PREPARATION COSTS:

This RFP does not commit the Government to pay for the preparation and submission of a proposal.

TOTAL SMALL BUSINESS SET-ASIDE:

The proposed acquisition will be solicited as a total small business set-aside and will result in a purchase order contract on a Firm Fixed Price (FFP) basis.

Questions regarding this solicitation shall be submitted to Shanna Harris at shanna.c.harris.civ@us.navy.mil no later than Wednesday March 25, 2026, at 10:00am EST. Proposals shall be submitted to Shanna Harris at shanna.c.harris.civ@us.navy.mil and Sean Bennett at sean.m.bennett22.civ@us.navy.mil no later than Friday April 3, 2026, at 10:00am EST. Proposal submissions received after the stated submission deadline may not be considered for award. All responsible small business sources may submit a quote, which shall be considered by the agency. A determination has been made by the Government to compete this proposed effort as a total small business set aside, based upon responses to this notice, this determination is solely within the discretion of the Government. Oral communications are not acceptable in response to this notice. Procedures in FAR Subpart 12.2 and FAR Part 15 are applicable to this procurement. While price will be a significant factor in the evaluation of offers, the final contract award will be based on a combination of factors- price, acceptable FCL, performance approach, management approach, and past performance.

System for Award Management (SAM). Quoters must be registered in the SAM database to be considered for award. Registration is free and can be completed on-line at <http://www.sam.gov/>.

All proposals shall include price(s) showing any and all materials and labor, FOB destination, a point of contact, name and phone number, business size, and payment terms. The proposal shall explicitly confirm that the offeror can meet all of the technical requirements and provide all of the deliverables for the period of performance specified herein. Each response must clearly indicate the capability of the offeror to meet all specifications and requirements.

The Government intends to award a Firm Fixed Price (FFP) Purchase Order contract to the responsible offeror whose proposal represents the best value after evaluation in accordance with the factors in the solicitation. The Government intends to evaluate proposals and award a contract based on initial proposals. Accordingly, the offeror should submit its most favorable terms from a performance approach, management approach, and past performance and price standpoint. The Government reserves the right to award a contract to other than the lowest priced offeror or other than the highest technically rated offeror; award a contract without discussions; or award a contract after discussions, whichever is in the best interest of the Government.

Offerors shall be required to submit a non-price proposal that will be evaluated in accordance with solicitation procedures as set forth in this solicitation. The non-price proposal will be more important than price. The non-price proposal will consist of the following factors: Facilities Clearance (acceptable/unacceptable), Performance Approach, Management Approach, and Past Performance.

The non-price evaluation consists of two Phases. The Facility Security Clearance is the sole Phase I evaluation factor and will be evaluated on an Acceptable/Unacceptable basis. An offeror must receive a rating of Acceptable for Facility Security Clearance in order to be eligible for award and to be evaluated in Phase II.

In Phase II, Performance Approach, Management Approach, and Past Performance are in descending order of importance.

A rating of LESS than Acceptable for either the Performance Approach or the Management Approach means the proposal is ineligible for award, and the proposal will not be further evaluated.

This requirement will be awarded as a single Firm-Fixed-Price (FFP) contract. A pricing spreadsheet is included in the solicitation attachments for informational purposes only to assist with proposal preparation; this is not a Level of Effort (LOE) requirement. All proposal instructions are contained within the RFP document.

Additional Information/Notes

The Government intends to unilaterally deobligate any unliquidated obligations 90 days after each period of performance. Prior to doing so, the Contracting Officer (or Administrative Contracting Officer) will notify the contractor of the intended amount of deobligation and ask the contractor to confirm within one week that all invoices for the completed period of performance have been submitted and processed for payment (with the exception of any invoice for rate adjustment upon receipt of DCAA approved final rates for any cost-type CLINs or SLINs). Upon confirmation that all invoices have been submitted and processed for payment, or upon failure of the contractor to respond to the notification of the PCO/ACO of the intent to deobligate, the Contracting Officer or Administrative Contracting Officer will unilaterally deobligate the potential ULOs by reducing the funded amount to an amount equal to the invoiced/paid amount to the contractor for that contract period of performance.

