IV. DESCRIPTION

The Federal Aviation Administration's (FAA's) continuing mission is to provide the safest, most efficient aerospace system in the world. This mission is a continuing one, and the FAA is prioritizing the modernization of the national airspace system to enhance safety, increase capacity and efficiency, improve air traffic management and give controllers the updated tools they need. The agency is focused on replacing the current air traffic control system to enhance safety in the sky, reduce delays, and unlock the future of air travel.

This draft Statement of Work (SOW) sets forth a broad set of needs and requirements for the NSEMS Contract(s), to assist the FAA in accomplishing its mission and to support bringing the FAA vision to realization. The goal of NSEMS is to support the FAA's strategic vision and priorities:

- To make aviation safer, smarter, more secure, and efficient; and
- To deliver benefits to the NAS through enhancements, improvements, innovations, and upgrades to its technology and infrastructure.

The acquisition strategy for the procurement has not been determined at this time; However, either an unrestricted competition or a set-aside will be chosen depending on the responses to this RFI/Market Survey.

a) This is not a Screening Information Request or Request for Proposals of any kind;

NSEMS REQUEST FOR INFORMATION (RFI) / MARKET SURVEY

- b) The FAA is not seeking or accepting unsolicited proposals;*
- c) The FAA will not pay for any information received or costs incurred in preparing the response to the market survey; and*
- d) Any costs associated with the market survey submittal are solely at the interested vendor's expense.*

The purpose of this RFI is to solicit statements of interest and capabilities statements from large and small businesses ((a) Socially and economically disadvantaged business (SEDB) expressly certified by the Small Business Administration (SBA) for participation in SBA's 8(a) program; (b) Service-disabled veteran-owned small business (SDVOSB); (c) Women-Owned Small Business (WOSB); (d) Historically Underutilized Business Zone (HUBZone) small business; and (e) Small business (SB)), capable of providing the services outlined in this document, in the timeframe stated in this document. The responses to this RFI will help determine the acquisition strategy and whether adequate competition exists to set aside the competition. This notice is for informational and planning purposes only. This notice does not restrict the FAA from the ultimate acquisition approach it may take in connection with this requirement, nor does it restrict changes to the SOW.
