Solicitation/Contract Form Continuation

Janitorial services for NAVSUP FLCSI facilities

Continuation of Supplies or Services and Prices/Costs

Additional Information/Notes

PERFORMANCE WORK STATEMENT (PWS)

Janitorial Services for NAVSUP Facilities

A. Description of Services. The Contractor shall provide the managerial, supervisory, administrative, direct, and overhead personnel necessary to perform the work specified in this Contract, including the provision of all labor, transportation, equipment, supplies and materials to perform janitorial services in accordance with (IAW) this Contract at the following Navy Supply Fleet Logistics Center facilities on Navy Air Station (NAS), Sigonella.

Building 318, Post Office, NAS 1

Building 537, NAVSUP FLC-SI (HQ), NAS 2

Building 720, Site Sigonella including Post Office, NAS 2

Building 1020, HAZMAT Center, NAS 2

Note: NAVSUP FLC-SI facilities are located at two (2) different geographical areas and it is highly encouraged to schedule a site visit to see the facilities listed above.

1. Contract Performance Standard: Outstanding services begins with a clean, neat and professional working environment in accordance with International Management Standard Association and Cleaning Industry Management standards. Accordingly, the Contractor is expected to perform all requirements of this Contract in an exemplary manner with minimal oversight.

2. Approximate square footage of each facility is as follows which will be shared by facility housekeeping staff as well. The purpose of this contract is to augment/supplement facility housekeeping staff with additional contracted housekeepers.

Building 318 (Post Office) with annex, 4,561 square feet

Building 537 FLC-SI (HQ), 20,585 square feet

Building 720 General Purpose Warehouse (Post Office), 14,182 square feet

Building 720 General Purpose Warehouse, (ATAC) 1,410 square feet

Building 720, Administrative, 11,336 square feet

Building 720, Post Office, 16,497 square feet

Building 1020, HAZMAT Center (Administrative Area), 4,000 square feet

3. Cleaning Services and Frequencies are set forth at the end of this PWS in Appendix I.

B. Basic Cleaning Services - The Contractor shall perform the following basic cleaning services:

1. Aseptic Cleaning Techniques: The Contractor shall use aseptic cleaning techniques, defined as using practices and procedures to prevent contamination from pathogens in order to minimize the risk of infection, in the performance of this Contract.

2. Urgent Cleaning: The Contractor, if currently on site, shall immediately respond to any urgent cleaning requirements either communicated by NAVSUP or if observed, including without limitation to include spills.

3. Maintaining Floors: All floors, except carpeted areas, shall be swept, dust-mopped, and wet- mopped using microfiber material mops daily in kitchenette/breakrooms, twice per week in common areas, and weekly in office(s) and work station areas and/or as needed to ensure a uniform, glossy appearance free from dirt, debris, dust, scuff marks, heel marks, other stains and discoloration, and other foreign matter, and to prevent quat binding. Baseboards, corners, and wall/floor edges shall also be clean and free from dirt. All floor maintenance solutions shall be removed from baseboards, furniture, trash receptacles, and all other areas/items adjacent to the floor. Chairs, trash receptacles, and other moveable items shall be moved to maintain floors underneath these items. All moved items shall be returned to their original and proper position.

4. Removing Trash: All trash receptacles in offices and workstations to include NAVSUP receptacles in excess trash in the kitchenette areas shall be emptied and returned to their initial location. Boxes, cans, and paper placed near a trash receptacle and marked "TRASH" shall be removed. All trash receptacles shall be fitted with a disposable clear, plastic liner. All plastic liners for trash receptacles of any sort shall be replaced with new ones when the receptacle is emptied. The trash shall be deposited in the nearest outside trash collection container, as directed by the COR. All streams of trash are to be removed. Trash receptacles shall be left clean, free of foreign matter, and free of odors.
5. Emptying Recycling Containers: All recycling containers shall be emptied and returned to their initial location at workstations and offices. Cardboard boxes shall be broken down and placed within the recycling dumpster. All recycle receptacles shall be fitted with a disposable clear, plastic liner and replaced with a new one, if required. Cans, paper, and other recyclables placed in or near a trash receptacle shall be removed and placed within the recycling dumpster. Recycling containers shall be left clear, free of foreign matter, and free of odors.
6. Cleaning Mirrors: Clean all mirrors, including mirrors/glass in doors, partitions, walls display cases, and directory boards. After cleaning, there shall be no traces of film, dirt, smudges, water, or other foreign matter.
7. Cleaning Windows: Clean the interior surface of all windows. The facility currently has a contract that provides deep cleaning to the windows twice a year to all windows, however it is the expectation that any visible fingerprints and or smudges/soil are addressed on windows and walls each day and/or as needed. The frequency of cleaning interior and exterior glass in Post Office areas is required daily.
8. Vacuuming Carpets: Vacuum carpeted areas, which includes area and throw-rugs. After vacuuming, the carpeted area shall be free of all visible dirt, debris, litter, and other foreign matter. All spots shall be removed by the carpet manufacturer's approved methods as needed. All tears, burns, and raveling shall be brought to the attention of the COR as soon as practicable.
9. Vacuuming/Cleaning Floor Mats: Vacuum and/or clean interior and exterior floor mats of all visible lint, litter, soil, and other foreign matter. Soil and moisture underneath mats shall be removed, and mats returned to their original location.
10. Cleaning and Disinfecting High-Touch Points: Clean and disinfect all High-Touch Points in common/public areas. High-Touch Points are surface areas that are likely to be touched by patients, staff, vendors, and/or visitors. Examples of High-Touch Points include without limitation: horizontal surfaces; handrails; elevator buttons; elevator panels; elevator holding rails; waiting room furniture; water fountains; windowsills; hallway bumper guards (upper and lower); door handles; and light switches.
11. Dusting: All horizontal surfaces shall be dusted or otherwise cleaned to eliminate dust collection. All vertical surfaces shall also be kept free from the accumulation of dust. All furniture, computers, and printers and other equipment shall also be kept free from dust. This applies to all dust-gathering surfaces up to three (meters) from the ground.
12. Cleaning HVAC Vents: All heating and air conditioning ventilation grates, grills, louvers, and covers shall be kept free from dust and dirt.
13. Cleaning Fluorescent/LED Light Fixture Diffusers: All plastic diffusing lenses for ceiling-mounted fluorescent light fixtures shall be kept clean on both sides of the diffuser, free of dust, dirt, and dead insects.
14. Cleaning Water Fountains: All water fountains shall be cleaned and disinfected daily, including the drains. Water fountains shall be free of streaks, stains, spots, smudges, and scale.
15. Flushing requirements: Documented flushing and running of faucets is a daily requirement needing to occur on all toilets, urinals, eyewash stations, and sinks as part of the facility water safety program. This is a shared responsibility that shall occur between regular and contracted housekeeping staff. Contractor shall include all instances of these items not working properly.
16. Emptying/Cleaning Exterior Trash Receptacles: All exterior trash receptacles shall be emptied and returned to their initial locations. Boxes, cans, and paper placed near a trash receptacle and marked "TRASH" shall be removed. All trash receptacles shall be fitted with disposable clear, plastic liner. All plastic liners for trash receptacles shall be replaced with new ones when the receptacle is emptied. The trash shall be deposited in the nearest trash collection container as directed by the COR. Trash receptacles shall be left clean, free of foreign matter, and free of odors.
17. Elevator: All exterior and interior surfaces shall be clean, free of finger marks, smudges, and polished. The light diffusers and fixture shall be dusted, and any trash or foreign debris removed. Exterior doors and frames shall be cleaned and polished daily. Metal surface shall be uniformly free of obvious dirt, stains, and streaks and shall maintain a uniform luster with protective coat. The elevator door tracks shall be cleaned daily to remove dirt, foreign debris, built up debris and other extraneous matter. Routing cleaning is important for the operation, safety, and efficiency of the elevator.
18. Eye Wash Stations: Proper eyewash station cleaning requires adherence to ANSI/ISEA Z358.1 standards, which emphasize regular, often weekly, activation and flushing to ensure functionality and hygiene. The eyewash stations shall remain clean, accessible, and operational to prevent the build-up of bacteria and sediment. The Contractor is responsible to perform functionality test, inspection, and complete/post documentation weekly.
19. Kitchenette: The Contractor shall be responsible for the daily cleaning inside and out, of all government-owned microwave ovens, including kitchenette/countertop surfaces, and bi-monthly (twice per month) cleaning of refrigerators.