Note: Reduction of cost-reimbursement CLINs or SLINs in accordance with the above DOES NOT change the obligations of either party under a Final Invoice submitted upon DCMA establishing final rates for each CLIN and or SLIN.

52.219-14 Limitations on Subcontracting (DEVIATION 2021-O0008) (Oct 2022) Deviation 2021-O0008 (Feb 2023)

LIMITATIONS ON SUBCONTRACTING (FEB 2023) (DEVIATION 2021-O0008)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition.* Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that--

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability.* This clause applies only to--

- (1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);
- (2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);
- (3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;
- (4) Orders expected to exceed the simplified acquisition threshold and that are--
 - (i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);
- (5) Orders, regardless of dollar value, that are--
 - (i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or
 - (ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and
- (6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) *Limitations on subcontracting.* By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for--

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. The following services may be excluded from the 50 percent limitation:

(i) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code 562910), cloud computing services, or mass media purchases.

(ii) Work performed outside the United States on awards made pursuant to the Foreign Assistance Act of 1961, or work performed outside the United States required to be performed by a local contractor.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded; or

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause--

☒ By the end of the base term of the contract and then by the end of each subsequent option period; or

☐ By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protege and its mentor approved by the Small Business Administration, the small business protege shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protege in the joint venture must be more than administrative functions.

(a) As part of the negotiated fixed price or total estimated amount of this contract, both the Government and the Contractor have agreed to waive any entitlement that otherwise might accrue to either party in any residual dollar amount of \$1,000 or less at the time of final contract closeout. The term "residual dollar amount" shall include all money that would otherwise be owed to either party at the end of the contract, except that, amounts connected in any way with taxation, allegations of fraud and/or antitrust violations shall be excluded. For purposes of determining residual dollar amounts, offsets of money owed by one party against money that would otherwise be paid by that party may be considered to the extent permitted by law.

(b) This agreement to waive entitlement to residual dollar amounts has been considered by both parties. It is agreed that the administrative costs for either party associated with collecting such small dollar amounts could exceed the amount to be recovered.

(1) SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

1. Completion of "Level I Antiterrorism Awareness Training" available at <https://jkodirect.jten.mil/pdf/at1/launch.html>; or
2. Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or
3. By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

OPERATION SECURITY (OPSEC)

It is DoD policy according to DoD Directive 5205.02E, "DoD Operations Security (OPSEC) Program," June 20, 2012, as amended to establish and maintain OPSEC programs to ensure national security-related missions and functions are protected.

Training: Contractor employees shall comply with all DoD OPSEC requirements and complete "OPSEC Awareness for Military Members, DoD Employees and Contractor" training within 30 days of onboarding the contract and annual refresher training thereafter. Training shall be completed through a DoD sponsored and certified computer or web-based learning instruction available at <https://securityawareness.usalearning.gov/opsec/index.htm>.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after training is completed by all employees and subcontractor personnel.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. OF-306 signed by contractor employee
- b. FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)
- c. Completed Electronic Investigation (e-QIP)
- d. All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.
- e. Common Access Card (CAC)
- f. DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875 SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as

Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

- a. Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.
- b. All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.
- c. Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information
- d. Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)

Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))

Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than five (5) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and

Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.

To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions

Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)

Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

UO4-01 UNLIQUIDATED OBLIGATIONS

(Dec 2025)

The Government intends to unilaterally deobligate any unliquidated obligations 90 days after each period of performance. Prior to doing so, the Contracting Officer (or Administrative Contracting Officer) will notify the contractor of the intended amount of deobligation and ask the contractor to confirm within one week that all invoices for the completed period of performance have been submitted and processed for payment (with the exception of any invoice for rate adjustment upon receipt of DCAA approved final rates for any cost-type CLINs or SLINs). Upon confirmation that all invoices have been submitted and processed for payment, or upon the contractor's failure to respond to the PCO/ACOs notification of intent to deobligate, the Contracting Officer or Administrative Contracting Officer will unilaterally deobligate the potential ULOs by reducing the funded amount to an amount equal to the contractors invoiced/paid amount for that contract period of performance.

