

Salient Characteristics:**Q5i Unattended Ground Sensor (UGS)**

Item	Description	Quantity
1	Q5i Unattended Ground Sensor (UGS) Phalanx Shield Q5i Unattended Ground Sensor (Multi-sensor UGS): Human, Vehicle, Magnetic Vehicle, Bluetooth, Tamper/Displacement Detection Capability with GPS	30
2	i5 Phalanx Shield PIR Sensor Phalanx Shield i5 PIR sensor: "Tripwire" Narrow beam with extended detection range, GPS, rechargeable battery	18
3	Phalanx Shield Conduit/Gateway Phalanx Shield Conduit/Gateway (Ethernet), with installed firmware, Starlink capable, Rugged or Infrastructure model. (1 EULA) Software updates and support for 1 year.	2
4	LTE Backhaul Package Integrated cellular module and software, enables LTE data backhaul to User Interface, ZeroTier Ready or Static IP.	2
5	Extended Range Package Extended Range Antenna with low loss cabling. Outdoor, high gain, weather resistant, for use with C5i Conduit Gateway.	2
6	Phalanx Shield User Interface	2

	Phalanx Shield User Interface (EULA) Windows compatible, includes new analytics package. Software updates and support for 1 year	
7	Custom Case Custom case for sensors, conduit/gateway, cabling and antennae	4
8	14" Ruggedized Laptop Computer Panasonic Toughbook (or similar) Intel Core i5 Processor, Windows 11 Pro, 16GB RAM, 512 GB HD, Backlit KBD, WIFI + BT, Phalanx Shield installed	2
9	Installation and Training Package Three-day support package, consisting of a two-person training and installation team to advise and assist with equipment emplacement, RF solutions, and training of up to 10 personnel, including seismic theory, multi-modal system operation, field tactical employment, and all training materials.	1
10	3-Year Warranty/Software Support Package Includes coverage for manufacturer defects, required updates and technical support. Commences upon expiration of the one-year warranty/software support period.	
11	Shipping/handling
