CONTRACT ADMINISTRATION PLAN (CAP) FOR FIXED PRICE, INDEFINITE DELIVERY, CONTRACTS

In order to expedite the administration of this contract, the following delineation of duties is provided. The names, addresses and phone numbers for these offices or individuals are included elsewhere in the contract award document. The office or individual designated as having responsibility should be contacted for any questions, clarifications or information regarding the administration function assigned.

1. The Procuring Contract Office (PCO) is responsible for:

- a. All pre-award duties such as solicitation, negotiation and award of contracts.
- b. Any information or questions during the pre-award stage of the procurement.
- c. Freedom of Information inquiries.
- d. Changes in contract terms and/or conditions.
- e. Post award conference.

2. The Contract Administration Office (CAO) is responsible for matters specified in FAR 42.302, except those areas otherwise designated as the responsibility of the Contracting Officer's Representative (COR) or someone else herein.

3. The paying office is responsible for making payment of proper invoices after acceptance is documented.

4. The Ordering Officer is responsible for:

- a. Requesting, obtaining and evaluating proposals for orders to be issued.
- b. Select the most advantageous offer to the Government for individual Task Orders in accordance with contract provisions. Determining that the price/estimated cost of the order is fair and reasonable for the effort proposed.
- c. Obligating the funds by issuance of the delivery order/task order.
- d. Authorizing the contractor to begin performance.
- e. Providing subcontract approval.

- f. Monitoring direct costs on orders issued.

NOTE: The PCO and the Ordering Officer may be the same individual, but in no case shall the COR perform the duties of the Ordering Officer.

5. The Contracting Officer's Representative (COR) is responsible for interface with the contractor and performance of duties such as those set forth below. It is emphasized that only the PCO/CAO has the authority to modify the terms of the contract. In no event will any understanding, agreement, modification, change order, or other matter deviating from the terms of the basic contract between the contractor and any other person be effective or binding on the government. If in the opinion of the contractor an effort outside the scope of the contract is requested, the contractor shall promptly notify the PCO in writing. No action may be taken by the contractor unless the PCO or CAO has issued a contractual change. The COR duties are as follows:

- a. Technical Interface

(1) The COR is responsible for all Government technical interface concerning the contractor and furnishing technical instructions to the contractor. These instructions may include: technical advice/recommendations/clarifications of specific details relating to technical aspects of contract requirements; milestones to be met within the general terms of the contract or specific subtasks of the contract; or, any other interface of a technical nature necessary for the contractor to perform the work specified in the contract or order. The COR is the point of contact through whom the contractor can relay questions and problems of a technical nature to the PCO.

(2) The COR is prohibited from issuing any instruction which would constitute a contractual change. The COR shall not instruct the contractor how to perform. If there is any doubt whether technical instructions contemplated fall within the scope of work, contact the PCO for guidance before transmitting the instructions to the contractor.

- b. Contract Surveillance

(1) The COR shall monitor the contractor's performance and progress under the contract. In performing contract surveillance duties, the COR should exercise extreme care to ensure that he/she does not cross the line of personal services. The COR must be able to distinguish between surveillance (which is proper and necessary) and supervision (which is not permitted). Surveillance becomes supervision when you go beyond enforcing the terms of the contract. If the contractor is directed to perform the contract services in a specific manner, the line is being crossed. In such a situation, the COR's actions would be equivalent to using the contractor's personnel as if they were government employees and would constitute transforming the contract into one for personal services.

(2) The COR shall monitor the contractor's performance to see that inefficient or wasteful methods are not being used. If such practices are observed, the COR is responsible for taking reasonable and timely action to alert the contractor and the PCO to the situation.

(3) The COR will take timely action to alert the PCO to any potential performance problems. If performance schedule slippage is detected, the COR should determine the factors causing the delay and report them to the PCO, along with the contractor's proposed actions to eliminate or overcome these factors and recover the slippage. Once a recovery plan has been put in place, the COR is responsible for monitoring the recovery and keeping the PCO advised of progress.

(4) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a Contractor Performance Assessment Report (CPAR) in the CPARS Automated Information System (AIS). The initial CPAR, under an eligible contract, must reflect evaluation of at least 180 days of contractor performance. The completed CPAR, including contractor comments if any, (NOTE: contractors are allowed 30 days to input their comments) should be available in the CPARS AIS for reviewing official (PCO) review no later than 270 days after start of contract performance. Subsequent CPARs covering any contract option periods should be ready at 1-year intervals thereafter.

- c. Invoice Review and Approval/Inspection and Acceptance

(1) The COR is responsible for quality assurance of services performed and acceptance of the services or deliverables. The COR shall expeditiously review copies of the contractor's invoices or vouchers, certificate of performance and all other supporting documentation to determine the reasonableness of the billing. In making this determination, the COR must take into consideration all documentary information available and any information developed from personal observations.

(2) The COR must indicate either complete or partial concurrence with the contractor's invoice/voucher by executing the applicable certificate of performance furnished by the contractor.

(3) The COR will provide the PCO and the CAO with copies of acceptance documents such as Certificates of Performance.

(4) Upon completion of all services under the contract, the COR shall work with the Contractor to obtain and execute a final invoice no more than 60 days after completion of contract performance. The COR shall ensure that the invoice is clearly marked as a "Final Invoice."

d. Contract Modifications/Orders Under Indefinite Delivery Contracts.

