-O0004)

(a)

(1) The North American Industry Classification System (NAICS) code for this acquisition is ____ [insert NAICS code].

(2) The small business size standard is ____ [insert size standard].

(3) The small business size standard for a concern that submits an offer, other than on a construction or service acquisition, but proposes to furnish an end item that it did not itself manufacture, process, or produce is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519 if the acquisition-

(i) Is set aside for small business and has a value above the simplified acquisition threshold;

(ii) Uses the HUBZone price evaluation preference regardless of dollar value, unless the offeror waives the price evaluation preference; or

(iii) Is an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(b)

(1) If the provision at 52.204-7, System for Award Management, is included in this solicitation, paragraph (d) of this provision applies.

(2) If the provision at 52.204-7, System for Award Management, is not included in this solicitation, and the Offeror has an active registration in the System for Award Management (SAM), the Offeror may choose to use paragraph (d) of this provision instead of completing the corresponding individual representations and certifications in the solicitation. The Offeror shall indicate which option applies by checking one of the following boxes:

(i) ☐ Paragraph (d) applies.

(ii) ☐ Paragraph (d) does not apply and the offeror has completed the individual representations and certifications in the solicitation.

(c)

(1) The following representations or certifications in SAM are applicable to this solicitation as indicated:

(i) 52.203-2, Certificate of Independent Price Determination. This provision applies to solicitations when a firm-fixed-price contract or fixed-price contract with economic price adjustment is contemplated, unless-

(A) The acquisition is to be made under the simplified acquisition procedures in part 13;

(B) The solicitation is a request for technical proposals under two-step sealed bidding procedures; or

(C) The solicitation is for utility services for which rates are set by law or regulation.

(ii) 52.203-11, Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions. This provision applies to solicitations expected to exceed \$150,000.

(iii) 52.203-18, Prohibition on Contracting with Entities that Require Certain Internal Confidentiality Agreements or Statements-Representation. This provision applies to all solicitations.

(iv) 52.204-3, Taxpayer Identification. This provision applies to solicitations that do not include the provision at 52.204-7, System for Award Management.

(v) 52.204-5, Women-Owned Business (Other Than Small Business). This provision applies to solicitations that-

(A) Are not set aside for small business concerns;

(B) Exceed the simplified acquisition threshold; and

(C) Are for contracts that will be performed in the United States or its outlying areas.

(vi) 52.204-26, Covered Telecommunications Equipment or Services-Representation. This provision applies to all solicitations.

(vii) 52.209-2, Prohibition on Contracting with Inverted Domestic Corporations-Representation.

(viii) 52.209-5, Certification Regarding Responsibility Matters. This provision applies to solicitations where the contract value is expected to exceed the simplified acquisition threshold.

(ix) 52.209-11, Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law. This provision applies to all solicitations.

(x) 52.214-14, Place of Performance-Sealed Bidding. This provision applies to invitations for bids except those in which the place of performance is specified by the Government.

(xi) 52.215-6, Place of Performance. This provision applies to solicitations unless the place of performance is specified by the Government.

(xii) 52.219-1, Small Business Program Representations (Basic, Alternates I, and II). This provision applies to solicitations when the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(A) The basic provision applies when the solicitations are issued by other than DoD, NASA, and the Coast Guard.

(B) The provision with its Alternate I applies to solicitations issued by DoD, NASA, or the Coast Guard.

(C) The provision with its Alternate II applies to solicitations that will result in a multiple-award contract with more than one NAICS code assigned.

(xiii) 52.219-2, Equal Low Bids. This provision applies to solicitations when contracting by sealed bidding and the contract is for supplies to be delivered or services to be performed in the United States or its outlying areas, or when the contracting officer has applied part 19 in accordance with 19.000(b)(1)(ii).

(xiv) [Reserved]

(xv) [Reserved]

(xvi) 52.222-38, Compliance with Veterans' Employment Reporting Requirements. This provision applies to solicitations when it is anticipated the contract award will exceed the simplified acquisition threshold and the contract is not for acquisition of commercial products or commercial services.

(xvii) 52.223-1, Biobased Product Certification. This provision applies to solicitations that require the delivery or specify the use of biobased products in USDA-designated product categories; or include the clause at 52.223-2, Reporting of Biobased Products Under Service and Construction Contracts.

(xviii) 52.223-4, Recovered Material Certification. This provision applies to solicitations that are for, or specify the use of, EPA-designated items.

(xix) [Reserved]

(xx) 52.225-2, Buy American Certificate. This provision applies to solicitations containing the clause at 52.225-1.

(xxi) 52.225-4, Buy American-Free Trade Agreements-Israeli Trade Act Certificate. (Basic, Alternates II and III.) This provision applies to solicitations containing the clause at 52.225-3.

(A) If the acquisition value is less than \$50,000, the basic provision applies.

(B) If the acquisition value is \$50,000 or more but is less than \$100,000, the provision with its Alternate II applies.

(C) If the acquisition value is \$100,000 or more but is less than \$102,280, the provision with its Alternate III applies.

