The purpose of this solicitation amendment 0007 is to provide a memorandum for after hours of Hot Work, 300-23-224.After Hours Hotwork Memo (002) as additional reference for below answer of Q6 that previously answered in the amendment of solicitation 0005, to answer a question (Q7) from an offeror, and to change the language in Section A.

CONTRACTOR QUESTION:

So far, we are unauthorized to do any hot work after 8 p.m., directed by the project and C380.

We, however, have found it necessary to continue hot work by 12 p.m. (0 a.m.)

Could you please repeal this only to this contract, and allow us to do Hot Work by 0 a.m.?

GOVERNMENT RESPONSE:

A6

CONTRACTOR QUESTION:

Q7

I would like to clarify the intent of my previous inquiry. My question was focused on eligibility regarding the contractor's nationality.

Previously, I understood that for non-CMAV (Continuous Maintenance Availability) repair projects, only U.S. companies were eligible to bid.

However, since DFARS 252.225-7042 primarily discusses the legal authority to operate within Japan, I wanted to confirm whether Japanese or South Korean companies are also eligible to participate in this specific solicitation.

As my inquiry was related to administrative eligibility rather than the technical scope of work, I reached out via email.

GOVERNMENT RESPONSE:

A7

Please review Sections A, L, and M of the solicitation, which outline the eligibility criteria and bidding requirements.

Regarding the inquiry received, the language in Section A has been updated. Please confirm your acknowledgment these changes.

All other information remains unchanged.

See continuation page for details.

This amendment of solicitation is also posted in SAM.gov as the linked below.
