Section A - Solicitation/Contract Form

Radiographic Inspection of Sonar Dome Rubber

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 001 FLCPS_SRF_NOTICE_TO_OFFERORS

(Aug 2025)

This Solicitation is a REQUIREMENT for a Radiographic Inspection of Sonar Dome Rubber

1. NOTICE TO ALL OFFERORS: The Government anticipates awarding a firm, fixed price contract in accordance with RFO Part 12 in response to quotes/proposals received in response to this solicitation. A firm, fixed price contract places the maximum risk and full responsibility for all costs and resulting profit or loss on the contractor, offerors are advised to consider these risks when pricing their quotes/proposals.

2. See block 8 on page 1 of the solicitation for the closing date and time.

3. The deadline for submission of questions regarding the solicitation's terms, conditions, and performance work statement (PWS) is 2 day prior to the solicitation's closing date. Submit via email, to the Contracting Official:

Name: Sara Robinson
Email: sara.e.robinson19.civ@us.navy.mil

4. In accordance with RFO 12.203, the Government will select the most advantageous offer based on the following evaluation factors: technical including delivery date, price, and past performance in no order of relative importance.

5. "EXCEPTIONS: All quoters MUST note all exceptions from the solicitation's terms, conditions, specifications, and/or the statement of work / performance work statement, if any. It will be assumed that any quote without mention of any exceptions will take no exception from all specifications, terms and conditions, clauses, or provisions within the solicitation."

6. SINGLE AWARD FOR ALL ITEMS: Due to the interrelationship of supplies and/or services to be provided hereunder, the Government reserves the right to make a single award to the quoter whose quote is considered in the best interest of the government, price and other factors considered. Therefore, quoters who quote less than the entire effort specified herein may be determined to be unacceptable.

7. Submission of invoices will be via WAWF; see Clause 252.232-7006.

FOR SERVICES:

Information for Contractor Employees Seeking to Enter Japan

1. The following is provided for the information of contractors to the U.S. Navy whose employees need to enter Japan to perform contract requirements. The information is current as of February 2023. While the information is believed to be accurate, policies and procedures are continuing to change on a regular basis.

2. See <https://www.japan.travel/en/coronavirus/> for a list of the current restrictions and COVID entry procedures.

3. All contractor personnel arriving in Japan should utilize the process outlined in the USFJ Instruction to ensure they are recognized as members of the civilian component under Article 1.b. of the SOFA. The process requires that a contractor contact the contracting officer for the contract on which its employee will perform in Japan prior to the employee traveling to Japan. Contact is made through the Synchronized Pre-deployment and Operational Tracker (SPOT) system. The contractor will provide information to the contracting officer about the traveling employee. Following review, the contracting officer will issue the contractor a Letter of Authorization (LOA). The incoming contractor employee will hand carry a copy of the LOA and show it to the Japanese immigration authority at the port of entry as evidence of SOFA status. Contractors who do not have current access to SPOT should contact their contracting officer for information about accessing SPOT.

4. This memo is intended to provide current information for contractors whose employees need to enter Japan to perform contract requirements. Nothing in the memo should be understood to change the terms or conditions of an existing contract. Any such changes must be made by an authorized contracting officer per 52.212-4.

The following attachments will be provided upon request:

1. USFJI 64-100, Contract Performance in Japan (25 Oct 2019)

Requirements for contractors to receive CFAY base access:

Documents that are required for contractors that don't have a CAC:

1. Visit request letter *1
2. Installation Access Request Form *2, 5
3. SPOT Letter of Authorization (LOA) *3
4. SECNAV 5512-1 *4
5. Color copy of passport

Notes:

1. Visit request letter should be on company letterhead
2. Dates on the installation access form must match the respective contractors LOA
3. LOA must be signed by contracting officer
4. SECNAV 5512-1 must have SSN listed, and initials/signature must be hand written. Block 24: POC will be provided at time of award.

Documents that are required for contractors that have a CAC:

1. Visit request letter *1
2. SPOT Letter of Authorization (LOA) *2

Notes: Visit request letter should be on company letterhead

All forms must be electronically filled out (except SECNAV Form page-2, blocks 28-29 for Initials and block-30 for Wet Signature and date).

- Ensure visit dates (DBIDS and Visit Request Letter) are the same
- Home address on DBIDS and SECNAV Forms must be the same
- DBIDS form, ID TYPE: Passport and provide passport number
- SECNAV Form, block-13, ensure FULL SSN, state ID/Drivers License and Passport Number and information are provided on block-14-18
- Forms not filled out correctly will be returned

NOTES:

1. These documents must be sent through DOD SAFE or ENCRYPTED email (due to PII) 14 days prior to scheduled visit.
2. Contractors will not enter Japan without a SPOT LOA, which shall present copy of SPOT LOA to the Japanese immigration official upon entry into Japan and keep a copy of the LOA in their possession while present in Japan. A copy does not need to be kept on the employee's person but should be in the employee's possession so they may produce the copy within a reasonable time as required for administrative processing and renewal purposes as per USFJINST 64-100.

Section B - Supplies or Services & Prices or Costs

Additional Information/Notes

Item	Supplies/Service	Quantity	Unit	Unit Price	Amount
0001	The Contractor shall perform radiographic inspection of Sonar Dome Rubber Windows (SDRW) in accordance with the Performance Work Statement (PWS). Pricing Arrangement: Firm Fixed Price	1	Job		

Section C - Description/Specifications/Statement of Work

PERFORMANCE WORK STATEMENT

1. GENERAL SCOPE OF WORK:

This performance work statement (PWS) defines the scope of the contract; identifies technical reference documents applicable to performance of this contract; and describes the general tasks that the Government will require under this contract onboard and in support of the USS MUSTIN (DDG-89) ship in SRF-JRMC Yokosuka, Japan.

