1. DESCRIPTION OF SERVICES: The contractor shall provide all personnel, equipment, tools, materials, supervision, and other items and services necessary to deliver, install, maintain, and remove portable sanitation units and related support for Joint Base Andrews (JBA). Services include single portable toilets, deluxe portable toilets, ADA-compliant units, handwashing stations, baby care accommodations, restroom trailers, potable water services, on-site attendants, and final removal.

2. PLACE OF PERFORMANCE: Services will be performed at **Joint Base Andrews, MD**, at designated areas as identified by the Government. The contractor shall coordinate all placements with the Point of Contact (POC).

3. QUANTITY AND SERVICE REQUIREMENTS: The contractor shall provide the following services and equipment. Placement will be coordinated with the POC prior to delivery. All units shall be delivered clean, fully stocked, and maintained in a sanitary condition throughout the rental period.

- 3.1 **Single Portable Toilet:** Standard standalone units equipped with ventilation, toilet paper, and built-in hand sanitizer. Units shall be serviced weekly.
- 3.2 **Deluxe Portable Toilets:** Standard standalone units equipped with ventilation, toilet paper, and built-in hand sanitizer. Units shall be serviced weekly.
- 3.3 **ADA-Compliant Toilets:** Wheelchair-accessible units with compliant ramp access and interior maneuverability. These units must be serviced and restocked weekly.
- 3.4 **Handwashing Stations:** Foot-pump operated sinks stocked with soap, paper towels, and clean water. Stations should be distributed evenly throughout high-traffic areas.
- 3.5 **Hand Sanitizer Units:** Freestanding or mounted sanitizer dispensers placed in high-use zones and restocked or serviced weekly.
- 3.6 **Baby Care Stations:** Designated private stations with sanitary changing surfaces and appropriate supplies for caregivers with infants, sanitized and serviced weekly.
- 3.7 **4-Stall Restroom Trailer:** A climate-controlled restroom trailer with interior lighting and onboard sinks. The trailer must be cleaned and restocked weekly, with water tanks refilled as required. Water and necessary power shall be provided by contractor.
- 3.8 **Potable Water Truck and Delivery:** Contractor shall on-site potable water buffaloes to capacity of 525 gallons. Water must be potable for drinking purposes.
- 3.9 **Delivery and Setup:** All equipment shall be delivered and placed in accordance with the site layout provided by the Government. Equipment must be fully operational by time identified in order or by the Government.
- 3.10 **Post-Event Pickup and Removal:** The contractor shall remove all equipment and waste no later than the specified pickup date. The area must be left clean and free of debris.

4. CONTRACTOR RESPONSIBILITIES:

- 4.1 Adhere to environmental regulations for all waste disposal.
- 4.2 Ensure all personnel are professional and wear company identification.
- 4.3 Submit base access and escort requirements in advance for all personnel and vehicles.

5. SECURITY REQUIREMENTS: All personnel employed by the contractor in the performance of this contract, or any representative of the contractor entering the government installation, shall abide by all security regulations of the installation. The contractor shall be responsible for the action of any of their subcontractors and their employees who are working on JBA. The contractor and subcontractor shall hire U.S. citizen(s) that are in possession of a valid State driver's license and birth certificate. If the employee is not a U.S. citizen, the contractor and/or subcontractor may hire non-U.S. citizens if they are in possession of a Green Card, Social Security Card, Resident Card, Work Visa, and State issued Identification Card. If driving on base a State issued driver's license is required. The Contractor shall ensure the pass and identification items required for contract performance are obtained for employees and non-government owned vehicles.

5.1 All contractor personnel must comply with JBA base access procedures. Names, driver's licenses, and vehicle information must be submitted **no later than 10 business days** prior to required access.

6. WEAPONS: Weapons of any sort are not authorized on JBA. Combination tools such as Leatherman and small pocketknives with folding blades less than four inches are authorized if used in the performance of duty. Those found in violation of this directive are subject to apprehension, criminal charges, and debarment from the installation.

7. ILLEGAL CONTROLLED SUBSTANCE: The U.S. Federal government is the most vocal opponent of the drug industry and it has set the de facto international standards regarding the legality and illegality of different drugs. Illegal controlled substances and narcotics are not authorized on JBA whatsoever. Controlled substances shall not be transported on the installation via vehicle or on an individual person. Marijuana/cannabis, cocaine, crack cocaine, LSD, methamphetamine (meth), heroin, anabolic steroids, psilocybin mushrooms, are some of the forbidden substances (this list is not all-inclusive). Prescription medications are authorized for the person the medication is issued; however, the medication must not be expired, and the label must clearly indicate the name of the person the medication is issued to. Otherwise, prescription medication may be deemed illegal by law enforcement officials. Those found in violation of this directive are subject to apprehension, criminal charges, and debarment from the installation.

8. CONTINUATION OF ESSENTIAL DEPARTMENT OF DEFENSE (DOD) CONTRACTOR SERVICES DURING CRISIS: In the event the contractor is unable to perform his daily operations due to peacetime emergency and/or wartime contingency disturbances, etc., neither the Government nor the contractor shall take action for non-compliance with contract requirements. Upon notification by the CO, the contractor shall perform emergency and special event services, contingencies, operational readiness exercises or inspections. Emergency and special event services will be priced separately from routine services

9. GOVERNMENT FURNISHED PROPERTY (GFP) AND SERVICES: The US Government will not provide any equipment, fuel, personnel, utilities or facilities to the contractor for the execution of this contract. Should an emergency arise, only the necessary basic lifesaving and life support measures will be provided during the emergency.
