**PERFORMANCE WORK STATEMENT (PWS)
FOR
NEW MEXICO AIR NATIONAL GUARD
RECRUITING AND RETENTION ADVERTISING PACKAGE SERVICES**

General:

- 1.1. **Scope:** The contractor shall provide all personnel, equipment, tools, materials, supervision, and quality control necessary, except as specified in Paragraph 3.0 as Government Furnished, to perform Marketing and *Advertising Services*, as defined in this PWS.
 - 1.1.1. **Objectives:** The objective of this Performance Work Statement (PWS) is to provide a comprehensive marketing package to the New Mexico Air National Guard (NMANG) for recruitment and retention goals. The Contractor shall provide services to generate qualified recruitment leads, offer a customized lead capture and nurturing solution, and support the Recruiting and Retention Office leadership, recruiters, and marketing staff and the contractor shall develop and publish an annual enterprise advertising plan. The integrated advertising plan typically includes multiple channels and platforms, including linear television, theater, streaming and digital marketing (display and video). Most enterprise advertising drives traffic to one of the recruiting websites or recruiting offices to encourage prospects and influencers to learn more about various component opportunities, benefits, etc.
- 1.2. **Background:** New Mexico Air National Guard Recruiting and Retention Office's mission is to promote the NMANG to gain interest and attention of prospective recruits. The NMANG has a dual mission that is not understood well, and the general public has a hard time distinguishing Air National Guard from Active Duty. The primary target market is non-prior/prior service (NPS) individuals 17-42 years of age. The NMANG requires the services of a contractor with experience providing marketing and advertising solutions for the Air National Guard to develop and execute a comprehensive marketing program that includes branding, engagements, leads, and recruiter support to help the NMANG achieve recruitment and retention goals.
- 1.3. **Period of Performance (PoP):** The period of performance for this contract shall be for one twelve-month base period with four twelve-month option periods that may be exercised at the discretion of the Government. The total period of performance, including the base and all option periods, shall not exceed sixty (60) months.
 - 1.3.1. Base Year: 12 months
 - 1.3.2. Option Year 1: 12 months
 - 1.3.3. Option Year 2: 12 months
 - 1.3.4. Option Year 3: 12 months
 - 1.3.5. Option Year 4: 12 months

1.4. General Information:

- 1.4.1. Place and Performance of Services: The contractor has the discretion to determine the specific digital platforms and media outlets for this advertising campaign. However, the geographic place of performance is restricted to the Designated Market Areas (DMA). Within this defined geographic area, the contractor's choice of advertising channels and methods must align with the campaign's objectives and effectively engage the organization's target audience as specified in this PWS. The physical work location for the contractor's staff remains at their discretion.
- 1.4.2. Quality Control (QC): The contractor shall develop and maintain an effective QC Plan (QCP) to ensure services are performed in accordance with this PWS. The contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. The contractor's QCP is the means by which it assures itself that its work complies with the requirements of the contract. As a minimum, the contractor shall develop QC procedures that address the areas identified in Technical Exhibit 1, Performance Requirements Summary (PRS). A final QCP shall be submitted to the Contracting Officer Representative (COR) NLT 30 days after contract award. After acceptance of the QCP, the contractor shall obtain the Contracting Officer's (KO's) acceptance in writing of any proposed changes to its QCP.
- 1.4.3. Quality Assurance (QA): The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan (QASP). This plan is primarily focused on what the Government will do to ensure that the contractor has performed in accordance with the performance standards. It defines how the performance standards will be applied, the frequency of surveillance, and acceptable quality level(s) or defect rate(s).
- 1.4.4. Communications Security/Information Technology (COMSEC/IT) Security. All communications with DoD organizations are subject to COMSEC review. All telephone communications networks are continually subject to intercept by unfriendly intelligence organizations. DoD has authorized the military departments to conduct COMSEC monitoring and recording of telephone calls originating from, or terminating at, DoD organizations. Therefore, the contractor is advised that any time contractor personnel place or receive a call they are subject to COMSEC procedures. The contractor shall ensure wide and frequent dissemination of the above information to all employees dealing with DoD information. The contractor shall abide by all Government regulations concerning the authorized use of the Government's computer network, including the restriction against using the network to recruit Government personnel or advertise job openings.
- 1.4.4.1. Protection of Personally Identifiable Information (PII). The contractor shall protect all PII encountered in the performance of services in accordance with Defense Federal Acquisition Regulation Supplement (DFARS) 224.103 Personally Identifiable Information and Department of Defense Directive (DoDD) 5400.11, Department of Defense Privacy Program, and DoD 5400.11-

R. If a PII breach results from the contractor's violation of the aforementioned policies, the contractor shall bear all notification costs, call-center support costs, and credit monitoring service costs for all individuals whose PII has been compromised.

- 1.4.5. Physical Security. The contractor shall safeguard all Government property provided for contractor use. At the close of each work period, Government facilities, equipment and materials shall be secured.
- 1.4.6. Post Award Conference/Periodic Progress Meetings: The contractor agrees to attend any post award conference convened by the KO in accordance with FAR 42.5. The KO, COR and other Government personnel, as appropriate, may meet periodically with the contractor to review the contractor's performance. At these meetings, the KO will apprise the contractor of how the Government views the contractor's performance and the contractor shall apprise the Government of problems, if any, being experienced. The contractor shall resolve outstanding issues raised by the Government. Contractor attendance at these meetings shall be at no additional cost to the Government.
- 1.4.7. Combating Trafficking in Persons: The United States Government has adopted a zero-tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not engage in severe forms of trafficking in persons during the period of performance of the contract; procure commercial sex acts during the period of performance of the contract; or use forced labor in the performance of the contract. The Contractor shall notify its employees of the United States Government's zero tolerance policy, the actions that will be taken against employees for violations of this policy. The contractor shall take appropriate action, up to and including termination, against employees or subcontractors that violate the US Government policy as described at FAR 22.17.
- 1.4.8. Data Rights. The Government has unlimited rights to all documents/materials produced under this contract. All documents and materials, to include the source codes of any software, produced under this contract shall be Government owned and are the property of the Government with all rights and privileges of ownership/copyright belonging exclusively to the Government. These documents and materials may not be used or sold by the contractor without written permission from KO. All materials supplied to the Government shall be the sole property of the Government and may not be used for any other purpose. This right does not abrogate any other Government rights.
- 1.4.9. Organizational Conflicts of Interest (OCI): The contractor and subcontractor personnel performing services under this contract may receive, have access to or participate in the development of proprietary or source selection information (e.g., cost or pricing information, budget information or analyses, specifications or work statements, etc.) or perform evaluation services which may create a current or subsequent OCIs, as defined in FAR Subpart 9.5. The contractor shall notify the KO

immediately whenever it becomes aware that such access or participation may result in any actual or potential OCI and shall promptly submit a plan to the KO to avoid or mitigate any such OCI. The contractor's mitigation plan will be determined to be acceptable solely at the discretion of the KO. In the event the KO unilaterally determines that any such OCI cannot be satisfactorily avoided or mitigated, the KO may impose other remedies as he or she deems necessary, including prohibiting the contractor from participating in subsequent contracted requirements which may be affected by the OCI.

2. Definitions and Acronyms:
