Continuation of Description

Performance-Based Work Statement (PWS) for

Bureau of Medicine and Surgery (BUMED) Improvement Sciences Directorate

1. Introduction

The Bureau of Medicine and Surgery (BUMED) has a requirement to implement Lean Six Sigma, Process Improvement, and Project Management Support under the leadership of the Surgeon General. This support encompasses Continuous Process Improvement (CPI), Project Management (PM), and Knowledge Management (KM) capabilities not organic to the Navy Medicine culture to streamline efforts to optimize medical readiness and operational capabilities across Navy Medicine. This support includes implementing Continuous Process Improvement, Knowledge Management, and Project Management methodologies, to drive change and achieve strategic operational and tactical to improve efficiency of medical operations across all Navy Medicine support of Navy.

2. Background

Navy Medicine is committed to providing exceptional healthcare and ensuring an operational medically ready force. To achieve this, BUMED initiated a transformation focused on improving decision-making and communication. At the heart of this transformation lies the Improvement Sciences (IS) program. This program synchronizes efforts across operational commands, headquarters, and BSO-18 lower echelon commands to advance Navy Medicine's mission in support of the warfighter. This is achieved by implementing project improvement initiatives through various means, such as Lean Six Sigma, Project Management, Knowledge Management, and Get Real Get Better (GRGB) and others. In essence, the Improvement Sciences program is the engine driving strategy by implementing continuous improvement and change management within Navy Medicine, ensuring it remains at the forefront of medical excellence and readiness.

3. Scope

The contractor shall provide comprehensive technical and functional support to BUMED, Naval Medical Forces Command Pacific (NMFP), Naval Medical Forces Command Atlantic (NMFL) and Naval Medical Forces Development Command (NMFDC). The work encompasses the full project lifecycle management of approved Navy Medicine projects, from initiation and development through implementation and sustainment. This support will align with operational medicine priorities and adhere to Lean Six Sigma (LSS), Project Management Institute (PMI) and American Society of Quality (ASQ) guidelines. The contractor will facilitate effective and efficient execution of the following work streams: Continuous Process Improvement, Project Management, Periodic Performance Reporting, and Knowledge Management. This support will enable BUMED, NMFL, NMFP, and NMFDC to concurrently manage complex operational projects. The contractor will leverage industry best practices and collaborate with relevant stakeholders to ensure successful project outcomes and contribute to the overall improvement of Navy Medicine operations both CONUS and OCONUS.

4. Tasks

4.1. Performance Improvement (PI). The contractor will support process/performance improvement projects utilizing Lean Six Sigma (LSS) and Get Real Get Better (GRGB) methodologies and tools such as DMAIC (Define, Measure, Analyze, Improve, Control) for reducing variability and standardizing processes, DMADV (Define, Measure, Analyze, Design, Verify) for new processes or enabling growth within new technologies, and RIE (Rapid Improvement Events - Pre-Event, Event, Post-Event) for eliminating waste. All projects will integrate GRGB methodologies and LSS principles will adhere to the American Society of Quality (ASQ) Black Belt Book of Knowledge.

4.1.1. Project Support. Review, assist, coordinate, train, and mentor BUMED, NMFDC, NMFL, NMFP, and all lower echelon commands withing BSO-18 with the command's PI program.

4.1.1.1. The key objectives using LSS methodologies above are to:

4.1.1.1.1. Analyze existing workflows to identify inefficiencies and bottlenecks.

4.1.1.1.2. Develop and implement process improvement strategies.

4.1.1.1.3. Enhance operational efficiency to reduce costs & increase stakeholder satisfaction.

4.1.1.1.4. Foster a culture of continuous process improvement within the organizations at all echelons.

4.1.1.2. The tasks included in the various methodologies described above are:

4.1.1.2.1. Conduct comprehensive process mapping and analysis.

4.1.1.2.2. Identify key areas of inefficiency and recommend improvement actions.

4.1.1.2.3. Provide a detailed report documenting current workflows or processes, identified inefficiencies and recommended improvements.

4.1.1.2.4. Develop optimized workflows.

4.1.1.2.5. Work with stakeholders to implement changes.

4.1.1.2.6. Deliver professional development courses via in-person or in virtual/asynchronous modalities.

4.1.1.3. Assigned Lean Six Sigma Certified personnel, Master Black Belt (MBB), Black Belt (BB) and Green Belt (GB), shall conduct monthly mentoring sessions and verify knowledge transfer of belts that apply for certification.

4.1.1.3.1. Review submissions for technical accuracy and alignment with Navy Medicine strategic initiatives.

4.1.1.3.2. Validate project scope, measurable results, and adherence to Navy Medicine's uniform documentation methodology.

4.1.1.3.3. Certification will be by government personnel after reviewing documentation.

4.2. Portfolio/Project Management. Mature and standardize portfolio and project, functions and processes. Improved and standardized portfolio management processes, procedures, and protocols, including updated templates, policies, SOPs, memos, charters, and presentations. This deliverable should reflect best practices and promote a common understanding of project and portfolio management across stakeholders.

4.2.1. The contractor will support the government in incorporating industry best practices and ensuring alignment with a systemic approach to project management. This includes being tasked with demonstrating and performing enhanced project management methodologies and tools supporting execution.

4.2.1.1. The key objectives are to:

4.2.1.1.1. Establish a standardized project management framework and methodology.

4.2.1.1.2. Train staff on project management with best practices and tools from PMI guidelines.

4.2.1.1.3. Enhance project tracking, documentation, and reporting processes.

4.2.1.1.4. Improve project workflow and deliverables through systematic oversight.

4.2.1.1.5. Ensure compliance with organizational policies and standards.

4.2.1.2. The tasks include:

4.2.1.2.1. Assessing current project management practices within a directorate or department.

4.2.1.2.2. Designing and developing a tailored project management framework.

4.2.1.2.3. Ensuring integration occurs with existing organizational processes and standards.

4.2.1.2.4. Conducting training sessions for staff on project management tools and methodologies.

4.2.1.2.5. Providing continuous support and mentorship to staff post-training.

4.2.1.2.6. Establishing metrics and Key Performance Indicators (KPIs) for project performance evaluation.

4.2.1.2.7. Developing and enhance templates and documentation standards for project tracking.

- 4.2.1.2.8. Monitoring ongoing projects to ensure adherence to the framework.
- 4.2.1.2.9. Generating monthly reports on project status, risks and performance.
- 4.2.1.2.10. Evaluating the effectiveness of implemented project management framework.
- 4.2.1.2.11. Recommend and implement improvements based on feedback and performance data.
- 4.2.1.2.12. Deliver monthly compliance monitoring reports via designated Microsoft Applications, save to the government share drive and BUMED SharePoint site collection, and/or upload to SPIDR.
- 4.2.1.2.13. Configure portfolio management tools and software to meet the organization's needs.
- 4.2.1.2.14. Develop standardized processes for portfolio management including project intake, prioritization, resource allocation, and performance monitoring.

4.3. Conduct post-implementation reviews to assess the effectiveness of the portfolio management system. Knowledge Management (KM). KM helps organizations and individuals learn, adapt, innovate, and thrive in a rapidly changing world. It leverages the collective intelligence of an organization to achieve its goals and create value. Without a robust KM strategy, organizations risk losing valuable knowledge, making poor decisions, and falling behind their competitors.

4.3.1. The key objective is:

- 4.3.1.1. Communicate data requirements to system specialists from project leads, sponsors, performance improvement practitioners, and team members.
- 4.3.1.2. Develop solution sets to provide automation of various manual or time-consuming administrative processes to improve efficiency and reduce variation. These solutions improve predictability and improve time management by ensuring end-users follow a predetermined process that maintains standards.

4.3.2. The key tasks are:

- 4.3.2.1. Create instructional materials, deliver training, and provide guidance to users of SPIDR and other system solutions on application usage, data input, project, business rules, & project tracking in applications report generation and metric development.
- 4.3.2.2. Create libraries for standard content (text, graphics, audio, and video).
- 4.3.2.3. Test and verify applications and webpages prior to publishing on the web.
- 4.3.2.4. Create and test hyperlinks to connect pages of related information.
- 4.3.2.5. Manage the incorporation of text, graphics, audio, video, scripts, applets, or applications as needed for display of performance improvement information.
- 4.3.2.6. Maintain the user system structures and permission groups/ levels within SharePoint or the network shared drive.
- 4.3.2.7. Provide input to the NAVMED IS SPIDR Configuration Control Board.
- 4.3.2.8. Consult with customers to refine functional requirements, translate them into design specifications, determine optimal implementation approaches, and collaborate with application developers to troubleshoot design issues.
- 4.3.2.9. Identify and propose SPIDR system software improvements to enhance operational efficiency and effectiveness, coordinating changes with Navy Medicine activities and other Navy organizations.
- 4.3.2.10. Identify and consult on business rules that may impact any Navy Medicine automated system and coordinate new system requirements or business rules with other SPIDR computer system specialists for resolution.

4.4. Contract Management Plan (CMP): The CMP outlines the procedures to effectively manage the contract and ensures compliance with stipulated requirements and objectives. This includes:

- 4.4.1. Monthly Status Reports: Submitted by the 10th of each month, covering the previous calendar month's activities. The report should include but not limited to:

- 4.4.1.1. Contract Status
- 4.4.1.2. Action Items (Complete/Current/Upcoming)
- 4.4.1.3. Accomplishments
- 4.4.1.4. Upcoming Activities (such as 30, 60, 90 days)
- 4.4.1.5. Project Schedules and Status
- 4.4.1.6. Risks & Issues
- 4.4.1.7. Quality Assurance Results
- 4.4.1.8. Staffing and Team Composition
- 4.4.1.9. Financial Performance / Analysis
- 4.4.1.10. Recommendations to Optimize Performance

4.4.2. Weekly Status Update: A concise communication submitted to the Contracting Officer's Representative (COR) and Directors of Improvement Sciences (BUMED, NMFP, NMFL, NMFDC) providing basic updates on all projects worked and deliverables submitted for the previous week.

4.4.3. Transition Plan: A comprehensive plan outlining the transfer of all work and responsibilities to a successor (i.e. the Government). This plan is subject to Government approval. This plan must include:

- 4.4.3.1.1. A training program
- 4.4.3.1.2. A date for transferring responsibilities
- 4.4.3.1.3. Details on the project includes transfer of all data, code, and documentation necessary for the successor to maintain the same level of quality and service.

5. Deliverables

Item #	Deliverable	Description	PWS Reference	Frequency
1	Process Analysis Report	A detailed report documenting current workflows, identified inefficiencies, and recommended improvements.	4.1	As required
2	Optimized Workflow Plans	Documentation of revised workflows with clear implementation guidelines.	4.1	As required
3	Training Materials and Reports	Comprehensive training materials and detailed training session reports, to include but not limited to training rosters of personnel completing courses, provide certificates of completion for personnel	4.1	Upon training completion, as required
4	Continuous Improvement Framework	A robust framework outlining the methods and tools for continuous process improvement.	4.1	Upon project completion
5	Initial portfolio assessment report	Report on all existing PM projects with recommendations.	4.2	Within first 3 months of contract award

6	Configuration and integration of portfolio management tools	The setup and integration of software and tools used to manage a project portfolio.	4.2	As required
7	Documentation of standardized processes	Formal documentation outlining the approved, standard methods for conducting processes.	4.2	As required
8	Training materials and conducted training sessions	The materials used for training and the records of the training sessions that were held.	4.2	Upon training completion
9	Monthly progress reports	Progress reports on the overall portfolio.	4.2	Monthly
10	Post-implementation review report	A report created after a project is completed to evaluate its success and lessons learned.	4.2	1 week after project completion
11	Mentorship: Mentee Competency Assessment	Pre- and post-mentorship assessments evaluating the mentee's proficiency against the established Improvement Science Competency Framework.	4.2	Pre- and post-mentorship
12	Mentorship: Final Program ROI Report	A report analyzing the outcomes of the mentees' improvement projects, quantifying the results against their Aim Statements	4.2	Post mentorship
13	Mentorship: Return on Investment (ROI) Analysis	An analysis tying the mentorship program to tangible organizational outcomes achieved through the mentees' improvement projects (e.g., reduced waste, increased efficiency, improved quality metrics).	4.2	Post mentorship
14	System change documents	Official documents that record any changes made to a system's configuration or code.	4.3	1 week after system change
15	Technical documentation: Code implemented	The final, working code that has been developed and deployed as part of the project.	4.3	Upon project completion
16	Training lessons	The content and structure of lessons designed to train individuals on a new system or process.	4.3	Upon training completion
17	Technical reports	Detailed reports that cover the technical aspects, progress, or results of a project.	4.3	Upon project completion
18	Status reports	Progress reports on the overall portfolio.	4.4	monthly

19	Status emails	Emails providing a summary of the contract's status and progress, delivered weekly.	4.4	weekly
20	Transition plans	A comprehensive plan outlining the strategy and procedures for transitioning a project or service.	4.4	Upon project completion
21	Trip reports	Reports detailing the purpose, activities, and outcomes of any travel conducted for the contract.	6.3	As required, 2 business days after travel.

5.1. From LSS activities (4.1):

5.1.1. Process Analysis Report - a detailed report documenting current workflows, identified inefficiencies, and recommended improvements.

5.1.2. Optimized Workflow Plans - documentation of revised workflows with clear implementation guidelines.

5.1.3. Training Materials and Reports - comprehensive training materials and detailed training session reports.

5.1.4. Continuous Improvement Framework - a robust framework outlining the methods and tools for continuous process improvement.

