(Signature of person authorized to sign)		(Signature of Contracting Officer)	

SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

Block 14 (Description of Amendment/Modification): The purpose for this solicitation amendment 0001 is to respond to industry question. All other information remains unchanged.

Question:

Why is the POP for 38KAA54109A01, 38KAA54109T01, 38KAA54109T02, and 38KAA54109T03 shorter than the rest of the TGIs?

Government Response:

The POP dates for TGI 38KAA52109 A01, T01, T02 and T03 as per DDG69's project team request.

In consideration with restore/end game plan of (83) days' SIA duration, we would like to shrink the TGI's POP treated as emergency work (it is critical path work for 6C1 SIA).

Therefore, our project team would like to see KTR's best effort (shortest POP end) to complete the job as much as earlier per 6J1 SIA's POP end.

Of course, PT will evaluate the prospective vendor's POP end suggestion if it's impossible to finish by 7/10/2026 (46 days from POP start).
