Miscellaneous text in this section has been modified to:

This is a Basic Ordering Agreement (BOA) with TBD. The terms and conditions in this BOA apply to all orders issued hereunder. The Government may order, in the manner provided elsewhere herein, the following:

(a) Repairs and/or Modifications of Government Property:

(1) The Government may order, in the manner provided elsewhere herein, and the contractor shall furnish all effort including labor, material, and facilities as may be required to repair and/or modify the ordered quantities of repairable assemblies (hereinafter repairable assemblies or items) in the F-18, E-2/C-2, V-22, FMS System. The repairable assemblies to be repaired and/or modified under this BOA are set forth by manufacturer's part number or National Stock Number (NSN) in Attachment "A" and constitute "Government Property" as defined in FAR 52.245-1 or 52.245-1 Alternate I, as applicable, of this BOA. Repair and/or modification of repairable assemblies will be accomplished in accordance with the Specifications for Repair/Modification/Statement of Work.

(2) Web-based Commercial Asset Visibility (WEBCAV) Reporting: The Contractor's effort on each Order for repair and/or modification of government property shall include furnishing all effort including labor, materials, and facilities as may be required to accumulate, format, and transmit the transactions.

(b) Spares:

(1) The Government may order, in the manner provided elsewhere herein, and the contractor shall furnish items as may be required to support the F-18, E-2/C-2, V-22, FMS System.

(a) Priced orders under this BOA shall be those in which the contractor submits a firm-fixed price quote, offer, or proposal, and delivery schedule in response to a Request for Quotation (RFQ) or Request for Proposal (RFP), and all terms and conditions have been agreed upon prior to issuance of the order, including: (i) with respect to Orders for repair, the pricing for Teardown and Evaluation (TD&E) and repair of government furnished property; and (ii) with respect to all Orders, delivery.

(a) Unpriced orders under this BOA shall be those in which urgency exists that does not allow the Contracting office to negotiate a definitive contract action in sufficient time to meet the Government's requirements; and it is in the Government's interest that contract performance can begin immediately.

(b) Unpriced Purchase Orders(also known as "Monetary Limitation Orders") shall be issued pursuant to the requirements of FAR Part 13 and Undefined Contractual Action Orders (also known as "Ceiling Priced Orders") shall be issued pursuant to the requirements of DFARS 217.74

(c) Unpriced Purchase Orders shall contain a Monetary Limitation price at the time of issuance. An Undefined Contractual Action Order shall contain a Not-To-Exceed price at the time of issuance.

(d) Failure to reach agreement on price for any order issued before its price is established is a dispute under the Disputes clause, FAR 52.233-1.

(e) Monetary Limitation Orders. When an RFQ is issued under Simplified Acquisition Procedures (FAR Part 13) and the estimated contract price is under the Simplified Acquisition Threshold, a realistic monetary limitation shall be established for the order and the order shall be funded in the amount of the monetary limitation.

(1) All monetary limitation orders shall include the clause at FAR 52.216-24 with the fill-ins completed. Any modification of an order to adjust the monetary limitation shall make corresponding adjustments to FAR 52.216-24.

(f) Ceiling Priced Orders. When an RFQ or RFP is issued and the estimated contract price is at or above the Simplified Acquisition Threshold, a Not-To-Exceed price shall be established for the order and the order shall initially be funded at not more than forty-nine percent (49%) of the Not-To-Exceed price. Prior to definitization and in the Government's discretion, a modification may be issued to increase the obligated amount to not more than seventy-five percent (75%) of the Not-To-Exceed price after receipt by the Government of the contractor's qualifying proposal for a firm-fixed-price order.

- (1) All Ceiling Priced Orders shall include the clause at DFARS 252.217-7027 with all fill-ins completed.
- (2) All Ceiling Priced Orders shall include the clause at FAR 52.216-24 with the fill-ins completed. Any modification to the obligated amount prior to definitization shall make corresponding adjustments to FAR 52.216-24.
- (3) For any Ceiling Priced Order, the submission by the contractor of a qualifying proposal in accordance with the definitization schedule is a material element of the contract. The contractor shall submit its firm-fixed-price proposal for definitization to the PCO within thirty (30) days of its receipt of Government Property to be repaired under the Order, unless otherwise established in clause 252.217-7027, Contract Definitization in the Order. The contractor's proposal submission shall be in the form of a "qualifying proposal" as defined by DFARS 217.7401; and contractor shall include in its proposal a firm delivery schedule, if not already established, as well as cost or pricing data, as may be required in accordance with FAR subpart 15.4 and DFARS subpart 215.4.
- (a) The induction period for repairs under each Order for repair shall be 365 days from the date of the order unless otherwise specified in the order. (Or tailor to will be specified at the delivery order level)
- (b) The contractor shall provide appropriate and adequate storage for all items received in accordance with an Order for repair under this BOA.
- (c) All Orders, whether priced or unpriced, will be effective and binding upon issuance by the contracting officer, unless the Order specifically provides the Contractor an opportunity to reject the Order.
- (d) Contractor shall not perform any work under this BOA that is not associated with a funded and executed Order.
- (e) All contractor proposals and orders issued under this BOA shall include a reference to the Procurement Instrument Identifier for this BOA (Block 2 of the Standard Form 26).

Section C - Description/Specifications/Statement of Work

Miscellaneous text in this section has been modified to:

(a) Articles to be repaired and/or modified under this agreement, as shown on Attachment "A", will be shipped at the Government's expense to the plant of the contractor at:

TBD

The contractor shall receive for each shipment a list (referencing this agreement number) of the articles included in the shipment.

(b) Upon receipt of such articles, the contractor shall:

- (1) Verify that the articles received corresponds with the list of the articles furnished for such shipment; and further verify that the articles received are covered by the applicable Delivery Order;
- (2) Segregate those assets that were improperly sent to the contractor, contact PCO for return shipping instructions, and return improperly sent items to the Government;
- (3) Advise the Government PCO if any portion of the required repair is covered under a warranty; or is a result of the furnishing by the contractor of articles that were defective in material and/or workmanship, or otherwise not in conformance with the requirements of the contract under which such articles were originally furnished;
- (4) Further advise the Government (PCO) of the results of the foregoing preliminary inspection, together with a list of the articles and quantities required to be repaired.

1.0 SCOPE

1.1. General. The items to be furnished hereunder are Government Furnished Property (GFP) and shall be repaired, tested, inspected, and accepted in accordance with the terms and conditions specified in this BOA. Equipment such as fixtures, jigs, dies, patterns, mylars, special tooling, special test equipment, or any other manufacturing aid required for the repair, manufacture, and/or testing of the subject item(s), will not be provided by the Government and shall be the responsibility of the Contractor unless expressly provided for on Attachment A. This limitation regarding the furnishing of equipment applies notwithstanding any reference to the contrary in any drawing, manual, or specification for the BOA items.

1.2. Repair Requirements. The Contractor shall provide the necessary facility, labor, materials, parts, and test and tooling equipment required to return the items (see Attachment A for a list of these items) to a Ready For Issue (RFI) condition. RFI is defined as that condition allowing the items to perform properly and reliably in an operational environment in a manner they were intended to operate. The Contractor shall identify on Attachment A the governing repair manual(s)/documents for each item covered by this BOA. On the same attachment, the Contractor must identify the facility for each item where repair, including final test and inspection, is completed.

1.2.1. Changes to repair manuals/documents and changes to drawings or specifications for the manufacture of parts utilized in these repairs require Procuring Contracting Officer (PCO) approval. In addition, as provided for in Section 2.3, requests for changes to a repair source or repair facility shall be submitted in writing to the PCO and must be approved prior to making any such change.

1.2.2. Any repairs performed using unapproved changes to manuals, drawings, specifications, or unapproved changes to a repair source or facility are not permitted.

1.2.3. The Contractor is not entitled to any equitable adjustment to the price or BOA terms based on the Government's disapproval of a requested change to manuals, drawings, specifications, or to a repair source or facility.

1.3. Beyond Physical Repair (BPR)

1.3.1. Scope. An item is BPR when the item is not capable of being repaired in accordance with the Statement of Work due to the extent of physical damage.

1.3.2. Procedures. The Contractor shall obtain written concurrence from DCMA for all units determined by the Contractor to be BPR. All such determinations, including the basis for the determination and the DCMA written concurrence shall be provided by the Contractor to the PCO, with a copy to the Inventory Manager (IM). After receipt of the required documentation, the PCO shall provide the Contractor disposition instructions, either requesting the submission of a proposal for BPR pricing, or ordering the disposal of the item. If asked to provide a BPR pricing proposal, the Contractor shall provide the proposal to the PCO within 30 days of receipt of the request. Any disposal ordered shall be performed by the Contractor in accordance with all applicable regulations and the Contractor's approved Government property disposal procedures and the Contractor's approved Government property disposal procedures.

