

Statement of Work (SOW)

Schwarze Hopper Assembly Replacement

1.0 Scope

The seller shall provide one (1) new Schwarze hopper assembly and all associated components required for direct installation on a 2007 Schwarze Model A7000 Street Sweeper mounted on a Sterling chassis. All work and materials shall meet the requirements outlined in this Statement of Work (SOW).

2.0 Applicable Parties

- Purchaser: Air Force Global Strike Command (U.S. Government)
- Receiving Unit: 341st Missile Wing, Logistics Readiness Squadron, Vehicle Maintenance
- Contractor: Referred to as “the seller” throughout this document

3.0 Requirements

3.1 Hopper Assembly

The seller shall provide one (1) new (not refurbished, rebuilt, or used) Schwarze hopper assembly, part number 203G43, that meets the following requirements:

- Must be a direct bolt-in replacement for the following vehicle:
 - AF Registration Number: 07D00279
 - VIN: 49HAADB47DX54568
 - Vehicle Type: Sterling A7000 Street Sweeper
- Must be fully compatible with a 2007 Schwarze Model A7000 sweeper mounted on a Sterling chassis.
- The government will be responsible for the installation of the Schwarze hopper.

3.2 Included Components

The hopper assembly shall include, at minimum:

- New hopper container
- New rear door
- New lift cylinders

- New vacuum attachment
- All required electrical wiring
- All applicable seals and gaskets
- Complete paint finish

All components must be new and fully functional upon delivery.

4.0 Warranty

The seller shall provide a minimum one-year warranty covering paint, finish quality, and corrosion protection for the hopper assembly and all included components.

5.0 Pricing

The seller shall provide the total contract cost as one firm-fixed price covering all materials, components, and warranty requirements described in this SOW.

6.0 Inspection and Acceptance

A representative from the 341st Missile Wing Logistics Readiness Squadron, Vehicle Maintenance will inspect the delivered hopper assembly prior to acceptance. Acceptance will occur only after the product is verified to meet all specifications in this SOW.

7.0 Delivery

Delivery terms, schedule, and location shall be in accordance with the awarded contract and any applicable modifications.
