### Description of need:

The contractor must provide all labor, materials, transportation, logistics, and quality control necessary to supply and deliver laboratory animal feed, bedding, produce, enrichment feed items, and related dry goods to multiple NIH animal research facilities. These supplies include, but are not limited to:

- Standard rodent chow (maintenance, breeding, irradiated, and certified diets)
- Specialty research diets
- Nonhuman primate chow and biscuits
- Rabbit diets and agricultural species diets
- Bedding materials (corn cob, paper-based, hardwood, or approved alternatives)
- Fresh produce and enrichment feed items

All products must meet strict quality, nutritional, traceability, and contamination control standards necessary for regulated research environments and must comply with applicable animal care regulations and accreditation standards.

Period of Performance: 5/1/2026 – 4/30/2027

Place of Performance: Bethesda, MD 20892

Deliver to: 9000 Rockville Pike, Bethesda MD 20892-5520

The statutory authority for this sole source requirement is 41 U.S.C. 1901 (a) (1) as implemented by FAR 13.106-1(b) only one responsible source and no other supply of service will satisfy agency requirements.
