PROGRAM BACKGROUND

JMC is designated as the the backbone of our nation’s warfighting capability by ensuring that our troops have the munitions they need to dominate any battlefield, Headquartered at Rock Island Arsenal, Illinois, JMC has more than 13,000 personnel worldwide, and is the latest in a series of commands since World War II that have managed the nation's ammunition plants. Last year, JMC successfully managed a safe and reliable ammunition stockpile valued at \$67B, produced 700M rounds of ammunition, issued and received more than 370K short tons of ammunition, and demilitarized more than 33K short tons of ammunition.

JMC ensures excellence in munitions readiness and sustainment through continual innovation and modernization throughout an expeditionary global force from 18 arsenals, depots, and ammunition plants across the nation that produce millions of rounds of ammunition annually and storage depots that receive, store, issue, and demilitarize training and combat munitions providing warfighter readiness.

In accordance with these services, JMC provides the conventional ammunition life-cycle functions of logistics sustainment, readiness, and acquisition support for all U.S. military services, other government agencies, and allied nations as directed. JMC is the logistics integrator for life-cycle management of ammunition providing a global presence of technical support to frontline units. Delivering lethality to the joint warfighter at the right place and time.
