

Small Business Participation Commitment Document

All Offerors shall submit a Small Business Participation Commitment Document (SBPCD) as outlined below to fulfill the Subfactor 3: SBPCD requirement. The information that you provide on this form will be used to evaluate your proposed participation/commitment to use U.S. small businesses in the performance of the basic contract and any future orders (as a small business prime, joint venture, teaming arrangement, and/or small business subcontractors). The SBPCD is different from the Small Business Subcontracting Plan that is described in Section L paragraph 3.5.5, which is only required for other than small businesses.

This document applies for the duration of this contract. The Government understands that requirements have not been defined for future Delivery Orders/Task Orders. Offerors shall complete this form with their best estimate of any future awards they receive on this contract.