Note: Reduction of cost-reimbursement CLINs or SLINs in accordance with the above DOES NOT change either party's obligations under a Final Invoice submitted upon DCMA establishing final rates for each CLIN and or SLIN."

Phase I Factor: Facility Clearance

The offeror shall provide verification that it possesses an active Facility Clearance (FCL) at the SECRET level at the time of proposal submission as identified in the PWS. The verification shall be provided via the Defense Counterintelligence and Security Agency's (DCSA) National Industrial Security System (NISS) and obtained no earlier than 30 days prior to the issuance of the solicitation. The Verification request shall include the following: Cage Code, Facility Name, Physical Location, Facility Clearance Status/Level, Status Date/Issue Date, Safeguarding Level, Authorized Access to FCL Limitation, Facility Security Officer, Facility Security Officer Phone Number, DCSA Field Office, and DCSA Officer Phone Number.

NOTE: Proposals that fail to meet the requirements of Phase I - Facility Clearance, are ineligible for Award and will be removed from competition; consequently, the Phase II factors will not be evaluated.

Phase II Factor: Performance Approach

NOTE: Performance Approach is rated on how the offeror plans to perform the required effort and is forward-looking. The offeror's past performance without sufficient explanation of how it will be applied to the required effort is not relevant to, and may not be considered in the evaluation of, Performance Approach.

The offeror shall provide, in detail, a performance approach that will successfully accomplish the requirements of the solicitation, including demonstrating its understanding of, familiarity with, and ability to perform the specific technical requirements within Section 5 of the Performance Work Statement (PWS) - Attachment 07. The offeror should describe any risks associated with the solicitation, including the PWS and any risks associated with implementation of the offeror's performance approach; describe any techniques and actions to mitigate such risks; and explain whether the techniques and actions identified for risk mitigation have been successfully used by the offeror.

The offeror should provide any other information the offeror considers relevant to the solicitation.

Offerors simply providing general statements or paraphrasing/parroting the PWS in whole or in any part, without properly detailing methodology, shall be rated unacceptable.

The Performance Approach submission is limited to 6 pages

Phase II Factor - Management Approach

NOTE: Management Approach is rated on how the offeror plans to staff the required effort and is forward looking. The offeror's past performance without sufficient explanation of how it will be applied to the required effort is not relevant to, and may not be considered in the evaluation of, Management Approach.

The offeror shall provide in detail a management approach that will successfully accomplish the requirements of the solicitation, including the Performance Work Statement (PWS), as well as provide a staffing approach that demonstrates the offeror's ability to provide the required support services, hire, and retain the appropriate mix and quantity of personnel resources with the skill set levels required within Section 1.14.8 of the PWS. The offeror should describe its approach to be fully staffed, prepared, and ready to comply with all contract requirements beginning on the first day of contract performance; its approach to managing day-to-day operations, as well as a general staffing approach for utilization of the offeror's personnel resources that demonstrates an understanding of the skill sets required to successfully accomplish requirements identified in the solicitation (DO NOT INCLUDE ANY RESUMES); its approach to the management of resources, including a methodology for identifying, recruiting, preparing, training, and the retention of qualified personnel for performance that demonstrates the offeror's plan to minimize staff turnover, as well as ensuring personnel have the appropriate security clearances; and its approach to responding to contingencies. If the offeror is planning to utilize a teaming arrangement, the offeror should describe the teaming arrangement and how the offeror, as the prime contractor, will coordinate with the teaming partners to successfully accomplish the tasks/requirements in the PWS. The offeror should describe any risks associated with the implementation of the offeror's management approach to include the staffing approach and transition plan; techniques and actions to mitigate such risks; and explain whether the techniques and actions identified for risk mitigation have been successfully used by the offeror.