1.4. Beyond Economical Repair (BER)

1.4.1. Scope. An item is BER if the cost of the repair exceeds 80% of the replacement price for items identified on Attachment A. This replacement price is for the purposes of BER determinations only, and may not be used or relied on by the offeror in the pricing of the repairs required by this BOA.

1.4.2. Procedures. The Contractor shall obtain written concurrence from DCMA for all units determined by the Contractor to be BER. All such determinations, including the basis for the determination, the repair required, the Contractor's proposed BER price to repair, and the DCMA written concurrence, shall be provided by the Contractor to the PCO, with a copy to the IM. After receipt of the required documentation, the PCO shall provide the Contractor disposition instructions, either providing contractual authority for repair of the item or ordering the disposal of the item. The Contractor is not authorized to proceed with the repair until notification is received from the PCO. If provided disposition disposal instructions, the contractor shall submit a proposal for disposal pricing to the PCO within 30 days of receipt of these instructions. Any disposal ordered shall be performed by the Contractor in accordance with all applicable regulations and the Contractor's approved Government property disposal procedures.

1.4.3. The following additional procedures may apply, if authorized, for the replacement of a BER SRA (Shop Repairable Assembly) within a WRA (Weapons Repairable Assembly) when the SRA has not been separately inducted. The Contractor may request authorization to:

Ship in place an accepted item from an existing spares or repair [INSERT BOA/CONTRACT NUMBER], if any, or MILSTRIP the SRA(s),

Authorization to ship in place or MILSTRIP must be provided by the IM in writing to the Contractor and must be appropriately documented in accordance with the WEB-BASED COMMERCIAL ASSET VISIBILITY (WEBCAV) STATEMENT OF WORK. The Contractor must provide written notification of any item shipped in place or MILSTRIPed to the PCO and an equitable adjustment may be required. If authorization to ship in place or MILSTRIP is not provided, the Contractor shall contact the PCO for further instructions.

1.5. Missing on Induction (MOI).

1.5.1. Scope. A WRA is subject to this MOI provision if the item received by the Contractor for repair is missing one or more SRAs and the SRA is not a separately inducted item. Contractor replacement of MOI SRAs is not included in the contract price. Items received by the Contractor missing consumable parts are not MOI items. Rather, repair of such items and replacement of the missing consumable parts are included in the contract price and the item shall be inducted and repaired by the Contractor under this [INSERT BOA /CONTRACT NUMBER].

1.5.2. Procedures. The Contractor shall immediately notify DCMA when an item is received with MOI SRA(s) and shall obtain written verification from DCMA for all WRAs determined to have MOI SRA(s). The Contractor shall provide written notice of all such determinations, including identification of the missing SRA(s), and the DCMA written verification, to the IM with a copy to the PCO and ACO prior to induction and/or repair of the WRA. The Contractor shall not proceed with repair of WRAs with MOI SRAs until instructions on how to proceed are provided to the Contractor.

1.5.3. The following additional procedures may apply, if authorized, for the replacement of a MOI SRA within a WRA. The Contractor may request authorization to:

Ship in place an accepted item from an existing spares or repair [INSERT BOA/CONTRACT NUMBER], if any, or MILSTRIP the SRA(s),

Authorization to ship in place or MILSTRIP must be provided by the IM in writing to the Contractor and must be appropriately documented in accordance with the WEB-BASED COMMERCIAL ASSET VISIBILITY (WEBCAV) STATEMENT OF WORK. If either of these options is not authorized, the Contractor shall contact the PCO for further instructions.

1.6. Swapping SRAs

1.6.1. Scope. On rare occasions the Contractor may request authority to replace a failed but repairable SRA (within an inducted WRA) that is not BPR, BER or MOI.

1.6.2. Procedures. The Contractor may request authorization to replace the failed SRA unit from the Contractor's production line, by MILSTRIP for an RFI item from Government stock, or with another repairable WRA, i.e. cannibalization. Permission from the PCO must be obtained and an equitable adjustment may be required. Authorization to ship in place from the Contractor's production line or MILSTRIP must be appropriately documented in accordance with the WEB-BASED COMMERCIAL ASSET VISIBILITY (WEBCAV) STATEMENT OF WORK. Although permission from the PCO is required if the SRA is obtained from another repairable WRA (cannibalized), that transaction does not have to be input into CAV.