(1) The COR is responsible (if necessary) for developing the statement of work for tasking orders, change orders, or modifications and for preparing an independent government cost estimate of the effort described in the proposed statement of work.

(2) The COR shall provide available and relevant Past Performance information with each request for new Task Orders. The COR shall review and evaluate the contractor's proposal and furnish comments and recommendations

e. Administrative Duties

(1) The COR is responsible for taking appropriate action on technical correspondence pertaining to the contract and for maintaining files on each contract. This includes all modifications, government cost estimates, contractor invoices/vouchers, certificates of performance, DD 250 forms and contractor's status reports.

(2) The COR shall maintain files on all correspondence relating to contractor performance, whether satisfactory or unsatisfactory, and on trip reports for all government personnel visiting the contractor's place of business for the purpose of discussing the contract.

(3) The COR must take prompt action to provide the PCO with any contractor or technical code request for change, deviation or waiver, along with any supporting analysis or other required documentation.

f. Government Furnished Property. When government property is to be furnished to the contractor, the COR will take the necessary steps to ensure that it is furnished in a timely fashion and in proper condition for use. The COR will maintain adequate records to ensure that property furnished is returned and/or that material has been consumed in the performance of work.

g. Security. The COR is responsible for ensuring that any applicable security requirements are strictly adhered to.

h. Standards of Conduct. The COR is responsible for reading and complying with all applicable agency standards of conduct and conflict of interest instructions.

i. Written Report/Contract Completion Statement.

(1) The COR is responsible for timely preparation and submission to the PCO, of a written, annual evaluation of the contractors performance. The report shall be submitted within 30 days prior to the exercise of any contract option and 60 days after contract completion. The report shall include a written statement that services were received in accordance with the Contract terms and that the contract is now available for close-out. The report shall also include a statement as to the use made of any deliverables furnished by the contractor. For contracts where delivery orders are issued, one consolidated report which addresses all actions under the contract may be submitted.

(2) If the Contractor Performance Assessment Reporting System (CPARS) is applicable to the contract you are responsible for completing a final Contractor Performance Assessment Report (CPAR) in the CPARS with 30 days of contract completion.

(3) The COR is responsible for providing necessary assistance to the Contracting Officer in performing Contract Close-out in accordance with FAR 4.804, Closeout of Contract Files.

7. The Technical Assistant (TA), if appointed, is responsible for providing routine administration and monitoring assistance to the COR. The TA does not have the authority to provide any technical direction or clarification to the contract. Duties that may be performed by the TA are as follows:

a. Identify contractor deficiencies to the COR.

b. Review contract/delivery order deliverables, recommend acceptance/rejection, and provide the COR with documentation to support the recommendation.

c. Assist in preparing the final report on contractor performance for the applicable contract/delivery order in accordance with the format and procedures prescribed by the COR.

d. Identify contract noncompliance with reporting requirements to the COR.

e. Evaluate the contractor's proposals for specific delivery orders and identify, for the COR, any potential problems, areas of concern, or issues to be discussed during negotiations.

f. Review contractor status and progress reports, identify deficiencies to the COR, and provide the COR with recommendations regarding acceptance, rejection, and/or Government technical clarification requests.

g. Review invoices for the appropriate mix of types and quantities of labor, materials, and other direct costs, and provide the COR with recommendations to facilitate COR certification of the invoice.

h. Provide the COR with timely input regarding technical clarifications for the statement of work, possible technical direction to provide the contractor, and recommend corrective actions.

i. Provide detailed written reports of any trip, meeting, or conversation to the COR subsequent to any interface between the TA and contractor.

QUALITY ASSURANCE SURVEILLANCE PLAN

For

SHIP's ENGINEERING and PLANNING SUPPORT

At

COMNAVIAIRLANT and COMNAVIAIRPAC

1. PURPOSE

This Quality Assurance Surveillance Plan (QASP) is a Government developed and applied document used to make sure that systematic quality assurance methods are used in the administration of the Performance Based Service Contract (PBSC) standards included in this contract and in subsequent task orders issued there under. The intent is to ensure that the Contactor performs in accordance with performance metrics set forth in the contract documents, that the Government receives the quality of services called for in the contract and that the Government only pays for the acceptable level of services received.

2. AUTHORITY

Authority for issuance of the QASP is provided under Contract Section E - Inspection and Acceptance, which provides for inspections and acceptance of the articles, services and documentation called for in task orders to be accomplished by the Contracting Officer or his/her duly authorized representative.

3. SCOPE

The QASP is put in place to provide Government surveillance oversight of the contractor's quality control efforts to assure that they are timely, effective and are delivering the results specified in the contract or task order. The QASP is not a part of the contract nor is it intended to duplicate the Contractor's Management Plan.

4. GOVERNMENT RESOURCES

The following definitions for Government Resources are applicable to this plan:

Contracting Officer - A person duly appointed with the authority to enter into, administer, or terminate contracts and make related determinations and findings on behalf of the Government.

Contracting Officers Representative (COR) - An individual designated in writing by the Contracting Officer to act as his authorized representative to assist in administering a contract. The Source and authority for a COR is the Contracting Officer. COR limitations are contained in the written letter of appointment.