The offeror should provide any other information the offeror considers relevant to the solicitation including the PWS.

Offerors simply providing general statements or paraphrasing/parroting the PWS in whole or in any part, without proper detailing methodology, shall be rated unacceptable.

The Management Approach submission is limited to 6 pages

Phase II Factor: Past Performance

The offeror shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is experience within the past five (5) years that is the same as or similar to the scope and magnitude of the work described by this solicitation.

To demonstrate its past performance, the offeror shall identify up to three (3) of its most relevant contracts or efforts performed within five (5) years of the solicitation issuance date. Those contracts must also reflect one (1) year of completed performance by the closing date of the solicitation. Offerors shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation. Offerors shall also cite the task sections or subsections of the PWS to which the past performance is relevant for each of the three (3) contracts or efforts.

For purposes of this solicitation, a contract is defined as a single contract or a combination of task orders (within the limits provided herein) placed under an IDIQ contract, a Blanket Purchase Agreement (BPA), or a Federal Supply Schedule (FSS). Offerors shall not submit the IDIQ contract, BPA, or itself as a reference. Offerors may submit a combination of no more than three (3) delivery orders (DOs), task orders (TOs), technical direction letters (TDLs), and/or technical area tasks (TATs) placed under an IDIQ or BPA as one of the three past performance references. Such a combination must also meet the requirements stated above: each individual reference in the combination must have been performed within five (5) years of the solicitation issuance date and demonstrate at least one (1) year of completed performance by the closing date of the solicitation. If a combination of DOs, TOs, TDLs and or TATs are used as a past performance reference, the offeror shall state the specific experience claimed, period of performance, and dollar value of each. A past performance reference that does not provide the level of detail required may not be evaluated. No more than one combination of DOs, TOs, TDLs and or TATs is permitted in the past performance submittal. **One (1) year of completed performance is defined as twelve (12) consecutive months of performance completed by the closing date of the solicitation. References with**

less than twelve (12) completed consecutive months of service by the closing date of the solicitation will not be considered.

If a proposed subcontractor's past performance is provided as part of the three (3) most relevant contracts or efforts, the percentage and type of work to be done by the subcontractor on the solicitation requirement must be stated. The offeror's submittal shall also detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. A past performance reference which does not detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform may not be evaluated.

If the prime offeror or intended subcontractor/partner submits a past performance reference in which it served as a subcontractor, the prime/sub/partner shall detail clearly the work that it performed and the magnitude (dollar value) of that subcontracted work only. A past performance reference that does not differentiate between the overall contract effort and the subcontractor effort may not be evaluated. The past performance of subcontractors who will be performing major or critical aspects of the solicitation will be considered as highly as a prime contractor's past performance.

With respect to joint ventures, the procuring activity will consider work done individually by each member of the joint venture as well as any work done by the joint venture itself previously. Joint venture references must meet the requirements stated above: each joint venture reference must have been performed within five (5) years of the solicitation issuance date and demonstrate at least one (1) year of completed performance by the closing date of the solicitation. Additionally, if a joint venture member submits a past performance reference, the joint venture member shall detail clearly the work that it performed in that reference and the magnitude (dollar value) of that work. A reference that does not differentiate between the overall contract effort and the joint venture member's effort for that reference may not be evaluated. The past performance of a joint venture member who will be performing major or critical aspects of the solicitation will be considered as highly as the prime contractor's past performance.