2.0 PARTS AND MATERIAL

2.1. The Contractor is responsible for supplying all parts and material necessary to perform the required repairs under this BOA unless parts or material are specifically identified on Attachment A as Government Furnished Material (GFM). All parts and material used in performance of this BOA shall be in accordance with the latest approved revision of applicable drawings and specifications. The Contractor shall ensure it has

access for the duration of this BOA to updated drawings and specifications for parts and material required for repairs performed under this BOA. Any change to such parts/material drawings or specifications requires Government PCO approval.

2.2. All parts and material shall be new in accordance with FAR 52.211-5, Material Requirements, which is incorporated by reference herein. Authorization to use other than new material as defined by FAR 52.211-5 requires written approval from the PCO. In addition, cannibalization of piece parts must be approved by the PCO. Cannibalization of units that have not been inducted is not authorized and requires specific additional approval by the PCO. Cannibalization or swapping, including any actions authorized under paragraphs 1.5 and 1.6, shall not render an item BER or BPR.

2.3. Written approval from the PCO must be obtained prior to any change to the manufacturing source or manufacturing facility for all parts which require source approval. However, if the Contractor has been delegated authority in writing by another Navy Command to approve a change in manufacturing source or a manufacturing facility, the Contractor may implement such a change after notifying the PCO, providing a copy of such delegation to the PCO, and receiving acknowledgment of such delegation from the PCO.

2.3.1. Where there has been a change to a manufacturing source, the Contractor shall complete all qualification testing that was required when that item or component was originally qualified. Any changes in such testing shall be submitted to the Contracting Officer for Government review and approval. Any repairs performed using unapproved changes to such drawings, specifications or manufacturing source or facility are not authorized. The Contractor is not authorized to deliver any items until such testing (including revised testing as properly approved) has been completed and the delivered items are repaired/manufactured in accordance with the qualification requirements package.

2.3.2. The Contractor is not entitled to any equitable adjustment to the contract price or terms based on the Government's disapproval of a requested change to the drawings, specifications or manufacturing source or facility.

2.4. Purchased Material Control and Parts Control. The Contractor shall establish and maintain a system of control over purchased parts and material. Such controls shall, at a minimum, ensure that the parts and material purchased are in compliance with the requirements of this BOA.

2.5. Receiving Inspection of Purchased Parts and Material. Purchased parts and material shall be inspected by the Contractor upon receipt at the Contractor's facility to ensure conformance with all requirements of the applicable drawings and specifications. Alternatively, the Contractor shall submit, prior to contract award, evidence for Government review and approval of a purchased parts and material system which provides for adequate inspection to ensure parts and material conform with all requirements of the applicable drawings and specifications.

2.5.1. Evidence of such inspections shall be maintained by the Contractor or Subcontractor for Government review at least twelve (12) months following the conclusion of the contract. The inspection report shall, at a minimum, include a record of all dimensional data (coordinate/positional), material, finish, and processes with appropriate pass/fail criteria, such as certifications, and actual dimensional readings.

3.0 INSPECTION PROVISIONS

3.1. Government inspection shall be in accordance with FAR 52.246-2, Inspection of Supplies - Fixed-Price incorporated by reference in Section E, at source by DCMA unless otherwise specified in the BOA or as authorized by the Administrative Contracting Officer (ACO) or PCO. Acceptance testing shall be conducted under the surveillance of the DCMA QAR. These tests shall include all tests necessary to assure that the items repaired conform to the performance required to provide Ready For-Issue material. The DCMA retains the authority to require the Contractor to conduct or reconduct any tests deemed necessary to ensure compliance with the manuals, drawings and specifications applicable to this BOA.

The contractor shall furnish on an "as required" basis all parts required to complete servicing of repairable articles hereunder within established delivery schedules. Such parts shall be in accordance with applicable drawings and specifications.

The CAV Statement of Work (SOW) is located at: <https://www.navsup.navy.mil/NAVSUP-Enterprise/NAVSUP-Weapon-Systems-Support/Provisions-Instructions-and-Contract/>; and incorporated herein by reference. The CAV SOW applies to all Orders for repair.

a) Deliver By dates for spares orders hereunder shall be specified on each delivery order.

b) Orders issued under the BOA shall be binding upon the date of issuance provided pricing and delivery schedule have been agreed to prior to issuance. The contractor shall, except as specified in paragraphs (a) and (b) below, immediately proceed with performance of the order.

a) The contractor shall stop performance immediately and notify the Contracting Officer within 30 days of the date of order when an item to be delivered cannot be identified by the given part number or when an item's configuration has been superseded as a result of an approved engineering change. After receipt of such notice, the Contracting Officer will advise the contractor of any actions to be taken, including whether performance is authorized.

