Sources Sought Notice

Released pursuant to Federal Acquisition Regulation (RFO FAR) Part 10: Market Research, this is a Request for Information.

Purpose: G.V. Sonny Montgomery VAMC (GVSMVAMC) |Renovate Radiation Oncology Department | Project#: 586-26-100

In an effort to enhance opportunities for Service-Disabled Veteran Owned Small Businesses (SDVOSB) as required by Public Law 109-461, specifically the Veterans First Contracting Program, NCO16 is performing preliminary market research to identify interested, qualified, capable, SDVOSB and VOSB firms possessing the capacity necessary to compete for a VHA procurement opportunity. In case no SDVOSBs or VOSBs possess the capacity, all Small Businesses possessing the necessary capacity are encouraged to provide a response.

Results of the preliminary market research will be used to determine the potential future solicitation's set-aside requirement.

This source sought notice is issued solely for informational, market research, and planning purposes. It does not constitute an Invitation for Bid (IFB), Request for Quote (RFQ), Request for Proposal (RFP), or a promise to issue a subsequent IFB/RFQ/RFP. At this time, no solicitation document exists. Issuance of this notice does not establish any obligation on the part of the Government and is not to be construed as a commitment by the Government, implied or otherwise, to issue a solicitation or award a contract. In addition, respondents are advised that the United States Government is under no obligation to pay for any information or administrative cost incurred in response to this notice. At this time, proprietary information is not being requested. Respondents shall refrain from including proprietary information in responses to this notice.

The Department of Veterans Affairs anticipates awarding a Firm-Fixed-Price construction contract. **This will be a Design-Build opportunity.**

Project Scope Summary:

The G.V. Sonny Montgomery VAMC located at 1500 E. Woodrow Avenue, Jackson, MS has a requirement to renovate radiation oncology department approximately 13,508 square feet of basement space and replace the first-floor air handling unit located on the roof area of the existing space on the first floor. The project modernizes and enhances the overall efficiency of the existing department by improving access, quality of care, and staff environments in accordance with the latest established design criteria and guidelines published by the Department of Veterans Affairs.

Requested Information:
