

Site locations for commercial lease and development

2 acre site for lease and commercial development on Sheridan Road

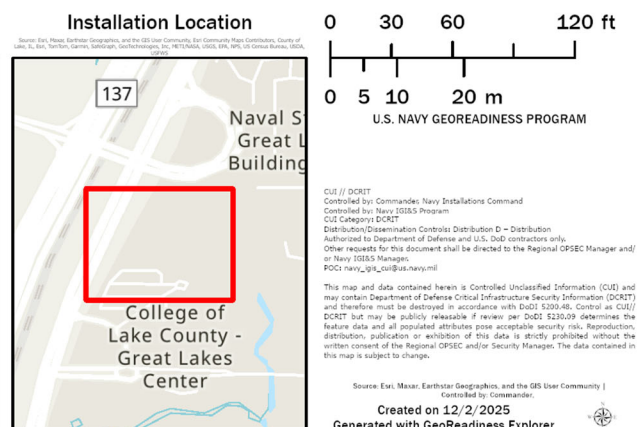

Narrative: This 2 acre commercial-ready site is available for development along Sheridan Road. This publicly accessible site is centrally located and shares a parking lot adjacent to our Visitor Center, the Naval Museum of the American Sailor, and the main entrance to Naval Station Great Lakes. Of Lake County's estimated 1.2 billion dollar annual tourism economy, NSGL is estimated to be responsible for over 40% of this economy on an annual basis due to its weekly graduations as the Navy's only bootcamp. This site is located where NSGL receives the most vehicular and pedestrian traffic on a daily basis. Some of our initially perceived market demand for this site is for general commercial use or in the retail or hospitality sector. There will be some offset requirements from the ravine to the east.

4.66 acre site for lease and commercial development on Sheridan Road

Narrative: This commercial-ready site is available for development along the North Shore’s most prestigious street. Every Thursday, this site is within walking distance (500’) of the Navy’s weekly Boot Camp graduation, that draws in thousands of out-of-town visitors on a weekly basis. Additionally, this site is publicly accessible, across from the Metra and Lake Bluff adjacent. Some of our initially perceived market demand is for commercial use in the hospitality sector. The building on site is scheduled for demolition in 2026. The site is approximately 500’x 450’. 42°18'20.3"N 87°50'45.6"W. South of: 3000 Sheridan Road, North Chicago, IL 60088.

Ray Street Corridor, up to 11.5 acres available for commercial lease

2625 Ray Street, North Chicago, IL 60088

Parcel 3 (North): 3.1 Acres

Narrative: Currently a Navy parking lot.

Narrative: This commercial-ready site is situated along an in-demand transit corridor in the City of North Chicago. The site could be broken into smaller parcels, as we outlined 3 examples at natural breaks. Adjacent to IL 137 (Buckley Road), 1 mi to I-41, 2.5mi to I-94. Some of our initially perceived target market demand is for commercial warehousing, shipping or data centers. Approximately 180' by 2,750' usable in total.

Building 16: 27,264 SF

Parcel 2 (Middle): 6.2 Acres

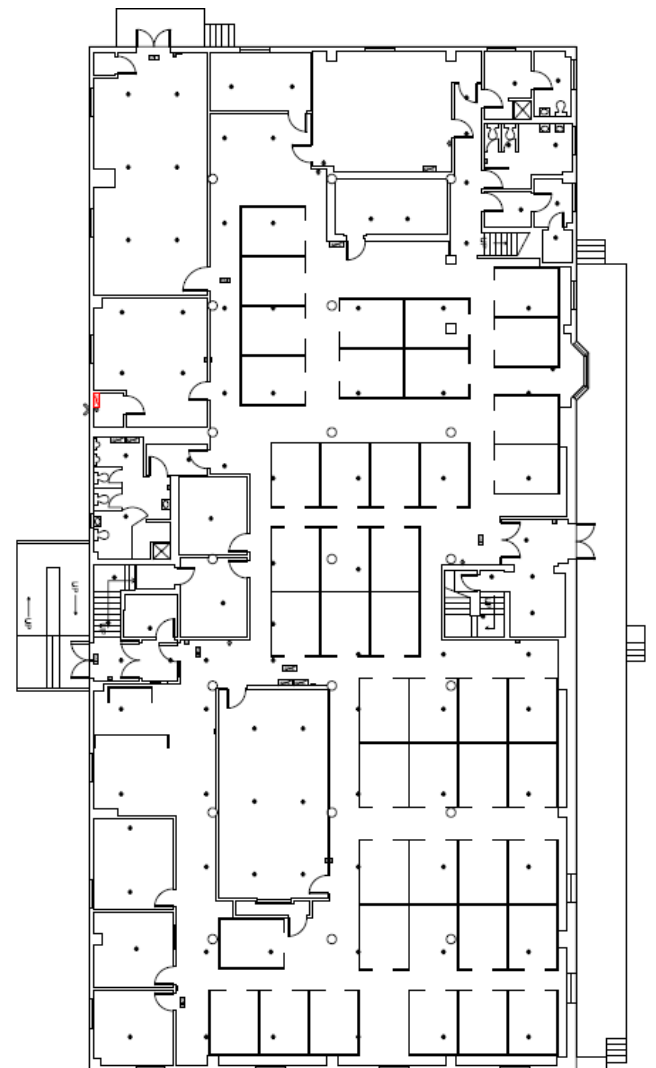

Narrative: Building 16 (2625 Ray Street) is a vacated office building. It could be repurposed or demolished. The two smaller buildings are currently used for storage and their uses will be relocated.