5. RESPONSIBILITIES

The Government resources shall have responsibilities for the implementation of this QASP as follows:

Contracting Officer - The Contracting Officer ensures performance of all necessary actions for effective contracting, ensures compliance with the terms of the contract and safeguards the interests of the United States in the contractual relationship. It is the Contracting Officer that assures the Contractor receives impartial, fair, and equitable treatment under the contract. The Contracting Officer is ultimately responsible for the determination of the adequacy of the contractor's performance.

Contracting Officer's Representative (COR) - The COR is responsible for technical administration of the project and assures proper Government surveillance of the Contractor's performance. The COR is not empowered to make any contractual commitments or to authorize any contractual changes on the Government's behalf. Any changes that the Contractor deems may affect contract, price, terms, or conditions shall be referred to the Contracting Officer for action.

6. METHODS OF QA SURVEILLANCE

The below listed methods of surveillance shall be used in the administration of this QASP.

Customer Feedback - Customer feedback may be obtained from random customer complaints. Appropriate forms will be made available by the COR for the patrons. The COR shall have sole custody of the suggestion box. Customer complaints, to be considered valid, must be set forth clearly and in writing the detailed nature of the complaint, must be signed and must be forwarded to the COR.

Inspections - Each phase of the services rendered under the contract is subject to

Government inspection during the Contractor's operations and after completion of a task. Inspections may be routine functions performed by the COR, or performed by others outside of the command. The Contractor shall not substitute Government inspection for effective quality control. Government inspections may be conducted in an unannounced manner by the COR or other individuals designated outside the organization. The COR shall maintain a Contract Discrepancy Report (CDR), a copy of which will be provided to the Contractor. Within three days, the Contractor shall reply in writing to CDR(s) by stating reason(s) for unsatisfactory performers(s) and shall identify the corrective action(s) that will be taken to prevent recurrence(s).

Performance Evaluation Meetings - During the first two months of the contract, the Contractor's Project Manager will meet weekly with the COR. Such meetings will be conducted at least monthly thereafter. The purpose of these meetings will be to review the Contractor's performance and will include the issuance of any CDR(s) issued during the

(1) SUPTXT204-9400(4-22) CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, INFORMATION TECHNOLOGY (IT) SYSTEMS OR PROTECTED HEALTH INFORMATION

The security text does not apply in cases where the contractor/vendor does not have access to Navy Marine Corps Intranet (NMCI) computers, is not issued a Common Access Card (CAC) and is involved in training or other short term duties of less than 30 days duration that allow for the use of a visitor request. In these cases, the government employee must submit a Visitor Access Request (VAR) to the main gate or applicable processing entity for your facility and assume responsibility to escort those without CAC Credentials.

This local text does not apply to non-United States (U.S.) Nationals (foreign nationals) who are contractor employees performing work overseas. This text is applicable to the U.S. Nationals living in the U.S. or overseas who are performing work on a Navy contract.

The investigation of a non-U.S. national at a foreign location must be consistent with a National Agency Check with Written Inquiries (NACI), to the extent possible and include a fingerprint check against the Federal Bureau of Investigation (FBI) criminal history database, an FBI investigations file (name check) search and a name check against the terrorist screening database. Also, the above cited reference notes that Foreign Nationals may not be granted CAC credentials until completion of their investigation and not in the interim.

Per Department of Defense Memorandum (DoDM) 5200.2, Department of Defense (DoD) components must initiate and ensure completion of a background investigation before applying the credentialing standards to a non-U.S. national at a foreign location. The background investigation must be favorably adjudicated before a CAC can be issued to a non-U.S. national at a foreign location. The type of background investigation may vary based on standing reciprocity treaties concerning identity assurance and information exchanges that exist between the U.S. and its allies or agency agreements with the host country.

CONTRACTOR UNCLASSIFIED ACCESS TO FEDERALLY CONTROLLED FACILITIES, SENSITIVE INFORMATION, IT SYSTEMS OR PROTECTED HEALTH INFORMATION

Executive Order 13467, Reforming Processes Related to Suitability for Government Employee, Fitness for Contractor Employees and Eligibility for Access to Classified National Security Information, Homeland Security Presidential Directive (HSPD)-12, requires government agencies to develop and implement Federal security standards for Federal employees and contractors. The 5 CFR 32 Part 157 in concert with DoD Manual 1000.13, Vol 1, implements the Federal Standards.

APPLICABILITY

This text applies to all DoD sponsored individuals who require CAC eligibility (or login and P/W if acceptable per contract) for: Physical access to DoD facilities or non-DoD facilities on behalf of DoD; Logical access to information systems (whether on site or remotely); or remote access to DoD networks that use only the CAC logon for user authentication, or access to sensitive and protected information. This applies to the Office of the Secretary of Defense (OSD), the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the DoD, the Defense Agencies, the DoD Field Activities and all other organizational entities within the DoD (hereinafter referred to collectively as the "DoD Components").

Each contractor employee providing services at a Navy command under this contract is required to obtain a DoD CAC. Additionally, depending on the level of computer/network access, the contract employee will require a successful investigation as detailed below.

