Section C - Description/Specifications/Statement of Work

STATEMENT OF WORK - PODIUM

1. INTRODUCTION

Naval Surface Warfare Center Philadelphia Division (NSWCPD) has a requirement for customized digital lecterns with specific hardware security standalone requirements engineered to be cyber secure compliant. These lecterns will be integrated digital displays that allow for dynamic content presentation, including slides and video presentations for public affairs and command-wide event driven communications. This request consists of design engineering, product transport and on-site installation using industry standards, as well as testing and programming of the system and owner /end user training

The new acquisition will meet industry performance standards, offer the necessary redundancy and contingency features to meet NSWCPD needs, and provide state-of-the-art technology enhancements to improve user experience and minimize service disruption.

2. BACKGROUND

This requirement evolved to service a growing need to support multiple command driven public communication and/or presentation events within the various NSWCPD facility buildings and annexes. NSWCPD is equipped with legacy video teleconferencing (VTC) equipment in insufficient quantity and quality that was often required to service multiple events, over multiple facility locations and sometimes simultaneously. This often conflicting VTC service scheduling requests often meant schedules had to be adjusted to accommodate the limited physical hardware that the command currently possessed. This forced rescheduling of events often resulted in further financial and labor cost to the event host and VTC service staff as well as excessive wear and tear to the hardware.

The additional equipment sought will help alleviate scheduling conflicts and lower the hardware's mean time to failure (MTTF) due to a reduction in the number of buildings and events it services.

3. TECHNICAL REQUIREMENTS

3.1 The proposed lectern includes a flat or slanted work surface, grommets for cabling access, a cutout for a microphone flange, front recessed monitor display for portrait oriented 43" display, gooseneck halogen light with dimmer, internal adjustable shelving, passive ventilation, floor access panel and locking swivel carpet casters. Figure 1 and 2 provide a representation with specifications for the podium. **(See Attachments for Figure 1 and Figure 2 Dimensions)**

3.2 The 43" LCD display mounted on the front of the lectern has a UHD (3840x2160) resolution mounted in the portrait position. Images and video must be able to be shown in the portrait position.

3.3 If there is no input signal detected, display the content preset (saved image) instead of the conventional 'No Signal' message

3.4 A digital media player will be installed in the podium with the ability to play H.264, MOV, and AVI files, up to 1080p resolution from USB flash drives or SD memory cards

3.5 A SD memory card should be included with the media player

3.6 An 18 - 19" gooseneck microphone equipped with a slim pickup (90 degree) element to help reject off-axis audio pickup which means that the microphone picks up audio directly in front of the microphone for maximum audio gain before feedback.

Frequency Response:	30-20,000 Hz
Low Frequency Roll Off:	80 Hz, 18 dB/octave
Open Circuit Sensitivity	-39 dB (11.2 mV) re 1V at 1 Pa

Maximum Input Sound Level: 139 dB SPL, 1 kHz at 1% T.H.D.

Output Connector: Integral 3-pin XLRM-type

3.7 Podiums shall feature a walnut wood finish. All exposed surfaces shall match a walnut aesthetic in color, grain, and texture.

3.8 Deliver a fully functional digital podium on-site with the components securely mounted with minimal excess cabling for a neat, professional look

3.9 Testing and programming of the system

3.10 Provide Owner and/or End User training

4. CYBER SECURITY

This tasking does not include cyber security services.

5. TRAVEL

52.243-7 Notification of Changes. (Deviation)

(Feb 2026)

NOTIFICATION OF CHANGES (FEB 2026) (DEVIATION)

(a) Definitions.

Contracting Officer, as used in this clause, does not include any representative of the Contracting Officer.

Specifically Authorized Representative (SAR), as used in this clause, means any person the Contracting Officer has designated by written notice (a copy shall be provided to the Contractor) that shall refer to this subparagraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) Notice. The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within ____ (to be negotiated) calendar days from the date that the Contractor identifies any Government conduct that the Contractor regards as a change to the contract terms and conditions. Examples of conduct that may be regarded as a change to terms and conditions include actions, inactions, and written or oral communications. On the basis of the most accurate information available to the Contractor, the notice shall state-

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including-
 - (i) What line items have been or may be affected by the alleged change;
 - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) Continued performance. Following submission of the notice required by paragraph (b) of this clause, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance. However, if the Contractor regards the direction or communication as a change as described in paragraph (b) of this clause, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action which exceeds the authority of the SAR.

(d) Government response. The Contracting Officer shall promptly, within ____ (to be negotiated) calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either-

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;
- (2) Countermand any communication regarded as a change;
- (3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or
- (4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2), or (3) of paragraph (d) of this clause, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustments.