Assets:

B2016: 27,264sf Vacant Office/Admin

B2017: 1,620sf Storage

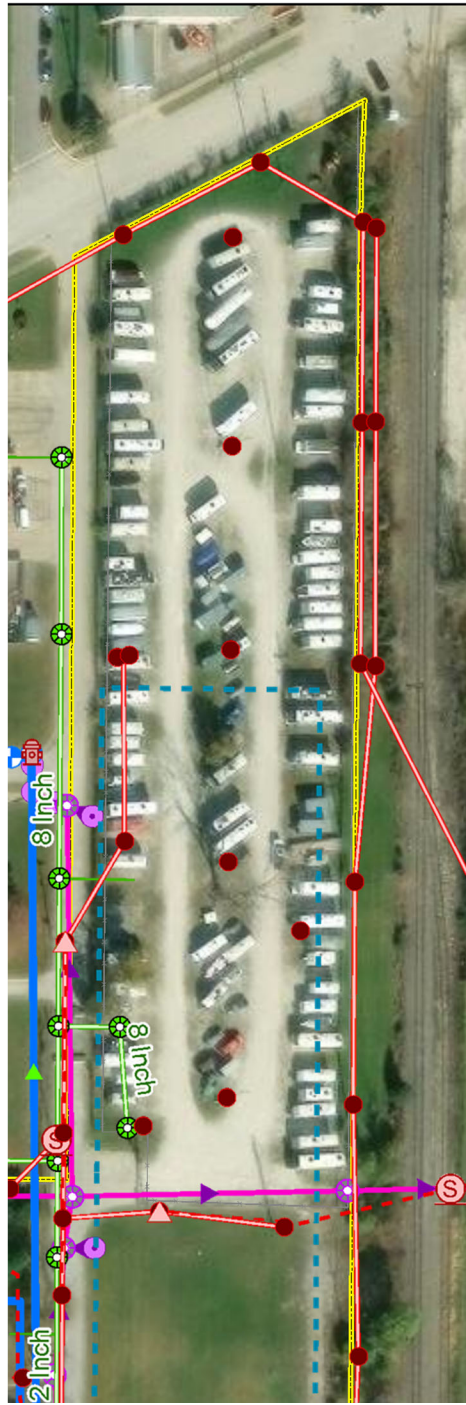

B8301: 2,805sf Storage

Building 16: 1st floor layout

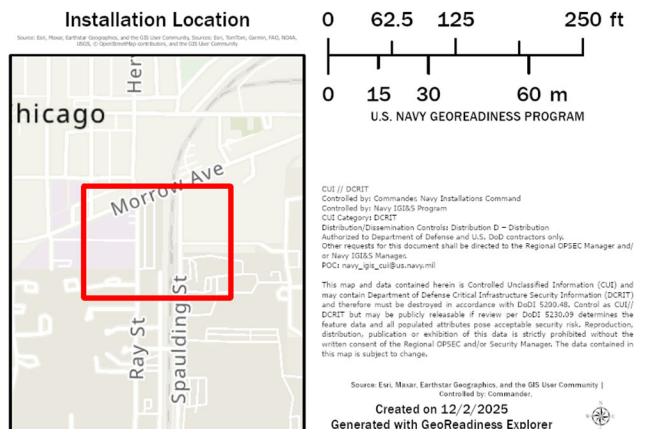

Parcel 1 (South): 2.2 Acres

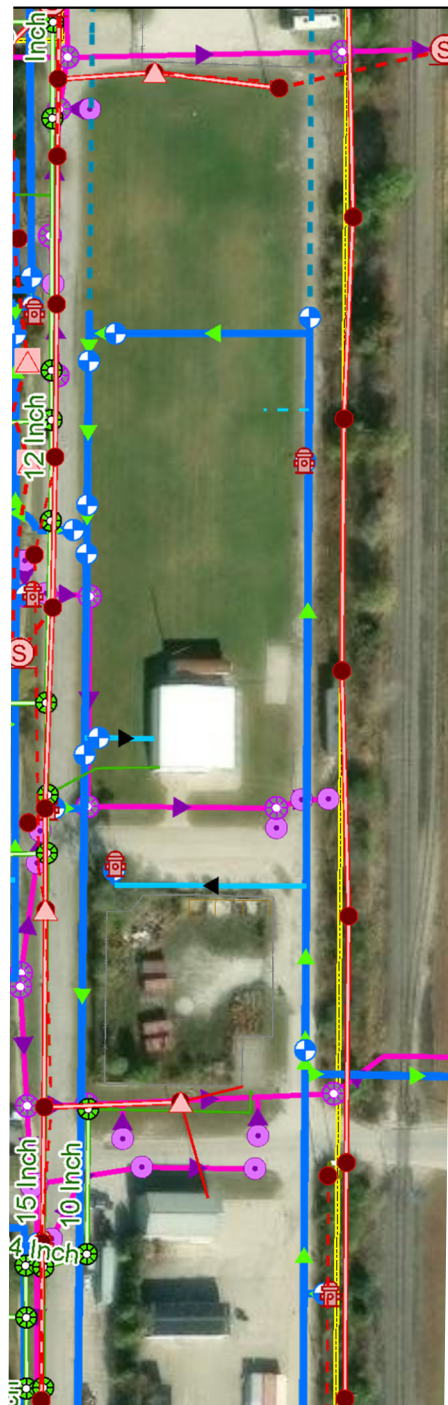

Narrative: An old parking lot and an empty field.