ACCESS TO FEDERAL FACILITIES

Definition. As used in this clause - Military installation means a base, camp, post, station, yard, center, or other activity under the jurisdiction of the Secretary of a military department, or, in the case of an activity in a foreign country, under the operational control of the Secretary of a military department or the Secretary of Defense (see 10 U.S.C. 2801(c)(4)).

Per HSPD-12 and implementing guidance, all contractor employees working at a federally controlled base, facility or activity under this clause will require a DoD CAC. When access to a base, facility or activity is required contractor employees shall in-process with the Command's Security Manager (CSM) upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract.

Training. Contractor employees who require routine physical access to a Federally controlled facility or military installation shall complete "Level I Antiterrorism Awareness Training" prior to gaining access to a facility and annually thereafter in accordance with DoDI O-2000.16 Vol. 1. In accordance with Department of Defense Instruction O-2000.16 Volume 1, DoD Antiterrorism (AT) Program Implementation: DoD AT Standards, Level I Antiterrorism Awareness Training shall be completed by:

1. Completion of "Level I Antiterrorism Awareness Training" available at <https://jkodirect.jten.mil/pdf/at11/launch.html>; or
2. Under the instruction of a qualified Level I Antiterrorism Awareness instructor; or
3. By providing a training certificate for "Level I Antiterrorism Awareness Training" training showing completion within the last calendar year.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, prior to being granted access to a Federally controlled facility or military installation.

Subcontracts. The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts, including subcontracts for commercial items, when subcontractor performance requires routine physical access to a Federally-controlled facility or military installation.

OPERATION SECURITY (OPSEC)

It is DoD policy according to DoD Directive 5205.02E, "DoD Operations Security (OPSEC) Program," June 20, 2012, as amended to establish and maintain OPSEC programs to ensure national security-related missions and functions are protected.

Training: Contractor employees shall comply with all DoD OPSEC requirements and complete "OPSEC Awareness for Military Members, DoD Employees and Contractor" training within 30 days of onboarding the contract and annual refresher training thereafter. Training shall be completed through a DoD sponsored and certified computer or web-based learning instruction available at <https://securityawareness.usalearning.gov/opsec/index.htm>.

The contractor will submit certificates of completion for each affected contractor employee and subcontractor employee to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after training is completed by all employees and subcontractor personnel.

START-UP PERIOD

All contractor resource onboarding documents must be submitted via the prime contractor. The prime contractor shall make all necessary preparations to assume full responsibility for productive performance as of the performance start date.

Definition of "productive":

- a. OF-306 signed by contractor employee
- b. FD-258 Fingerprint Card (Contingent upon availability of electronic fingerprinting submission)
- c. Completed Electronic Investigation (e-QIP)
- d. All contractor employees with need for a Common Access Card (CAC) must have an active Defense Information System for Security (DISS) profile.
- e. Common Access Card (CAC)
- f. DISS Visit Request submitted (Contingent upon classification of work being performed, Confidential, Secret, Top Secret).

Note (1): Invoicing by the contractor will begin as of the commencement of the performance period of services and no reimbursement will be paid by the government for efforts expended during the start-up period.

Note (2): Foreign Nationals are not allowed access to the functional/system side of Enterprise Resource Planning (ERP).

ACCESS TO DOD INFORMATION TECHNOLOGY (IT) SYSTEM

In accordance with DON CIO Memorandum (IT LEVEL DESIGNATION ON DD FORM 2875 SYSTEM AUTHORIZATION ACCESS REQUEST) 08 September 2020, contractor employees who require access to Department of the Navy (DoN) or DoD networks are categorized as Privileged, Enhanced, or Authorized users. All user level accesses may include positions which require access to Controlled Unclassified Information (CUI). CUI includes sensitive information protected under the Privacy Act, to include Protected Health Information (PHI). IT System levels are determined by the requiring activity's Command Information System Security Manager (ISSM)/Information Assurance Manager (IAM).

Contractor employees requiring privileged access, (when specified by the terms of the contract) require a Tier 5 (T5) or T5R equivalent investigation, which is a higher level investigation than the Tier 3 (T3) and T3R described below. Due to the privileged system access, an investigation suitable for High Risk national security positions is required. Individuals who have access to system control, monitoring, or administration functions (e.g. system administrator, database administrator) require training and certification to Information Assurance (IA) Technical Level 1, and must be trained and certified on the Operating System or Computing Environment they are required to maintain.

Contractors requiring Enhanced access, (when specified by the terms of the contract) require a T3, T3R, or equivalent investigation, which is a higher level investigation than the Tier 1 (T1) described below. Due to the enhanced system access, an investigation suitable for Moderate Risk national security positions is required.

Access to sensitive IT systems is contingent upon a favorably adjudicated background investigation. When access to IT systems is required for performance of the contractor employee's duties, such employees shall in-process with the Navy CSM and ISSM/IAM manager upon arrival to the Navy command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The decision to authorize access to a government IT system/network is inherently governmental. The contractor supervisor is not authorized to sign the SAAR-N; therefore, the government employee with knowledge of the system/network access required or the Contracting Officers Representative (COR) shall sign the SAAR-N as the supervisor.

The SAAR-N shall be forwarded to the CSM upon contractor employee acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential may result in delaying the individual's start date.

