4. Authority:

☒ FAR 12.102(a) restricting competition for acquisitions valued at or below the Simplified Acquisition Threshold (SAT).

5. Reasons for Authority Cited:

a. This equipment has not reached its life cycle, and therefore, WACH has a continuing need for this service. Steris Corporation is the authorized original equipment manufacturer (OEM). As the OEM, they are the only company that can perform maintenance and repairs on their equipment. This also includes all proprietary services associated with the installation, repair, maintenance and support of the equipment. The proprietary letter dated September 16, 2025 can be found in the PCF files.

b. N/A (Not brand name)

c. If this justification is not approved and this requirement is competed it has the potential to be awarded to a company that would not have proprietary rights to maintain the equipment. This could lead to additional costs for the Government if maintenance was not performed correctly. This will cause a delay in any additional maintenance/updates required and cause patient care to be compromised. This equipment keeps the surgical operating room (OR) operational with sterile and clean instruments; disruptions would delay healthcare.

6. Publicizing Contract Actions: For FAR Part 12 actions, the public display and synopsis requirements of FAR 5.101 and FAR 5.201 ☐ do not apply due to the \$ threshold, ☒ apply and will be followed, or ☐ do not apply due to an exception at 5.202 ____ (N/A) ____.

Requirement to post justification in accordance with FAR 8.405-6(b)(3), FAR 12.202, or FAR 16.505(a)(4)(iii)(A)

☒ Action is NOT a brand name restriction and is under \$350K, no posting required
☐ Action is a brand name restriction, under \$25K, no posting required
☐ Action is a brand name restriction, over \$25K. It will be redacted and posted with the solicitation.

☐ Action is a brand name restriction over \$25K but will not be posted due to exception:

- ☐ FAR 6.305(f)
- ☐ FAR 8.405-6(b)(3)(iii)(A)
- ☐ FAR 8.405-6(b)(3)(iii)(B)
- ☐ FAR 8.405-6(b)(3)(iii)(C)
- ☐ FAR 16.505(a)(4)(iii)(C)

7. Market Research: The market research consisted of sources of sought posted on February 17, 2026, to SAM.gov. Contracting did not receive any responses. A review of

all mandatory sources and GSA yielded no results. A search was completed on the sba.gov website to promote competition, using the key words sterilizer repair and using the NAICS code 811210, which resulted in 2 small businesses. Although these two small businesses are not authorized to repair or maintain Steris sterilizers.

Market research revealed that the required maintenance and repair services for sterilizers did not have at least two small businesses identified and due to proprietary rights on the equipment, it is recommended that this requirement be sole source to Steris, a large business.

8. Other Facts: Procurement history:

W81K00-20-P-0283	FFP	Sole source	1	\$181,986.93	01 APR 2021 through 31 MAR 2026
W81K00-18-P-0662	FFP	Sole source	1	\$88,702.27	01OCT 2018 through 31 MAR 2021

The notice of intent to sole source will be posted to sam.gov as required.

10. Contracting Officer Certification/Approval:

I hereby determine that the anticipated cost or price to the Government for this contract action will be fair and reasonable based upon comparisons of the offer and the Independent Government estimate (IGE).

I certify that this justification is accurate and complete to the best of my knowledge and belief, and that completing this purchase as a sole source is in the best interest of the Government.