5.2. From Project and Portfolio activities (4.2):

5.2.1. Initial portfolio assessment report of all existing PM projects with recommendations.

5.2.2. Configuration and integration of portfolio management tools.

5.2.3. Documentation of standardized processes.

5.2.4. Training materials and conducted training sessions.

5.2.5. Monthly progress reports on overall portfolio.

5.2.6. Post-implementation review report.

5.3. From Knowledge Management activities (4.3):

5.3.1. System change documents

5.3.2. Code implemented

5.3.3. Training lessons

5.3.4. Technical Reports

5.4. From Contract Management Plan (4.4):

5.4.1. Monthly status reports

5.4.2. Weekly status emails

5.4.3. Transition plans

5.4.4. Trip reports when travel is conducted (see 6.3)

6. Other Pertinent Information

6.1. Period of Performance:

Base: 01 June 2026- 31 May 2027

Option I: 01 June 2027- 31 May 2028

Option II: 01 June 2028- 01 March 2029

6.2. Place of Performance

All work shall be conducted in accordance with the requirement of the government project and office program, or project supported.

On-site locations are identified as but not limited to:

- Bureau of Medicine and Surgery (BUMED) located at 7700 Arlington Blvd, Suite 5134, Falls Church, VA 22042.
- Naval Medical Forces Pacific (NMFP) located at 4170 Norman Scott Road, Suite 5, San Diego, CA 92136.
- Naval Medical Forces Atlantic (NMFL) located at 620 John Paul Jones Circle, Bldg 3, Suite 1400, Portsmouth, VA 23708.
- Naval Medical Forces Development Command (NMFDC) located at 4075 Dickman Rd, San Antonio, TX 78234.

The normal hours of operation at these facilities will typically be from Monday to Friday 0730 to 1630, but hours may flex given global communication requirements across various time zones. Contractors will work 60% at a government facility and 40% at the contractor site or virtually. Non-suitable services may include access within government-controlled facilities, access to material that cannot be removed from the government-controlled facilities, and if direct interactions are required with clients. For taskings that require on-site work and that are explicitly restricted from tele-work, situational tele-work may be permitted due to unforeseen circumstances (e.g. on-site network outages, weather conditions, etc.), but shall only be permitted by the COR/COR-TA.

6.3. Travel

Travel shall be conducted to support initiatives within the scope of this contract to include site visits, training, initiative implementation, and other requirements identified.

Possible Locations of Travel. Travel may be required to but not limited to the following locations:

- Naval Medical Forces Atlantic (NMFL), Portsmouth, VA
- Naval Medical Forces Pacific (NMFP), San Diego, CA
- Naval Medical Forces Development Command (NMFDC), San Antonio, TX
- NMRTC/Us in the continental United States or overseas.
- Echelon 4 and 5 locations as required. A full list of possible locations can be found here: <https://www.med.navy.mil/Navy-Medicine-Commands/>

Anticipated travel is not to exceed a total amount of \$25,000 per year for all travelers.

Expectations of Contractor for travel planning, reporting, and deliverables. The contractor shall ensure authorization is received from the Travel Site, the COR, and the COR-TA prior to travel planning. The contractor shall collaborate with the Travel Site to secure site access. The contractor is responsible for making all needed arrangements to include, but not be limited to mode of travel and lodging. A trip report is required within 5 business days after trip is completed, unless task order requirements identify otherwise. The trip report will include all expenses incurred, as well as a summation of the trip, to include but not be limited to Context, Purpose, Outcomes, Lessons Learned, and Deliverables resulting from the trip.

6.4. Minimum Qualifications

Personnel assigned to or utilized by the contractor in the performance of this contract shall, as a minimum, meet the experience, educational, or other background requirements set forth below and shall be fully capable of performing in an efficient, reliable, and professional manner.

If the Contracting Officer questions the qualifications or competence of any person performing under the task order, the burden of proof to sustain that the person is qualified as prescribed herein shall be upon the Contractor.

The contractor must have the personnel, organization, and administrative control necessary to ensure that the services performed meet all requirements. The work history of each contractor employee shall contain experience directly related to the tasks and

functions to be assigned. The Contracting Officer reserves the right to determine if a given work history contains necessary and sufficiently detailed, related experience to reasonably ensure the ability for effective and efficient performance.

The contractor, at a minimum, shall be proficient in Microsoft (MS) TEAMS, MS Office including MS Word, MS PowerPoint, MS Excel, MS Project, MS Access, Power BI, and Adobe Acrobat. The contractor will be required to produce briefing slides, metric charts, progress reviews, program schedules, technical reports, and organizational charts, as necessary.

6.4.1. Project Management Professional/ Program Manager (PMP)

6.4.1.1. Project Management Professional (PMP) certification

6.4.1.2. Possess a minimum of 7 years of relevant experience after receiving PMP certification

6.4.1.3. Demonstrate knowledge and experience associated with successfully accomplishing all tasks

6.4.1.4. Working knowledge of Navy and Marine Corps Operational Environments

6.4.2. Master Black Belt.

6.4.2.1. Possess at least a Bachelor's degree such as Business Administration or Engineering.

6.4.2.2. Possess a minimum of 5 years of relevant field experience. CPI/LSS experience in the health care industry.

6.4.2.3. Practice continuously as a Master Black Belt since certification.

6.4.2.4. Possess experience in all elements of ASQ MBB Book of Knowledge (BOK) or equivalent industry recognized quality organization (i.e., NCQA and others).

6.4.3. Black Belt.

6.4.3.1. Possess at least a Bachelor's degree such as Business Administration or Engineering.

6.4.3.2. Possess a minimum of 3 years of relevant field experience. CPI/LSS experience in the health care industry.

6.4.3.3. Practice continuously as a Black Belt since certification.

6.4.3.4. Possess experience in all elements of ASQ MBB Book of Knowledge (BOK) or equivalent industry recognized quality organization (i.e., NCQA and others).

6.4.3.5. Demonstrate knowledge and experience associated with successfully accomplishing the requirements in paragraph 4.1.

6.4.4. Improvement Sciences Specialist

6.4.4.1. Bachelor's degree in a relevant field (e.g., Healthcare Administration, Statistics, or related scientific field). Master's degree be preferred.

6.4.4.2. 6+ years of experience applying improvement methodologies and leading projects, ideally in a relevant industry. Experience requirements scale with seniority of the role.

6.4.4.3. Strong understanding of improvement methodologies (e.g., Lean, Six Sigma, PDSA/PDCA, Change Management).

6.4.4.4. Proficiency in data analysis (statistical software), problem-solving, and root cause analysis.

6.4.4.5. Excellent communication (written and verbal), facilitation, and training skills.

6.4.4.6. Project management skills.

6.4.4.7. Ability to work collaboratively with diverse teams.

6.4.4.8. Certifications preferred: Lean Six Sigma Green Belt or Black Belt, PMP, or other relevant certifications.

6.5. Government Furnished Equipment/Property/Information

The Government will supply office workspace to the extent possible, and per the Task Orders. The Government will supply office supplies, computer and equipment, telephone, and reproduction resources when the contractor is working on-site to the extent permitted by the Government and contractor. If the contractor is working off-site, he/she will be permitted to have GFE should determination between the client and the contractor deem it is in the best interests to do so (e.g. access to data in secured servers are necessary for duties).