(xxii) 52.225-6, Trade Agreements Certificate. This provision applies to solicitations containing the clause at 52.225-5.

(xxiii) 52.225-20, Prohibition on Conducting Restricted Business Operations in Sudan-Certification. This provision applies to all solicitations.

(xxiv) 52.225-25, Prohibition on Contracting with Entities Engaging in Certain Activities or Transactions Relating to Iran-Representation and Certifications. This provision applies to all solicitations.

(xxv) 52.226-2, Historically Black College or University and Minority Institution Representation. This provision applies to solicitations for research, studies, supplies, or services of the type normally acquired from higher educational institutions.

(2) The following representations or certifications are applicable as indicated by the Contracting Officer:

X (i) 52.204-17, Ownership or Control of Offeror.

X (ii) 52.204-20, Predecessor of Offeror.

☐ (iii) 52.222-18, Certification Regarding Knowledge of Child Labor for Listed End Products.

☐ (iv) 52.222-48, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment- Certification.

☐ (v) 52.222-52, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services-Certification.

☐ (vi) 52.227-6, Royalty Information.

☐ (A) Basic.

☐ (B) Alternate I.

☒ (vii) 52.227-15, Representation of Limited Rights Data and Restricted Computer Software.

(d) The offeror has completed the annual representations and certifications electronically in SAM website accessed through <https://www.sam.gov>. After reviewing the SAM information, the offeror verifies by submission of the offer that the representations and certifications currently posted electronically that apply to this solicitation as indicated in paragraph (c) of this provision have been entered or updated within the last 12 months, are current, accurate, complete, and applicable to this solicitation (including the business size standard applicable to the NAICS code referenced for this solicitation), as of the date of this offer and are incorporated in this offer by reference (see FAR 4.1201); except for the changes identified below [*offeror to insert changes, identifying change by clause number, title, date*]. These amended representation(s) and/or certification(s) are also incorporated in this offer and are current, accurate, and complete as of the date of this offer.

FAR Clause #	Title	Date	Change
=====			

Any changes provided by the offeror are applicable to this solicitation only, and do not result in an update to the representations and certifications posted on SAM.

(End of provision)

52.204-29 Federal Acquisition Supply Chain Security Act Orders-Representation and Disclosures. (Dec 2023)

FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS-REPRESENTATION AND DISCLOSURES (DEC 2023)

(a) *Definitions.* As used in this provision, *Covered article*, *FASCSA order*, *Intelligence community*, *National security system*, *Reasonable inquiry*, *Sensitive compartmented information*, *Sensitive compartmented information system*, and *Source* have the meaning provided in the clause 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(b) *Prohibition.* Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the prohibition is set out in an applicable Federal Acquisition Supply Chain Security Act (FASCSA) order, as described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(c) *Procedures.*

(1) The Offeror shall search for the phrase "FASCSA order" in the System for Award Management (SAM)(<https://www.sam.gov>) for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (b)(1) of FAR 52.204-30, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(2) The Offeror shall review the solicitation for any FASCSA orders that are not in SAM, but are effective and do apply to the solicitation and resultant contract (see FAR 4.2303(c)(2)).

(3) FASCSA orders issued after the date of solicitation do not apply unless added by an amendment to the solicitation.

(d) *Representation.* By submission of this offer, the offeror represents that it has conducted a reasonable inquiry, and that the offeror does not propose to provide or use in response to this solicitation any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the solicitation was issued, except as waived by the solicitation, or as disclosed in paragraph (e).

(e) *Disclosures.* The purpose for this disclosure is so the Government may decide whether to issue a waiver. For any covered article, or any products or services produced or provided by a source, if the covered article or the source is subject to an applicable FASCSA order, and the Offeror is unable to represent compliance, then the Offeror shall provide the following information as part of the offer:

(1) Name of the product or service provided to the Government;

(2) Name of the covered article or source subject to a FASCSA order;

(3) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Offeror;

(4) Brand;

(5) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(6) Item description;

(7) Reason why the applicable covered article or the product or service is being provided or used;

(f) *Executive agency review of disclosures.* The contracting officer will review disclosures provided in paragraph (e) to determine if any waiver may be sought. A contracting officer may choose not to pursue a waiver for covered articles or sources otherwise subject to a FASCSA order and may instead make an award to an offeror that does not require a waiver.

(End of provision)

52.211-10 Commencement, Prosecution, and Completion of Work.

(Apr 1984)

Commencement, Prosecution, and Completion of Work (Apr 1984)

The Contractor shall be required to (a) commence work under this contract within 15[Contracting Officer insert number] calendar days after the date the Contractor receives the notice to proceed, (b) prosecute the work diligently, and (c) complete the entire work ready for use not later than 909 calendar days after notice to proceed. The time stated for completion shall include final cleanup of the premises.

(End of clause)

52.211-12 Liquidated Damages-Construction.

(Sep 2000)

Liquidated Damages-Construction (Sept 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, the Contractor shall pay liquidated damages to the Government in the amount of \$1,289 for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

(End of clause)

52.211-14 Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use.

