

STATEMENT OF WORK
Vyaire PFT and Spirometry Equipment Maintenance and Support Services

1. **SCOPE:** Vendor must provide all labor, travel, hardware, parts, and software to complete the following services:
 - A. Software management for 88 devices throughout the VISN (including all Vyaire PFTs, PC, spirometry systems and associated desktops and laptops that we have in the VISN – see quote for SNs). Software management of these systems will include:
 - Preferred direct phone line software support assistance, available Monday-Friday 8AM to 5PM CST1
 - Provides priority response and resolution for calls into Professional Services
 - Maintains SentrySuiteTM/VmaxTM software application on the workstation
 - Provides proactive notification of SentrySuiteTM maintenance package releases for bug fixes and cybersecurity updates
 - Provides SentrySuiteTM software upgrades when available – Keep SentrySuiteTM software up to date on the latest ATS features2 – Cybersecurity improvements on SentrySuiteTM software. – SentrySuiteTM software upgrade web-based training3
 - Supports report and predicted set customization
 - B. Hardware support and services for 4 devices throughout the VISN
 - 1)SN [REDACTED] Vyntus Body PC Black H Is
 - 2)SN [REDACTED] Vyntus Body PC Black H Is
 - 3)SN [REDACTED] Vyntus Body Dif PC Sioux Falls
 - 4)SN [REDACTED] Vyntus Body PFT and workstation CIHHardware support for these systems should include:
 - Priority phone and remote support by factory-trained, certified technical support specialists for troubleshooting and guided solutions.
 - All service parts including O2 cell, system components, computer, monitor, keyboard, mouse and printer coverage.
 - Shipping and next day delivery for parts which are needed urgently.
 - Travel and on-site service support for repairs by Jaeger certified engineers subject to the service levels as described under the specific section.
 - 3L S ringe recertification.
 - On-site service calls should occur within 3 business days
 - Detailed Service Report provided following on-site service visits.

The Government may add new items that fall within the scope of this description during the contract period. Additions shall be made through contract modification and shall not exceed the maximum contract value. The Contractor shall provide proposals for added items upon request.

2. **QUALIFICATIONS:** To be eligible for consideration, vendor must be able to provide Vyaire PFT and spirometry system hardware and software components, as required by the attached quote summaries. The vendor must either be the OEM or be authorized by the OEM to provide this specific equipment (hardware and software). The selected vendor will be responsible for providing any services (travel included) required to complete the above scope.