The Government will provide the contractor copies of, or access to, all required directives, publications, documents, files, and systems as available. If the contractor requires additional copies of such documents, the Government will, with the COR's concurrence, provide the contractor access to Government reproduction resources to produce these copies. The Government will also provide necessary, available and reasonable access to functional personnel; all contact with Government personnel shall be coordinated through the COR. The Government will coordinate joint meetings between functional, technical, and management personnel from various sites and contractor personnel.

The government requires all contractor personnel who require CAC, GFE, or network access to be checked in (i.e. onboarded) via the processes outlined by the COR and local command to which the work is performed. To initiate this process, contractor personnel must either have a pre-existing clearance or submit for a background investigation and be eligible for an interim access (see below for further details). The Contractor shall collaborate with the COR/COR-TA and appropriate Security Office to achieve eligibility for onboarding. The Contractor shall support the on-boarding process of all contract staff, to include (when authorized) creating profiles and uploading documents and collaborate with COR/COR-TA to ensure all Contractor employees complete their on-boarding process in a timely manner. The Contractor shall provide a staffing tracker of all Contractor and sub-Contractor personnel of the task order, and an update to the COR/COR-TA regarding any delays in the on-boarding process and the mitigation plans to ensure deliverables within this PWS remain on time.

6.6. Security Requirements

The highest level of security required for this requirement is Secret, see the attached DD254 for details. Department of Defense Contract Security Classification Specification (DD-254)- The contractor shall complete the designated DD Form 254.

6.7. Identification of Contractor Employees

All Contractor personnel attending meetings, answering Government telephones, and working in other situations where their Contractor status is not obvious to third parties are required to identify themselves as such to avoid creating an impression in the minds of members of the public that they are Government officials. They must also ensure that all documents or reports produced by Contractors are suitably marked as Contractor products or that Contractor participation is appropriately disclosed. Further, it is a Defense Health Agency (DHA) requirement that all Contractors indicate their contracting company in addition to the government client

supported in the signature block of all email communication while conducting business for the command. Contractor personnel shall be required to obtain and wear badges in the performance of this service.

6.8. Personally Identifiable Information, Protected Health Information, and Federal Information Requirements (as of 16 July 2025)

7. Quality Assurance Surveillance Plan (QASP)

Purpose: To ensure that the Government has an effective and systematic method of surveillance for the services in the PWS. The QASP will be used primarily as a tool to verify that the contractor is performing all services required by the PWS in a timely, accurate and complete fashion.

Critical performance processes and requirements. Critical to the performance of this contract is the timely, accurate and thorough completion of all contract/task order requirements.

Performance Standards

- Schedule - The due dates for deliverables and the actual accomplishment of the schedule will be assessed against original due dates and milestones established for the contract or task order(s).
- Deliverables - The deliverables required to be submitted will be assessed against the specifications for the deliverables detailed in the contract/task order(s) and the Quality Control Plan (QCP), if required by the contract, for the required content, quality, timeliness, and accuracy.

- **Cost** - The COR will review monthly cost vouchers to monitor the contractor's expenditures throughout the contract and/or task order performance period(s). Also, the COR will analyze the impact on cost of any inaccurate management assertions, acceleration of the due dates for the financial reports, or the lack of personnel.
- **Past Performance** - In addition to any schedule, deliverables, and cost aspects of performance discussed above, pursuant to FAR 42.15, the Government will assess the contractor's record of conforming to contract requirements and to standards of good workmanship, the contractor's record of forecasting and controlling costs, the contractor's adherence to contract schedules including the administrative aspects of performance, the contractor's history of reasonable and cooperative behavior and commitment to customer satisfaction, and the contractor's business-like concern for the interest of the customer.
- **Surveillance methods:** The primary methods of surveillance used to monitor performance of this contract will include, but not be limited to, random or planned sampling, periodic or inspection, and validated customer complaints.

Performance Measurement: Performance will be measured in accordance with the following table:

Performance Element	Performance Requirement	Surveillance Method	Frequency	Acceptable Quality Level
Contract Deliverables	Contract deliverables furnished as prescribed in the PWS, attachments, CDRLs, Task Orders, etc., as applicable.	Inspection by the COR	100% inspection of all contract deliverables.	>95% of deliverables submitted timely and without rework required.
Overall Contract Performance	Overall contract performance of sufficient quality to earn a Satisfactory (or higher) rating in the COR's annual report on Contractor Performance	Assessment by the COR	Annual	All performance elements rated Satisfactory (or higher)
Invoicing	Monthly invoices per contract procedures are timely and accurate.	Review & acceptance of the invoice	Monthly	100% accuracy

If performance is within acceptable levels, it will be considered to be satisfactory. If not, overall performance may be considered unsatisfactory.

Incentives/Disincentives:

The COR's makes an annual report on Contractor Performance (CPARS or other annual report). The contractor's failure to achieve satisfactory performance under the contract/task order, reflected in the COR's annual report, may result in termination of the contract /task order and may also result in the loss of future Government contracts/task orders. The contractor's failure to achieve satisfactory performance under the contract/task order may result in the non-exercise of available options

For each item that does not meet acceptable levels, the Government may issue a Contract Discrepancy Report (CDR). CDRs will be forwarded to the Contracting Officer with a copy sent to the contractor. The contractor must reply in writing within 5 days of receipt identifying how future occurrences of the problem will be prevented. Based upon the contractor's past performance and plan to solve the problem, the Contracting Officer will determine if any further action will be taken. _

In accordance with inspection of services provisions of the contract, the contractor will be incentivized to provide quality products in a timely manner since the Government can require the Contractor, at no additional fee, to replace or correct work that fails to meet contract requirements. To maximize the profit earned on costs incurred, the contractor is incentivized to ensure that quality products are provided in a timely manner.

252.232-7006 Wide Area WorkFlow Payment Instructions. (Jan 2023)

WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JAN 2023)

(a) *Definitions.* As used in this clause-

"Department of Defense Activity Address Code (DoDAAC)" is a six position code that uniquely identifies a unit, activity, or organization.

"Document type" means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

"Local processing office (LPO)" is the office responsible for payment certification when payment certification is done external to the entitlement system.

"Payment request" and "receiving report" are defined in the clause at 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(b) *Electronic invoicing.* The WAWF system provides the method to electronically process vendor payment requests and receiving reports, as authorized by Defense Federal Acquisition Regulation Supplement (DFARS) 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) *WAWF access.* To access WAWF, the Contractor shall-

(1) Have a designated electronic business point of contact in the System for Award Management at <https://www.sam.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) *WAWF training.* The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the "Web Based Training" link on the WAWF home page at <https://wawf.eb.mil/>

(e) *WAWF methods of document submission.* Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

(f) *WAWF payment instructions.* The Contractor shall use the following information when submitting payment requests and receiving reports in WAWF for this contract or task or delivery order:

(1) *Document type.* The Contractor shall submit payment requests using the following document type(s):

(i) For cost-type line items, including labor-hour or time-and-materials, submit a cost voucher.