When required to maintain access to required IT systems or networks, the contractor shall ensure that all contractor employees requiring access

complete annual Cyber Awareness training, and maintain a current requisite background investigation. The contractor's security representative shall contact the CSM for guidance when reinvestigations are required.

INTERIM ACCESS

The CSM may authorize issuance of a DoD CAC and interim access to a DoN or DoD unclassified computer/network upon a favorable review of the investigative questionnaire and advance favorable fingerprint results. When the results of the investigation are received and a favorable determination is not made, the contractor employee working on the contract under interim access will be denied access to the computer network and this denial will not relieve the contractor of his/her responsibility to perform.

DENIAL OR TERMINATION OF ACCESS

The potential consequences of any requirement under this clause including denial or termination of physical or system access in no way relieves the contractor from the requirement to execute performance under the contract within the timeframes specified in the contract. Contractors shall plan ahead in processing their employees and subcontractor employees. The contractor shall insert this clause in all subcontracts when the subcontractor is permitted to have unclassified access to a federally controlled facility, federally-controlled information system/network and/or to government information, meaning information not authorized for public release.

ACCESS TO CONTROLLED UNCLASSIFIED INFORMATION

Safeguarding sensitive unclassified information is critical to achieve NAVSUP Modernization efforts and deliver cutting-edge and uncompromised capabilities. The Secretary of Defense's operations security (OPSEC) campaign plan stresses the importance of protecting controlled unclassified information (CUI). CUI encompasses OPSEC, critical technology, intelligence, and personally identifiable information that, if not properly identified, marked, and controlled, could impair NAVSUP's ability to conduct its mission. Contractor employees with access to Controlled Unclassified Information (CUI) shall comply with DoDI 5200.48 - Controlled Unclassified Information (CUI) and complete DoD approved initial and annual refresher CUI training.

- a. Whenever Government provides CUI to, or CUI is generated by, non-DoD entities, all CUI records must be handled as required by the approved mandatory disposition authority.
- b. All CUI records must follow the approved mandatory disposition authority whenever the Government provides CUI to, or CUI is generated by, non-DoD entities in accordance with Section 1220-1236 of Title 36, CFR, Section 3301a of Title 44, U.S.C., and the DoDI 5200.48.
- c. Contractor employees shall monitor CUI aggregation and compilation based on the potential to generate classified information pursuant to security classification guidance addressing the accumulation of unclassified data or information
- d. Contractor employees shall submit unclassified government information for review and approval for release in accordance with the Standard DoD Component Processes, DoDI 5230.09, and DoDM 5205.07, Volume 1.

CONTRACTOR'S SECURITY REPRESENTATIVE

The contractor shall designate an employee to serve as the contractor's security representative. Within three (3) work days after contract award, the contractor shall provide to the requiring activity's Security Manager and the Contracting Officer, in writing, the name, title, address and phone number for the contractor's security representative. The contractor's security representative shall be the primary point of contact on any security matter. The contractor's security representative shall not be replaced or removed without prior notice to the Contracting Officer and CSM.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO NATIONAL SECURITY POSITIONS OR PERFORMING SENSITIVE DUTIES

Navy security policy requires that all positions be given a sensitivity value based on level of risk factors to ensure appropriate protective measures are applied. If the Security Office validates the contractor's position is Non-Critical Sensitive or if the IT system user level is determined to be Enhanced, at a minimum, each contractor employee must be a US citizen and have a favorably completed T3, T3R, or equivalent investigation to obtain a favorable determination for assignment to a non-critical sensitive or Enhanced position. The investigation consists of a standard National Agency Check and a FBI fingerprint check plus law enforcement checks and credit check. Each contractor employee filling a non-critical sensitive or Enhanced position is required to complete:

SF-86 Questionnaire for National Security Positions (or equivalent Office of Personnel Management (OPM) investigative product)

Two FD-258 Applicant Fingerprint Cards or electronic fingerprint submission (preferred))

Original Signed Release Statements

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date shall result in delaying the individual's start date. Background investigations shall be reinitiated as required to ensure investigations remain current (not older than ten (10) five (5) years) throughout the contract performance period. The Contractor's Security Representative shall contact the CSM for guidance when reinvestigations are required.

Regardless of their duties or IT access requirements ALL contractor employees shall in-process with the CSM upon arrival to the command and shall out-process prior to their departure at the completion of the individual's performance under the contract. Employees requiring IT access shall also check-in and check-out with the Navy Command's ISSM/IAM. Completion and approval of a System Authorization Access Request Navy (SAAR-N) form is required for all individuals accessing Navy IT resources. The SAAR-N shall be forwarded to the CSM upon the contractor employee

acquiring a Common Access Card (CAC) credential. Failure to obtain a CAC credential or provide the required documentation shall result in delaying the individual's start date.

The contractor shall ensure that each contract employee requiring access to IT systems or networks complete annual Cyber Awareness training, and maintain a current requisite background investigation. Contractor employees shall accurately complete the required investigative forms prior to submission to the CSM. The CSM will review the submitted documentation for completeness prior to submitting it to the OPM. Potential suitability or security issues identified may render the contractor employee ineligible for the assignment. An unfavorable determination is final (subject to SF-86 appeal procedures) and such a determination does not relieve the contractor from meeting any contractual obligation under the contract. The CSM will forward the required forms to OPM for processing. Once the investigation is complete, the results will be forwarded by OPM to the DoD Central Adjudication Facility (CAF) for a determination.