The periodic radiographic inspection of Sonar Dome Rubber Windows (SDRW) is required to be accomplished while the ship is waterborne. Inspections must be accomplished by NAVSEA approved contractors, per information in Section 7 of Reference B. RADIOGRAPHY OPERATIONS PLANNING WORK SHEET (Attachment I) to be submitted at least 14 working days prior to commencement of work, per 3.4 listed below.

2. REFERENCES:

The following references are applicable and the contractor must comply with the references listed:

- A) NAVSEA STANDARD ITEMS FY-26 CH-1 [Naval Sea Systems Command > Home > RMC > CNRMC > Our Programs > SSRAC](#)
- B) Naval Research Laboratory; Technical Data Requirements for the Radiographic Inspection of Sonar Dome Rubber Windows (SDRW), Revision 10, March 30, 2022
- C) NSI 009-112 FY-26 CH-1: Prevention of Radiographic-Inspection Ionizing-Radiation Hazard; accomplish

3. WORK STATEMENT ITEM:

- 3.1. The contractor will perform the radiographic inspection on the SDRW in accordance with Reference B, NRL Technical Data Requirements for the Radiographic Inspection of Sonar Dome Rubber Windows (SDRW), Revision 9, January 2020, and in accordance with Reference C, NSI 009-112 FY-26 CH-1: Prevention of Radiographic-Inspection Ionizing-Radiation Hazard; accomplish.
- 3.2. No radiography is to be performed without the SRF-JRMC RSO/ARSO specific permission. SRF-JRMC RSO/ARSO will be notified by the contractor and acquire said permission before commencing the radiographic inspection.
- 3.3. The Contractor must submit to SRF-JRMC (RSO) an illustration showing the 2 mR/hr boundary **prior** to being given permission to start radiography. The contractor will provide the calculations to prove the location of the 2mr/hr boundary.
- 3.4. The Contractor will submit written notification of intention to commence radiographic operations and illustration per 3.3, in hard copy or electronic media, to SRF-JRMC (C-106RSO) not later than **14** working days **prior** to commencement of radiography operations. Notification will identify the date, time, location, type of radiography performed (gamma, x-ray), and purpose of the radiography. The contractor's notification shall include the completion of RADIOGRAPHY OPERATIONS PLANNING WORK SHEET, (Attachment I). The SRF-JRMC RSO/ARSO shall review and approve the Contractor's Attachment I and the diagram of the boundary.
- 3.5. The contractor shall establish a physical boundary at the 2 mr/hr (0.02 mSv/hr) boundary. The perimeter of the radiation area shall be a physical barrier established by an enclosure, or by stanchions and rope, as necessary. Post this boundary with "Radiation Area", "Radiography in Progress" "Keep Out" signs written in English & Japanese. The signs shall be visible to any person approaching the radiation area barrier from any accessible direction. Signs are to be provided by contractor.

3.5.1. The Contractor is required to establish boundary guards around the 2 mR/hr boundary to prevent unauthorized access across the 2 mR/hr boundary and the guards must have direct communication with the Lead Radiographer. **Note:**

Waterborne Radiographic Inspection requirement:

3 EA - Radiographer (must be qualified to enter pressurized compartment)

2 EA - Boundary monitor-one inside the ship to prevent ships force from entering the dome and one outside to prevent personnel near the dome In dry dock Radiographic Inspection:

3 EA - Radiographer (must be qualified to enter the dome)

5 EA - Boundary monitor

3.6. The contractor radiographer shall maintain constant surveillance of the entire area boundary through direct observation or by positive communication with barrier monitors who are in a position to provide visual surveillance. The intent of this requirement is to enable the radiographer to immediately shut down x-ray production or retract the source if a person penetrates the radiation area boundary.

3.7. If an unauthorized individual crosses the boundary, the boundary monitor shall immediately notify the radiographer who will immediately stop radiography operations.

3.8. Any boundary violation shall be reported to the SRF Radiation Safety Officer (RSO) immediately. A follow-up report shall be submitted in writing **within** 4 hours of the violation. The report shall include the time of violation, name of individual(s), the names of the radiography crew, including boundary guards, the kVp, mA, **duration of actual exposure** and beam direction for the x-ray machine or if using source material, the **half** value of the collimator and the beam direction at the time of violation. A diagram showing the location of the violation and **the** egress **path** in relation to the source **shall be** included. Any format that includes all data above is acceptable.

3.9. The entire boundary shall be monitored using radiation detection equipment appropriate for the source of radiation during the first radiation exposure of the day. If the beam's orientation, kVp, mA, collimation, or shielding is changed between exposures, the boundary shall be re-surveyed and if necessary re-posted. The results of the monitoring shall be documented and include the time, date and location of the survey, the highest radiation level recorded, the kVp, mA, and beam direction of the x-ray machine or if using gamma source material, the halve value of the collimator and beam direction at the time of the exposure. A copy of the survey **shall** be provided to SRF-JRMC (C106) within 24 hours of completion of radiography operations. Any format that includes all data above is acceptable.

3.9.1. In addition to the above boundary reporting requirements, the contractor radiographer shall cease and make safe all radiographic operations and notify SRF'S RSO upon loss or theft of radioactive material or x-ray producing devices.

4. GOVERNMENT FURNISHED EQUIPMENT:

4.1. The Government will provide workspace onboard the ship/shop as required in the performance of the work in radiographic inspection.

4.2. General consumable supplies, including materials to erect the boundary, will also be provided as necessary.

4.3. Rigging assistance and trade support as needed.

5. CONTRACTOR FURNISHED PROPERTY:

The Contractor shall provide all management, labor, parts, signs, special test equipment, radios for communication throughout the radiographic inspection, and tools necessary to perform work outlined in the delivery order, except those listed in Government Furnished Property. In performance of this requirement, KTR to provide own MARINE CHEMIST SERVICES.

6. PLACE OF PERFORMANCE:

The worksite is onboard the USS MUSTIN (DDG-89), SRF-JRMC Yokosuka, Japan, pier side.

