

Synopsis of Proposed Contract Action

Solicitation Number 140R1026B0002 Speelyi Shoreline Protection – Construction Cle Elum, WA

Description:

The Bureau of Reclamation, Columbia Pacific-Northwest Region, has a need for construction at the Cle Elum Reservoir approximately 8 miles northwest of Cle Elum WA, in Kittias County. Work has not been conducted previously, and this is a new project at the Cle Elum Reservoir. Work is for constructing shoreline protection along the edge of the reservoir.

Principal components of work include:

1. Water for Dust Control/Construction Access Road (i.e. will require removal as well).
2. Temporary Erosion Control
3. Stone Paths
4. Clearing and Grubbing for staging areas and slopes to receive riprap.
5. Tree Removal
6. Excavation and reshaping hillside
7. Common Fill
8. Beach Fill
9. Toe Armor
10. Geotextile
11. Riprap
12. Bedding Layer, CMP Culvert
13. Fence
14. Seeding and Soil supplements
15. Fish Habitat Structures

The North American Industry Classification System (NAICS) code associated with this project is 237990 Other Heavy and Civil Engineering Construction. The small business size standard applicable to this project is \$45.0 million in gross annual receipts averaged over the previous three 1-year accounting periods. The Rough order of Magnitude (ROM) for this project is between \$1,000,000.00 and \$5,000,000.00. This procurement will be competed as a total Indian Small Business Enterprise (ISBEE) set aside. Bids will be accepted from all responsive and responsible small business concerns.

An electronic copy of the solicitation will be issued no sooner than 15 days from the day after this notice, at <https://sam.gov>, however, dates in this notice are subject to change.