20. Stairwells: Exposed Surfaces, Treads, Risers, and Landings. Stairways, stairwell entrances, landings, railings, risers, ledges, door grills/louvers, doors, treads, fire apparatus, light fixtures, and surrounding areas shall be cleaned on a bi-weekly basis and shall be free of dirt, dust, litter, and debris. The handrail should be kept free of obvious dirt, dust, stains, and any other extraneous matter.
21. Shredders: The Contractor shall be responsible to empty the contents of all designated shredders and replacing the clear plastic bag liner, as needed. The shredded paper will be transported to the nearest bulk paper waste container for recycling.
22. Pressure Washing: The Contractor shall pressure wash the main entrance areas and sidewalks, of all NAVSUP occupied facilities. Pressure washing shall be accomplished IAW industry standards to remove all dirt, debris, residue, gum, and grease. After pressure washing, the area shall be rinsed clean with clear water, and squeegeed. All areas must be free of puddles or standing water to prevent a slipping hazard. Following the pressure washing, a post-treatment product such as bleach is required to prevent algae growth and brighten the concrete and paver surfaces. Coordination required with the COR to redirect foot traffic and provide an alternate access route into and from the facility.
23. Spot-Cleaning: Perform spot-cleaning on a continual basis using microfiber cloths, EPA-registered, or equivalent, disinfectants and cleaners on all surfaces, particularly High-Touch Points, including without limitation: door handles; handrails, and light switches. Spot-cleaning includes without limitation, removing or cleaning smudges, fingerprints, marks, streaks, and spills from washable surfaces of all walls, partitions, vents, grillwork, doors, door guards, door handles, push bars, kick plates, light switches, temperature controls, fixtures, furniture, and various non-critical surfaces. After cleaning, surfaces shall have a clean, uniform appearance, free of streaks, spots, and other evidence of soil. The Contractor shall notify the COR as soon as practicable if an area or item cannot be successfully spot cleaned.

C. Floor Cleaning Services.

1. Strip, Scrub, and Wax Floors: Tile floors shall be stripped, scrubbed, and waxed to maintain sanitary conditions and a clean, uniform, glossy appearance free of scuff marks, wax build-up, and other stains or discolorations. Stripping shall be accomplished using a non-ammoniated finish remover. Floors shall be completely clean, free of stripper, dirt, hair, and debris, prior to applying any wax. The Contractor shall use a nonskid wax. The Contractor shall apply a minimum of two (2) coats of finish. The Contractor shall remove all floor products splashed onto baseboards, walls, and any other surfaces. Additional finishing may be required in heavy traffic areas between regularly scheduled finishing to keep the floor protected and provide an even appearance. Scheduling/Frequency of floor care services shall be established and/or scheduled in conjunction and in collaboration with the COR and shall be accomplished on a continual rotational basis and/or as needed.
2. Clean and Shampoo Carpets: Shampoo carpeted areas, including area and throw-rugs, to create a uniform appearance free of stains and discoloration. Any spots or stains shall be removed by the carpet manufacturer's approved methods as soon as noticed. A heavy-duty spot remover may be required in heavily soiled areas. All cleaning solutions shall be removed from baseboards, furniture, trash receptacles, chairs, and other similar items. Chairs, trash receptacles and other items shall be moved to clean carpets underneath and returned to their original location upon completion and a dry surface. Scheduling/Frequency of floor care services shall be established and/or scheduled in conjunction and in collaboration with the COR and shall be accomplished on a continual rotational basis and/or as needed.

D. Materials and Supplies. All material and supplies shall be furnished by the Contractor. All disinfectants used in the cleaning of the facility shall be FDA/EPA-approved, or equivalent, and approved by the COR. Microfiber mops and rags shall be used throughout the facility and the Contractor will supply all consumable supplies, including hand sanitizer and dispenser soap. The Contractor also provide additional housekeeping carts and basic cleaning supplies/materials, including cleaning disinfectants, general cleaners, brooms, and mops.