7. Points Of Contact (POCs)

TO BE UPDATED AT TIME OF AWARD

8. Radiation Safety Officer (RSO) C106R

TO BE UPDATED AT TIME OF AWARD

9. PERIOD OF PERFORMANCE:

Work must be accomplished within On-Site POP window: 04 SEP 2026 - 14 SEP 2026

10. ESTIMATED WORK HOURS:

Normal work is scheduled for accomplishment between the hours of 8:00AM to 4:45PM, with a 45-minute lunch break, Monday through Friday. Unless the offeror states otherwise in his proposal, the Contractor shall observe the same holidays as the Government and shall be open for business at all other times. The contractor may be required to work additional hours outside of the normal work schedule, as requested /directed from the project management.

11. TRAVEL REQUIREMENTS:

All travel requirements shall be the responsibility of the contractor.

Requirements for contractors to receive CFAY base access:

Documents that are required for contractors that don't have a CAC:

1. Visit request letter *1
2. Installation Access Request Form *2, 5
3. SPOT Letter of Authorization (LOA) *3
4. SECNAV 5512-1 *4
5. Color copy of passport

Notes:

1. Visit request letter should be on company letterhead
2. Dates on the installation access form must match the respective contractors LOA
3. LOA must be signed by contracting officer
4. SECNAV 5512-1 must have SSN listed, and initials/signature must be hand written. Block 24 should be: Brooklyn Patrocky | 243-7742
5. Section 4 information should be as follows: Patrocky | Brooklyn | T | SECURITY OFFICER | SRF- JRMC | 243-7742 | NA | Brooklyn.T.Patrocky.civ@us.navy.mil

Documents that are required for contractors that have a CAC:

1. Visit request letter *1

2. SPOT Letter of Authorization (LOA) *2

Notes:

1. Visit request letter should be on company letterhead
2. LOA must be signed by contracting officer

****When submitting contractor gate passes please state if the contractors do/don't have CACs.**

****When submitting let us know if there are any non-US citizens as there will be more paper work to complete.**

Security office email distro and individual email addresses:

Edward.d.harris3.civ@us.navy.mil

brooklyn.t.patrocky.civ@us.navy.mil jose.m.rosa10.civ@us.navy.mil mark.j.gobeil.ctr@us.navy.mil

12. TRANSPORTATION OF THE EQUIPMENT/MATERIAL:

Shipping and handling of equipment and material to and from the contractor facility and SRF-JRMC Yokosuka, Japan, in support of the requirement shall be the responsibility of the contractor.

13. GENERAL INFORMATION:

13.1. Nothing contained in the performance work statement shall relieve the Contractor from complying with applicable Federal, state, and local Japanese laws, codes, ordinances, and regulations, including the obtaining of licenses and permits that may be required for the Contractor or Subcontractor(s) to perform a particular function, such as hazardous waste handling or disposal, or example.

13.2. Medical treatment. Government emergency vehicles and medical personnel shall only be used in emergency situations affecting contractor personnel whose life may be in danger or who are seriously injured. Government facilities may be used in these instances as the first point of treatment. Transfer to a non-Government medical treatment facility shall be made as soon as possible and as determined by attending medical authorities.

14. CONTRACTOR IN THE WORKPLACE:

14.1. Identification. All Contractor spaces/desks shall be clearly marked as contractor spaces only.

14.2. All e-mail addresses used by contractor personnel shall identify the company name.

14.3. All contractor correspondence shall be clearly marked with company name or letterhead.

14.4. Contractor personnel shall insure that when answering telephones that they identify themselves as contractor personnel.

14.5. Contractor personnel are not to handle/operate any lifting and handling equipment or other shop equipment, machines or tools without written consent from project superintendent prior to accomplishment of the task.

15. SAFETY AND ENVIRONMENTAL

15.1. Safety Requirements. The contractor shall establish, administer, and enforce safety rules that will meet the current requirements of the Occupational Safety and Health Administration (OSHA), and all applicable work item references. Work to be performed under this contract shall be accomplished using the guidelines identified Contractors and Subcontractors. When necessary, work shall be coordinated with the Safety Department to ensure all safety and health requirements are considered.

15.2. Safety Equipment. The contractor shall provide their employees with all necessary safety equipment during the performance of work on this contract. All contractor personnel shall have in their possession and shall properly wear OSHA approved personnel protective safety equipment (i.e. hard-hats, steel-toe safety shoes, safety glasses and hearing protection). If required, the Contractor shall provide all appropriate safety barricades, signs, and signal lights required to properly isolate the area of work.

15.3. Prior to commencing work, the Contractor representative(s) shall arrange with the Receiving Activity

Point of Contact, to meet in conference with the customer, shop supervision, and other necessary

personnel to discuss and develop mutual understandings relative to the administration of the Safety Program.

15.4. Environmental Requirements. Work performed under this contract shall be in compliance with all Japanese, Navy, Federal, State and local regulations, and all work items references, pertaining to the environment at all times. When necessary, work shall be coordinated with the Environmental Department to ensure that regulations are considered.

15.5. Responsibilities. The contractor bears sole responsibility for the safety of his/her employees and compliance with environmental regulations. Naval safety personnel will monitor the safety of procedures, conduct inspections of the workplace, and perform safety related investigations, evaluations. The contractor shall conduct routine inspections of work and storage areas under his cognizance to maintain compliance with the cleanliness, material and waste management, air and water pollution controls, and provides general oversight on the environmental issues associated with this contract.

15.6. Situations that warrant corrective action will be brought to the attention of the contractor through the Contracting Officer Representative (COR). If violations could cause major damage or loss of life, Safety or Environmental personnel may contact contractor supervisory personnel on site and request corrective action or work stoppage. The COR will be notified immediately. The Commanding Officer has final authority for Station safety and environmental matters. He has delegated the Safety and Occupational Health Manager the authority to represent the Command in all safety matters and to resolve any disputes which may arise, and he has delegated the Environmental Manager the authority to represent the Command in all safety matters and to resolve any disputes, which may arise. Any interpretation of the various environmental regulations will be made by the Safety or Environmental Manager.

