DESCRIPTION

Notice of Intent to Lease Space Using Other Than Full and Open Competition

The U.S. Government intends to award a succeeding lease using other than full and open competition for an existing lease for the Veterans Health Administration (VHA) that is expiring in **Clifton Park, NY**.

This procurement is being conducted in accordance with FAR 6.302-1-Only one responsible source and no other supplies or services will satisfy agency requirements. NAICS Code 531120 applies to this procurement.

This notice of intent is not a request for competitive quotes. No solicitation document is available, and telephone requests will not be accepted. However, the Government is considering alternative space if economically advantageous. In making this determination, the Government will consider, among other things, the availability of alternative space that potentially can satisfy the Government's requirements, as well as costs likely to be incurred through relocating, such as physical move costs, replication of tenant improvements and telecommunication infrastructure, and non-productive agency downtime.

VA seeks to lease the following space:
