

Federal Agency: Army

Office: Army Contracting Command-Anniston Army Depot (ACC-ANAD)

Aol Title: Minor Construction Requirements Type Single Award Task Order Contract (SATOC)

CSO Aol Number: Aol 003

Aol Release Date: 30 March 2026

Responses: See W911KF-25-S-C002-A003 for Procedure Details

1. General Information

During any potential contract period resulting from this Aol Anniston Army Depot will identify tasks required to complete each specific job and will issue task orders against a requirements type contract to the contractor to complete those jobs. Work shall vary in size and complexity and will include tasks in a variety of trades to include, but not limited to carpentry, excavating, painting, interior & exterior electrical, plumbing, HVAC, concrete masonry, facility and production equipment, facilities inspection, design build, and detailed engineering design based upon performance criteria identified by the Government. The Contractor shall provide, upon receipt of a task order, all work, materials, supplies, parts (to include system components), plant, supervision, labor, and facility and production equipment, except when specified as Government furnished, to repair, alter, or construct real property facilities and structures at Anniston Army Depot, Alabama and provide related services as specified in accordance with all the terms, conditions, special contract requirements, specifications, drawings, attachments, and exhibits contained in any subsequent contract.

The Contractor's work and responsibility shall include all contractor planning, programming, administration, and management necessary to provide all maintenance and repair or construction and related services as specified. The Contractor shall conduct the work in accordance with the terms and conditions of the contract, to include the Contractor's proposal and all applicable Federal, State of Alabama, and local laws, regulations, codes, or directives. The Contractor shall ensure that all work provided addresses critical reliability rates or tolerances specified or included in applicable specifications as detailed in any contractual agreement as a result of this Aol. The contractor shall provide all related Contractor administration services to perform the work such as

supply functions, quality control, job order shop operations, Contractor financial control, preparing and submitting required reports, and submitting necessary information as specified by the Government should a contract be executed as a result of this Aol.

A major feature of a requirements type contractual agreement is to award and accomplish work in an expeditious manner. It is critical that the contractor complies with the negotiated start dates and completion dates for any subsequent task orders executed against a requirements type contract which may result from this Aol.

Interested parties are highly encouraged to visit the Government Point of Entry (www.sam.gov) to review the ACC-ANAD CSO special posting in its entirety to obtain more information on the process for submission evaluation of the CSO Aol Responses.

ACC-ANAD is not obligated to extend a request for proposal or make an award as a result of this CSO Aol; all awards are subject to the availability of funds and successful negotiations. This CSO Aol is not an authorization to begin performance, and in no way obligates the Government for any costs incurred by the Offeror associated with developing a Response. Prior to commencement of any activities associated with performance under this CSO Aol, the Government will issue a written directive or contractual document signed by the Contracting Officer with appropriate consideration established. ACC-ANAD reserves the right to modify the requirements of this CSO Aol.

The authority to issue this CSO Aol is derived from ACC-ANAD Commercial Solutions Opening W911KF-25-S-C002, dated 19 May 2025. The CSO authority is Section 803 of the National Defense Authorization Act for FY2022, Public Law 117-807, and Class Deviation 2022-O0007.

2. Aol Constraints