(1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made-

- (i) In the contract price or delivery schedule or both; and
- (ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in paragraphs(b) and (c) of this clause.

Note: The phrases contract price and cost wherever they appear in the clause, may be appropriately modified to apply to cost-reimbursement or incentive contracts, or to combinations thereof.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

For statistical purposes only, the offeror shall indicate whether the place of manufacture of the end products it expects to provide in response to this solicitation is predominantly-

52.229-11 Tax on Certain Foreign Procurements-Notice and Representation.

(Jun 2020)

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions*. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(4) For equipment, the entity that produced or provided the covered defense telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known).

ADDENDUM TO 52.212-1

CONTENT OF QUOTES

1. GENERAL INSTRUCTIONS

The Quoter shall submit all information required by this RFQ and in the same format as outlined herein. Failure to comply with the requirements of the RFQ may result in the Quoter being removed from consideration for award. The Government does not assume the duty to search for data to cure problems it finds in quotes. Quotes shall be sufficiently detailed to enable Government evaluation board members to make a thorough evaluation and to arrive at a sound determination as to whether or not the prospective Quoter has a thorough understanding of the requirements and associated risks and is able, willing, and competent to devote the resources necessary to meet the requirements.

Cost/pricing information should only be present in the Price Section.

No classified information shall be provided.

A "subcontractor" includes any person or entity other than the prime contractor (e.g., consultants, temporary purchased labor, or divisions, subsidiaries, and affiliates of a contractor or subcontractor) who will furnish or furnishes any effort in connection with this prospective contract.

1.1. SUBMISSION OF QUESTIONS

Quoters may submit questions, concerns, or request clarification of any aspect of this RFQ electronically as follows:

TO: brooke.a.steele3.civ@us.navy.mil

The questions should include the page number and paragraph number or identifier which pertains to the Quoter's question. Questions received without this information may not be answered. The deadline for receipt of questions is 18 March 2026. Although every effort will be made, the Government makes no guarantee that questions received after this deadline will be answered and response to questions and requests for clarification received after this date shall be at the sole discretion of the Contracting Officer. Acknowledgement of receipt of questions may not be made.

Responses will be posted to the SAM web page at <https://www.SAM.gov>.

1.2. RFQ CHANGES

Any changes or additional information (responses to questions, amendments, etc.) related to the RFQ will be made available only through the following website: <https://www.sam.gov/>. If this RFQ is amended, all terms and conditions that are not amended remain unchanged. Quoters shall provide quotes in response to any and all amendments to this RFQ by the date and time specified in the amendment(s).

2) RFQ, QUOTE AND AWARD DOCUMENTS

2.1 ELECTRONIC DELIVERY OF QUOTATIONS VIA PIEE

Utilization of the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module (PSM), System for Award Management (SAM.gov) is required for electronic quote submissions.

1. Website

Offerors must be properly registered in the Procurement Integrated Enterprise Environment (PIEE) Solicitation Module (PSM), System for Award Management (SAM.gov), and the Joint Certification Program (JCP) in order to receive controlled attachments. Offerors may obtain information on SAM registration and annual confirmation requirements by calling 1-866-606-8220 or via the internet at <https://www.sam.gov>. Information about the JCP is located at <https://www.dla.mil/Logistics-Operations/Services/JCP/>. Information about PIEE PSM is located at <https://piee.eb.mil>. Offerors must request access to the controlled attachments via SAM.gov. The Contracting Officer will review JCP and allow access to controlled documents by Cage Code if requesting vendor is properly registered in JCP. The controlled documents will be located in PSM; therefore, the Offeror will need to obtain the controlled documents through PSM.

2. Quote Submission Module/Portal

Quotations shall be submitted through the PSM Module/Portal located at <https://piee.eb.mil> by the solicitation closing date and time specified on the cover letter of this solicitation, block (8). Offers must be received via the PSM portal by the closing date and time in order to be considered for award. It is not permissible to upload a link to an internet-based data center (e.g. Google cloud or Dropbox). Offeror shall submit all required quote information directly in the PSM portal. In the rare event the portal is down or inaccessible, Offeror shall immediately notify the cognizant Contracting Officer, (Jillian Randazzo at jillian.randazzo.civ@us.navy.mil), and Contract Specialist, (Brooke Steele at brooke.a.steele3.civ@us.navy.mil) for the solicitation via e-mail prior to the solicitation closing date and Offeror shall also contact the PIEE helpdesk to register a help ticket that PSM is down or inoperable prior to the closing time and date. In the rare event of a portal malfunction, arrangements must be made with the Contracting Officer cognizant for the solicitation prior to the solicitation closing date and time in order to submit a quote electronically outside the portal. Failure to submit a complete quote prior to the solicitation closing date and time will render the quote late and unacceptable.