In order to receive credit for the past performance of an affiliate, the proposal must clearly demonstrate that the affiliate will be meaningfully involved in the performance of the solicited contract. That is, the resources of the affiliate, (e.g., workforce, management, facilities, or other resources that demonstrably contributed to the affiliate's performance on the submitted project(s)) will be provided or relied upon by the contractor for contract performance on the solicited requirement to an extent that warrants attribution of the affiliate's past performance to the offeror. **While there may be multiple ways to demonstrate meaningful involvement, generally reach back capability to the affiliates or common parent's resources alone does not establish meaningful involvement.** The Agency will not consider an affiliate's record where that record does not bear the likelihood of successful performance by the offeror. The offeror should also describe the relationship between the offeror and the affiliate. If the offeror purchased or merged with the affiliate, the offeror should state the date of purchase/merger and whether the affiliate's personnel and resources that were retained by the offeror after the purchase/merger. The Agency will assess the narrative to determine whether, and to what degree, to attribute the affiliate's past performance to the offeror. If the proposal lacks sufficient detail to establish meaningful involvement by the affiliate, the Agency, at its discretion, may decline to consider the past performance of the affiliate in the evaluation.

Failure of an offeror to provide the required information and level of specificity may result in the contract reference not being evaluated.

The past performance references will be evaluated in the aggregate in order to allow offerors who may not have the entire scope and magnitude of the requirement under one individual contract to still be considered acceptable if experience with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above.

The Past Performance evaluation will result in a past performance confidence assessment.

The offeror shall complete a "Past Performance Information Form" for each reference submitted. The form is an attachment to the solicitation. The forms will count toward the non-price proposal page limit described above. For additional information regarding a particular reference beyond that which will fit on the form, the offeror may continue onto another sheet of paper. Such continuation sheet(s) for submitted references will count toward the non-price proposal page limit.

The Past Performance submission is limited to 6 pages

In addition to the information requested above, offerors shall contact their past performance references and request that each reference complete the Past Performance Report Form attached to the solicitation and email the completed survey form directly to Ms. Harris at shanna.c.harris.civ@us.navy.mil and Mr. Bennett at sean.m.bennett22.civ@us.navy.mil by **the DUE DATE OF THIS SOLICITATION**. The Government reserves the right to consider past performance report forms received after the due date of the solicitation and to contact references for verification or additional information.

NOTE: The non-price Phase II factors: Performance Approach, Management Approach, and Past Performance will also be combined to establish a single overall non-price (technical) rating.

Volume II: Price Proposal

Factor V: Price Proposal

The Price Proposal in Volume II shall include the completed solicitation documents. The price proposal shall include all elements of price and such other price information considered appropriate to support the offeror's proposal. The pricing information shall be completed in accordance with the following:

- a. A completed and signed Standard Form 1449, Solicitation/Contract/Order for Commercial Items, and executed copies of any amendments completed "Supplies or Services and Price" section.
- b. Complete the table located in Attachment 08, Pricing Spreadsheet. An offeror must propose on all labor categories for all POPs in the table. Failure to do so shall be cause for rejection of the offer. All pricing shall be calculated to the second decimal. If pricing is not provided as such, the Government will round to the second decimal. The price proposal shall include all supporting data to clearly show how the fully-burdened labor prices were developed. This information may include a breakdown of the labor categories, labor hours, and labor rates anticipated and should be submitted within the Attachment 08, Pricing Spreadsheet. The Attachment 08, Pricing Spreadsheet is for informational purposes only, to assist with the offeror's price quote development; this is **not** a Level of Effort requirement. This requirement will be awarded as a Firm-Fixed-Price contract. The offeror is responsible for proposing a total FFP that covers all requirements of the solicitation.
- c. Unless completed in in the System for Award Management, the offeror shall complete the solicitation's representations, certifications and other statements of offerors.
- d. All rates shall be proposed to the no more than the second decimal. Offers that include more than two decimals will be rounded by the Government to the second decimal.

e. Travel costs are anticipated; therefore, the Government has included travel amounts for the period of performance. All offerors are to include the "Not to Exceed" travel amounts provided in the chart below for the identified travel CLIN.