15.7. Accident Reporting. All accidents occurring on Station are reported to the Station Safety Department. If accidents occur after regular working hours the Command Duty Officer, shall be notified. Motor vehicle accidents occurring on Station are reported to both the Safety Department and Security Manager. In all cases, the accident scene must be preserved until the Government investigator has authorized movement of the materials and vehicles involved. Materials and equipment may be moved only as necessary to facilitate the removal of injured persons. The contractor shall forward a copy of all accident reports involving contractor employees to the COR. If Government property is involved, a copy of the accident report shall also be forwarded to the Government Property Administrator (GPA).

16. SECURITY

16.1. Admittance to The Work: Upon contract award, employees or representatives of the Contractor may require access to the Receiving Activities Operations Area (OA) or Industrial Area (IA) and shall be admitted to the work site only after they have been issued a Security Pass/ID Badge.

16.2. Notice: Persons who are currently on probation or parole from a felony conviction cannot qualify for security clearances and will be denied access to the activity.

16.3. It shall be the Contractor's responsibility to collect and account for all identification passes issued to their personnel at the expiration of the contract or when access is no longer required.

16.4. Foreign Nationals or Affiliations - Foreign Nationals (non U.S. Citizens) or persons affiliated with, or employed by, a foreign owned company will not be granted access to a Naval Activity's OA/IA, without prior written approval from Commander, Naval Sea Systems Command.

17. PERFORMANCE REQUIREMENT STATEMENT SUMMARY

Primary Performance Standard	Performance Standard/AQL	Performance Assessment Method
Contractor performed in accordance with all NRL, SRF, and NAVSEA requirements.	Services performed met the requirements 100% of the time	The Surveillance Officer will evaluate basis and assess this on a task order by task order basis and assess compliance through review of the PWS and assess overall compliance
Reports required for illustrations, boundary violations and all other information	Met the requirements 100% of the time	COR will retain copies of reports in a file for each job

Contractor met the performance requirements of each individual task order	Services performed meet requirements 100% of the time	Review of performance by Surveillance Officer
The contractor maintained close liaison and good communications with the Government	Any problems or questions encountered by either party are addressed within 2 business days	Review of performance by Surveillance Officer
The contractor invoiced in a timely manner and in accordance with the contract	Invoices submitted with COR/Surveillance Officer signature	Review of performance by Surveillance Officer
Combating Trafficking in Persons - Using mindful observance and attentive listening the Surveillance Officer will monitor the contractor's performance regarding trafficking in persons such that non-compliance with FAR clause 52.222-50, Combating Trafficking in Persons, is brought to the immediate attention of the contracting officer.	100% compliance with FAR 52.222-50	All times the Surveillance Officer interfaces with the contractor

AQL = Acceptable Quality Level

18. CONTRACTOR MANPOWER REPORTING

The contractor shall report ALL contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for CFAO via a secure data collection site. The contractor is required to completely fill in all required data fields using the following web address: <http://www.ecmra.mil/>

Contractors will notify the SRF-JRMC POCs identified in section 7 of this PWS via email identifying the contractor personnel who will be traveling to SRF-JRMC in support of this contract prior to arrival.

Upon arrival at SRF-JRMC contractors will contact PROJECT POCs identified in section 7 of this PWS to coordinate execution of the requirements identified in this contract.

Requirements

Radiographic Inspection of Sonar Dome Rubber

Section D - Packaging and Marking

Additional Regulation or Supplemental Clauses Incorporated by Full Text

FLCPS SRF 007 FLCPS_SRF_DELIVERY

(Aug 2025)

(a) Preservation, packaging, and packing shall be in accordance with ASTM-D-3951 (most current edition), "Standard for Commercial Packing." The unit pack quantity that applies to items under this contract is "Industry Standard".

(b) Prohibited Packing Materials. The use of asbestos, excelsior, loose fill polystyrene, newspaper or shredded paper (all types including waxed paper, computer paper and similar hydroscopic or non-neutral material) is prohibited.

(c) Non-Manufactured Wood Packing. All non-manufactured wood utilized in wood pallets and wood containers shall be heat treated to a minimum core temperature of 56 degrees centigrade for 30 minutes and certified by an accredited agency recognized by the American Lumber Standards Committee (ALSC). Refer to <https://www.aphis.usda.gov/aphis/ourfocus/planthealth/import-information/wood-packaging-material> for wood packing policy, enforcement regulations and accredited agencies. Non-coniferous (hardwood) and manufactured wood, such as particleboard and plywood, are exempt from this requirement.

(d) Manufactured wood, such as particleboard and plywood, are exempt from this requirement.

(e) Packing must be sufficient to ensure safe delivery to the final destination without the need for additional repackaging or repair.

(f) All materials shall be packed to withstand multiple modes of transport (truck, rail, sea, or air) and handling by forklifts or cranes.

(g) Heavy items must be crated or skid-mounted to distribute weight evenly and ensure lifting point are accessible and marked.

(h) Packages must be stable, not exceed safe stacking limits, and be secured against movement in transit.

MARKING OF SHIPMENTS (COMMERCIALY PACKAGED ITEMS)

(i) Marking shall be in accordance with ASTM-D-3951 (most current edition) and with the information set forth in paragraph (ii) below. Unless specified elsewhere in this contract/order, bar coding is not required.

(ii) All unit and exterior containers/packs shall, as a minimum, be marked as follows:

1. National stock number (NSN), when available, or
Federal stock number (FSN), when NSN is not available, or
part number when neither NSN or FSN are available.

2. Noun nomenclature cited on contract or order.

3. Quantity and unit of issue.

4. Contract, or order number.

5. From: _____

(Contractor's Name)

(Address)

6. To: (See delivery address on page 3-4 or in Section F)

(iii) Markings may be applied by any means which provide legibility.

