STANDARD FORM 30 (REV. 11/2016)
Prescribed by GSA - FAR (48 CFR) 53.243

Partial RFI Responses provided by the Contracting Officer. Technical RFIs will be answered under a separate amendment.

1. Please provide the latest wage determination for this project's county.

This was provided with the solicitation package. Current determinations are always available at: <http://www.sam.gov/>.

2. Past Performance: If we have a PPQ, requested for another opportunity, that is less than 12 months old, can we use it within our proposal?

Yes.

3. Will the VA confirm the requirements for Factor 3 are limited to CPARS and PPQs only? Are offerors permitted to provide a summary project sheet for each project?

Past Performance is limited to CPARS printouts or filled out PPQs signed by the person who filled it in or received directly from the person/agency who filled it in.

4. RFP section A.4 Delivery Schedule states that the project has a period of performance of 270 days after NTP. Will the NTP be issued at award or at completion of the administrative requirements and preconstruction meeting?

The NTP is issued once bonds and insurance information are received. We also hold a kick-off meeting at that time. We do not postpone the NTP for any other submittals.

5. Will additional time for the period of performance be given if it is determined that items included within this scope have lead times longer than normal (1 month or less)?

Your proposal submission should state if you have a long lead item and give that timeframe. If everyone submitting a proposal shows that the lead time for that specific item will take a long time then the technical team can consider extending the period of performance to accommodate that. If after award there are issues with supplies that were unknown and beyond the contractor's control we could then discuss an extension.