1. Material Safety:

- a. All cleaning agents shall be kept in their original containers with legible labels.
- b. The Contractor shall properly dispose of all cleaning agents and chemicals after use.
- c. All supplies shall be properly stored in janitorial closets, or other areas designated by the COR.
- d. The Contractor shall obtain and provide the COR with an electronic PDF copy of Safety Data Sheets (SDS), or equivalent, for all hazardous materials before bringing the materials on the installation. The SDS for the proposed hazardous material shall be reviewed and accepted by the COR. The COR reserves the right to disapprove any materials and/or chemicals.

E. Staffing.

1. Housekeeper: These Contractor employees will perform general work under this contract. The Contractor shall designate a main POC/Housekeeping Supervisor/Lead to be responsible for all services to be provided under this Contract and who shall serve as the primary point-of-contact for the COR. The Contractor may designate an Alternate Housekeeping Supervisor/Lead to serve as a backup to the Housekeeping Supervisor/Lead.
2. Leader/Supervisor: The Contractor shall designate a Housekeeping Supervisor/Lead, with the following responsibilities: ensure the quality of the work meets the requirements of this Contract; take employee attendance; coordinate administrative actions between the COR or the COR's designee and Contractor employees and perform housekeeping work as working supervisors. The Housekeeping Supervisor/Lead or the Alternate Housekeeping Supervisor/Lead are required to be fully

conversant in both English and Italian, and shall be available by telephone during all shifts and shall attend all scheduled meetings. The COR may permit virtual meeting attendance by telephone or working supervisors. At all times, at least one of the Contractor's on-site staff must be fully conversant in both English and Italian.

3. Personnel Requirements: The Contractor shall ensure that personnel performing services under this Contract meet the following requirements:

- a. All personnel shall be fully trained, completely competent, and otherwise meet all legal requirements for performing these services at a US Government facility, including all training recommended by the Occupational Safety and Health Administration (OSHA) or equivalent standard in Italy.

Note: In addition to these requirements, all employees shall be healthy when performing services under this Contract; sick employees shall not report to work, and employees that become sick at work shall depart the facility as soon as possible.

- a. Physically Qualified: All employees shall be physically able to perform services under this Contract, to include the following: ability to lift 50 pounds; prolonged standing and walking; and frequent bending at the waist.
- b. Proper Behavior: While onsite, all employees shall be courteous and respectful of the staff, visitors, and each other. Contractor employees shall not be rude, argumentative, or confrontational with anyone. Any violation of this policy is grounds for immediate revocation of that person's access badge and a permanent ban from the base.
- c. Hygiene and Grooming: All employees shall maintain proper hygiene and grooming standards while on onsite.
- d. Base Access / Security: Base access guidance and direction will be provided by the COR upon contract award which shall comply with NASSIGINST 5530.3D.
- e. Able to Communicate: All employees shall be able to effectively communicate in English **or** Italian. The purpose of this requirement is to ensure that all employees can understand any alerts or warnings, oral and written, issued by the facility.

4. Uniforms: The Contractor shall provide a standard custodial-type uniform to its personnel that is easily recognizable and clearly distinguishes them as Contractor personnel. The Contractor shall ensure all employees wear a uniform with their company's logo during performance of this contract. Uniforms shall: present a neat, distinctive appearance; be clean and maintained in good repair, and be worn as designed by the manufacturer. A standard custodial uniform is a collared work-shirt (button-down or polo style), pants or skirt of twill or similar material, and footwear that covers the entire foot for safety purposes. Contractor personnel shall not wear hats.

5. Identification Badges: Personnel shall wear their Government-issued identification badge so that it is clearly visible on the front of the uniform and above the waist.

F. Scheduling.

1. Staffing: The Contractor shall determine and provide the necessary number of employees including the Leader(s). The Contractor shall ensure NAVSUP facilities are cleaned as scheduled regardless of call-outs or employees otherwise not appearing for work. This requirement will be monitored by the COR.

2. Work will be performed during normal working hours 0730 - 1600 Monday through Friday. No custodial cleaning services will be performed on American or Italian National Public Holidays. Any work scheduled for those days must be performed during the next scheduled work day.

US Federal Holidays: Days of Non-Scheduled Activities (DONSA) are not considered federal holidays.

- a. New Year's Day;
- b. Birthday of Martin Luther King, Jr.;
- c. President's Day;
- d. Memorial Day;
- e. Juneteenth National Independence Day;
- f. Independence Day;
- g. Labor Day;
- h. Columbus Day/Indigenous People's Day;

- i. Veterans Day;
- j. Thanksgiving Day;
- k. Christmas Day; and
- l. Any other day declared a Federal Holiday by Presidential Proclamation.

Note: All times are Local (Central European Time) during the winter months, which is UTC+1. During the summer, it switches to Central European Summer Time (CEST) which is UTC+2. This means clocks move forward one hour for Daylight Saving Time.

3. **Personnel List:** No later than seven (7) calendar days after Contract award, the Contractor shall provide a Schedule with personnel to the COR, which shall include the names and telephone numbers for the Lead Housekeeping Supervisor, the Alternate Lead Housekeeping Supervisor (if designated). The Schedule shall also contain the names of all personnel by assigned building. The Contractor shall provide an updated Schedule to the COR within the first five (5) working days of each month thereafter. The COR will be notified in writing of substitution of personnel at least five (5) working days in advance of personnel change.

G. Performance Requirements.

1. **Janitorial Closets:**
 - a. All designated janitorial closets shall be kept clean and orderly. No food or drink shall be stored in a janitorial closet.
 - b. Mop heads and bristles shall be stored clean and free of debris.
 - c. Mop buckets, buckets, and miscellaneous containers shall be free of standing liquid and debris.
 - d. Cleaning chemicals shall be stored below five (5) feet from the floor and below any paper products. Supplies shall be stored in cabinets off the floor. Brooms and mops may hang from wall-hooks.
 - e. Electrical equipment shall be in working order. No broken or unsafe equipment of any kind shall be stored in a janitorial closet.
 - f. The following are prohibited from use in janitorial closets: corrugated cardboard; wood shelving; and pallets.
2. **Safety:**
 - a. Housekeeping carts shall not be left unattended or parked in public areas where they could cause an obstruction, such as doorways or blocking handrails. All Housekeeping cart doors shall be locked when not in use.
 - b. Wet floor signs shall be used to designate wet areas on the floor and removed when the floor is dry. Signs shall be placed so as not to be an obstruction or otherwise pose a hazard.
 - c. Contractor staff shall not wear earbuds or headphones during the performance of their work.

