Sources Sought Notice (SSN)

DISCLAIMER:

This Sources Sought Notice (SSN) is issued solely for informational and market research purposes and does not constitute a solicitation. This notice shall not be construed as a commitment by the Government to award a contract, nor does it obligate the Government to any acquisition action. Responses to this notice are strictly voluntary; the Government will not reimburse any costs associated with responding. Respondents should not include proprietary or restricted information. If a solicitation is issued, it will be posted on SAM.gov. It is the responsibility of the interested parties to monitor this site for additional information pertaining to this SSN.

1. Title

Document control, competency assessment, and continuing education (CE) platform.

2. Purpose

The purpose of this SSN is to identify qualified and capable sources to assist in determining the appropriate acquisition strategy (e.g., small business set-aside, unrestricted). Responses will support the VA's market research for an anticipated requirement.

3. NAICS and PSC Information

Primary NAICS: 518210 – Computing Infrastructure Providers, Data Processing, Web Hosting, and Related Services. Small Business Size Standard: \$40M average annual receipts.

4. Required Vendor Responses

Vendors must provide complete responses to all items below to be considered responsive to this SSN:

1. Where are the requested items/equipment manufactured? Attach supporting documentation.
2. Are the requested items/equipment manufactured by a small or large business? Include NMR compliance documentation, if applicable.
3. Provide documentation demonstrating authorization to provide OEM-supported software, licenses, updates, and security patches. Provide proof of authorization (no grey market sources accepted).
4. Provide contractor name, point of contact, address, phone number, email, business size, and UEI.

5. Identify if your company qualifies as SB, SDVOSB, VOSB, HUBZone, or 8(a). Provide proof.
6. Identify any GWAC, GSA Schedule, IDIQ, or BPA under which these supplies/services are available, including contract numbers.
7. Provide documentation showing offered solution can meet the technical specifications of “section two (2) Scope,” in Statement of Work. See Attachment A – Statement of Work.
8. Confirm the solution’s accessibility posture by providing any available VPAT/Accessibility Conformance Report (Section 508).

5. Instructions for Responses

Questions regarding this SSN shall be submitted by 12:00 PM (CST), March 17, 2026, to William.Shaver@va.gov. Responses must be submitted by 07:00 AM (CST), March 18, 2026, in Microsoft Word format to the same email address. Include the subject line: “VAMC Document Control, Competency Assessment, and CE Platform – SSN Response.”

6. Market Pricing

Vendors are encouraged to provide estimated market pricing. Pricing information provided will assist the VA in determining procurement strategy and is considered part of market research only.

7. Additional Information

Information provided will be used solely for market research and will not be released outside the VA acquisition team. If no responses to this notice are received from an authorized distributor, then this action will be sole sourced to the manufacturer/authorized distributor.

8. Contact Information

William Shaver
William.Shaver@va.gov

9. Security, Compliance, and Hosting Requirements

The requirement involves cloud services handling federal data, the Government requires FedRAMP Moderate authorization. Cryptographic modules may be validated under FIPS 140-2 or FIPS 140-3; note that FIPS 140-2 certificates retire September 21, 2026.

10. Background - SOW

Please see the draft Statement of Work (SOW), provided as Attachment A, for additional background and technical information.
