THIS PROJECT IS ADVERTISED ON AN UNRESTRICTED BASIS

- THIS PROJECT IS A REQUEST FOR PROPOSAL (RFP), BEST VALUE SOURCE SELECTION SOLICITATION.

10. ESTIMATED COST RANGE PROJECT		11. Offers Covering The Project Restricted to Small Business Yes___ No <u>X</u> *Restricted to 8(a) Competitive for Region IV Yes___ No <u>X</u> Subcontracting Plan Required Yes___ No <u>X</u>
A. FROM \$ 25,000,000	B. TO \$ 35,000,000	
13. DESCRIPTION OF WORK (Physical Characteristics) Construct maintenance hangar at CSL Comalapa, El Salvador. The project will include construction of a single bay 2,800 m2 aircraft maintenance hangar capable of supporting C-130 or P-8 aircraft. The hangar will include both a small admin space and material & tool storage spaces. Additional parking apron space is included to accommodate temporary parking of aircraft awaiting maintenance and provide swing space for the existing apron. The North American Industry Classification System (NAICS) code for this project is <u>236220</u> .		
Field Office: US Embassy San Salvador POC: Rene Gil, +503-25101-3240 rene.v.gil.ln@usace.army.mil Project Manager: Brian Cody, 251-979-0994 PAE: David Tharp, 251-690-2601 A/E: Dallas Wyatt, Baskerville-Donovan, Inc. 251-380-0311 Specification Engineer: Amber Thomas, 251-690-2485 Contract Specialist: SSG Paul Adamo, 251-441-5585		

Note No. 1: All prospective contractors, including subcontractors and suppliers, must be registered in the Procurement Integrated Enterprise Environment (PIEE) at <https://piee.eb.mil> before they will be permitted to download solicitation documents. Contractors must also be registered in the System for Award Management (SAM) at <https://sam.gov> prior to award of this contract. Solicitation documents, including plans and specifications, will be available only via the PIEE website. No CD-ROMs, paper copies, telephonic, mailed, or fax requests will be accepted. Registration in PIEE should be completed at least one (1) week prior to the anticipated issue date of the solicitation. **IMPORTANT:** If you are not registered, the U.S. Government is not responsible for notifying you of any changes or amendments to this solicitation. It is the contractor's responsibility to monitor the PIEE website daily for updates. Plans and specifications will not be provided in printed format. However, the Government reserves the right to issue paper copies if deemed in its best interest. The solicitation will be provided in PDF format and requires Adobe Acrobat Reader, which is available for free at <http://www.adobe.com/products/reader>.

Note No. 2: All bid forms, bid bonds, and other standard documents required for bid submission, including any amendments, must be in electronic format and submitted with the proposal.

Note No. 3: Critical path method (network analysis system) is required.

Note No. 4: For this job, a small business size standard assigned to NAICS 236220 is \$45,000,000.

Note No. 5: It is anticipated that this solicitation will not have bid options. However, optional bid items may be added if it is determined to be in the Government's best interest.

Note No. 6: Address questions concerning downloading of plans/specifications to the Contract Specialist indicated above.

Note No. 7: Site Visit information will be posted with the solicitation.

Note No. 8: The Request for Information (RFI) process for bidder inquiries during the advertisement period will be conducted exclusively through the ProjNet internet-based system. Detailed instructions will be provided in the RFP solicitation package, which is available solely through the Procurement Integrated Enterprise Environment (PIEE) website: <https://piee.eb.mil>. RFIs submitted through other means will not be accepted. The Government will make every effort to respond to all inquiries; however, responses may not be provided for all questions, particularly those submitted within 10 days of the bid opening.

Note No.9: The scope included in this solicitation requires the contractor and/or subcontractor(s) information system to process, store, or transmit Federal Contract Information (FCI) or Controlled Unclassified Information (CUI), and requires the contractor and/or subcontractor(s) to comply with CMMC requirements. The Contractor shall have and maintain for the duration of this contract, order, or agreement a current CMMC status at the following CMMC level, or higher: *CMMC Level 1 (Self)* for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI. See DFARS 252.204-7021 "Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements", for the definitions, requirements, reporting, and subcontract information for this contract/order/agreement."

NOTE: Phased implementation of CMMC is expected as follows: From 10 Nov 2025 through 9 Nov 2026, CMMC Levels 1 and 2 (Self Assessments) may be required in solicitations; from 10 Nov 2026 through 9 Nov 2027, Levels 1 and 2 (Self and C3PAO) may be required; from 10 Nov 2027 through 9 Nov 2028, any CMMC Level may be required in solicitations if the Project Manager (PM) / Requiring Activity (RA) has provided a CMMC level for the specific requirement. Prior to 10 Nov 2028, the PM/RA has sole discretion to determine if CMMC will be applied to a contract requiring the use of information systems for FCI/CUI; however, beginning 10 Nov 2028, the clause will be prescribed for use if PMs/RAs determine that the contractor will be required to use contractor information systems in the performance of the contract, task order, or delivery order to process, store, or transmit FCI or CUI, excluding awards solely for the acquisition of COTS items.
