2.0 Background

2.1 In accordance with U.S. Code 1095 and 1079b, the Code of Federal Regulations, and Department of War (DoW) directives, the Government is authorized to recover the cost of providing health care services to covered DoW beneficiaries from third party payers under the Third-Party Collections Program (TPCP). Under this program, the Government bills for medical services provided in DoW/Defense Health Agency (DHA) military treatment facilities (MTFs) and professional services rendered by MTF providers at civilian facilities. The Government also bills third party payers for care provided to non-beneficiaries who are authorized care in the facility, foreign nationals, and civilian emergency patients who carry Other Health Insurance (OHI). All patients, excluding active duty, are required to provide information regarding OHI coverage annually or upon a change in coverage status.