Period of Performance	Travel	
Base	6/16/2026 - 6/15/2027	\$17,000.00
Option I	6/16/2027 - 6/15/2028	\$17,510.00
Option II	6/16/2028 - 6/15/2029	\$18,035.30
Option III	6/16/2029 - 6/15/2030	\$18,576.36
Option IV	6/16/2030 - 6/15/2031	\$19,133.65
FAR 52.217-8	6/16/2031 - 12/15/2031	\$9,853.83
TOTAL	\$100,109.14	

The above values shall be entered in travel CLINs of the price submittal, in addition to any applicable General and Administrative (G&A) and/or Overhead (OH) rate applicable, in accordance with FAR Part 31, in their accounting system. Only G&A and/or OH indirect costs are allowable if an offeror's accounting system automatically applies it, no profit or fee is allowed. Offerors' G&A and/or OH shall be **added** to the provided travel amounts for a total cost associated with travel. If G&A and/or OH is not provided with the travel amounts within the vendor's offer, it will be determined that the offeror does not intend on applying any applicable indirect cost to provided ODCs.

NOTE: If no G&A and/or OH are proposed, it will be determined that the offeror does not intend on applying any applicable indirect cost to provided ODCs.

All price and price supporting information shall be contained in the price submittal. No price or pricing information shall be included in any other submittal including cover letters. Offerors are responsible for submitting sufficient information to enable the Government to fully evaluate their price submittal.

Evaluation - Commercial Products and Commercial Services

52.212-2 Evaluation-Commercial Products and Commercial Services.

(Nov 2021)

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The non-price evaluation consists of two (2) phases.

The Facility Clearance factor is the sole Phase I evaluation factor and will be evaluated on an Acceptable/Unacceptable basis. An offeror must receive a rating of Acceptable for the Facility Clearance factor in order to be eligible for award and to be evaluated in Phase II.

The following Phase II technical factors, in descending order of importance, shall be used to evaluate offers:

- (i) Performance Approach;
- (ii) Management Approach; and
- (iii) Past Performance.

All Phase II technical factors, when combined, are more important when compared to price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

Best Value/Tradeoff Source Selection Procedures -

The Government intends to award a Firm Fixed Price (FFP) Purchase Order contract to the responsible offeror whose proposal represents the best value after evaluation in accordance with the criteria of the solicitation, considering non-price and price factors. The Government intends to evaluate proposals and award a contract based on initial proposals. Accordingly, the offeror should submit its most favorable terms from a performance approach, management approach, and past performance and price standpoint. The Government reserves the right to award a contract to other than the lowest priced offeror or other than the highest technically rated proposal; award a contract without discussions; or award a contract after discussions, whichever is in the best interest of the Government.

All proposals will be reviewed for timeliness. Timely proposals will be reviewed for compliance to the solicitation. If the proposal is untimely or not compliant to the solicitation, it will not be evaluated, and the offeror will be notified that the proposal is non-responsive. **Offerors simply providing general statements or paraphrasing/parroting the PWS in whole or in any part, without properly detailing methodology, shall result in a rating of unacceptable.**

The evaluation of proposals will consider the **Non-Price (technical) Proposal to be more important than the Price Proposal**. Within the Non-Price Proposal offerors must receive an Acceptable rating for the Phase I Factor to be further considered for Phase II evaluation. The following Phase II Factors are in descending order of importance: Performance Approach, Management Approach, Past Performance.

Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a proposal's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the proposal. If, at any stage of the evaluation, all Offerors are determined to have submitted equal, or virtually equal, non-price proposals, price could become the factor in determining which Offerors shall receive the award.

Volume I: Non-Price Proposal Evaluation Criteria

The non-price proposal consists of the following non-price factors:

- Facility Security Clearance
- Performance Approach
- Management Approach
- Past Performance

The non-price evaluation consists of two (2) Phases. The Facility Security Clearance is the sole Phase I evaluation factor and will be evaluated on an Acceptable/Unacceptable basis. An offeror must receive a rating of Acceptable for Facility Security Clearance in order to be eligible for award and to be evaluated in Phase II. In Phase II, Performance Approach, Management Approach, and Past Performance are in descending order of importance.