For classified contracts, if the contractor employee already possesses a current favorably adjudicated investigation, the contractor shall submit a Visit Access Request (VAR) via the Defense Information Security System (DISS). If the contractor employee does not have a current favorably adjudicated investigation, the contractor shall submit the Visit Access Request in DISS until the contractor employee has at a minimum an interim clearance. If the contract only requires access to unclassified information, even if the contractor takes a DISS "owning" role over the contractor employee, the Navy Command will also take a DISS "owning" role over the contractor employee during the hiring process and for the duration of assignment under that contract. If the contract requires access to classified information, the contractor's Facility Security Office (FSO) will take a DISS "ownership" role and the Navy command will take a DISS "servicing" role during the hiring process and the duration of assignment under that contract. All VARs requires annual renewal for the duration of the employee's performance under the contract.

BACKGROUND INVESTIGATION REQUIREMENTS AND SECURITY APPROVAL PROCESS FOR CONTRACTORS ASSIGNED TO OR PERFORMING NON-SENSITIVE DUTIES

Contractor employee whose work is unclassified and non-sensitive (e.g., performing certain duties such as lawn maintenance, vendor services, etc...) and who require physical access to publicly accessible areas to perform those duties shall meet the following minimum requirements:

Must be either a U.S. citizen or a U.S. permanent resident with a minimum of 3 years of legal residency in the U.S. (as required by the Deputy Secretary of Defense DTM 08-006 or its subsequent DoD Instruction (INST)) and
Must have a favorably completed NACI or T1 investigation or equivalent including a FBI fingerprint check prior to installation access.
To be considered for a favorable trustworthiness determination, the CSR must submit for all employees each of the following:

SF-85 Questionnaire for Non-Sensitive Positions

Two FD-258 Applicant Fingerprint Cards (or the preferred method - electronic fingerprint submission)

Original Signed Release Statements

The contractor shall ensure each individual employee has a current favorably completed NACI or T1 equivalent investigation, or ensure successful FBI fingerprint results have been gained and investigation has been processed with OPM.

Failure to provide the required documentation at least thirty (30) days prior to the individual's start date may result in delaying the individual's start date.

- The extent of participation of small business concerns in terms of the value of the total acquisition.

Factor IV - Past Performance

To demonstrate its past performance, the Offeror shall identify up to three (3) of its most relevant contracts performed within five (5) years of the solicitation issuance date. Those contracts must also reflect one (1) year of completed performance by the closing date of the solicitation. Offerors shall provide a detailed explanation demonstrating the relevance of the contracts to the requirements of the solicitation.

For purposes of this solicitation, a contract is defined as a single contract or a single task order placed under an ID/IQ contract, a Blanket Purchase Agreement (BPA), or a Federal Supply Schedule. **Offerors shall not submit the IDIQ contract, FSS contract, or BPA itself as a reference.** Offerors may submit a combination of no more than three (3) delivery orders (DOs), task orders (TOs), technical direction letters (TDLs), and/or technical area tasks (TATs) placed under an ID/IQ or BPA as one of the three examples of past performance. Such a combination must also meet the

requirements stated above: each individual example in the combination must have been performed within five (5) years of the solicitation issuance date and demonstrate at least one (1) year of completed performance by the closing date of the solicitation. If a combination of DOs, TOs, TDLs and or TATs are used as a past performance example, the Offeror shall state the specific experience claimed, period of performance, and dollar value of each. A Past Performance example that does not provide the level of detail required may not be evaluated. No more than one combination of DOs, TOs, TDLs and or TATs is permitted in the past performance submittal. **One (1) year of completed performance is defined as twelve (12) consecutive months of performance. References with less than twelve (12) consecutive months of service will not be considered.**

If a proposed subcontractor's past performance is provided as part of the three (3) of its most relevant contracts or efforts, the percentage and type of work to be done by the subcontractor on the solicitation requirement must be stated. The Offeror's submittal shall also detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform. A Past Performance example which does not detail clearly the aspects of the work in the solicitation that the subcontractor is proposed to perform may not be evaluated.

If the prime Offeror or intended subcontractor/partner submits a past performance example in which it served as a subcontractor, the prime/sub/partner shall detail clearly the work that it performed and the magnitude (dollar value) of that subcontracted work only. A Past Performance example that does not differentiate between the overall contract effort and the subcontractor effort may not be evaluated.

The past performance of subcontractors who will be performing major or critical aspects of the solicitation will be considered as highly as a prime contractor's past performance.

Failure of Offerors to provide the required information and level of specificity may result in the contract reference not being evaluated.

With respect to joint ventures, the procuring activity will consider work done individually by each member of the joint venture as well as any work done by the joint venture itself previously. Joint venture references must meet the temporal requirements described in addendum FAR 52.212-1 (within five years and a year of completed performance). Additionally, if a joint venture member submits a past performance reference, the joint venture member shall detail clearly the work that it performed in that effort and the magnitude (dollar value) of that work. A reference that does not differentiate between the overall contract effort and the joint venture member's effort for that reference may not be evaluated. The past performance of a joint venture member who will be performing major or critical aspects of the solicitation will be considered as highly as the joint venture's past performance.