(Apr 2008)

Notice of Priority Rating for National Defense, Emergency Preparedness, and Energy Program Use (Apr 2008)

Any contract awarded as a result of this solicitation will be [] DX rated order; [X] DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS) (15 CFR700), and the Contractor will be required to follow all of the requirements of this regulation.

(End of provision)

52.216-1 Type of Contract.

(Apr 1984)

Type of Contract (Apr 1984)

The Government contemplates award of a Firm Fixed Price contract resulting from this solicitation.

(End of provision)

52.217-7 Option for Increased Quantity-Separately Priced Line Item.

(Mar 1989)

Option for Increased Quantity-Separately Priced Line Item (Mar 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within 365 calendar days. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

(End of clause)

52.228-15 Performance and Payment Bonds-Construction (Deviation 2020-O0016) (Jun 2020) Deviation 2020-O0016 (Apr 2020)

PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (APR 2020) (DEVIATION 2020-O0016)

(a) Definitions. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) Amount of required bonds. Unless the resulting contract price is \$150,000 or less, the successful offeror shall furnish performance and payment bonds to the Contracting Officer as follows:

(1) Performance bonds (Standard Form 25, except that no seal is required). The penal amount of performance bonds at the time of contract award shall be 100 percent of the original contract price.

(2) Payment bonds (Standard Form 25A, except that no seal is required). The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection.

(i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the Federal Register or may be obtained from the U.S. Department of the Treasury, Financial Management Service, Surety Bond Branch, 3700 East West Highway, Room 6F01, Hyattsville, MD 20782. Or via the internet at <http://www.fms.treas.gov/c570/>.

(e) Notice of subcontractor waiver of protection (40 U.S.C. 3133(c)). Any waiver of the right to sue on the payment bond is void unless it is in writing, signed by the person whose right is waived, and executed after such person has first furnished labor or material for use in the performance of the contract.

(End of clause)

52.232-5 Payments under Fixed-Price Construction Contracts. (May 2014)

PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (MAY 2014)

(a) *Payment of price.* The Government shall pay the Contractor the contract price as provided in this contract.

(b) *Progress payments.* The Government shall make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer.

(1) The Contractor's request for progress payments shall include the following substantiation:

(i) An itemization of the amounts requested, related to the various elements of work required by the contract covered by the payment requested.

(ii) A listing of the amount included for work performed by each subcontractor under the contract.

(iii) A listing of the total amount of each subcontract under the contract.

(iv) A listing of the amounts previously paid to each such subcontractor under the contract.

(v) Additional supporting data in a form and detail required by the Contracting Officer.

(2) In the preparation of estimates, the Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site also may be taken into consideration if-

(i) Consideration is specifically authorized by this contract; and

(ii) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) *Contractor certification.* Along with each request for progress payments, the Contractor shall furnish the following certification, or payment shall not be made: (However, if the Contractor elects to delete paragraph (c)(4) from the certification, the certification is still acceptable.)

I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) All payments due to subcontractors and suppliers from previous payments received under the contract have been made, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of Chapter 39 of Title 31, United States Code;

(3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract; and

(4) This certification is not to be construed as final acceptance of a subcontractor's performance.

____ (Name)

____ (Title)

____ (Date)

(d) *Refund of unearned amounts.* If the Contractor, after making a certified request for progress payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the "unearned amount"), the Contractor shall-

(1) Notify the Contracting Officer of such performance deficiency; and

(2) Be obligated to pay the Government an amount (computed by the Contracting Officer in the manner provided in paragraph (j) of this clause) equal to interest on the unearned amount from the 8 thday after the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the Contracting Officer that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for progress payments by an amount equal to the unearned amount.

(e) *Retainage.* If the Contracting Officer finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the Contracting Officer shall authorize payment to be made in full. However, if satisfactory progress has not been made, the Contracting Officer may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the Contracting Officer may retain from previously withheld funds and future progress payments that amount the Contracting Officer considers adequate for protection of the Government and shall release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment shall be made for the completed work without retention of a percentage.

(f) *Title, liability, and reservation of rights.* All material and work covered by progress payments made shall, at the time of payment, become the sole property of the Government, but this shall not be construed as-

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(g) *Reimbursement for bond premiums.* In making these progress payments, the Government shall, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) of this clause shall not apply to that portion of progress payments attributable to bond premiums.

(h) *Final payment.* The Government shall pay the amount due the Contractor under this contract after-

- (1) Completion and acceptance of all work;
- (2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the Government arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned under the Assignment of Claims Act of 1940 (31 U.S.C.3727 and 41 U.S.C.6305).

(i) *Limitation because of undefinitized work.* Notwithstanding any provision of this contract, progress payments shall not exceed 80 percent on work accomplished on undefinitized contract actions. A "contract action" is any action resulting in a contract, as defined in FAR subpart 2.1, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the Changes clause, or funding and other administrative changes.

(j) *Interest computation on unearned amounts.* In accordance with 31 U.S.C.3903(c)(1), the amount payable under paragraph (d)(2) of this clause shall be-

(1) Computed at the rate of average bond equivalent rates of 91-day Treasury bills auctioned at the most recent auction of such bills prior to the date the Contractor receives the unearned amount; and

(2) Deducted from the next available payment to the Contractor.