H. Quality Assurance.

1. **Quality Control Program ("QC Program"):** The Contractor, in coordination with the COR, shall develop and maintain a Quality Control Program to ensure that all delivered services are performed in accordance with this Contract and accepted commercial practices. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of non-conforming services. The QC Program shall be delivered to the COR within five (5) working days after Contract award, to be approved by the COR. If changes are requested by the COR, an updated QC Program shall be submitted within three (3) working days from the request. The QC Program must include:

- How the Contractor will ensure their performance meets the quality standards discussed in the Performance Requirements Summary (PRS) in Section L below.
- Information on how customer complaints will be tracked, internal remedies implemented to resolve the issues, and how they will ensure all issues are resolved within the timeframe specified in this PWS.
- Each customer complaint or issue must be given a unique tracking number and must be retained by the Contractor for the entire duration of the contract.

2. **Surveillance:** The Government will periodically evaluate, using one or more of the methods listed below, the Contractor's performance by inspection and personnel/customer complaints.

- **Methods of Surveillance.**
 - i. **Periodic Inspection:** The COR will conduct "spot check" style evaluations of the contractor's work on a periodic basis (e.g., daily, weekly, monthly).

- ii. **Random Sampling:** A statistically random sample of the contractor's work will be selected for evaluation to determine the acceptability of the entire lot of work.
- iii. **100% Inspection:** This method is used for critical services where every instance of the work must be inspected. If this method of surveillance is listed in the Performance Requirement Summary as the method of surveillance, this means the COR will inspect and investigate all complaints or events where this objective has or will occur.
- iv. **Validated Customer Complaints:** Complaints from building occupants will be investigated by the COR. If a complaint is found to be valid, it will be documented as a performance defect.
- v. **Unscheduled Inspections:** The COR may conduct inspections at any time to investigate potential problems or to supplement other surveillance methods.

4. **Performance Objective:** All services performed under this Contract shall meet the performance threshold identified in section L below.

5. **Deficiency Procedures:** When a deficiency per the requirements of this Performance Work Statement is noted by a facility staff-member or customer, the COR will confirm this deficiency by inspection and record any findings, with the date and time of the inspection. When inspection indicates unacceptable performance, the COR will notify the Contractor. The Contractor shall correct all deficiencies within two (2) hours after notification of the unacceptable performance, if identified during normal working hours. If identified outside of normal working hours, deficiencies shall be corrected immediately on the next working day. The correction must be documented in the daily work log, be supported by a photo of the corrected area, and reported to the COR.

I. Reporting Requirements.

- 1. At the discretion of the COR or Contracting Officer, the Contractor may be required to submit a daily report of services rendered under the terms of the Contract. Unless a lesser frequency is communicated from the COR, the Contractor shall submit a report that includes: (1) dates and times when services were performed; (2) a list of the areas where services were performed; (3) types of services and a brief description of the work performed; (4) any items damaged or other incidents; (5) the names of employees performing the services; (6) any other information deemed relevant to performance under this Contract by the COR or Contracting Officer. This report may be a checklist completed by cleaning staff/housekeepers as they perform their work each day. All records must be retained by the Contractor for the duration of the contract and be provided to the COR or Contracting Officer within two (2) working days upon request.
- 2. The Contractor is responsible to document and submit records of any progress or performance meeting minutes within three (3) working days.

J. Onsite Work Requirements.

- 1. **Contractor Orientation/Training:** The Contractor shall attend an orientation prior to beginning any work under this Contract. This orientation may include the following topics: Contract terms and conditions; performance monitoring; badging procedures; safety; fire procedures; severe weather procedures; disaster procedures; and any other topic deemed necessary by the COR. At the COR's discretion, the Contractor may be responsible for providing some or all of this information/training to its personnel.
- 2. **Check-in/Check-out Requirements:** The Contractor shall comply with all facility check-in and screening requirements. Upon successful completion of the facility's check-in and screening process, the Contractor supervisor shall check-in with the COR via email, or the COR's designee, at the start of each shift. The Contractor supervisor shall check-out with the COR via email, or the COR's designee, at the conclusion of such work, prior to departing NAVSUP facilities, advising them of the work completed and any problems/issues identified. The daily report will be included with the check-out email.
- 3. **Noninterference with Facility Functions:** The Contractor shall perform its services under this Contract in a manner that does not interfere with the facility's functions, including maintaining all tools and equipment in an orderly fashion and cleaning the work area at the conclusion of a service visit. Contractor personnel shall not use Government telephones or equipment.
- 4. **Building Security and Access:**
 - a. The Government will provide access to the required rooms where cleaning services will be performed under this Contract. Access to restricted areas will be provided to the Contractor by prior arrangements with the COR who will ensure escorts are provided and the rooms are properly prepared for Contractor staff to enter.
 - b. The Contractor shall not open locked rooms or areas to permit entrance by persons other than the Contractor's assigned staff. The Contractor shall be responsible for securing areas upon completion of duties. There may be certain areas identified by the COR in which Contractor personnel shall immediately notify the COR and facility Security Personnel if a door is found unlocked.
 - c. When leaving a work area, Contractor personnel shall turn off lights if the area is unoccupied, unless otherwise directed by the COR. The Contractor shall secure and lock windows before leaving an area, and if there is difficulty securing the area, Contractor personnel shall immediately notify their supervisor, who shall immediately notify the COR.
 - d. The Contractor shall comply with all access controls imposed.

- i. Escorted in Specific Areas. All contract employees, including Sub-Contractor employees who are not in possession of the appropriate access privileges, shall be escorted in areas where they may be exposed to sensitive or restricted areas.
- ii. Specific security compliance measures: B-537, Room 100 and Room 29, Building 720, Building 1020, and both B-720 & B-318 Post Offices on of NAS 1 and NAS 2 are restricted areas and will require coordination for custodial services. The COR will provide guidance on proper access procedures. In order to minimize disruption to employees in these areas, there must be a fixed schedule for the cleaning of these areas which must be approved by the COR.

iii. The Contractor shall provide the COR with all required documentation and complete the installation access requests for personnel and vehicle entry to Naval Air Station Sigonella (NAS 1 and NAS 2). The Contractor is responsible to track installation access date and expiration date to prevent delays onto the installation and the lapse in services. The COR will provide all necessary instructions for installation access after contract award.

