Summary of the facts and circumstances that support the determination that ☒ only one source is reasonably available to supply the required supplies or services, or ☐ only the specified brand-name items can satisfy the Government's need:

The Comfort Inn Stafford is located 8.4 miles (19 minutes) from the DEA Training Academy and 450ft (4 minute walk) from the Stafford Training Center (STC). This makes it one of the closest hotels to either campus. With recent changes to base accessibility, students require as much time as possible to gain entry to the facility. At present, several core series classes are being held at the Academy and receive priority lodging at the Academy. Therefore SIU classes are often required to be lodged off site. Placing our attendees in the Comfort Inn places them a safe walking distance away from all amenities. This is helpful as the students will receive per-diem and will not have access to the DEA Cafeteria. Other hotels are located off of US Route 1 (placing them 9.5-12 miles away from campus). While still relatively close, they are definitely not a safe walking distance from any of the amenities mentioned. In fact, Route 1 is a major roadway with little to no walkways for safe passage. The Comfort Inn truly is the safest, best option for all attendees.

Describe in detail any market research conducted. Include results and state whether any vendors expressed interest:
