

The Drug Enforcement Administration (DEA) intends to award a purchase order to Mystaire Inc. at 1200 Telecom Dr Creedmoor, NC 27522 for Fuming Chambers for the New England Laboratory.

This notice of intent is not a request for competitive quotations. In accordance with the Federal Acquisition Regulation (FAR) 6.302-1(c), the limited Source Documentation is attached with this notice.

Please note that this is not a request for competitive quotes. However, all interested parties who believe they can meet the requirements are invited to submit in writing complete information describing their ability to provide the product/services listed above to sherman.green@dea.gov. and be received by the archive date of this notice.

A determination by the Government not to compete this proposed contract acquisition based upon responses to the notice is solely within the discretion of the Government. Information received will normally be considered solely for the purpose of determining whether to conduct a competitive procurement.

This notice does not obligate the Government to award a contract or otherwise pay for the information provided in response. The Government reserves the right to use information provided by respondents for any purpose deemed necessary and legally appropriate. Respondents are advised that the Government is under no obligation to acknowledge receipt of the information received or provide feedback to respondents with respect to any information submitted.

SOLE SOURCE DOCUMENTATION

FAR PART 13

Purchase Orders Over \$10,000 but not Exceeding \$250,000

Acquisitions that do not allow for competition to the maximum extent practicable must be documented in accordance with Federal Acquisition Regulations (FAR). A Limited Sources Justification is required when soliciting fewer than three sources per FAR [13.104](#), or when using brand name descriptions per FAR [13.106-1\(b\)\(1\)](#). A Limited Sources Justification is not required for brand name or equal procurements. Follow procedures at [FAR PART 11.104](#).

Type of action: ☒ sole source acquisition

☐ brand-name

DAC Number: D-26-SS-0023

Estimated total amount:

[REDACTED]

Recurring Requirement: ☐ YES ☒ NO

X Delivery Date: 04/13/2026

☐ Period of Performance:

Brief description of supplies or services required and the intended use:

10 Cyanoacrylate fuming chambers for Friction Ridge Evidence Analysis to be conducted at the New England Laboratory (SFL10)

Summary of the facts and circumstances that support the determination that X only one source is reasonably available to supply the required supplies or services, or ☐ only the specified brand-name items can satisfy the Government's need:

1. Consistent with the current equipment in the DEA laboratories now.
2. Friction Ridge Examiners will not need any in-depth training on how to use the equipment.
3. The control display is reachable by personal to operate the equipment.
4. The control display provides details on which cycle the equipment is providing (humidity, fuming, and purge) and is easy enough to read and understand by the user.
5. No electricity AC configurations will be required.
6. The unit is made mostly of aluminum and not plastic.
7. Adjust humidity levels which are a requirement since the DEA Laboratories are spread across different regional areas throughout the United States.
8. Any problems that have arisen, have been fixed promptly since Mystaire have adequate support either by phone or personnel throughout the United States to fixed any issues that might arise.
9. Patent filtration system to ensure potentially hazardous cyanoacrylate fumes are effectively removed during the purge cycle.
10. This unit has a re-circulatory air through carbon filters several times to ensure the fumes are not released into the laboratory air system.
11. Easy removal and replacement of filters.
12. The safety glass window is the largest out there to view (39" wide x 53" high) the evidence. This allows the fingerprints specialist to view all evidence during fuming to make sure the evidence is being fumed properly.
13. Can mount up to 9 rods to hang evidence from.
14. Also, has a removal steal plated tray that can provided up to 4" of extra length (approx.. 4") when needed on longer specimens to process.

Describe in detail any market research conducted. Include results and state whether any vendors expressed interest:

Market research indicates that Mystaire brand is the only brand of chamber able to meet the following Salient Characteristics:

1. When installed on the counter, the control display is no more than 55" high to allow personal operate the equipment.
2. Humidifiers are located outside of the unit in a control container.
3. Constructed with aluminum for durability.

4. Automatic locking features, without usage of keys required.
5. Filtration system to ensure potentially hazardous cyanoacrylate fumes are effectively removed during the purging cycle.
6. Large interior chamber dimensions; no less than 20" x 24" x 28"
7. Large door, no less than 25" wide to enable full access to chamber.
8. Ability to install up to 9 rods for additional evidence processing
9. Easy accessibility for hot plate to add the cyanoacrylate for fuming.
10. Large enough hot plate to accommodate a minimum 3" foil container.

The Contracting Officer hereby determines that, due to the circumstances of this procurement:

- ☒ Only one source is deemed to be reasonably available.
- ☒ Only the specified brand-name item will satisfy the Government's need. For orders exceeding \$25,000, this Limited Source Justification shall be made available together with the solicitation and posted on the Contract Opportunities page on the Governmentwide Point of Entry (SAM.gov) in accordance with FAR [5.101\(a\)\(1\)](#).
- ☐ The Contracting Officer certifies that an order for the supplies or services will not be placed unless the price is found to be fair and reasonable.