(ii) For fixed price line items-

(A) That require shipment of a deliverable, submit the invoice and receiving report specified by the Contracting Officer.

====
(Contracting Officer: Insert applicable invoice and receiving report document type(s) for fixed price line items that require shipment of a deliverable.)

(B) For services that do not require shipment of a deliverable, submit either the Invoice 2in1, which meets the requirements for the invoice and receiving report, or the applicable invoice and receiving report, as specified by the Contracting Officer.

====
(Contracting Officer: Insert either "Invoice 2in1" or the applicable invoice and receiving report document type(s) for fixed price line items for services.)

(iii) For customary progress payments based on costs incurred, submit a progress payment request.

(iv) For performance based payments, submit a performance based payment request.

(v) For commercial financing, submit a commercial financing request.

(2)) Fast Pay requests are only permitted when Federal Acquisition Regulation (FAR) 52.213-1 is included in the contract.

[Note: The Contractor may use a WAWF "combo" document type to create some combinations of invoice and receiving report in one step.]

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table*

Field Name in WAWF	Data to be entered in WAWF
Pay Official DoDAAC	=====
Issue By DoDAAC	=====
Admin DoDAAC	=====
Inspect By DoDAAC	=====
Ship To Code	=====
Ship From Code	=====
Mark For Code	=====
Service Approver (DoDAAC)	=====
Service Acceptor (DoDAAC)	=====
Accept at Other DoDAAC	=====
LPO DoDAAC	=====

DCAA Auditor DoDAAC	=====
Other DoDAAC(s)	=====

(*Contracting Officer: Insert applicable DoDAAC information. If multiple ship to/acceptance locations apply, insert "See Schedule" or "Not applicable.")

(**Contracting Officer: If the contract provides for progress payments or performance-based payments, insert the DoDAAC for the contract administration office assigned the functions under FAR 42.302(a)(13).)

(4) *Payment request.* The Contractor shall ensure a payment request includes documentation appropriate to the type of payment request in accordance with the payment clause, contract financing clause, or Federal Acquisition Regulation 52.216-7, Allowable Cost and Payment, as applicable.

(5) *Receiving report.* The Contractor shall ensure a receiving report meets the requirements of DFARS Appendix F.

(g) *WAWF point of contact.*

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity's WAWF point of contact.

=====

(Contracting Officer: Insert applicable information or "Not applicable.")

(2) Contact the WAWF helpdesk at 866-618-5988, if assistance is needed.

52.219-14 Limitations on Subcontracting (DEVIATION 2021-O0008) (Oct 2022) Deviation 2021-O0008 (Feb 2023)

LIMITATIONS ON SUBCONTRACTING (FEB 2023) (DEVIATION 2021-O0008)

(a) This clause does not apply to the unrestricted portion of a partial set-aside.

(b) *Definition.* Similarly situated entity, as used in this clause, means a first-tier subcontractor, including an independent contractor, that--

(1) Has the same small business program status as that which qualified the prime contractor for the award (e.g., for a small business set-aside contract, any small business concern, without regard to its socioeconomic status); and

(2) Is considered small for the size standard under the North American Industry Classification System (NAICS) code the prime contractor assigned to the subcontract.

(c) *Applicability.* This clause applies only to--

(1) Contracts that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(2) Part or parts of a multiple-award contract that have been set aside for any of the small business concerns identified in 19.000(a)(3);

(3) Contracts that have been awarded on a sole-source basis in accordance with subparts 19.8, 19.13, 19.14, and 19.15;

(4) Orders expected to exceed the simplified acquisition threshold and that are--

(i) Set aside for small business concerns under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

(ii) Issued directly to small business concerns under multiple-award contracts as described in 19.504(c)(1)(ii);

(5) Orders, regardless of dollar value, that are--

(i) Set aside in accordance with subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 8.405-5 and 16.505(b)(2)(i)(F); or

(ii) Issued directly to concerns that qualify for the programs described in subparts 19.8, 19.13, 19.14, or 19.15 under multiple-award contracts, as described in 19.504(c)(1)(ii); and

(6) Contracts using the HUBZone price evaluation preference to award to a HUBZone small business concern unless the concern waived the evaluation preference.

(d) *Independent contractors.* An independent contractor shall be considered a subcontractor.

(e) *Limitations on subcontracting.* By submission of an offer and execution of a contract, the Contractor agrees that in performance of a contract assigned a North American Industry Classification System (NAICS) code for--

(1) Services (except construction), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding certain other direct costs and certain work performed outside the United States (see paragraph (e)(1)(i)), to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both services and supplies, the 50 percent limitation shall apply only to the service portion of the contract. The following services may be excluded from the 50 percent limitation:

(i) Other direct costs, to the extent they are not the principal purpose of the acquisition and small business concerns do not provide the service. Examples include airline travel, work performed by a transportation or disposal entity under a contract assigned the environmental remediation NAICS code 562910), cloud computing services, or mass media purchases.

(ii) Work performed outside the United States on awards made pursuant to the Foreign Assistance Act of 1961, or work performed outside the United States required to be performed by a local contractor.

(2) Supplies (other than procurement from a nonmanufacturer of such supplies), it will not pay more than 50 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 50 percent subcontract amount that cannot be exceeded. When a contract includes both supplies and services, the 50 percent limitation shall apply only to the supply portion of the contract;

(3) General construction, it will not pay more than 85 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 85 percent subcontract amount that cannot be exceeded;

(4) Construction by special trade contractors, it will not pay more than 75 percent of the amount paid by the Government for contract performance, excluding the cost of materials, to subcontractors that are not similarly situated entities. Any work that a similarly situated entity further subcontracts will count towards the prime contractor's 75 percent subcontract amount that cannot be exceeded.

(f) The Contractor shall comply with the limitations on subcontracting as follows:

(1) For contracts, in accordance with paragraphs (c)(1), (2), (3) and (6) of this clause--

[Contracting Officer check as appropriate.]

☒ By the end of the base term of the contract and then by the end of each subsequent option period; or

☐ By the end of the performance period for each order issued under the contract.

(2) For orders, in accordance with paragraphs (c)(4) and (5) of this clause, by the end of the performance period for the order.

(g) A joint venture agrees that, in the performance of the contract, the applicable percentage specified in paragraph (e) of this clause will be performed by the aggregate of the joint venture participants.

(1) In a joint venture comprised of a small business protege and its mentor approved by the Small Business Administration, the small business protege shall perform at least 40 percent of the work performed by the joint venture. Work performed by the small business protege in the joint venture must be more than administrative functions.