- e. The Contractor shall turn in all lost articles found during the performance of duties to the COR or facility Security Personnel.

5. Conservation of Utilities: The Contractor shall not adjust any controls for the HVAC system and shall turn off all water faucets and spigots when not in use.

6. Personal Protective Equipment: The Contractor will provide all safety equipment/supplies/PPE to provide uniformity among their staff.

7. Safety- OSHA: The Contractor shall comply with all OSHA, or Italian equivalent, including without limitation: use of personal protective equipment (PPE), platform ladders; and proper placement of caution signs, as applicable, prior to beginning any work under this Contract.

8. Photography: Photographs may be taken on facility grounds only during the performance of the services provided under this Contract to document an issue or confirm a deficiency has been corrected. Photographs shall not be taken for any other reason. Photographs shall not contain any images or other personal information Government personnel, or other contractor personnel. Any violation of this policy is grounds for immediate revocation of that person's access badge.

9. Legal/Professional Standards Compliance: All work performed under this Contract shall comply with all applicable laws, regulations, ordinances, rules, and professional standards applicable in the location where work will be performed.

10. Protection of Government Property: The Contractor shall take care to protect persons and personal/Government property while on NAS property, including removal of all trash and debris at the completion of any job, and otherwise keeping the work area clean at all times. The Contractor shall be liable for any injuries and/or damage caused by the Contractor, including its personnel and agents (including any subcontractors), to include all reasonable costs for medical treatment and/or damage repair. Any injuries and/or damage caused by the Contractor shall immediately be reported to the COR.

11. General Safety Requirements. It is Navy policy that government safety and health responsibilities in Contractor facilities and Contractor operations on government property are limited to helping ensure the safety of government-owned equipment, protecting the production base, protecting government property and on-site government personnel from accidental losses, and protecting the public. The Contractor is responsible for the safety and health of its employees, including, but not limited to, Subcontractors, and protection of other personnel, including the public, at Contractor facilities and at NAVSUP locations where services are to be performed under this contract. The Contractor is directly responsible for the safety and health of its employees. The Navy does not exercise direct control over the safety and health of Contractors, except in those instances when Contractor activities create the potential for accidental injury or property damage to the government or public. Conversely, it is in the interest of the Navy that its Contractors have strong safety and health programs since this shall help ensure the quality of work performed and protection of Navy personnel and property. The specific areas of safety concern pointed out in the following paragraphs are not intended to be all-encompassing. The Contractor is responsible for formulating and executing a comprehensive safety program for its activities under this contract.

Safety Plan: The Contractor must create a Safety Plan for its staff to follow during performance of this contract which must include the items below. This plan shall be submitted to the COR for review and approval within 7 days of contract award.

- Slip and fall hazards;
- Electrical hazards;
- Proper handling of chemicals; and
- And other miscellaneous hazards they might encounter during performance of this contract.

K. Invoicing and Payment

1. Invoicing shall be submitted monthly in arrears through the Wide Area Workflow (WAWF) system.

2. All invoices shall comply with invoicing instructions included in Revolutionary FAR Overhaul (RFO) clause 52.212-4 and DFARS clause 252.232-7006.

L. Performance Requirement Summary (PRS)

The Contractor is responsible for the quality of all work performed under this contract. The following table represents the minimum performance standards. All frequencies for these tasks are listed below in Appendix I.

Performance Objective	PWS Reference	Standard	Acceptable Quality Level (AQL)	Method of Surveillance
Trash /Recycling Collection	B(4), B(5)	All trash/recycling containers are emptied, areas around them cleaned, and replaced with new plastic liners	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Floor Cleaning & Vacuuming	B(3), B(8), B(9)	Floors are cleaned and vacuumed as specified in PWS	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Dusting	B(11)	All dust-gathering surfaces up to 3 meters from the ground are free of dust and cobwebs	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Elevator Cleaning	B(10), B(17)	Clean & polish elevator surfaces and tracks	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Kitchenette	B(19)	Kitchenette area, all surfaces, microwaves, and refrigerators cleaned as specified in PWS	Not to exceed 4 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR

Stairwells	B(20)	All exposed surfaces in stairwells are cleaned and free of dust and debris	Not to exceed 4 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Pressure Washing	B(22)	All entryways and sidewalks are pressure washed IAW PWS	Not to exceed 1 validated customer complaint per year	100% inspection by COR
Stripping & Waxing Floors	C(1)	Floors are stripped, scrubbed, and waxed as scheduled	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Janitorial Closets	G(1)	Janitorial closets and equipment are maintained IAW PWS	Not to exceed 2 validated customer complaints per month	- Validated Customer Complaints - Periodic Inspection by COR
Safety	G(2) and entire PWS	Contractor staff follows all safety requirements of the PWS and avoids creating safety hazards	No more than 1 validated instance per month of failure to meet safety requirements of this PWS	100% inspection by COR
Deficiencies	H(5)	All deficiencies/issues with performance are corrected within 2 hours (if during workday) or immediately on the next workday (if after hours)	No more than 2 validated instances per month of failure to meet timeline to correct the deficiency/issue within the timeline specified in PWS	100% inspection by COR

Note 1: If a task or PWS requirement is not listed as a performance objective above, this means any failure to comply represents a breach of contract and may result in contract termination for cause.

Note 2: If the Contractor meets or exceeds all standards listed above over the course of a performance period (base period or option period), the Contracting Officer (KO) may elect to register this contract in the Contractor Performance Assessment Reporting System (CPARS) in order to document the Contractor's successful performance.

Appendix I: Cleaning Services and Frequencies, Cleaning Schedule

Cleaning services shall be performed at the minimum frequencies set forth below.