(End of clause)

52.236-1 Performance of Work by the Contractor.

(Apr 1984)

Performance of Work by the Contractor (Apr 1984)

The Contractor shall perform on the site, and with its own organization, work equivalent to at least twelve (12) percent of the total amount of work to be performed under the contract. This percentage may be reduced by a supplemental agreement to this contract if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the Government.

(End of clause)

52.247-63 Preference for U.S.-Flag Air Carriers.

(Jan 2025)

PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JAN 2025)

(a) *Definitions.* As used in this clause-

"International air transportation" means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

United States means the 50 States, the District of Columbia, and outlying areas.

U.S.-flag air carrier means an entity granted authority to provide air transportation in the form of a certificate of public convenience and necessity under 49 U.S.C. 41102.

(b) *U.S. Government-financed international air transportation.* 49 U.S.C. 40118, Government-financed air transportation (commonly referred to as the Fly America Act), requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the General Services Administration to issue regulations that, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

(c) *Use of U.S.-flag carriers for international air transportation.* If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

(d) *Statement of unavailability of U.S.-flag air carriers.* *Use of U.S.-flag carriers for international air transportation.* In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation): _____[State reasons]:

(End of statement)

(e) *Subcontracts*. The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.

(End of clause)

52.248-3 Value Engineering-Construction.

(Oct 2025)

VALUE ENGINEERING-CONSTRUCTION (OCT 2025)

(a) *General*. The Contractor is encouraged to develop, prepare, and submit value engineering change proposals (VECP's) voluntarily. The Contractor shall share in any instant contract savings realized from accepted VECP's, in accordance with paragraph (f) of this clause.

(b) *Definitions*. "Collateral costs," as used in this clause, means agency costs of operation, maintenance, logistic support, or Government-furnished property.

Collateral savings, as used in this clause, means those measurable net reductions resulting from a VECP in the agency's overall projected collateral costs, exclusive of acquisition savings, whether or not the acquisition cost changes.

Contractor's development and implementation costs, as used in this clause, means those costs the Contractor incurs on a VECP specifically in developing, testing, preparing, and submitting the VECP, as well as those costs the Contractor incurs to make the contractual changes required by Government acceptance of a VECP.

Government costs, as used in this clause, means those agency costs that result directly from developing and implementing the VECP, such as any net increases in the cost of testing, operations, maintenance, and logistic support. The term does not include the normal administrative costs of processing the VECP.

Instant contract savings, as used in this clause, means the estimated reduction in Contractor cost of performance resulting from acceptance of the VECP, minus allowable Contractor's development and implementation costs, including subcontractors' development and implementation costs (see paragraph (h) of this clause).

Value engineering change proposal (VECP) means a proposal that-

- (1) Requires a change to this, the instant contract, to implement; and
- (2) Results in reducing the contract price or estimated cost without impairing essential functions or characteristics; *provided*, that it does not involve a change-
 - (i) In deliverable end item quantities only; or
 - (ii) To the contract type only.

(c) *VECP preparation*. As a minimum, the Contractor shall include in each VECP the information described in paragraphs (c)(1) through (7) of this clause. If the proposed change is affected by contractually required configuration management or similar procedures, the instructions in those procedures relating to format, identification, and priority assignment shall govern VECP preparation. The VECP shall include the following:

- (1) A description of the difference between the existing contract requirement and that proposed, the comparative advantages and disadvantages of each, a justification when an item's function or characteristics are being altered, and the effect of the change on the end item's performance.
- (2) A list and analysis of the contract requirements that must be changed if the VECP is accepted, including any suggested specification revisions.
- (3) A separate, detailed cost estimate for (i) the affected portions of the existing contract requirement and (ii) the VECP. The cost reduction associated with the VECP shall take into account the Contractor's allowable development and implementation costs, including any amount attributable to subcontracts under paragraph (h) of this clause.
- (4) A description and estimate of costs the Government may incur in implementing the VECP, such as test and evaluation and operating and support costs.
- (5) A prediction of any effects the proposed change would have on collateral costs to the agency.
- (6) A statement of the time by which a contract modification accepting the VECP must be issued in order to achieve the maximum cost reduction, noting any effect on the contract completion time or delivery schedule.
- (7) Identification of any previous submissions of the VECP, including the dates submitted, the agencies and contract numbers involved, and previous Government actions, if known.

(d) *Submission*. The Contractor shall submit VECP's to the Resident Engineer at the worksite, with a copy to the Contracting Officer.

(e) *Government action*.

(1) The Contracting Officer will notify the Contractor of the status of the VECP within 45 calendar days after the contracting office receives it. If additional time is required, the Contracting Officer will notify the Contractor within the 45-day period and provide the reason for the delay and the expected date of the decision. The Government will process VECP's expeditiously; however, it will not be liable for any delay in acting upon a VECP.