(2) In an 8(a) joint venture, the 8(a) participant(s) shall perform at least 40 percent of the work performed by the joint venture. Work performed by the 8(a) participants in the joint venture must be more than administrative functions.

(End of clause)

52.217-8 Option to Extend Services.

(Nov 1999)

Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 1 day of expiration.

(End of clause)

52.217-9 Option to Extend the Term of the Contract.

(Mar 2000)

Option to Extend the Term of the Contract (Mar 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 1 day of expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 33 months.

(End of clause)

52.252-2 Clauses Incorporated by Reference.

(Feb 1998)

Clauses Incorporated By Reference (Feb 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es):

(End of clause)

52.252-6 Authorized Deviations in Clauses.

(Nov 2020)

Authorized Deviations in Clauses (Nov 2020)

(a) The use in this solicitation or contract of any Federal Acquisition Regulation (48 CFR Chapter 1) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the clause.

(b) The use in this solicitation or contract of any DFARS (48 CFR 2) clause with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

52.209-7 Information Regarding Responsibility Matters. (Oct 2018)

INFORMATION REGARDING RESPONSIBILITY MATTERS (OCT 2018)

(a) *Definitions.* As used in this provision-

Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative Proceedings, Civilian Board of Contract Appeals Proceedings, and Armed Services Board of Contract Appeals Proceedings). This includes administrative proceedings at the Federal and State level but only in connection with performance of a Federal contract or grant. It does not include agency actions such as contract audits, site visits, corrective plans, or inspection of deliverables.

Federal contracts and grants with total value greater than \$10,000,000 means-

(1) The total value of all current, active contracts and grants, including all priced options; and

(2) The total value of all current, active orders including all priced options under indefinite-delivery, indefinite-quantity, 8(a), or requirements contracts (including task and delivery and multiple-award Schedules).

Principal means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

(b) The offeror ☐ has ☐ does not have current active Federal contracts and grants with total value greater than \$10,000,000.

(c) If the offeror checked "has" in paragraph (b) of this provision, the offeror represents, by submission of this offer, that the information it has entered in the Federal Awardee Performance and Integrity Information System (FAPIIS) is current, accurate, and complete as of the date of submission of this offer with regard to the following information:

(1) Whether the offeror, and/or any of its principals, has or has not, within the last five years, in connection with the award to or performance by the offeror of a Federal contract or grant, been the subject of a proceeding, at the Federal or State level that resulted in any of the following dispositions:

(i) In a criminal proceeding, a conviction.

(ii) In a civil proceeding, a finding of fault and liability that results in the payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more.

(iii) In an administrative proceeding, a finding of fault and liability that results in-

(A) The payment of a monetary fine or penalty of \$5,000 or more; or

(B) The payment of a reimbursement, restitution, or damages in excess of \$100,000.

(iv) In a criminal, civil, or administrative proceeding, a disposition of the matter by consent or compromise with an acknowledgment of fault by the Contractor if the proceeding could have led to any of the outcomes specified in paragraphs (c)(1)(i), (c)(1)(ii), or (c)(1)(iii) of this provision.

(2) If the offeror has been involved in the last five years in any of the occurrences listed in (c)(1) of this provision, whether the offeror has provided the requested information with regard to each occurrence.

(d) The offeror shall post the information in paragraphs (c)(1)(i) through (c)(1)(iv) of this provision in FAPIIS as required through maintaining an active registration in the System for Award Management, which can be accessed via <https://www.sam.gov> (see 52.204-7).

(End of provision)

Addendum to 52.212-1, Instructions to Offerors - Commercial Products and Commercial Services

POINT OF CONTACT/COMMUNICATIONS

The point of contact regarding this contract/order is Megan Emery, who can be reached via email at megan.p.emery.civ@us.navy.mil.

SUBMISSION OF QUOTES

All quoters must submit their quote NO LATER THAN 12:00pm (Philadelphia, PA Time) on 13 April 2026 to megan.p.emery.civ@us.navy.mil.

Hard Copy, hand delivered, USPS, FedEx, UPS, DHL, etc. will not be accepted. **ONLY EMAIL** submissions will be accepted.

CONTRACTOR QUESTIONS

All questions from contractors concerning the RFQ must be received in writing to megan.p.emery.civ@us.navy.mil NO LATER THAN 12:00pm (Philadelphia, PA Time) on 30 March 2026 in order to allow adequate time for a response or amendment. An amendment to the solicitation will be issued to answer all contractor questions and may extend the due date if necessary.

DO NOT INTEND TO QUOTE:

Any quoter not intending to submit a quote for this requirement is asked to notify Megan Emery at megan.p.emery.civ@us.navy.mil NO LATER THAN 12:00pm (Philadelphia, PA Time) on 02 April 2026.

I. GENERAL

The quoter's quote shall be in the form prescribed by and shall contain a response to each of the areas identified in this solicitation section. The following instructions are provided in addition to instructions to quoters contained elsewhere in this solicitation.

Initial quotes and any modifications thereto are to be submitted to the Contracting Officer on or before the closing date and time cited elsewhere in the solicitation. **ONLY EMAIL** submissions will be accepted. Hand-carried quotes will **NOT** be accepted.

Quoters shall submit their quotes in two separate volumes as follows:

Volume I Non-Price Quote

Volume II Price Quote

In addition to the Price Quote, Quoters shall include the following in Volume II:

Solicitation cover sheet with appropriate blocks completed by the quoter.

Acknowledgement of solicitation amendments pursuant to FAR 52.212-1 (if not previously provided).

The completion and submission of the above items will constitute a quote and will be considered the quoter's unconditional assent to the terms and conditions of this solicitation and any attachments and/or exhibits hereto. Quoters shall respond to all requirements of the solicitation document. Quoters are cautioned not to alter the solicitation. Any affirmative exception to the material terms and conditions of the solicitation will render the quote ineligible for award. Alternate quotes are not authorized.

In the event any person who is not a bona fide employee of the quoter participated in the creation, formulation, or writing of any portion of the quote, a certificate to this effect shall be included in the quote which shall be signed by an officer of the quoter. Such certificate shall identify the name of the person who is not a bona fide employee, that person's employment capacity, the name of the person's firm, the relationship of that firm to the quoter, and the portion of the quote in which the person participated.

II. REQUIREMENTS FOR QUOTE CONTENT

(1) Do not include CLASSIFIED data in your quote.

(2) Introduction and Purpose - This section specifies the format that quoters should use in quotes submitted in response to this solicitation. The intent is not to restrict the quoters in the manner in which they will perform their work but rather to ensure a certain degree of uniformity in the format of the quotes for evaluation purposes.

(3) Each volume should contain the following items in addition to the other information required by this solicitation:

Cover: The cover should indicate the following:

Title of the quote

Volume Number (I or II)

Solicitation number

Name and address of quoter

Contractor point of contact (POC) with POC's email address and phone number.

CAGE and UEI of quoter.