TRACEABLE FREIGHT

The Contractor shall assume all responsibility for shipment to the specified destination. Shipment must be via a fully traceable commercial freight method. Traceable freight means that the shipment is registered upon shipment with an identifying number. The number is for location of the shipment at any point in transit, including final destination, and verifies shipment arrival at the specified destination. If a shipping method does not provide traceability as defined above, it shall not be used.

INSPECTION AND ACCEPTANCE (DESTINATION)

Inspection and acceptance of the supplies or services to be furnished hereunder shall be made at destination by the receiving activity.

PROOF OF DELIVERY

If United Parcel Service (UPS) or Federal Express services are used for transportation, each package must have a unique package identification number. The Government will not consider the manifest as proof of delivery unless each package can be uniquely identified. Acceptance will occur only after the Government can verify actual receipt of the contract items--packaged, marked and labeled as required elsewhere in this contract.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

- (1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and
- (2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

Invoice 2in1

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) *Document routing.* The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table* **To be updated at time of award**

<i>Field Name in WAWF</i>	<i>Data to be entered in WAWF</i>
Pay Official DoDAAC	==
Issue By DoDAAC	==
Admin DoDAAC	==
Inspect By DoDAAC	==
Ship To Code	==
Ship From Code	==
Mark For Code	==
Service Approver (DoDAAC)	==
Service Acceptor (DoDAAC)	==
Accept at Other DoDAAC	==
LPO DoDAAC	==
DCAA Auditor DoDAAC	==

Other DoDAAC(s)	==
-----------------	----

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

To be updated at time of award

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

252.204-7021	Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements.	(Nov 2025)
--------------	--	-------------------

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions.* As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

(1) Final Level 1 (Self).

(2) Conditional Level 2 (Self).

(3) Final Level 2 (Self).

(4) Conditional Level 2 (C3PAO).

(5) Final Level 2 (C3PAO).

(6) Conditional Level 3 (DIBCAC).

(7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework.* The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication.* The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements.* The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: _____
Contracting Officer insert: CMMC Level 1 (Self); CMMC Level 2 (Self); CMMC Level 2 (C3PAO); or CMMC Level 3 (DIBCAC) for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (<https://piee.eb.mil>) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting.* The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts.* The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

252.211-7003 Item Unique Identification and Valuation.

(Jan 2023)

ITEM UNIQUE IDENTIFICATION AND VALUATION (JAN 2023)

(a) *Definitions.* As used in this clause-

"Automatic identification device" means a device, such as a reader or interrogator, used to retrieve data encoded on machine-readable media.

"Concatenated unique item identifier" means-

(1) For items that are serialized within the enterprise identifier, the linking together of the unique identifier data elements in order of the issuing agency code, enterprise identifier, and unique serial number within the enterprise identifier; or

(2) For items that are serialized within the original part, lot, or batch number, the linking together of the unique identifier data elements in order of the issuing agency code; enterprise identifier; original part, lot, or batch number; and serial number within the original part, lot, or batch number.

"Data matrix" means a two-dimensional matrix symbology, which is made up of square or, in some cases, round modules arranged within a perimeter finder pattern and uses the Error Checking and Correction 200 (ECC200) specification found within International Standards Organization (ISO)/International Electrotechnical Commission (IEC) 16022.

"Data qualifier" means a specified character (or string of characters) that immediately precedes a data field that defines the general category or intended use of the data that follows.

"DoD recognized unique identification equivalent" means a unique identification method that is in commercial use and has been recognized by DoD. All DoD recognized unique identification equivalents are listed at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

"DoD item unique identification" means a system of marking items delivered to DoD with unique item identifiers that have machine-readable data elements to distinguish an item from all other like and unlike items. For items that are serialized within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier and a unique serial number. For items that are serialized within the part, lot, or batch number within the enterprise identifier, the unique item identifier shall include the data elements of the enterprise identifier; the original part, lot, or batch number; and the serial number.

"Enterprise" means the entity (e.g., a manufacturer or vendor) responsible for assigning unique item identifiers to items.

"Enterprise identifier" means a code that is uniquely assigned to an enterprise by an issuing agency.

"Government's unit acquisition cost" means-

(1) For fixed-price type line, subline, or exhibit line items, the unit price identified in the contract at the time of delivery;

(2) For cost-type or undefinitized line, subline, or exhibit line items, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery; and

(3) For items produced under a time-and-materials contract, the Contractor's estimated fully burdened unit cost to the Government at the time of delivery.

"Issuing agency" means an organization responsible for assigning a globally unique identifier to an enterprise, as indicated in the Register of Issuing Agency Codes for ISO/IEC 15459, located at http://www.aimglobal.org/?Reg_Authority15459.

"Issuing agency code" means a code that designates the registration (or controlling) authority for the enterprise identifier.

"Item" means a single hardware article or a single unit formed by a grouping of subassemblies, components, or constituent parts.

"Lot or batch number" means an identifying number assigned by the enterprise to a designated group of items, usually referred to as either a lot or a batch, all of which were manufactured under identical conditions.

"Machine-readable" means an automatic identification technology media, such as bar codes, contact memory buttons, radio frequency identification, or optical memory cards.

"Original part number" means a combination of numbers or letters assigned by the enterprise at item creation to a class of items with the same form, fit, function, and interface.

"Parent item" means the item assembly, intermediate component, or subassembly that has an embedded item with a unique item identifier or DoD recognized unique identification equivalent.

"Serial number within the enterprise identifier" means a combination of numbers, letters, or symbols assigned by the enterprise to an item that provides for the differentiation of that item from any other like and unlike item and is never used again within the enterprise.

"Serial number within the part, lot, or batch number" means a combination of numbers or letters assigned by the enterprise to an item that provides for the differentiation of that item from any other like item within a part, lot, or batch number assignment.

