

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION
NASA SHARED SERVICES CENTER

RECOMMENDATION AND DETERMINATION TO SOLICIT FROM ONE SOURCE
OR BRAND NAME

PICK ONE

Sole Source:

☒ I recommend that NASA, NASA Shared Services Center negotiate with Nikon only for modification of the large volume computed tomography system. The total estimated cost of this effort is [REDACTED] and the estimated period of performance is Date.

OR

Brand Name Justification:

☐ I recommend that NASA, NASA Shared Services Center negotiate with only with vendors who can provide the subject band name from Manufacture Name for Enter Supply or Service to be procured. The total estimated cost of this effort is Enter Dollar amount and the estimated period of performance or lead-time for delivery is Date.

This recommendation is for the acquisition of supplies or services determined to be reasonably available from only one source/only one manufacture. Competition is impractical for the following reasons (please answer the questions below):

1. **What are the reasons for soliciting only the suggested source/suggested brand name?** Please provide the unique characteristics of the items or services along with the supporting rationale and the market research performed to substantiate your reason for the suggested source/brand name.

Nikon was the original manufacturer of the large volume computed tomography system (LVCT) and has unique knowledge of the system. In addition, Nikon holds the maintenance contract for the system. Modifications not performed by Nikon could void that maintenance contract for the system.

2. **What is the impact to the government if another vendor/brand is used?** Include any dollar, schedule, or compatibility impacts if possible.

Due to the complexity of the system being modified bringing another vendor without the apriori knowledge in to do the work would bring in significant schedule and compatibility issues. Additionally, would cause serious issues with the current maintenance contract to maintain the system.