- b) The contractor shall not proceed with performance of any order when the contractor's applicable representations or certifications set forth in the BOA cannot be made by the contractor as to such order. Revised representations and/or certifications shall be provided to the Contracting Offer within ten days of the date of order issuance.
- c) The PQDR process shall apply to any item received with a latent defect or in nonconforming condition.

Section E - Inspection and Acceptance

The following clauses were modified:

52.246-11 Higher-Level Contract Quality Requirement.
hereby reads as follows:

Dec 2014

As prescribed in 46.311 , insert the following clause:

Higher-Level Contract Quality Requirement (Dec 2014)

(a) The Contractor shall comply with the higher-level quality standard(s) listed below.

 ISO9001

(b) The Contractor shall include applicable requirements of the higher-level quality standard(s) listed in paragraph (a) of this clause and the requirement to flow down such standards, as applicable, to lower-tier subcontracts, in-

(1) Any subcontract for critical and complex items (see 46.203(b) and (c)); or

(2) When the technical requirements of a subcontract require-

(i) Control of such things as design, work operations, in-process control, testing, and inspection; or

(ii) Attention to such factors as organization, planning, work instructions, documentation control, and advanced metrology.

(End of clause)

Section G - Contract Administration Data

Additional Information/Notes

The following clauses were modified:

252.232-7006 Wide Area WorkFlow Payment Instructions.

Jan 2023

hereby reads as follows:

As prescribed in 232.7004(b), use the following clause:

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

Invoice and Receiving Report (Combo) Type

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Section I - Contract Clauses

Additional Information/Notes

The following clauses were modified:

252.217-7027 Contract Definitization.

May 2023

hereby reads as follows:

As prescribed in 217.7406(b), use the following clause:

CONTRACT DEFINITIZATION (MAY 2023)

(a) A Firm-Fixed Price is contemplated. The Contractor agrees to begin promptly negotiating with the Contracting Officer the terms of a definitive contract that will include-

- (1) All clauses required by the Federal Acquisition Regulation (FAR) on the date of execution of the undefinitized contract action;
- (2) All clauses required by law on the date of execution of the definitive contract action; and
- (3) Any other mutually agreeable clauses, terms, and conditions.

(b) The Contractor agrees to submit a firm-fixed price proposal and certified cost or pricing data supporting its proposal. Notwithstanding FAR 52.216-26, Payments of Allowable Costs Before Definitization, failure to meet the qualifying proposal date in the contract definitization schedule could result in the Contracting Officer withholding an amount up to 5 percent of all subsequent requests for financing until the Contracting Officer determines that a proposal is qualifying.

(c) The schedule for definitizing this contract action is as follows *[insert target date for definitization of the contract action and dates for submission of proposal, beginning of negotiations, and, if appropriate, submission of the make-or-buy and subcontracting plans and certified cost or pricing data]*:

(d) If agreement on a definitive contract action to supersede this undefinitized contract action is not reached by the target date in paragraph (c) of this clause, or within any extension of it granted by the Contracting Officer, the Contracting Officer may, with the approval of the head of the contracting activity, determine a reasonable price or fee in accordance with FAR subpart 15.4 and part 31, subject to Contractor appeal as provided in the Disputes clause. In any event, the Contractor shall proceed with completion of the contract, subject only to the Limitation of Government Liability clause.

- (1) After the Contracting Officer's determination of price or fee, the contract shall be governed by-

(i) All clauses required by the FAR on the date of execution of this undefinitized contract action for either fixed-price or cost-reimbursement contracts, as determined by the Contracting Officer under this paragraph (e);

(ii) All clauses required by law as of the date of the Contracting Officer's determination; and

(iii) Any other clauses, terms, and conditions mutually agreed upon.

(2) To the extent consistent with paragraph (d)(1) of this clause, all clauses, terms, and conditions included in this undefinitized contract action shall continue in effect, except those that by their nature apply only to an undefinitized contract action.

(e) The definitive contract resulting from this undefinitized contract action will include a negotiated firm-fixed price in no event to exceed not to exceed amount.