Phase I Factor - Facility Clearance:

Factor I will be evaluated during Phase I and will receive a rating of Acceptable/Unacceptable based on its submission of the verification of its SECRET Facilities Clearance Level meeting the requirements as detailed in FAR 52.212-1. This will be evaluated during Phase I on an Acceptable/Unacceptable basis utilizing the "Technical Acceptable/Unacceptable" rating Table below. Offerors receiving an 'Acceptable' rating in Phase I will move on to Phase II. Offerors receiving an 'Unacceptable' rating will be considered un-awardable and will not be further evaluated.

Note: A rating of "Unacceptable" for Factor I - Facility Clearance means the offer is unawardable and will not be further evaluated.

Phase II Factor - Performance Approach:

In considering the offeror's performance approach, the Government will evaluate the offeror's approach to successfully accomplish the requirements of the solicitation, including the PWS. The Government will analyze the offeror's approach to each aspect of performance approach provided in the proposal content of the Addendum to FAR 52.212-1 - Instructions To Offerors of the solicitation. Performance Approach is rated on how the offeror plans to perform the required effort and is forward-looking. The offeror's past performance, without sufficient explanation of how it will be applied to the required effort, is not relevant to, and may not be considered in the evaluation of, Performance Approach.

Note: A rating of LESS than "Acceptable" for PERFORMANCE APPROACH means the offeror's proposal is ineligible for award, and the proposal will not be further evaluated.

Phase II Factor - Management Approach:

In considering the offeror's management approach, the Government will evaluate the offeror's approach to successfully accomplish the requirements of the solicitation, including the PWS. The Government will analyze the offeror's approach to each aspect of management approach provided in the proposal content of the Addendum to FAR 52.212-1 - Instructions To Offerors of the solicitation. Management Approach is rated on how the offeror plans to perform the required effort and is forward-looking. The offeror's past performance, without sufficient explanation of how it will be applied to the required effort, is not relevant to, and may not be considered in the evaluation of, Management Approach.

Note: A rating of LESS than "Acceptable" for MANAGEMENT APPROACH means the offeror's proposal is ineligible for award, and the proposal will not be further evaluated.

Phase II Factor - Past Performance:

The past performance evaluation factor assesses the degree of confidence the Government has in an offeror's ability to meet the contract's requirements based on the quality of a demonstrated record of recent and relevant performance. There are three aspects to the past performance evaluation: recency, relevancy, and quality. These are combined to establish a single performance confidence assessment rating for each offeror.

Past Performance Recency: Recency is the first aspect of the past performance evaluation and is the time period during which past performance references are considered relevant. Recency is critical to establishing the relevancy of past performance information. For purposes of this solicitation, recent past performance is performance that has taken place within five (5) years of solicitation issuance date. Performance outside of this stated period will not be considered for evaluation purposes.

Past Performance Relevancy: Regarding relevancy, each past performance reference under each offeror's Past Performance submission will be evaluated to determine the similarity of its scope and magnitude relative to the instant requirement. The following definitions will apply to this evaluation:

- Scope: For evaluation purposes, "same or similar scope" is defined as demonstrating experience with the task areas described in the Performance Work Statement.
- Magnitude: For evaluation purposes, "same or similar magnitude" is defined as demonstrating experience that is of approximately the same or similar in annual dollar value of actually performed work and/or that is of approximately the same or similar in the annual number of full-time equivalents (FTEs) utilized to perform the required effort.

The offeror's past performance references will be evaluated in the aggregate in order to allow offerors who may not have the entire scope and magnitude of the requirement under one individual contract to still be considered relevant if past performance with the full scope and magnitude of the requirement can be demonstrated within the allotted number of references as described above. The method of aggregation shall be at the discretion of the Government. Only references exhibiting a meaningful degree of relevance in scope shall be considered in the aggregate. Individual references determined to be not relevant shall not be included in the aggregate evaluation.

Past Performance Quality: The third aspect of the past performance evaluation is to establish the overall quality of the offeror's past performance. The Government will review all past performance information collected and determine the quality of the offeror's performance, including general trends and usefulness of the information, and will incorporate this into the performance confidence assessment.