Table of Contents: The table of contents should provide detail sufficient to allow the important elements to be easily located.

(4) Requirements for Style: Each quoter shall submit a quote that clearly and concisely sets forth the contractor's response to the requirements of the solicitation. Unnecessary elaboration or other presentations beyond that sufficient to present a complete and effective quote are not desired. Elaborate artwork, and expensive visual or other presentation aids are neither necessary nor desired. The quote shall contain all the pertinent information in sufficient detail in the one area of the quote where it contributes most critically to the discussion. When necessary, the quoter shall refer to the initial discussion and identify its location within its quote.

(5) Each page of each copy should include the following legend:

Source Selection Information - See FAR 2.101 and 3.104

(6) Page Limitations

Volume I, "Non-price Quote," is limited to a maximum of 8 pages in length inclusive of any charts, diagrams, and/or other graphics.

****Quoters shall use ONLY Times New Roman 12 point font throughout the Non-Price Quote****

The cover sheet, list of acronyms and table of contents (not to exceed one page each per volume) will not count toward the page limit. Pages submitted in excess of the page limitations described below will not be evaluated.

Each "page" is defined as one sheet, 8 1/2 " x 11", with at least one inch margins on all sides, using ONLY Times New Roman font with a point of 12. Lines shall, at a minimum, be single-spaced. (1) the "Past Performance Information Form" must be completed with Times New Roman 12 point font or greater and (2) the text contained in the Non-Price Proposal graphics, charts, headers and footers must be Times New Roman point size of 12 point font or greater. Pages shall be consecutively numbered. Multiple pages, double pages, two-sided pages, or foldouts will count as an equivalent number of 8 1/2" x 11" pages. The Navy may exercise discretion in determining which specific pages are considered to be in excess of the page limitations.

Volume II, "Price Quote," is not page limited.

III. QUOTE CONTENT

Each quote will be evaluated in accordance with a two phased approach.

Phase One: Security Clearance Verification (Pass/Fail)

Quoters must possess the required Secret Level Clearance. The Government will verify this prerequisite in Phase One. Quoters who do not meet this mandatory requirement will be ineligible for further consideration and award.

The quoter shall provide verification that it possesses an active Facility Clearance (FCL) at the Secret Level at the time of quote submission as identified in the PWS. The verification shall be provided via the Defense Counterintelligence and Security Agency's (DCSA) National Industrial Security System (NISS) and obtained no earlier than 30 days prior to the issuance of the solicitation. The verification request shall include the following: Cage Code, Facility Name, Physical Location, Facility Clearance Status/Level, Status Date/Issue Date, Safeguarding Level, Authorized Access to FCL Limitation, Facility Security Officer. Facility Security Officer Phone Number, DCSA Field Office, and DCSA Office Phone Number. ***Include as an attachment to the solicitation. There is no page limitation. ***

Phase Two: Technical Evaluation

The Non-Price Quotes of all eligible quoters from Phase One will be evaluated in accordance with the criteria outlined below.

(1) Volume I - Non-price Quote

Volume I of the quote shall include all information required for the evaluation of the quoter's Non-price Quote. It shall exclude any reference to the price aspects of the quote. The Non-price evaluation factors are Performance Approach and Past Performance, in descending order of importance.

Volume I shall be no more than eight (8) pages in length, including Performance Approach and Past Performance.

(a) Performance Approach

The quoter shall provide in detail a performance approach that will successfully accomplish the requirements of the solicitation, including the PWS. The Government will evaluate the quoter's proposal for a comprehensive and feasible performance approach that demonstrates a thorough understanding of the requirements outlined in the Performance Work Statement (PWS). The proposed approach will be evaluated on the degree to which it demonstrates the quoter's technical expertise and potential for innovation.

(b) Past Performance

To demonstrate its past performance, the quoter shall identify up to three (3) of its most relevant contracts or efforts within the past five (5) years. The quoter shall demonstrate relevant past performance or affirmatively state that it possesses no relevant past performance. Relevant past performance is performance under contracts or efforts within the past 5 years that is of similar scope and magnitude to that which is described in this solicitation. The quoter should complete a "Past Performance Information Form" for each reference submitted. The quoter should provide a detailed explanation demonstrating the relevance of the contracts or efforts to the requirements of the solicitation.

The quoter should also provide information on any problems encountered on the identified contracts or efforts and the quoter's corrective actions. The quoter may identify contracts or efforts for its proposed subcontractors among the three (3) past performance references provided in its quote. If past performance references are provided for a subcontractor, the quoter's quote should detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. It is the contractor's responsibility to adequately explain the relevance of a reference provided for a subcontractor's past performance to the effort that the subcontractor is proposed to perform under the solicitation.

Quoters shall verify the currency of all Past Performance references prior to submission.

The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. A quoter determined to have no record of relevant past performance (or in an instance where no information on the quoter's past performance is available), will not be evaluated favorably or unfavorably for the Past Performance factor. While a proposal with no relevant past performance will not be rated unfavorably, it may be considered less advantageous than a proposal from a quoter with a history of highly relevant and successful performance. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination.

If subcontractor past performance is provided as part of the 3 most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope and magnitude of the aspects of the work under the solicitation for which the subcontractor is proposed. The assessment of the quoter's past performance will be used as a means of evaluating how capable the quoter is of successfully accomplishing the requirements of the solicitation.

In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. A quoter whose past performance demonstrates either a low expectation or no expectation that the quoter will be able to successfully perform the required effort will be considered ineligible for award

Contract references for IDIQ contract vehicles shall provide the basic contract number and task order number. Such references that do not provide this information will not be reviewed or considered. For example, an IDIQ contract number, GSA Schedule contract, or BPA number will not be considered since performance occurs at the task order level. A singular task order number under one IDIQ contract equates to one effort. The Government is evaluating a maximum of three (3) efforts.

The Government reserves the right to evaluate submitted projects individually or in the aggregate in order to determine relevance and will do so consistently across all evaluated offers. The Government will consider the quality of the Contractor's relevant past performance.

Notes:

1. If the Government elects to consider past performance references in the aggregate, the method of aggregation shall be at the discretion of the Government. Individual projects determined to be not relevant shall not be included in the aggregate evaluation.
2. Individual projects determined to not demonstrate relevant scope shall be considered to be not relevant overall.

In addition to the Past Performance Information Forms, contractors are encouraged to submit all finalized CPARS Assessment Reports for each reference, if available, in addition to a Reference POC. If submitted, the CPARS Assessment Reports are not page-limited.

(2) Volume II -Price Quote

Volume II, "Price Quote," is not page limited.

The Price Quote in Volume II shall include the solicitation pricing pages completed by the quoter and a complete and detailed breakdown of the quoter's Firm Fixed Price (FFP) inclusive of the Loaded FFP Rates plus any discount provided. The quoter shall provide a total firm-fixed-price consisting of the total of all CLINS for the base period and all option periods. That total proposed price shall represent the offeror's firm-fixed-price for performance of all of the solicitation's requirements. A firm-fixed-price is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract. If the award date or start of performance is delayed, it shall not entitle the contractor to a price adjustment.