The references provided will be evaluated in the aggregate in order to allow Offerors who may not have the entire scope and magnitude of the requirement, under one individual contract, to still be considered relevant if past performance with the full scope of the requirement can be demonstrated within the allotted number of references as described above.

The Offeror shall complete a "Past Performance Information Form" for each reference submitted. The form is an attachment to the solicitation.

In addition to the information requested above, Offerors shall contact their past performance references and request that each reference complete the Past Performance Report Form attached to the solicitation and e-mail the completed survey form directly to **Jill Joscelyn at jill.h.joscelyn.civ@us.navy.mil and Joseph Frech at joseph.l.frech.civ@us.navy.mil**

by the **DUE DATE OF THIS SOLICITATION**. The Government reserves the right to consider past performance report forms received after the due date of the solicitation and to contact references for verification or additional information.

*****The Past Performance submission is limited to 15 pages*****

Volume II: Price Proposal

-

Factor V - Price Proposal

This volume shall include completed solicitation documents and additional supporting documentation described below:

- A completed and signed page 1 of the of the solicitation and a completed and signed page 1 of any amendments.
- Unless completed in System for Award Management (SAM), the offeror should complete Representations, Certifications and Other Statements of Offerors in the RFP.
- The price proposal shall include all supporting data to illustrate/explain the methodology on how labor prices were developed. This information shall include a breakdown of the labor categories, and labor rates anticipated and shall be submitted in Microsoft Excel format.
- For the purposes of Offeror's proposal, all rates should be proposed at the site indicated within the PWS.
- Travel may be required and will be identified on the individual task orders. [Local travel within a 50-mile radius of work location will not be reimbursed.](#) Travel outside of the 50-mile radius will be reimbursed in accordance with FAR 31.205-46(a)(2)(ii), using the mileage and per diem rates listed on Per Diem Rates/GSA. Any required travel shall be approved by the COR prior to the start of travel.
- Estimated Travel will be to government sites in accordance with the number of trips listed in Section IV(B) of the PWS including but not limited to CONUS: San Diego, CA; Norfolk, VA, Bremerton, WA; OCONUS: Japan; U.S. Naval Carriers.
- Materials/ODCs may be required and will be identified on the individual task orders. Materials/ODCs may included, but are not limited to, trucks, forklifts, shipping/postage costs, lap tops, etc.
- **All** Offerors are to propose the travel and material/ODC amounts provided below for all identified travel and materials/ODC CLINs, base and option periods. The travel and material/ODC amounts are provided in the solicitation as Not to Exceed (NTE) Cost Reimbursement CLINs and shall be used in the evaluation of the price proposal. Offerors shall insert the Government estimated travel and material/ODC plug numbers in their proposed price.
 - In addition, any applicable G&A and or overhead rate applicable in accordance with FAR Part 31 in their accounting system. Only G&A and or overhead indirect cost are allowable if an offerors accounting system automatically applies it, no profit or fee is allowed.
 - The offeror's failure to identify that additional indirect cost elements to be included shall result in those costs being deemed as mutually agreed upon as unallowable during the performance of the task order.
 - No profit or fee may be applied to the travel amount.

Note: If no G&A and / or overhead are proposed, it will be determined that the offeror does not intend on applying any applicable indirect costs to any travel required.

Offerors shall use the following Government-estimated travel **plug in** amounts in preparing their price proposal:

Period	Travel
5-Year Ordering Period	\$5,222,301.00
FAR 52.217-8	\$ 493,662.00

Period	Materials/ODCs
5-Year Ordering Period	\$2,114,393.00
FAR 52.217-8	\$ 179,794.00

The completion and submission of the above items will constitute a proposal and will indicate the Offeror's unconditional assent to the terms and conditions of this RFP and any attachments and/or exhibits hereto. All price and price supporting information shall be contained in the price proposal. No price or pricing information shall be included in any other volume including cover letters. Offerors are responsible for submitting sufficient information to enable the Government to fully evaluate their price proposal. Alternate proposals are not authorized. Objections to any of the terms and conditions of the RFP will constitute a deficiency, which will make the offer unacceptable.

The price section is not page-limited but is strictly limited to the requested information and supporting documentation only. No price information shall be contained in any other part of the proposal.

Volume VI:

Offerors are permitted to submit a master subcontracting plan so long as it is created in accordance with FAR 19.701 and FAR 19.704(b). Subcontracting Plans are not required from small business offerors.

It is the goal of this solicitation that prime contractors subcontract with small businesses to the maximum extent practicable. For other-than-small (large) prime contractors, the Small Business Subcontracting Plan goals shall be expressed in terms of whole dollars and percentages based on total planned subcontracting dollars. Of the total planned subcontracting dollars, the Small Business Subcontracting Plan shall include goals for Small Businesses, Small Disadvantaged Businesses, Woman-Owned Small Businesses, HubZone Small Businesses, Veteran Owned Small Businesses and Service-Disabled Veteran-Owned Small Business. The Government will consider prior achievement of small business subcontracting plan goals as well as the proposed dollar values and percentages related to this solicitation. **Small businesses are not required to submit a subcontracting plan but are required to submit a small business participation plan.**

The completion and submission of the above items will constitute a proposal and will indicate the Offeror's unconditional assent to the terms and conditions of this RFP and any attachments and/or exhibits hereto. Evaluation - Commercial Products and Commercial Services

FAR Clauses Incorporated by Full Text

52.212-2 Evaluation-Commercial Products and Commercial Services.