"Serialization within the enterprise identifier" means each item produced is assigned a serial number that is unique among all the tangible items produced by the enterprise and is never used again. The enterprise is responsible for ensuring unique serialization within the enterprise identifier.

"Serialization within the part, lot, or batch number" means each item of a particular part, lot, or batch number is assigned a unique serial number within that part, lot, or batch number assignment. The enterprise is responsible for ensuring unique serialization within the part, lot, or batch number within the enterprise identifier.

"Type designation" means a combination of letters and numerals assigned by the Government to a major end item, assembly or subassembly, as appropriate, to provide a convenient means of differentiating between items having the same basic name and to indicate modifications and changes thereto.

"Unique item identifier" means a set of data elements marked on items that is globally unique and unambiguous. The term includes a concatenated unique item identifier or a DoD recognized unique identification equivalent.

"Unique item identifier type" means a designator to indicate which method of uniquely identifying a part has been used. The current list of accepted unique item identifier types is maintained at <https://www.acq.osd.mil/asda/dpc/ce/ds/unique-id.html>.

(b) The Contractor shall deliver all items under a contract line, subline, or exhibit line item.

(c) *Unique item identifier.*

(1) The Contractor shall provide a unique item identifier for the following:

(i) Delivered items for which the Government's unit acquisition cost is \$5,000 or more, except for the following line items:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(ii) Items for which the Government's unit acquisition cost is less than \$5,000 that are identified in the Schedule or the following table:

Contract Line, Subline, or

Exhibit Line Item Number	Item Description
--------------------------	------------------

=====	=====
=====	=====
=====	=====

(If items are identified in the Schedule, insert "See Schedule in this table.")

(iii) Subassemblies, components, and parts embedded within delivered items, items with warranty requirements, DoD serially managed reparable and DoD serially managed nonreparables as specified in Attachment Number ____.

(iv) Any item of special tooling or special test equipment as defined in FAR 2.101 that have been designated for preservation and storage for a Major Defense Acquisition Program as specified in Attachment Number ____.

(v) Any item not included in (i), (ii), (iii), or (iv) for which the contractor creates and marks a unique item identifier for traceability.

(2) The unique item identifier assignment and its component data element combination shall not be duplicated on any other item marked or registered in the DoD Item Unique Identification Registry by the contractor.

(3) The unique item identifier component data elements shall be marked on an item using two dimensional data matrix symbology that complies with ISO/IEC International Standard 16022, Information technology - International symbology specification - Data matrix; ECC200 data matrix specification.

(4) *Data syntax and semantics of unique item identifiers.* The Contractor shall ensure that-

(i) The data elements (except issuing agency code) of the unique item identifier are encoded within the data matrix symbol that is marked on the item using one of the following three types of data qualifiers, as determined by the Contractor:

(A) Application Identifiers (AIs) (Format Indicator 05 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(B) Data Identifiers (DIs) (Format Indicator 06 of ISO/IEC International Standard 15434), in accordance with ISO/IEC International Standard 15418, Information Technology - EAN/UCC Application Identifiers and Fact Data Identifiers and Maintenance and ANSI MH 10.8.2 Data Identifier and Application Identifier Standard.

(C) Text Element Identifiers (TEIs) (Format Indicator 12 of ISO/IEC International Standard 15434), in accordance with the Air Transport Association Common Support Data Dictionary; and

(ii) The encoded data elements of the unique item identifier conform to the transfer structure, syntax, and coding of messages and data formats specified for Format Indicators 05, 06, and 12 in ISO/IEC International Standard 15434, Information Technology - Transfer Syntax for High Capacity Automatic Data Capture Media.

(5) *Unique item identifier.*

(i) The Contractor shall-

(A) Determine whether to-

(1) Serialize within the enterprise identifier;

(2) Serialize within the part, lot, or batch number; or

(3) Use a DoD recognized unique identification equivalent (e.g. Vehicle Identification Number); and

(B) Place the data elements of the unique item identifier (enterprise identifier; serial number; DoD recognized unique identification equivalent; and for serialization within the part, lot, or batch number only: original part, lot, or batch number) on items requiring marking by paragraph (c)(1) of this clause, based on the criteria provided in MIL-STD-130, Identification Marking of U.S. Military Property, latest version;

(C) Label shipments, storage containers and packages that contain uniquely identified items in accordance with the requirements of MIL-STD-129, Military Marking for Shipment and Storage, latest version; and

(D) Verify that the marks on items and labels on shipments, storage containers, and packages are machine readable and conform to the applicable standards. The contractor shall use an automatic identification technology device for this verification that has been programmed to the requirements of Appendix A, MIL-STD-130, latest version.

(ii) The issuing agency code-

(A) Shall not be placed on the item; and

(B) Shall be derived from the data qualifier for the enterprise identifier.

(d) For each item that requires item unique identification under paragraph (c)(1)(i), (ii), or (iv) of this clause or when item unique identification is provided under paragraph (c)(1)(v), in addition to the information provided as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the Contractor shall report at the time of delivery, as part of the Material Inspection and Receiving Report, the following information:

(1) Unique item identifier.

(2) Unique item identifier type.

(3) Issuing agency code (if concatenated unique item identifier is used).

(4) Enterprise identifier (if concatenated unique item identifier is used).

(5) Original part number (if there is serialization within the original part number).

(6) Lot or batch number (if there is serialization within the lot or batch number).

(7) Current part number (optional and only if not the same as the original part number).

(8) Current part number effective date (optional and only if current part number is used).

(9) Serial number (if concatenated unique item identifier is used).

(10) Government's unit acquisition cost.

(11) Unit of measure.

(12) Type designation of the item as specified in the contract schedule, if any.

(13) Whether the item is an item of Special Tooling or Special Test Equipment.

(14) Whether the item is covered by a warranty.