(2) If the VECP is not accepted, the Contracting Officer will notify the Contractor in writing, explaining the reasons for rejection. The Contractor may withdraw any VECP, in whole or in part, at any time before it is accepted by the Government. The Contracting Officer may require that the Contractor provide written notification before undertaking significant expenditures for VECP effort.

(3) Any VECP may be accepted, in whole or in part, by the Contracting Officer's award of a modification to this contract citing this clause. The Contracting Officer may accept the VECP, even though an agreement on price reduction has not been reached, by issuing the Contractor a notice to proceed with the change. Until a notice to proceed is issued or a contract modification applies a VECP to this contract, the Contractor shall perform in accordance with the existing contract. The decision to accept or reject all or part of any VECP is a unilateral decision made solely at the discretion of the Contracting Officer.

(f) Sharing-

(1) *Rates.* The Government's share of savings is determined by subtracting Government costs from instant contract savings and multiplying the result by-

(i) 45 percent for fixed-price contracts; or

(ii) 75 percent for cost-reimbursement contracts.

(2) *Payment.* Payment of any share due the Contractor for use of a VECP on this contract shall be authorized by a modification to this contract to-

(i) Accept the VECP;

(ii) Reduce the contract price or estimated cost by the amount of instant contract savings; and

(iii) Provide the Contractor's share of savings by adding the amount calculated to the contract price or fee.

(g) *Collateral savings.* If a VECP is accepted, the Contracting Officer will increase the instant contract amount by 20 percent of any projected collateral savings determined to be realized in a typical year of use after subtracting any Government costs not previously offset. However, the Contractor's share of collateral savings will not exceed the contract's firm-fixed-price or estimated cost, at the time the VECP is accepted, or \$100,000, whichever is greater. The Contracting Officer is the sole determiner of the amount of collateral savings.

(h) *Subcontracts.* The Contractor shall include an appropriate value engineering clause in any subcontract of \$90,000 or more and may include one in subcontracts of lesser value. In computing any adjustment in this contract's price under paragraph (f) of this clause, the Contractor's allowable development and implementation costs shall include any subcontractor's allowable development and implementation costs clearly resulting from a VECP accepted by the Government under this contract, but shall exclude any value engineering incentive payments to a subcontractor. The Contractor may choose any arrangement for subcontractor value engineering incentive payments; *provided*, that these payments shall not reduce the Government's share of the savings resulting from the VECP.

(i) *Data.* The Contractor may restrict the Government's right to use any part of a VECP or the supporting data by marking the following legend on the affected parts:

These data, furnished under the Value Engineering-Construction clause of contract ____, shall not be disclosed outside the Government or duplicated, used, or disclosed, in whole or in part, for any purpose other than to evaluate a value engineering change proposal submitted under the clause. This restriction does not limit the Government's right to use information contained in these data if it has been obtained or is otherwise available from the Contractor or from another source without limitations.

If a VECP is accepted, the Contractor hereby grants the Government unlimited rights in the VECP and supporting data, except that, with respect to data qualifying and submitted as limited rights technical data, the Government shall have the rights specified in the contract modification implementing the VECP and shall appropriately mark the data. (The terms "unlimited rights" and "limited rights" are defined in part 27 of the Federal Acquisition Regulation.)

(End of clause)

52.252-2 Clauses Incorporated by Reference.

(Feb 1998)

Clauses Incorporated By Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

DFARS Clauses Incorporated by Full Text

252.215-7008 Only One Offer.

(Dec 2022)

ONLY ONE OFFER (DEC 2022)

(a) *Cost or pricing data requirements.* After initial submission of offers, if the Contracting Officer notifies the Offeror that only one offer was received, the Offeror agrees to-

(1) Submit any additional cost or pricing data that is required in order to determine whether the price is fair and reasonable (10 U.S.C. 3705) or to comply with the statutory requirement for certified cost or pricing data (10 U.S.C. 3702 and FAR 15.403-3); and

(2) Except as provided in paragraph (b) of this provision, if the acquisition exceeds the certified cost or pricing data threshold and an exception to the requirement for certified cost or pricing data at FAR 15.403-1(b)(2) through (5) does not apply, certify all cost or pricing data in accordance with paragraph (c) of DFARS provision 252.215-7010, Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data, of this solicitation.

(b) *Canadian Commercial Corporation.* If the Offeror is the Canadian Commercial Corporation, certified cost or pricing data are not required. If the Contracting Officer notifies the Canadian Commercial Corporation that additional data other than certified cost or pricing data are required in accordance with DFARS 225.870-4(c), the Canadian Commercial Corporation shall obtain and provide the following:

(1) Profit rate or fee (as applicable).

(2) Analysis provided by Public Works and Government Services Canada to the Canadian Commercial Corporation to determine a fair and reasonable price (comparable to the analysis required at FAR 15.404-1).

(3) Data other than certified cost or pricing data necessary to permit a determination by the U.S. Contracting Officer that the proposed price is fair and reasonable ____ [U.S. Contracting Officer to provide description of the data required in accordance with FAR 15.403-3(a)(1) with the notification].

