

NAVSUP Weapon Systems Support (NAVSUP WSS) Philadelphia is issuing this Sources Sought Notice as a means of conducting market research to identify eligible contractors having an interest in and the resources to repair commercially certified overhauled parts for commercial item NSN 1680 016913816; P/N 822-2532-100 used on the P-8A Poseidon aircraft. It should be noted by interested sources that the Government does not have the rights to, and thus cannot provide access to, proprietary technical data/drawings that may be required for manufacture/repair of this component.

The P-8A is a maritime patrol aircraft derived from the Boeing 737-800 commercial airliner. Although the P-8A carries out a strictly military role for the U.S. Navy, some items on the aircraft are unmodified 737 items. These are referred to as commercial common items (i.e., common to the P-8A and 737). They are referred to in the Federal Acquisition Regulation as COTS or commercial off the shelf but hereinafter will be referred to simply as commercial common. The requirement is for an unmodified commercial common item.

NAVSUP WSS is seeking any eligible small business firms including service-disabled veteran-owned small businesses, certified HUBZone small businesses, and certified 8(a) capable of performing this repair or supporting this requirement.

BASED ON THE RESPONSES TO THIS SOURCES SOUGHT NOTICE/MARKET RESEARCH, THIS REQUIREMENT MAY BE SET-ASIDE FOR SMALL BUSINESSES OR PROCURED THROUGH FULL AND OPEN COMPETITION.

The awardee will be required to comply with contract clauses from the Federal Acquisition Regulation (FAR)/Defense Federal Acquisition Regulation Supplement (DFARS)/Navy Marine Corps Acquisition Regulation Supplement (NMCARS), specifically those of FAR Part 12 Acquisition of Commercial Items, DFARS Part 212 "Acquisition of Commercial Items" and NMCARS 5212 "Acquisition of Commercial items."

Eligible contractors shall provide:

- 1) Company Name & Cage Code
- 2) Part Number/NIIN eligible to manufacture
- 3) Is your company the Original Equipment Manufacturer (OEM)?
- 4) Is your company capable of manufacturing the P/N in #2 but your company is not the OEM?
 - a) Explain how your company has the technical capacity to perform the necessary manufacture.
- 5) Is your company a Small Business? If so, what type of Small Business?
- 6) Company POC

The result of this market research will contribute to determining the method of procurement. The applicable North American Industry Classification System (NAICS) code assigned to this procurement is 336413.

If any party expresses interest, they can respond to RFQ N0038326QN080 and contact the following email: shannon.r.menickella.civ@us.navy.mil.

Telephone inquiries will not be accepted or acknowledged, and no feedback or evaluations will be provided to companies regarding their submissions.

Submission Instructions: Interested parties who consider themselves qualified to perform the above-listed services are invited to submit a response to this Sources Sought Notice by March 14, 2026, 3:00 PM (Eastern time). All responses under this Sources Sought Notice must be emailed to shannon.r.menickella.civ@us.navy.mil.