Cleaning Service	Minimum Frequency

Basic Cleaning Services	
Maintaining Floors, Corridors (Common Area)	Bi-Weekly
Removing Trash (Workstations/Offices)	Daily
Emptying Recycling Containers (Workstation/Offices)	Daily
Workstation/Offices	Weekly
Shredder	As needed
Cleaning Interior Glass and Mirrors	Weekly
Cleaning Windows	Monthly
Vacuuming Carpets	Weekly
Vacuuming/Cleaning Floor Mats	Daily
Spot-Cleaning	As Needed
Dusting	Weekly
Cleaning HVAC Vents	Monthly
Cleaning Fluorescent/LED Light Fixture	Monthly
Diffusers	Monthly
Cleaning Water Fountains	Daily
Emptying/Cleaning Exterior Trash Receptacles (NAVSUP-owned)	Daily
Cleaning and Disinfecting High-Touch Points	Daily
Elevator	Daily
Stairwell/Stairs	Weekly
Periodic Cleaning Services	
Strip, Scrub, Seal, and Wax Floors	Rotational basis throughout

Clean and Shampoo Carpets	Rotational basis throughout
Pressure Washing	Annual
Kitchen Cleaning Services	
Refrigerators	Bi-Monthly
Microwaves & Kitchenette exterior surfaces	Daily
Mail Fleet Services (Post Office)	
Postal Lockers and Boxes (Exterior Door)	Daily
Administrative & Office areas	Daily
Maintain Floors	Daily

Buildings 537, 720, 1020 & 318 Contractor Assignments

252.232-7006 Wide Area WorkFlow Payment Instructions.

(Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

====
(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

====
(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	=====
Issue By DoDAAC	=====
Admin DoDAAC	=====
Inspect By DoDAAC	=====
Ship To Code	=====
Ship From Code	=====
Mark For Code	=====
Service Approver (DoDAAC)	=====
Service Acceptor (DoDAAC)	=====

Accept at Other DoDAAC	=====
LPO DoDAAC	=====
DCAA Auditor DoDAAC	=====
Other DoDAAC(s)	=====

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

=====

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.217-9 Option to Extend the Term of the Contract. (Mar 2000)

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 5 calendar days prior to contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 calendar days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 21 months.

(End of clause)

DFARS Clauses Incorporated by Full Text

252.229-7001 Tax Relief. (Apr 2020)

TAX RELIEF-BASIC (APR 2020)

(a) Prices set forth in this contract are exclusive of all taxes and duties from which the United States Government is exempt by virtue of tax agreements between the United States Government and the Contractor's government. The following taxes or duties have been excluded from the contract price:

NAME OF TAX: (Offeror insert)

RATE (PERCENTAGE): (Offeror insert)

(b) Invoices submitted in accordance with the terms and conditions of this contract shall be exclusive of all taxes or duties for which relief is available. The Contractor's invoice shall list separately the gross price, amount of tax deducted, and net price charged.

(c) When items manufactured to United States Government specifications are being acquired, the Contractor shall identify the materials or components intended to be imported in order to ensure that relief from import duties is obtained. If the Contractor intends to use imported products from inventories on hand, the price of which includes a factor for import duties, the Contractor shall ensure the United States Government's exemption from these taxes. The Contractor may obtain a refund of the import duties from its government or request the duty-free import of an amount of supplies or components corresponding to that used from inventory for this contract.

(End of clause)

252.229-7003 Tax Exemptions (Italy).

(Mar 2012)

TAX EXEMPTIONS (ITALY) (MAR 2012)

(a) As the Contractor represented in its offer, the contract price, including the prices in subcontracts awarded under this contract, does not include taxes from which the United States Government is exempt.

(b) The United States Government is exempt from payment of Imposta Valore Aggiunto (IVA) tax in accordance with Article 72 of the IVA implementing decree on all supplies and services sold to United States Military Commands in Italy .

(1) The Contractor shall include the following information on invoices submitted to the United States Government:

(i) The contract number.

(ii) The IVA tax exemption claimed pursuant to Article 72 of Decree Law 633, dated October 26, 1972 .

(iii) The following fiscal code(s): *80156020630 [Contracting Officer must insert the applicable fiscal code(s) for military activities within Italy :*

(2)(i) Upon receipt of the invoice, the paying office will include the following certification on one copy of the invoice:

"I certify that this invoice is true and correct and reflects expenditures made in Italy for the Common Defense by the United States Government pursuant to international agreements. The amount to be paid does not include the IVA tax, because this transaction is not subject to the tax in accordance with Article 72 of Decree Law 633, dated October 26, 1972 ."

An authorized United States Government official will sign the copy of the invoice containing this certification.

(ii) The paying office will return the certified copy together with payment to the Contractor. The payment will not include the amount of the IVA tax.

(iii) The Contractor shall retain the certified copy to substantiate non-payment of the IVA tax.

(3) The Contractor may address questions regarding the IVA tax to the Ministry of Finance, IVA Office, Rome (06) 520741.

(c) In addition to the IVA tax, purchases by the United States Forces in Italy are exempt from the following taxes:

(1) Imposta di Fabbricazione (Production Tax for Petroleum Products).

(2) Imposta di Consumo (Consumption Tax for Electrical Power).

(3) Dazi Doganali (Customs Duties).

(4) Tassa di Sbarco e d'Imbarco sulle Merci Transportate per Via Aerea e per Via Maritima (Port Fees).

(5) Tassa de Circolazione sui Veicoli (Vehicle Circulation Tax).

(6) Imposta di Registro (Registration Tax).

(7) Imposta di Bollo (Stamp Tax).

(End of clause)

252.225-7043 Antiterrorism/Force Protection for Defense Contractors Outside the United States. (Jun 2015)

ANTITERRORISM/FORCE PROTECTION POLICY FOR DEFENSE CONTRACTORS OUTSIDE THE UNITED STATES (JUN 2015)

(a) *Definition.* " United States ," as used in this clause, means, the 50 States, the District of Columbia , and outlying areas.

(b) Except as provided in paragraph (c) of this clause, the Contractor and its subcontractors, if performing or traveling outside the United States under this contract, shall-

(1) Affiliate with the Overseas Security Advisory Council, if the Contractor or subcontractor is a U.S. entity;

(2) Ensure that Contractor and subcontractor personnel who are U.S. nationals and are in-country on a non-transitory basis, register with the U.S. Embassy, and that Contractor and subcontractor personnel who are third country nationals comply with any security related requirements of the Embassy of their nationality;

(3) Provide, to Contractor and subcontractor personnel, antiterrorism/force protection awareness information commensurate with that which the Department of Defense (DoD) provides to its military and civilian personnel and their families, to the extent such information can be made available prior to travel outside the United States; and

(4) Obtain and comply with the most current antiterrorism/force protection guidance for Contractor and subcontractor personnel.