(4) As specified in FAR 15.403-3(a)(4), an offeror who does not comply with a requirement to submit data that the U.S. Contracting Officer has deemed necessary to determine price reasonableness or cost realism is ineligible for award unless the head of the contracting activity determines that it is in the best interest of the Government to make the award to that offeror.

(c) *Subcontracts.* Unless the Offeror is the Canadian Commercial Corporation, the Offeror shall insert the substance of this provision, including this paragraph (c), in all subcontracts exceeding the simplified acquisition threshold defined in FAR part 2.

(End of provision)

252.225-7043 Antiterrorism/Force Protection for Defense Contractors Outside the United States.

(Jun 2015)

ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (JUN 2015)

(a) *Definition.* " United States ," as used in this clause, means, the 50 States, the District of Columbia , and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall-

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is-

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from Naval Criminal Investigative Service (NCIS), code 21; telephone, DSN 288-9077 or commercial (202) 433-9077.

(End of clause)

252.225-7045 Balance of Payments Program--Construction Material Under Trade Agreements.

(Feb 2024)

BALANCE OF PAYMENTS PROGRAM-CONSTRUCTION MATERIAL UNDER TRADE AGREEMENTS-BASIC (FEB 2024)

(a) *Definitions.* As used in this clause-

"Caribbean Basin country construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Caribbean Basin country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Caribbean Basin country into a new and different construction material distinct from the materials from which it was transformed.

"Commercially available off-the-shelf (COTS) item"-

(1) Means any item of supply (including construction material) that is-

(i) A commercial product (as defined in paragraph (1) of the definition of "commercial product" in section 2.101 of the Federal Acquisition Regulation (FAR));

(ii) Sold in substantial quantities in the commercial marketplace; and

(iii) Offered to the Government, under a contract or subcontract at any tier, without modification, in the same form in which it is sold in the commercial marketplace; and

(2) Does not include bulk cargo, as defined in section 3 of the Shipping Act of 1984 (46 U.S.C. 40102), such as agricultural products and petroleum products.

"Component" means any article, material, or supply incorporated directly into construction material.

"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

"Cost of components" means-

(1) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the end product (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(2) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (1) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

"Critical component" means a component that is mined, produced, or manufactured in the United States and deemed critical to the U.S. supply chain. The list of critical components is at FAR 25.105.

"Critical item" means domestic construction material or a domestic end product that is deemed critical to the U.S. supply chain. The list of critical items is at FAR 25.105.

"Designated country" means-

(1) A World Trade Organization Government Procurement Agreement (WTO GPA) country (Armenia, Aruba, Australia, Austria, Belgium, Bulgaria, Canada, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Israel, Italy, Japan, Korea (Republic of), Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Moldova, Montenegro, Netherlands, New Zealand, North Macedonia, Norway, Poland, Portugal, Romania, Singapore, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Taiwan (known in the World Trade Organization as "the Separate Customs Territory of Taiwan, Penghu, Kinmen, and Matsu" (Chinese Taipei)), Ukraine, or the United Kingdom);

(2) A Free Trade Agreement country (Australia, Bahrain, Chile, Colombia, Costa Rica, Dominican Republic, El Salvador, Guatemala, Honduras, Korea (Republic of), Mexico, Morocco, Nicaragua, Panama, Peru, or Singapore);

(3) A least developed country (Afghanistan, Angola, Bangladesh, Benin, Bhutan, Burkina Faso, Burundi, Cambodia, Central African Republic, Chad, Comoros, Democratic Republic of Congo, Djibouti, Equatorial Guinea, Eritrea, Ethiopia, Gambia, Guinea, Guinea-Bissau, Haiti, Kiribati, Laos, Lesotho, Liberia, Madagascar, Malawi, Mali, Mauritania, Mozambique, Nepal, Niger, Rwanda, Samoa, Sao Tome and Principe, Senegal, Sierra Leone, Solomon Islands, Somalia, South Sudan, Tanzania, Timor-Leste, Togo, Tuvalu, Uganda, Vanuatu, Yemen, or Zambia); or

(4) A Caribbean Basin country (Antigua and Barbuda, Aruba, Bahamas, Barbados, Belize, Bonaire, British Virgin Islands, Curacao, Dominica, Grenada, Guyana, Haiti, Jamaica, Montserrat, Saba, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Sint Eustatius, Sint Maarten, or Trinidad and Tobago).

"Designated country construction material" means a construction material that is a WTO GPA country construction material, a Free Trade Agreement country construction material, a least developed country construction material, or a Caribbean Basin country construction material.

"Domestic construction material" means-

(1) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(i) An unmanufactured construction material mined or produced in the United States ; or

(ii) A construction material manufactured in the United States , if-

(A) The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029, unless an alternate percentage is established for a contract in accordance with FAR 25.201(c). Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(B) The construction material is a COTS item; or

(2) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of iron and steel not produced in the United States (excluding fasteners) as estimated in good faith by the contractor, constitutes less than 5 percent of the cost of all the components used in such construction material (produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, except metallurgical processes involving refinement of steel additives). The cost of iron and steel not produced in the United States includes but is not limited to the cost of iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings, not produced in the United States, utilized in the manufacture of the construction material and a good faith estimate of the cost of all iron or steel components not produced in the United States, excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components" in this clause.