Any amendments to the subject solicitation will be posted through PSM. The complete solicitation package, including all amendments, should be received and reviewed prior to submitting a response. It is the responsibility of the Offeror to obtain all amendments and/or other applicable documents prior to submission of the quote. Offerors are responsible for submitting quotes and any quote modifications in the PSM by the time specified in the solicitation. Any quote modification not submitted in the PSM by the exact time specified for receipt of quote is "late" and will not be considered. The solicitation will close at the exact date and time specified in the solicitation. The time and date of quote receipt will be the upload completion/delivery time and date recorded within PSM. Do not assume that electronic submission will occur instantaneously. Large files (e.g. 10MB or more) will take some time to upload. Offerors should time their upload effort with prudence by not waiting until the last few minutes--this will allow for unexpected delays in the transmittal process. Offerors are encouraged to keep a copy of the upload confirmation for their record.

Quotes shall be submitted as separate files for the RFQ and Quote, and Technical Volume.

This document, which may be used as part of the contract award document, shall be fully executed and returned as a separate document from the technical and cost quotes. Quoters must fill in all areas of the RFQ that contain Quoter fill-ins. Special attention should be taken to accurately enter the prices for each CLIN in Section B, complete all Representations and Certifications in Section K and ensure that an authorized person signs the quote in Block 17 of Page 1.

Quoters shall ensure that Representations and Certifications in SAM are current in the Online Representations and Certifications (ORCA) database at www.SAM.gov.

L-204-H003 NOTIFICATION OF USE OF NAVY SUPPORT CONTRACTORS FOR OFFICIAL CONTRACT FILES (NAVSEA) (APR 2019) (Apr 2019)

- (a) NAVSEA may use a contractor to manage official contract files here in after referred to as "the support contractor", including the official file supporting this procurement. These official files may contain information that is considered a trade secret, proprietary, business sensitive or otherwise protected pursuant to law or regulation, here in after referred to as "protected information". File management services consist of any of the following: secretarial or clerical support; data entry; document reproduction, scanning, imaging, or destruction; operation, management, or maintenance of paper-based or electronic mail rooms, file rooms, or libraries; and supervision in connection with functions listed herein.
- (b) The cognizant Contracting Officer will ensure that any NAVSEA contract under which these file management services are acquired will contain a requirement that
- (1) The support contractor not disclose any information;
 - (2) Individual employees are to be instructed by the support contractor regarding the sensitivity of the official contract files;
 - (3) The support contractor performing these services be barred from providing any other supplies and/or services, or competing to do so, to NAVSEA for the period of performance of its contract and for an additional three years thereafter unless otherwise provided by law or regulation; and,
 - (4) In addition to any other rights the offeror may have, it is a third party beneficiary who has the right of direct action against the support contractor, or any person to whom the support contractor has released or disclosed Protected Information, for the unauthorized duplication, release, or disclosure of such Protected Information.
- (c) Submission of a proposal will be considered as consent to NAVSEA's permitting access to any information, irrespective of restrictive markings or the nature of the information submitted, by its file management support contractor for the limited purpose of executing its file support contract responsibilities.
- (d) NAVSEA may, without further notice, enter into contracts with other contractors for these services. (End of Provision)

L-209-H009 NOTIFICATION OF POTENTIAL ORGANIZATIONAL OR PERSONAL CONFLICT (S) OF INTEREST (NAVSEA) (APR 2022) (Apr 2022)

- (a) Offerors are reminded that certain existing contractual arrangements may preclude, restrict or limit participation, in whole or in part, either as a subcontractor or as a prime contractor under this competitive procurement. Of primary concern are those contractual arrangements in which the Offeror provides support to _____, or related laboratories (if applicable), in support of operation of the office or any of its programs. General guidance may be found in FAR 9.505; however, this guidance is not all-inclusive. The Offeror's attention is directed to the "Organizational Conflict of Interest" (OCI) or similar requirement which may be contained in current or completed contract(s) which prohibits the prime or subcontractor from providing certain supplies or services to the Government as described above during the period of the current "support" contract(s) or for a period after completion of the "support" contract(s). Notwithstanding the existence or non-existence of an OCI or similar requirement in current or completed contract(s), the Offeror shall comply with FAR subpart 9.5 and identify whether an OCI exists and not rely solely on the presence of an OCI or similar requirement.
- (b) Offerors also are reminded that certain potential conflicts of interest may arise where an Offeror has unequal access to nonpublic information about a competitor that may provide the Offeror with an unfair competitive advantage and preclude, restrict or limit participation, in whole or in part, either of the individual, subcontractor or prime contractor under this competitive procurement. For example, a potential conflict may arise if former Department of Navy employee(s), subcontractors, or teaming partners of the Offeror may have gained access to nonpublic information about a competitor through participation in previous or ongoing performance or during the solicitation development/source selection process associated with this competitive procurement, and then participates in the formation of the Offeror's proposal. Other potential conflicts of interest may arise where either the former Department of Navy employee(s), subcontractors, or teaming partners of the Offeror under this competitive procurement set the ground rules for competition; for example, by drafting specifications or assisting in

