1.1

Description	Qty.	Serial #
M2 Printer	1	M2-900141
M2 Printer	1	M2-900098

1.2 Scheduled Preventive Maintenance (PM). Within five (5) days of contract award, the Government Representative shall contact the Contractor to schedule preventive maintenance on the M2 printers. The Contractor shall perform semi-annual maintenance services, every six (6) months, and coordinate maintenance actions through the Government Representative listed in paragraph 4.1. All preventative maintenance services will be provided in accordance with the relevant Original Equipment Manufacturer's then current manuals as determined by GE. Each Preventative Maintenance Service must be scheduled and performed within the 12-month period to which they relate and cannot be carried forward. If not so performed, any unperformed Preventative Maintenance Service will expire without any obligation on GE. PM shall be scheduled at minimum of 30 days in advance and within 8:00 am – 5:00 pm.

1.3 Technical Support. Technical support shall consist of the Contractor providing technical support by telephone or via email to the Government. The Contractor shall provide technical support from 7:00 am to 7:00 pm, Monday through Friday.

1.4 Over and Above Work. Work discovered during the course of performance that is:

1.4.1 Within the general scope of the contract, not covered by the line item(s) for the basic work under the contract, and necessary in order to satisfactorily complete the contract.

1.4.2 Upon discovery of the need for over and above work, the Contractor shall prepare and furnish to the Government a work request. Upon request the Contractor shall promptly submit to the Contracting Officer, a proposal for the over and above work. The Government and Contractor will then negotiate a settlement for the over and above work. Contract modifications will be executed to definitize all over and above work.

1.4.3 Corrective Maintenance/Repairs. If corrective maintenance or repairs are required, the Contractor shall coordinate will provide a written repair estimate to the Government Representative by email no later than three (3) business days from assessment. The Government Representative will obtain Contracting Officer approval before the repairs are performed.

1.5 Acceptance. After on-site repair work has been completed on the over and above and updates are complete, the Contractor shall perform a functional test of the equipment to ensure proper operation. The Government Representative will observe and approve the functional test results. Within three (3) days of the repair, the Contractor shall provide a maintenance log, electronically, via email, to the Government Representative listed in Para 4.1 detailing all tasks completed. **(CDRL A/B/C/D/E 001, DI-MISC-80508B, Technical Report- Study Services – Maintenance Log)**