"Free Trade Agreement country construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of a Free Trade Agreement country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a Free Trade Agreement country into a new and different construction material distinct from the material from which it was transformed.

"Least developed country construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of a least developed country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a least developed country into a new and different construction material distinct from the materials from which it was transformed.

"Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

"Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

" United States " means the 50 States, the District of Columbia , and outlying areas.

"WTO GPA country construction material" means a construction material that-

(1) Is wholly the growth, product, or manufacture of a WTO GPA country; or

(2) In the case of a construction material that consists in whole or in part of materials from another country, has been substantially transformed in a WTO GPA country into a new and different construction material distinct from the materials from which it was transformed.

(b) This clause implements the Balance of Payments Program by providing a preference for domestic construction material. In addition, the Contracting Officer has determined that the WTO GPA and Free Trade Agreements apply to this acquisition. Therefore, the Balance of Payments Program restrictions are waived for designated country construction materials.

(c) The Contractor shall use only domestic or designated country construction material in performing this contract, except for--

(1) Construction material valued at or below the simplified acquisition threshold in part 2 of the Federal Acquisition Regulation;

(2) Information technology that is a commercial product; or

(3) The construction material or components listed by the Government as follows:

=====
[Contracting Officer to list applicable excepted materials or indicate "none"]

(End of clause)

252.229-7001 Tax Relief.

(Apr 2020)

TAX RELIEF-BASIC (APR 2020)

(a) Prices set forth in this contract are exclusive of all taxes and duties from which the United States Government is exempt by virtue of tax agreements between the United States Government and the Contractor's government. The following taxes or duties have been excluded from the contract price:

NAME OF TAX: <u> (Offeror insert) </u>	RATE (PERCENTAGE): <u> (Offeror insert) </u>
--	--

(b) Invoices submitted in accordance with the terms and conditions of this contract shall be exclusive of all taxes or duties for which relief is available. The Contractor's invoice shall list separately the gross price, amount of tax deducted, and net price charged.

(c) When items manufactured to United States Government specifications are being acquired, the Contractor shall identify the materials or components intended to be imported in order to ensure that relief from import duties is obtained. If the Contractor intends to use imported products from inventories on hand, the price of which includes a factor for import duties, the Contractor shall ensure the United States Government's exemption from these taxes. The Contractor may obtain a refund of the import duties from its government or request the duty-free import of an amount of supplies or components corresponding to that used from inventory for this contract.

(End of clause)

252.229-7004 Status of Contractor as a Direct Contractor (Spain).

(Jun 1997)

STATUS OF CONTRACTOR AS A DIRECT CONTRACTOR (SPAIN) (JUN 1997)

(a) "Direct Contractor," as used in this clause, means an individual, company, or entity with whom an agency of the United States Department of Defense has executed a written agreement that allows duty-free import of equipment, materials, and supplies into Spain for the construction, development, maintenance, and operation of Spanish-American installations and facilities.

(b) The Contractor is hereby designated as a Direct Contractor under the provisions of Complementary Agreement 5, articles 11, 14, 15, 17, and 18 of the Agreement on Friendship, Defense and Cooperation between the United States Government and the Kingdom of Spain , dated July 2, 1982 . The Agreement relates to contracts to be performed in whole or part in Spain , the provisions of which are hereby incorporated into and made a part of this contract by reference.

(c) The Contractor shall apply to the appropriate Spanish authorities for approval of status as a Direct Contractor in order to complete duty-free import of non-Spanish equipment, materials, and supplies represented as necessary for contract performance by the Contracting Officer. Orders for equipment, materials, and supplies placed prior to official notification of such approval shall be at the Contractor's own risk. The Contractor must submit its documentation in sufficient time to permit processing by the appropriate United States and Spanish Government agencies prior to the arrival of the equipment, materials, or supplies in Spain. Seasonal variations in processing times are common, and the Contractor should program its projects accordingly. Any delay or expense arising directly or indirectly from this process shall not excuse untimely performance (except as expressly allowed in other provisions of this contract), constitute a direct or constructive change, or otherwise provide a basis for additional compensation or adjustment of any kind.

(d) To ensure that all duty-free imports are properly accounted for, exported, or disposed of, in accordance with Spanish law, the Contractor shall obtain a written bank letter of guaranty payable to the Treasurer of the United States, or such other authority as may be designated by the Contracting Officer, in the amount set forth in paragraph (g) of this clause, prior to effecting any duty-free imports for the performance of this contract.

(e) If the Contractor fails to obtain the required guaranty, the Contractor agrees that the Contracting Officer may withhold a portion of the contract payments in order to establish a fund in the amount set forth in paragraph (g) of this clause. The fund shall be used for the payment of import taxes in the event that the Contractor fails to properly account for, export, or dispose of equipment, materials, or supplies imported on a duty-free basis.