(c) The requirements of this clause do not apply to any subcontractor that is-

(1) A foreign government;

(2) A representative of a foreign government; or

(3) A foreign corporation wholly owned by a foreign government.

(d) Information and guidance pertaining to DoD antiterrorism/force protection can be obtained from Naval Criminal Investigative Service (NCIS), Code 21; Telephone, 202-433-9077.

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation. (May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

ADDENDUM TO RFO 52.212-1, INSTRUCTIONS TO OFFERORS

All references in this solicitation to "offer" or "offeror" shall be deemed to mean "quote" or "quoter" respectively.

A. GENERAL INSTRUCTIONS

1. **Submission:** Vendors shall submit their quotes electronically to the Contracting Officer at Michael.a.sands17.civ@us.navy.mil no later than the date and time specified in Block 9 of the Standard Form (SF) 1449 on page 1 of this Request for Quotation (RFQ).
2. **Page Limitations:** Page limits are specified for each item in Section B below. A page is defined as one side of an 8.5" x 11" sheet of paper, with minimum 1-inch margins, and a font size of no less than 10-point in Times New Roman font. Pages exceeding the specified limits may not be evaluated. Pictures, charts, and diagrams count towards any page limits specified. Cover pages do not count towards page limit.
3. **Questions:** All questions regarding this solicitation must be submitted in writing to Michael.a.sands17.civ@us.navy.mil no later than **2:00 PM local time (Catania, Italy) on April 13, 2026.**
4. **Site Visit:** The Government is offering interested vendors the ability to attend a site visit on April 10, 2026 at 8:00 AM local time.
 - i. Vendors may send only one (1) representative to the site visit.
 - ii. All questions about this solicitation, to include those based on the site visit, shall be submitted in writing in accordance with A(3) directly above.
 - iii. In order to confirm attendance at the site visit, vendors must send an email to Michael.a.sands17.civ@us.navy.mil no later than **2:00 PM local time on April 7, 2026** containing the following information.
 - Name of representative attending the site visit
 - Name of company this person will be representing
 - iv. The Contracting Officer will confirm your company's reservation for the site visit after receipt of the information listed in A(4)(iii) directly above and provide any additional instructions necessary for the site visit.

B. QUOTE PREPARATION & SUBMISSION INSTRUCTIONS

1. Quotes shall be submitted in PDF format and include the items listed below. PDF attachments may be separated by volume (Technical, Past Performance, Price & Solicitation Compliance) or be submitted as a single PDF so long as the information is provided in the relative order shown below (Technical - Past Performance - Price).
 - Technical (Page Limit: 7 pages)
 - o Quantity of staff you intend to utilize to perform the work described in the Performance Work Statement (PWS) AND Job Title and Description of each staff member (names not required);
 - o Draft cleaning schedule based on the Performance Work Statement (PWS) and attachments;
 - o Draft checklist and daily report (can be a single document) you plan to utilize to perform the work described in the PWS at I(1);
 - o Draft Quality Control Program as described in the PWS at section H(1); and
 - o Draft Safety Plan as described in the PWS at J(11)

Draft items above should address all minimum items listed in the PWS. If selected for contract award, these plans may require revision prior to being approved by the COR. Quoters should address at least the minimum areas listed in the associated PWS section for these items; however, a robust and complete plan need not be provided. Quoters may provide an outline of their plan demonstrating the topics/areas they will include in the plan should they be selected for award.

- Past Performance Narrative (Page Limit: 3 pages)
 - o Submit a narrative discussing your company's past performance/experience within the past three (3) years from the issuance date of this solicitation performing similar services to those described in this PWS. Similar means any contract where you performed cleaning services in office or commercial buildings. This narrative must include:
 - A description of the services you performed and your company's role (prime or subcontractor);
 - Customer name and contract number (if US Government contract);
 - Customer point of contact (POC) name and email address;
 - Total number of employees/staff you utilized to perform this work;
 - Total square feet or square meters of the office or commercial buildings you provided cleaning services for;
 - Period of time you provided the services for (example: Dec 2023 - Present); AND
 - If your company was not the prime or subcontractor, clearly specify how this entity will be involved in contract performance for the work described in this solicitation. This must include specific examples of resources or personnel who will be assigned from that entity to assist in performance of specific tasks included in your quote.
- Price & Solicitation Compliance Documents (Page Limit: None)
 - o In block 17a on page 1 of the solicitation, provide your company name, address, and phone number;
 - o Your company's Unique Entity Identifier (UEI) and CAGE/NCAGE code from SAM.gov must be listed with your quote;
 - o Input your pricing information on page 15 of the solicitation, inclusive of all labor, materials, and any other miscellaneous expenses. Unit price is the total monthly price, and the "Amount" column should equal your monthly price multiplied by the quantity of months. The pricing you provide will not be subject to any changes based on your company's costs experienced to perform this work should you be selected for contract award;
 - o Self-Certification of Anti-Mafia Information ("Informazione Antimafia") must be completed and submitted with your quote (See Attachment 9). The self-certification is provided in both English and Italian. Only one of the language versions need to be completed and submitted. A copy of the completed certification will be included as part of the contract;
 - o Documento Unico Regolarita' Contributiva (DURC) must be submitted with your quote;
 - o Chamber of Commerce Certification (Visura Camerale) must be submitted with your quote; AND
 - o Acknowledgement of all solicitation amendments posted to SAM.gov. Vendor may acknowledge amendments by either signing on returning a copy of page 1 of any amendment or by listing the amendment number and date in their quote.

Note 1: Companies located outside of Italy may provide equivalent certifications or documentation for the DURC and Visura Camerale; however, they must be translated into English to be considered acceptable.

