OFFERORS ARE ADVISED THAT FUNDING MAY NOT BECOME AVAILABLE. IF FUNDS ARE NOT AVAILABLE, NO AWARD WILL BE MADE AS A RESULT OF THIS SOLICITATION. OFFERORS WILL NOT BE REIMBURSED FOR ANY EFFORT OR PROPOSAL COSTS RESULTING FROM THIS SOLICITATION.

Fair Opportunity:

This request is conducted under the fair opportunity guidelines of FAR 16.505(b), which outlines the ordering procedures for orders issued under multiple-award contracts. Award will be based on a determination of best value to the government, price and other factors considered. "Best value" means the expected outcome of an acquisition that, in the government's estimation, provides the greatest overall benefit in response to the requirement. Best value evaluation is, in and of itself, a subjective assessment by the government of the proposed solution that provides the optimal results to the government.

This method does not use any aspects of FAR subpart 15.3. The use of this fair opportunity process does not obligate the government to determine a competitive range, conduct discussion with any contractors, solicit proposals or revisions thereto, or use any other source selection techniques associated with FAR subpart 15.3.

Basis for Award:

1. The proposed task order will be awarded to the responsible offeror offering the best value to the Government. For this order, the best value is expected to result from selection of the proposal with the lowest evaluated price. To make a determination of best value, the Government shall evaluate each offeror on price only.
2. Submittal Requirements and Basis of Evaluation.
 1. Price:
 1. Solicitation Submittal Requirements – Offeror shall submit the following:
 - Cover page that includes:
 - Solicitation Number & Title
 - Prime Contractor Name, Address, Phone Number, Unit Entity Identifier in SAM, and Cage Code
 - Point of Contact Name, Phone Number, and POC Email
 - Price Proposal Form
 - All Amendments Acknowledged
 - Copy of Representation and Certifications and proof of registration in System for Award Management (SAM);
 2. Basis of Evaluation – The Government will evaluate price based on the lump sum price. Analysis will be performed by one or more of the following techniques to ensure a fair and reasonable price:
 - a. Comparison of proposed prices received in response to the RFP.
 - b. Comparison of proposed prices with the Independent Government Cost Estimate (IGCE)
 - c. Comparison of proposed prices with available historical information.
 - d. Comparison of market survey results.