(f) The amount of the bank letter of guaranty or size of the fund required under paragraph (d) or (e) of this clause normally shall be 5 percent of the contract value. However, if the Contractor demonstrates to the Contracting Officer's satisfaction that the amount retained by the United States Government or guaranteed by the bank is excessive, the amount shall be reduced to an amount commensurate with contingent import tax and duty-free liability. This bank guaranty or fund shall not be released to the Contractor until the Spanish General Directorate of Customs verifies the accounting, export, or disposition of the equipment, material, or supplies imported on a duty-free basis.

(g) The amount required under paragraph (d), (e), or (f) of this clause is _____ (Contracting Officer insert amount at time of contract award) .

(h) The Contractor agrees to insert the provisions of this clause, including this paragraph (h), in all subcontracts.

(End of clause)

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	=====
Issue By DoDAAC	=====
Admin DoDAAC	=====
Inspect By DoDAAC	=====
Ship To Code	=====
Ship From Code	=====
Mark For Code	=====

Service Approver (DoDAAC)	=====
Service Acceptor (DoDAAC)	=====
Accept at Other DoDAAC	=====
LPO DoDAAC	=====
DCAA Auditor DoDAAC	=====
Other DoDAAC(s)	=====

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

=====

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

(End of clause)

PGI PAYMENT INSTRUCTIONS

The Procedures, Guidance and Information (PGI), Section 2014.7108 link provides a standard set of payment instructions (in table format) that Defines how payments should be made based on the payment request type and the service being acquired.

The link to the PGI table is as follows:

https://www.acq.osd.mil/dpap/dars/pgi/pgi_hm/PGI204_71.htm#payment_instruction

(a) The Government will provide to the Contractor, without charge, one set of contract drawings and specifications, except publications incorporated into the technical provisions by reference, in electronic or paper media as chosen by the Contracting Officer.

(b) The Contractor shall-

- (1) Check all drawings furnished immediately upon receipt;
- (2) Compare all drawings and verify the figures before laying out the work;
- (3) Promptly notify the Contracting Officer of any discrepancies;
- (4) Be responsible for any errors that might have been avoided by complying with this paragraph (b); and
- (5) Reproduce and print contract drawings and specifications as needed.

(c) In general--

- (1) Large-scale drawings shall govern small-scale drawings; and
- (2) The Contractor shall follow figures marked on drawings in preference to scale measurements.

(d) Omissions from the drawings or specifications or the misdescription of details of work that are manifestly necessary to carry out the intent of the drawings and specifications, or that are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work. The Contractor shall perform such details as if fully and correctly set forth and described in the drawings and specifications.

(e) The work shall conform to the specifications and the contract drawings identified on the following index of drawings:

Title	File	Drawing No.

Section 00 71 00 - Contracting Definitions

FAR Clauses Incorporated by Reference

Number	Title	Effective Date	Alternate/ Deviation	Variation Effective Date
52.202-1	Definitions.	Jun 2020		

Section 00 73 00 - Supplementary Conditions

SUPPLEMENTARY CONDITIONS

ALL OR NOTHING OFFERS

Offers are solicited on an "all or none" basis and FAR 52.215-1, INSTRUCTIONS TO OFFERORS COMPETITIVE ACQUISITION in Section 00 70 00, is hereby modified. Failure to submit offers for all line items listed shall be cause for rejection of the offer.

NOTICE OF BONDING REQUIREMENTS

Within 10 days after receipt of award, the bidder/offeror to whom the award is made shall furnish the bonds required by FAR Clause 52.228-15.

Bidders/offerors are hereby notified that the contract time for purposes of fixing the completion date, default, and liquidated damages will be as stated in FAR Clause 52.211-10 Commencement, Prosecution, and Completion of Work, regardless of when performance and payment bonds or deposits in lieu of surety are executed.

INSURANCE REQUIREMENT

The insurance policy shall be in the name of the proposed Offeror. If the Offeror is a Joint Venture (JV), the policy shall be in the name of the JV.

AUTHORITY

1. No person other than the Contracting Officer has authority to bind the Government with respect to this contract.
2. No action or omission of any government employee or representative other than the Contracting Officer shall increase or decrease the scope of this contract or shall otherwise modify the terms and conditions of this contract.
3. In no event shall any of the following be effective or binding on the Government or imputed to the Contracting Officer with respect to this contract:
 - (a) An understanding or agreement between the Contractor and anyone other than the Contracting Officer;
 - (b) A purported modification or change order issued by anyone other than the Contracting Officer;
 - (c) A promise by anyone other than the Contracting Officer to provide additional funding or make payments; or
 - (d) An order, direction, consent, or permission from anyone other than the Contracting Officer to:
 - (i) Incur costs in excess of a specified estimated cost, allotment of funds, or other ceiling; or
 - (ii) Expend hours in excess of a specified level of effort.

In accordance with FAR Subpart 36.209 Construction Contracts with Architect-Engineer Firms - No contract for the construction of a project shall be awarded to the firm that designed the project or its subsidiaries or affiliates, except with the approval of the head of the agency or authorized representative.
