

AFTAC CONTRACT ADMINISTRATION SUPPORT SERVICES (ACASS) SOURCES SOUGHT

1.0 Description

- 1.1 The Sources Sought Notice does not constitute a Request for Proposal (RFP), Request for Quote (RFQ) or an Invitation for Bid (IFB). Since this is a Request For Information/Sources Sought announcement, no evaluation letters and/or results will be issued to the respondents. No reimbursement will be made for any costs associated with providing information in response to this announcement. This announcement does not obligate the Government to award a contract. No telephone calls will be accepted requesting a bid package or solicitation. A solicitation does not presently exist. The Air Force will not accept or acknowledge emails over 5MB, brochures, samples, catalogs, and any other marketing solicitation information. The Government may use the information obtained from responses to this notice in determining its acquisition approach, but the issuance of this notice does not restrict the Government's acquisition approach.
- 1.2 The Air Force Technical Applications Center (AFTAC) and AMIC DET 2/OL/PKA (Patrick SFB, FL) is conducting Market Research for non-personal services for information and planning purposes in support of professional federal contracting support services at AFTAC in collaboration with AMIC contracting officers. Services include Department of Defense acquisition planning, market research, acquisition strategy development, acquisition and contract document development. Services also include cost/price analysis, preparation of determinations and justifications, synopsis, solicitations, price negotiation memoranda, and the contractor shall provide assistance with and document proposal evaluations and will receive AFTAC technical evaluations as well as contractor submitted technical/cost proposals for review and use in the contract formation process. The contractor will professionally execute contract administration duties and will maintain contract writing, filing, and tracking systems/tools and will accurately document, file (to include electronic filing), and maintain contract documents. The contractor will develop and adhere to acquisition milestones. This Sources Sought is one of the elements of the Government's Market Research and will be used to determine the acquisition approach and, if needed, to determine sub-contracting goals. Therefore, if a company has the capabilities to participate as a contractor/sub-contractor, please provide that information.
- 1.3 In order to make a determination for a **small business set-aside**, two or more qualified and capable small businesses must submit responses that demonstrate their qualifications. Responses must demonstrate the company's ability to perform in accordance with the Limitations on Subcontracting clause (FAR 52.219-14).