(e) For embedded subassemblies, components, and parts that require DoD item unique identification under paragraph (c)(1)(iii) of this clause or when item unique identification is provided under paragraph (c)(1)(v), the Contractor shall report as part of the Material Inspection and Receiving Report specified elsewhere in this contract, the following information:

(1) Unique item identifier of the parent item under paragraph (c)(1) of this clause that contains the embedded subassembly, component, or part.

(2) Unique item identifier of the embedded subassembly, component, or part.

(3) Unique item identifier type.**

(4) Issuing agency code (if concatenated unique item identifier is used).**

(5) Enterprise identifier (if concatenated unique item identifier is used).**

(6) Original part number (if there is serialization within the original part number).**

(7) Lot or batch number (if there is serialization within the lot or batch number).**

(8) Current part number (optional and only if not the same as the original part number).**

(9) Current part number effective date (optional and only if current part number is used).**

(10) Serial number (if concatenated unique item identifier is used).**

(11) Description.

** Once per item.

(f) The Contractor shall submit the information required by paragraphs (d) and (e) of this clause as follows:

(1) End items shall be reported using the receiving report capability in Wide Area WorkFlow (WAWF) in accordance with the clause at 252.232-7003. If WAWF is not required by this contract, and the contractor is not using WAWF, follow the procedures at <http://dodprocurementtoolbox.com/site/uidregistry/>.

(2) Embedded items shall be reported by one of the following methods-

(i) Use of the embedded items capability in WAWF;

(ii) Direct data submission to the IUID Registry following the procedures and formats at <http://dodprocurementtoolbox.com/site/uidregistry/>; or

(iii) Via WAWF as a deliverable attachment for exhibit line item number (fill in) _____, Unique Item Identifier Report for Embedded Items, Contract Data Requirements List, DD Form 1423.

(g) *Subcontracts*. If the Contractor acquires by subcontract, any item(s) for which item unique identification is required in accordance with paragraph (c)(1) of this clause, the Contractor shall include this clause, including this paragraph (g), in the applicable subcontract(s), including subcontracts for commercial products or commercial services.

52.204-90 Offeror Identification. (Deviation)

(Feb 2026)

OFFEROR IDENTIFICATION (FEB 2026) (DEVIATION)

If the Offeror will not have an active Federal Government contracts registration in the System for Award Management (<https://www.sam.gov>) when submitting its offer, it shall complete paragraphs (c) and (d) of this provision and include its responses with its offer.

(a) *Definitions.* As used in this provision-

Commercial and Government Entity (CAGE) code has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

Common parent means that corporate entity that owns or controls an affiliated group of corporations that files its Federal income tax returns on a consolidated basis, and of which the offeror is a member.

Electronic Funds Transfer (EFT) indicator means a bank account identifier to establish additional System for Award Management records for identifying alternative EFT accounts (see part 32) for the same entity.

Highest-level owner means the entity that owns or controls an immediate owner of the offeror, or that owns or controls one or more entities that control an immediate owner of the offeror. No entity owns or exercises control of the highest-level owner.

Immediate owner means an entity, other than the offeror, that has direct control of the offeror. Indicators of control include, but are not limited to, one or more of the following: ownership or interlocking management, identity of interests among family members, shared facilities and equipment, and the common use of employees. There may be more than one immediate owner (e.g., joint ventures).

Predecessor means an entity whose assets were acquired by the offeror or another entity (most often through merger or acquisition) and whose affairs are now carried out by the offeror or the other entity under a new name.

Taxpayer Identification Number means the number required by the Internal Revenue Service (IRS) to be used by the offeror to report income tax and other returns. It may be either a Social Security Number or an Employer Identification Number.

Unique entity identifier (UEI) has the meaning provided in the clause at FAR 52.204-91, Contractor Identification, of this solicitation.

(b) *Unique entity identifier (UEI).*

(1) The Offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the UEI that identifies the Offeror's name and address exactly as stated in the offer. The Offeror shall also enter its EFT indicator, if applicable.

(2) If the Offeror does not have a UEI, it shall go to <https://www.sam.gov> to obtain one. The Government will independently validate the existence and uniqueness of the Offeror before assigning a UEI.

(c) *Taxpayer identification.* The Offeror shall provide with its offer the following information that is necessary to comply with debt collection requirements of 31 U.S.C. 7701(c) and 3325(d); reporting requirements of 26 U.S.C. 6041, 6041A, and 6050M; and the implementing IRS regulations:

(1) Taxpayer identification number (TIN)

☐ TIN: _____;

☐ TIN has been applied for; or

☐ TIN is not required because:

☐ Offeror is a nonresident alien, foreign corporation, or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the United States and does not have an office or place of business or a fiscal paying agent in the United States;

☐ Offeror is an agency or instrumentality of a foreign government; or

☐ Offeror is an agency or instrumentality of the Federal Government.

(2) *Type of organization.*

☐ Sole proprietorship;

☐ Partnership;

☐ Corporate entity (not tax-exempt);

☐ Corporate entity (tax-exempt);

☐ Government entity (Federal, State, or local);

☐ Foreign government;

☐ International organization per 26 CFR 1.6049-4; or

☐ Other.

(3) *Common parent.*

☐ Offeror is not owned or controlled by a common parent as defined in paragraph (a) of this provision; or

☐ Name and TIN of common parent:

Name: _____

TIN: _____

(4) The TIN provided in paragraph (c)(1) of this provision may be matched with IRS records to verify the accuracy of the Offeror's TIN. The Government may use the TIN to collect and report on any delinquent amounts arising out of the Offeror's relationship with the Government (31 U.S.C. 7701(c)(3)).

(d) Commercial and Government Entity (CAGE) code.

(1) The Offeror shall provide its CAGE code with its offer with its name and location address or otherwise include it prominently in its offer. The CAGE code shall be for that name and location address. Insert the word "CAGE" before the code. The Offeror may obtain a CAGE code as indicated in the following table.