For the purpose of preparing a price quote, the quoter shall assume that the period of performance shall be:

Base: 01 June 2026- 31 May 2027
Option I: 01 June 2027- 31 May 2028
Option II: 01 June 2028- 01 March 2029

Volume II shall include the completed solicitation documents and a complete and detailed price breakdown with all supporting documentation. The price quote shall support the non-price quote. If the price quote does not support the non-price quote, the quoter's quote rating may be downgraded. The price quote shall include all elements of price and such other cost information as considered appropriate to support the quote. The pricing information shall be completed in accordance with the following:

- (a) Separate pricing information shall be submitted for each time period specified in the pricing pages of the solicitation.
- (b) Supporting data including labor rates and hours and burden rates used in developing the price breakdown shall be furnished.
- (c) For quote purposes, the following ratios of Contractor facility and Government facility labor performance are established for all labor categories:

Contractor Facility/Government Facility: 0% / 100%

- (d) The quoter shall use the following estimated costs for travel in preparing its Price Quote. These estimated amounts will be used as common evaluation amounts in all quoter's quotes. The estimated amounts below will be used in the evaluation of quotes, and will be included in resultant contracts as "not-to-exceed" amounts:

\$25,000 Travel for Base Year and Option Year I, \$18,750 for Option Year II

- (i) Travel estimated above is for travel and subsistence associated with performance under any resultant contract which will be reimbursed in accordance with the PWS text entitled "Reimbursement of Travel Costs."

- (e) Any and all subcontracts identified in the Non-price quote shall be identified and priced in the quote. Subcontracts (regardless of dollar value) shall be adequately documented. Subcontractor cost breakdowns may be submitted separately.

A firm-fixed-price is not subject to any adjustment on the basis of the contractor's cost experience in performing the contract.

Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services.

(Nov 2021)

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) Quotes will be evaluated in accordance with the instructions set forth in Clause 52.212-1, as well as the evaluation criteria contained in this section. The Government intends to award a FFP contract resulting from this solicitation to the responsible quoter whose quote represents the best value after evaluation in accordance with the factors in the solicitation. The quoter's response to the "Instructions to Quoters" in Section 52.212-1 of the solicitation will form the basis of the evaluation of quotes as follows:

Quotes will be evaluated using a two-phased approach.

Phase One will serve as a pass/fail gate to verify that the quoter possesses the required Secret Level Security Clearance. Quoters who do not meet this prerequisite will be removed from further consideration and will be ineligible for award.

In Phase Two, the quotes of all eligible quoters will be evaluated to determine the best value. The non-price quote is more important than the price quote. Within the non-price quote, the evaluation factors are listed below in descending order of importance:

Performance Approach

Past Performance

In considering the relevance of an offeror's past performance, the past performance references provided by the offeror will be evaluated individually and in the aggregate. If subcontractor past performance is provided as part of the 3 most relevant contracts or efforts, the subcontractor past performance will be given weight proportional to the scope and magnitude of the aspects of the work under the solicitation for which the subcontractor is proposed. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources including sources outside of the Government. When an offeror is determined to have relevant past performance, the quality of its relevant past performance will be evaluated. Offerors lacking relevant past performance history will not be evaluated favorably or unfavorably under the Past Performance factor. However, the proposal of an offeror with no relevant past performance history, while not rated favorably or unfavorably for past performance, may not represent the most advantageous proposal to the Government and, thus, may be an unsuccessful proposal when compared to the proposals of other offerors. The evaluation of Past Performance is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating how capable the offeror is of successfully accomplishing the requirements of the solicitation. In determining the rating for the Past Performance evaluation factor, the Government will give greater weight to the contracts or efforts which are determined to have greater relevance to the solicitation. An offeror whose past performance demonstrates either a low expectation or no expectation that the offeror will be able to successfully perform the required effort will be considered ineligible for award.

For all other non-price factors, an offeror's proposal must be determined to be Acceptable or better in order to be eligible for award. Marginal is a less-than-acceptable rating. A rating that is less than "Acceptable" in any non-price evaluation factor and/or less than a "Satisfactory Confidence" rating in the Past Performance evaluation factor will render a proposal ineligible for award consideration as submitted. If an offeror receives a rating on any factor that renders their proposal ineligible for award, the proposal will not be evaluated further.

For the price evaluation, prices will be evaluated to determine price reasonableness. The evaluated price will be the quoter's total proposed price. The total proposed price is determined by adding together the proposed prices for all CLINs. A price realism analysis will not be performed.

The Government's intent is to award without discussions. The Government will evaluate utilizing a best value with trade-off source selection process. The Government reserves the right to award the contract to other than the quoter with the lowest evaluated price quote or to other than the quoter with the highest rated non-price quote. Therefore, the quoter's initial quote should contain the quoter's best terms from a price and non-price standpoint. However, the Government reserves the right to conduct discussions if later it is determined by the Contracting Officer to be necessary. The evaluated price will be the quoter's total proposed price. The total proposed price is determined by adding together the proposed prices for all CLINs for the base period and all option periods.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

Quotes shall be presumed to be valid at least through 01 September 2026 unless expressly specified otherwise in the quote.

52.252-1 Solicitation Provisions Incorporated by Reference. (Feb 1998)

Solicitation Provisions Incorporated by Reference (Feb 1998)

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this/these address(es):

<https://www.acquisition.gov/far/part-52> and <https://www.acquisition.gov/dfars/part-252-solicitation-provisions-and-contract-clauses>

(End of provision)

52.252-5 Authorized Deviations in Provisions. (Nov 2020)

Authorized Deviations in Provisions (Nov 2020)

(a) The use in this solicitation of any Federal Acquisition Regulation (48 CFR Chapter 1) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the date of the provision.

(b) The use in this solicitation of any DFARS (48 CFR Chapter 2) provision with an authorized deviation is indicated by the addition of "(DEVIATION)" after the name of the regulation.

(End of provision)

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. (Jun 2020)

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and
- (5) Any trust if-
 - (i) A court within the United States is able to exercise primary supervision over the administration of the trust; and
 - (ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(End of provision)

52.233-2 Service of Protest.

(Sep 2006)

Service of Protest (Sept 2006)

(a) Protests, as defined in section 33.101 of the Federal Acquisition Regulation, that are filed directly with an agency, and copies of any protests that are filed with the Government Accountability Office (GAO), shall be served on the Contracting Officer (addressed as follows) by obtaining written and dated acknowledgment of receipt from

Vincent Conicelli

Contracting Officer

Fleet Logistics Center Norfolk

700 Robbins Ave, bldg 2B, Philadelphia, PA 19111

vincent.j.conicelli.civ@us.navy.mil

(b) The copy of any protest shall be received in the office designated above within oneday of filing a protest with the GAO.

(End of provision)
