

**SOURCES SOUGHT**  
356 ETSG VM Corrosion Control  
Andersen Air Force Base, Guam

This is a Sources Sought Notice issued solely for market research and planning purposes. The 356 Expeditionary Theater Support Group (ETSG) Contracting Office is conducting a market survey to determine if there is a reasonable number of qualified small business concerns capable of performing the following services requirement.

**NAICS Code:** 811198 - All Other Automotive Repair and Maintenance

**Size standard:** \$10M

**PSC:** J025- Maint/Repair/Rebuild of Equipment—Vehicular Equipment Components

**I. DESCRIPTION OF REQUIREMENT:**

The contractor shall provide specialized corrosion control services for vehicles and equipment located on Guam and the Commonwealth of the Northern Mariana Islands (CNMI). These services directly support vertical construction efforts and the Tinian North Field rehabilitation project in alignment with Agile Combat Employment (ACE) operations. Contractor expertise in corrosion control and quality assurance is essential to preserving passenger and construction assets and ensuring long-term mission readiness. All work must comply with DAFI 24-302, T.O. 36-1-191, and all other applicable technical orders, standards, and instructions.

The Government requires bi-annual wash and rustproofing services for ETSG vehicles and equipment assets on Guam and the CNMI, with corrosion control performed in accordance with the treatment types defined in T.O. 36-1-191 and categorized by both corrosion treatment type and equipment class (small vehicles, large vehicles, heavy equipment, and small equipment/tools). The current fleet consists of 204 vehicular assets in Guam, 81 vehicular assets in Tinian, and 3 equipment assets and these numbers are expected to increase.

The required corrosion control treatment types are listed below:

Type B – Mild Rustproofing (6.6.2): Protective coatings applied to visually exposed areas of the vehicle undercarriage.

Type C – Design Corrosion Control (6.6.3): Protective coatings/methods per T.O. 36-1-131 and manufacturer standards; not applied above wheel wells.

Type D – Tropical Corrosion Control (6.6.4): Complete treatment of all body surfaces and boxed-in internal structures per Figures 6-1 and 6-2; authorized for severe and very severe corrosion zones.

Interested firms are requested to submit the following requested information no later than **14:00 PM, on 15 April 2026 (Chamorro Standard Time)** to the below Points of Contact:

Rachel Kinsella - [rachel.kinsella@us.af.mil](mailto:rachel.kinsella@us.af.mil)  
356 ETSG Org Box - [356ECEG.CONSTeam@us.af.mil](mailto:356ECEG.CONSTeam@us.af.mil)

**Please note: All information provided is strictly voluntary. Please review and answer questions on the next page to complete the questionnaire.**

## **II. SOURCES SOUGHT QUESTIONNAIRE**

1. Name of your company: \_\_\_\_\_  
Address: \_\_\_\_\_  
Phone number: \_\_\_\_\_  
Email: \_\_\_\_\_  
UEI number: \_\_\_\_\_  
CAGE code: \_\_\_\_\_  
Point of Contact Name: \_\_\_\_\_
2. Please indicate if your company is interested and capable of meeting the requirements listed above. \_\_\_\_\_ (YES/NO)
3. Will your company be able to begin performance and fully meet the service requirements no later than 1 Oct 2026? \_\_\_\_\_ (YES/NO)
4. If your company cannot meet the required start date, please provide your estimated timeframe to begin performance after receipt of award \_\_\_\_\_.
5. Is your company a small business? \_\_\_\_\_ (YES/NO)
  - a. If a Small Business, please identify your company's socio-economic concern(s):  
  
8(a) Program  
HUBZone  
Service-Disable Veteran Owned Small Business  
Woman-Owned Small Business  
Small Disadvantage Business  
Small Business  
Other: \_\_\_\_\_