If the Offeror is...	Then...
Located in the United States or its outlying areas	Submit a request to the DLA CAGE Branch via https://cage.dla.mil
Located outside the United States and its outlying areas and its country is a member of the North Atlantic Treaty Organization (NATO) or a sponsored nation	Contact the appropriate National Codification Bureau (https://www.nato.int/structur/ac/135/about/contacts)
Located outside the United States and its outlying areas and its country is not a member of	Contact the NATO Support and Procurement Agency (NSPA) (

NATO or a sponsored nation

<https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx>

(2) The Offeror shall provide the CAGE code and legal business name (Do not use a "doing business as" name) for-

(i) Its immediate owner(s), if any;

(ii) Its highest-level owner, if any; and

(iii) Any predecessor(s), or predecessor of an Offeror's predecessor, that held a Federal contract or grant within the last three years.

Owner Type	CAGE Code	Legal Business Name
Immediate owner	=====	=====
Highest-level owner	=====	=====
Predecessor*	=====	=====

* Predecessor CAGE code may be marked "Unknown."

(3) If the Offeror has more than one immediate owner (such as a joint venture), give the information for each owner (or joint venture participant). If the Offeror has more than one predecessor, provide information for each predecessor in reverse chronological order.

DFARS Clauses Incorporated by Full Text

252.204-7016 Covered Defense Telecommunications Equipment or Services-Representation.

(Dec 2019)

COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (DEC 2019)

(a) *Definitions.* As used in this provision, "covered defense telecommunications equipment or services" has the meaning provided in the clause 252.204-7018, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services.

(b) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) (<https://www.sam.gov>) for entities excluded from receiving federal awards for "covered defense telecommunications equipment or services".

(c) *Representation.* The Offeror represents that it ☐ does, ☐ does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(End of provision)

252.204-7017 Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services-Representation.

(May 2021)

PROHIBITION ON THE ACQUISITION OF COVERED DEFENSE TELECOMMUNICATIONS EQUIPMENT OR SERVICES-REPRESENTATION (MAY 2021)

The Offeror is not required to complete the representation in this provision if the Offeror has represented in the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does not provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument."

(a) *Definitions.* "Covered defense telecommunications equipment or services," "covered mission," "critical technology," and "substantial or essential component," as used in this provision, have the meanings given in the 252.204-7018 clause, Prohibition on the Acquisition of Covered Defense Telecommunications Equipment or Services, of this solicitation.

(b) *Prohibition.* Section 1656 of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits agencies from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

(c) *Procedures.* The Offeror shall review the list of excluded parties in the System for Award Management (SAM) at <https://www.sam.gov> for entities that are excluded when providing any equipment, system, or service to carry out covered missions that uses covered defense telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless a waiver is granted.

(d) *Representation.* If in its annual representations and certifications in SAM the Offeror has represented in paragraph (c) of the provision at 252.204-7016, Covered Defense Telecommunications Equipment or Services-Representation, that it "does" provide covered defense telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument, then the Offeror shall complete the following additional representation:

The Offeror represents that it ☐ will ☐ will not provide covered defense telecommunications equipment or services as a part of its offered products or services to DoD in the performance of any award resulting from this solicitation.

(e) *Disclosures.* If the Offeror has represented in paragraph (d) of this provision that it "will provide covered defense telecommunications equipment or services," the Offeror shall provide the following information as part of the offer:

(1) A description of all covered defense telecommunications equipment and services offered (include brand or manufacturer; product, such as model number, original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable).

(2) An explanation of the proposed use of covered defense telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition referenced in paragraph (b) of this provision.

(3) For services, the entity providing the covered defense telecommunications services (include entity name, unique entity identifier, and Commercial and Government Entity (CAGE) code, if known).

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

(End of provision)

52.219-4	Notice of Price Evaluation Preference for HUBZone Small Business Concerns. (Deviation)	(Feb 2026)
----------	---	-------------------

NOTICE OF PRICE EVALUATION PREFERENCE FOR HUBZONE SMALL BUSINESS CONCERNS (FEB 2026) (DEVIATION)

(a) Evaluation preference.

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except-

(i) Offers from HUBZone small business concerns that have not waived the evaluation preference; and

(ii) Otherwise successful offers from small business concerns.

(b) *Waiver of evaluation preference.* A HUBZone small business concern may choose to waive the evaluation preference. If the concern waives the preference, the factor will be added to its offer for evaluation purposes.

☐ Offeror chooses to waive the evaluation preference.

(c) *Joint venture.* A HUBZone joint venture agrees that, in the performance of the contract, at least 40 percent of the aggregate work performed by the joint venture shall be completed by the HUBZone small business parties to the joint venture. Work performed by the HUBZone small business parties to the joint venture must be more than administrative functions.

Section M - Evaluation Factors for Award

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services. (Deviation)

(Feb 2026)

EVALUATION-COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES (FEB 2026) (DEVIATION)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

[Insert evaluation factors in the relative order of importance. For requests for proposals, state: Evaluation factors other than price when combined are [significantly more important than price/approximately equal to price/significantly less important] than price. For invitations for bids, list only price and price-related factors.]

=====

=====

=====

=====

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

52.219-2 Equal Low Bids. (Deviation)

(Feb 2026)

EQUAL LOW BIDS (FEB 2026) (DEVIATION)

(a) This provision applies to small business concerns only.

(b) The bidder's status as a labor surplus area (LSA) concern may affect entitlement to award in case of tie bids. If the bidder wishes to be considered for this priority, the bidder must identify, in the following space, the LSA in which the costs to be incurred on account of manufacturing or production (by the bidder or the first-tier subcontractors) amount to more than 50 percent of the contract price.

=====

(c) Failure to identify the labor surplus areas as specified in paragraph (b) of this provision will preclude the bidder from receiving priority consideration. If the bidder is awarded a contract as a result of receiving priority consideration under this provision and would not have otherwise received award, the bidder shall perform the contract or cause the contract to be performed in accordance with the obligations of an LSA concern.

(End of provision)