2. One electronic copy of your quote shall be submitted in the English language (except for Italian Government-issued documents), and all pricing shall be in Euros. The Government's email system is limited to 10MB or less per email. Quotes exceeding this size limit must be sent via multiple emails. Vendors are encouraged to take all necessary actions to reduce their

file sizes and confirm with the Contracting Officer that their quote submission has been received and is viewable prior to the solicitation's due date and time. Zip files are not acceptable. All files must be compatible with Adobe Acrobat and Microsoft Office Suite version 2016.

3. Each email shall list the solicitation number, description, and company name in the subject line. Faxed or physically mailed quotes are not permitted.

Example: *N6817126QN035 - Janitorial Services - [Insert Your Company Name]*

4. Failure to submit quotes which comply with these solicitation instructions may result in elimination from consideration for award.

Evaluation - Commercial Products and Commercial Services

Addendum to Evaluation - Commercial Product and Commercial Services

52.212-2 - Evaluation--Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0028)

The Government will award a single contract resulting from this Request for Quotation (RFQ) to the responsible Quoter whose quote, conforming to the solicitation, will be most advantageous to the Government, price and other non-price factors considered. The solicitation, evaluation, and award procedures discussed in Revolutionary FAR Overhaul (RFO) Subpart 12.2 shall be utilized for this commercial requirement in order to facilitate a simplified and streamlined process.

Timely quotes received which possess minor flaws such as a missing certification or an acknowledgement of an amendment that does not contain material changes to the solicitation's terms may be evaluated and considered by the Government if the Contracting Officer determines that consideration of the quote is in the Government's best interest, no substantial activity has transpired in evaluating quotes, and other vendors would not be prejudiced. This discretion is entirely up to the Contracting Officer and in no way obligates the Government to consider flawed quotes. Should the Contracting Officer determine these three conditions to be met, a quoter may be given up to 24 hours to provide missing documentation from the time of notification by the Government. If 24 hours from the time of notification falls on a weekend, holiday, or after 5:00 PM local time (Naples, Italy), quoters shall submit the missing documents no later than 11:00 AM local time on the next business day. This exchange, if accomplished, does not constitute discussions, as defined below.

The three factors shown below in bold shall be used to evaluate quotes and determine which quote represents best value to the Government. These factors are not listed in order of importance, the Government is not assigning any relative weight or importance for any factor, and no sub-factors are being used. The Government intends to make an award without conducting any discussions. For the purposes of this solicitation, discussions mean any exchanges between the Contracting Officer and quoter which allow quoters to make material changes (price, technical, past performance information submittals...etc.) to their quote after the RFQ's "quotation due date" has passed. If the Contracting Officer decides to allow any changes after this date, the Contracting Officer may limit, at their discretion, this opportunity to only those quoters determined to be the most competitive in terms of price and non-price factors. If accomplished, these most competitive quoters will be given a listing of all identified weaknesses/areas for improvement and deficiencies along with an equal amount of time to submit their revised quotes. Source Selection, evaluation, exchanges, and price analysis techniques/procedures found in RFO Part 15 are not being utilized for this solicitation.

EVALUATION FACTORS

Quotes will be evaluated on three factors: Technical, Past Performance, and Price.

- **Factor 1: Technical**
- **Factor 2: Past Performance**
- **Factor 3: Price**

The evaluation process will be conducted in two steps/stages. First, the Government will begin the evaluation process by verifying each quote was timely received, and the quoter's company is registered in SAM and otherwise eligible for award. The Government will then ensure all documents requested from vendors in the *Addendum to RFO 52.212-1* have been provided. This area will be evaluated on an Acceptable/Unacceptable basis (i.e., Pass/Fail). Quotes who fail to provide any of the documents required may be eliminated from further consideration and not be further evaluated. The Government will not conduct a thorough review of all items listed in factors 1 and 2. Rather, the Government will only confirm that Technical and Past Performance information has been provided.

After completion of step 1, the Government will evaluate Factors 1 through 3 for the remaining quoters who received an Acceptable rating in step 1. The evaluation process for each factor is described below. The Government may award to other than the lowest priced quoter or other than the highest technically rated quoter.

DETAILED DESCRIPTION OF EVALUATION FACTORS

Factor 1: Technical

The Technical factor assesses the quoter's ability to meet the requirements of the PWS. The Government will evaluate written quotes to determine the extent to which they demonstrate a clear understanding of the requirements and a sound approach for performing, staffing, and managing the work. This factor is comprised of the following areas:

- Staffing: Job title, job description, and number of employees to be used to accomplish the work
- Draft Cleaning Schedule
- Draft checklist and daily report
- Draft Quality Control Program
- Draft Safety Plan

Preference may be given to quoter's who exceed the minimum requirements for the items listed above.

Quotes will be assigned one of the following ratings for the Technical factor:

Exceptional	All required information has been submitted, and the approach is highly likely to ensure satisfactory performance of the work described in the PWS. The quote meets or exceeds all of the Government's requirements.
Satisfactory	All required information has been submitted, and the approach is likely to ensure satisfactory performance of the work described in the PWS. Some minimum requirements are not met; however, they are not expected to result in unsatisfactory performance.
Unsatisfactory	Quote does not provide all required information, and the approach is likely to result in unsatisfactory performance. Many minimum requirements are not met or discussed, and extensive quote revisions would be necessary to obtain a Satisfactory rating.

Factor 2: Past Performance

The Past Performance factor will be evaluated to assess the Government's confidence in the quoter's ability to successfully perform the requirements listed in the PWS based on their performance on other similar contracts within the past three (3) years from the issuance date of this solicitation. The KO will consider past performance information from inside and outside the US Federal Government, so long as the performance was for similar work and performed within the past three (3) years.

Quotes will be assigned one of the following ratings for the Past Performance factor:

High Confidence	Based on the quoter's performance record, the Government has a high expectation that the quoter will successfully perform the required effort.
Satisfactory Confidence	Based on the quoter's performance record, the Government has a reasonable expectation that the quoter will successfully perform the required effort.
Low Confidence	Based on the quoter's performance record, the Government has a low expectation that the quoter will be able to successfully perform the required effort.

Factor 3: Price

The overall price will be evaluated for reasonableness IAW RFO 12.204. Quoters shall submit their proposed pricing in the format prescribed in the Instructions to Offerors/Quoters of this solicitation.

Options: The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options will not obligate the Government to exercise the option(s).