Past Performance Confidence Assessment: The overall assigned rating for the Past Performance factor will be the Past Performance Confidence Assessment rating. The assignment of this rating will be based on the overall quality of the recent and relevant past performance and will also consider the source of the information, the context of the data, and general trends in the offeror's performance. The quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of past performance confidence. Evaluation will focus only on work already performed. Work yet-to-be performed and work not reflecting one year of completed performance by the solicitation closing date will not be considered.

Offerors lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. In this case, the offeror's past performance is unknown and assigned a performance confidence rating of "Neutral Confidence." Although an offeror that lacks recent, relevant past performance may not be rated favorably or unfavorably with regard to past performance, the Government may determine that a "Substantial Confidence" or "Satisfactory Confidence" past performance rating provides better value to the Government than a "Neutral Confidence" past performance rating.

In order to evaluate Past Performance, the Government may also utilize existing data sources, including the Contractor Performance Assessment Reporting System (CPARS), the Federal Awardee Performance and Integrity Information System (FAPIIS), the Electronic Subcontract Reporting System (eSRS), or other databases; communication with points of contact in the offeror's customer's organization, which could include private sector requirements and contracts personnel, Administrative Contracting Officers, Defense Contract Management Agency (DCMA) personnel, Procuring Contracting Officers, Contracting Officer's Representatives, and other Government activity requirements personnel. The Government may verify past performance information. The Government may contact some or all of the references provided, as appropriate, and may collect information through questionnaires, telephone interviews, and/or existing data sources. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources, including sources outside of the Government. This information will be used for the evaluation of past performance.

The past performance factor evaluation and past performance confidence assessment rating is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating the relative capability of the offeror and other competitors to successfully meet the requirements of the solicitation.

Note: A rating of "Limited Confidence" for the past performance factor means that the offeror's proposal is not awardable without a change or changes to the offeror's proposal. A proposal that includes a "Limited Confidence" rating is considered susceptible to correction if the contracting officer determines that an exchange (pursuant to FAR 15.306) is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the offeror's proposal is not awardable, is not susceptible to correction, and will not be further evaluated.

For all non-price factors (other than Past Performance), an offeror's proposal must be determined to be Acceptable or better in order to be eligible for award. A rating that is less than "Acceptable" in any non-price evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a proposal ineligible for award consideration as submitted, and there will be no further evaluation of the offeror's proposal.

Volume II: Price Proposal Evaluation Criteria

-

Factor V: Price Proposal

-

Price will be evaluated on the basis of fair and reasonableness in accordance with FAR 15.404-1. The Government will evaluate offers for award purposes by adding the total price for the Base POP and each Option POP.

The common amounts provided in the "Instructions to Offerors" for Travel, and any applicable G&A and Overhead, shall be utilized for evaluation purposes in determining the total price for the entire contract.

Period of Performance	Travel
6/16/2026 - 6/15/2027	\$17,000.00
6/16/2027 - 6/15/2028	\$17,510.00
6/16/2028 - 6/15/2029	\$18,035.30
6/16/2029 - 6/15/2030	\$18,576.36

6/16/2030 - 6/15/2031	\$19,133.65
6/16/2031 - 12/15/2031	\$9,853.83
TOTAL	\$100,109.14

Offerors responding to this solicitation are advised that, prior to award, the government may request offerors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted offer.

The contracting officer may evaluate any and all information submitted by the offeror to support the reasonableness of prices proposed. The method of evaluation used by the contracting officer is solely within the discretion of the contracting officer.

Option FAR 52.217-8, will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options. The Government will evaluate offers for award purposes by adding the total price for the option to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

- (a) Definitions. As used in this provision-
- Foreign person means any person other than a United States person.
- Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.
- United States person as defined in 26 U.S.C. 7701(a)(30) means
- (1) A citizen or resident of the United States;
 - (2) A domestic partnership;
 - (3) A domestic corporation;

- (c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.
- (d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that
- (1) It ☐ is ☐ is not a foreign person; and
 - (2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

- (3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