the drafting of the statement of work. General guidance may be found in FAR 3.101 and 9.505; however, this guidance is not all-inclusive.

(c) If an Offeror identifies a potential conflict of interest that exists at any tier, that Offeror is requested to notify the Contracting Officer within 14 days of the date of this solicitation. The Offeror shall provide: (1) the contract or previous source selection's solicitation number and name and phone number of the Contracting Officer for the contract which gives rise to a potential conflict of interest; (2) a copy of the requirement; (3) the statement of work and technical instruction from the existing contract, as applicable; (4) a brief description of the type of work to be performed by each subcontractor under the competitive procurement; (5) a brief description of the individual's, subcontractor's, or teaming partner's unequal access to nonpublic information about a competitor, which may lead to a conflict of interest in the formation of the Offeror's proposal, or establishment of ground rules for this competitive procurement, as applicable; (6) an OCI mitigation plan, as applicable; and (7) any additional information the Contracting Officer should consider in making a determination of whether a conflict of interest exists. The Government may independently verify the information received from the Offeror. The requirement to identify potential conflicts of interest as outlined herein continues until contract award. Notwithstanding the above, the Government reserves the right to determine whether a conflict of interest exists based on any information received from any source.

(d) The Government will notify an Offeror of any conflict of interest within 14 days of receipt of all required information. Those Offerors deemed to have a conflict of interest may be ineligible for award. Failure to provide the information in a timely manner does not waive the Government's rights to make a conflict of interest determination. The Offeror is notified that if it expends time and money on proposal preparation, such expenditure is at its own risk regardless of whether the Government determines a personal or organizational conflict of interest does or does not exist.

(e) Any potential prime contractor which proposes an individual, subcontractor, or teaming partner later determined to have a conflict of interest and deemed ineligible to participate in the current competition, may not be granted the opportunity to revise its proposal to remove the ineligible individual, subcontractor or teaming partner. The Government reserves the right to determine which Offerors remain in the competitive range through the normal source selection process.

(f) If the Offeror determines that a potential organizational and/or personal conflict of interest does not exist at any tier, the Offeror shall include a statement to that effect in its response to this solicitation.

Section M - Evaluation Factors for Award

In order to permit efficient competition and evaluation, the Navy may utilize the following methodology. Quotes will initially be assessed for price and ranked in order (lowest priced to highest priced). The Navy will then evaluate the technical factors of the lowest priced quote. In the event that this quote is deemed Unacceptable, the next lowest priced quote will be evaluated as many times as necessary, until the Government identifies a technically acceptable quote. The Navy will make award to the lowest priced technically acceptable quote, if possible. Accordingly, under this methodology, the technical factors of some quotes may not be evaluated by the Navy. The Government reserves the right to evaluate additional higher priced quoters to support a fair and reasonableness determination or for other considerations. If exchanges are deemed necessary by the Contracting Officer, a maximum of five (5) lowest priced quotes will be evaluated (both non-price and price) for the purpose of establishing a competitive range.

(Dec 2018)

All units of all items will be awarded to one offeror. Offers, therefore, must be on the basis of furnishing all units of all items to the specification(s) detailed in this solicitation. The resulting contract will be awarded to the low priced offeror who is deemed responsible in accordance with the Federal Acquisition Regulation (FAR) Part 9, as supplemented, whose proposal conforms to the solicitation's requirements (to include all stated terms, conditions, representations, certifications, and all other information required by evaluation factors of this request for proposal) and based on the evaluation factors is considered technically acceptable. Technical acceptability is determined by the offeror demonstrating the material/service being provided meets the solicitation requirements. The low offer will be analyzed to determine if the offeror's proposed price is fair and reasonable utilizing price analysis techniques in accordance with the guidelines in FAR Subpart 13.106-3.