(Nov 2021)

Evaluation-Commercial Products and Commercial Services (Nov 2021)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Non-Price (when combined) is more important than price.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)

Addendum to Evaluation - Commercial Product and Commercial Services

Addendum FAR 52.212-2 - EVALUATION - COMMERCIAL PRODUCTS AND COMMERCIAL SERVICES

-

The Government intends to issue a Firm Fixed Price Indefinite Delivery Indefinite Quantity (FFP IDIQ) multiple award contract (MAC) with up to six (6) awards as a result of this solicitation in accordance with FAR Part 12, Acquisition of Commercial Items, FAR Part 15 Contracting by Negotiations and FAR Part 16.5 Indefinite-Delivery Contracts. Award will be made to the offeror(s) whose proposal is most advantageous to the Government under the selection criteria set forth in this solicitation. The Government intends to evaluate proposals and award up to six (6) contracts without discussions with offerors. Therefore, the offeror's initial proposal should contain the offeror's best terms from a non-price and price standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary.

All proposals will be reviewed for timeliness. If the proposal is received after the solicitation closing date and does not meet the criteria for "late proposals" in the solicitation, the proposal will not be evaluated. Timely proposals will be reviewed for compliance to the solicitation. If the proposal is not compliant with the solicitation, it will not be evaluated and the offeror will be notified that the proposal is non-responsive and, therefore, will not be considered for award.

The Offeror's proposal shall be in the form prescribed by and shall contain a response to each of the areas identified in Addendum FAR 52.212-1, Instructions to Offerors, of the solicitation.

The selection of an Offeror for award will be based on the evaluation of Factor I, Facility Security Clearance, Factor II - Technical Approach and its subfactors: Sub-factor I - Performance and Management Approach, Sub-factor II - Staffing Approach, Factor III -Past Performance, Factor IV - Small Business Participation Plan and Volume II, Factor V - Price. The Offeror's non-price proposal is considered significantly more important than the Offeror's price proposal. Factors II, III and IV are in descending order of importance. Within Factor II, the two subfactors are weighted equally.

Offerors receiving a rating of "Unacceptable" for any factors or sub-factors are considered un-awardable and will not be further evaluated.

Offerors simply providing general statements or paraphrasing/parroting the PWS in whole or in any part may result in a rating of unacceptable. Offerors should be aware that a complete understanding as to technical, price, and all terms and conditions of the proposed contract must exist between the offeror and the Government at the conclusion of exchanges, if held. Material changes to proposals submitted in any final proposal revisions, if made, may not be subject to further discussions and may render the offer unacceptable to the Government. All offeror and team member /subcontractor information must be incorporated into one coherent proposal to be considered complete.

Although price is not the most important evaluation factor, it has the potential to become more significant during the evaluation process. The degree of importance of price will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based. The importance of price will also increase when a proposal's price is so significantly high as to diminish the value to the Government that might be gained under the other aspects of the proposal. If, at any stage of the evaluation, all Offerors are determined to have submitted equal, or virtually equal, non-price proposals, price could become the factor in determining which Offerors shall receive the award.

Evaluation of Factor I: Facility Security Clearance

Factor I will be evaluated and will receive a rating of Acceptable/ Unacceptable based on its submission of the verification of its Secret Facilities Clearance Level meeting the requirements as detailed in Addendum FAR 52.212-1, based on the rating Table below.

Table 1 - Technical Acceptable/Unacceptable Ratings Table

Technical Rating	Description
------------------	-------------

Acceptable	Proposal clearly meets the minimum requirements of the solicitation
Unacceptable	Proposal does not clearly meet the minimum requirements of the solicitation

NOTE: Offerors receiving a rating of "Unacceptable" for Factor I will no longer be considered for award and no further evaluation will be conducted.

Evaluation of Factor II: Technical Approach: Factor II is comprised of the below sub-factors which are equally weighted.

-

Sub-Factor I - Performance and Management Approach

-

The offeror's overall performance and management approach will be evaluated on its accuracy, comprehensiveness, feasibility and degree to which the offeror demonstrates an understanding of, and capability to successfully fulfill, the performance tasks requirements specified within Addendum FAR 52.212-1 for Sub-Factor I.

Sub-Factor II - Staffing Approach

The offeror's overall staffing approach will be evaluated on its accuracy, comprehensiveness, feasibility and degree to which the offeror demonstrates an understanding of, and capability to successfully fulfill, the personnel qualifications and staffing approach requirements specified within Addendum FAR 52.212-1 for Sub-Factor II.

NOTE: A rating of "Marginal" for any Factor or Sub factor means that the offeror's proposal is not awardable without a change or changes to the offeror's proposal. An offer which includes a "Marginal" rating is not eligible for award if award is made on initial offers. Offerors that receive a "Marginal" rating are considered to be susceptible to correction if the Source Selection Authority determines that an exchange is appropriate and said exchange is conducted.

NOTE: A rating of "Unacceptable" for any Factor or Sub factor means the offeror's proposal will not be further evaluated and is not awardable, is not susceptible to corrections, and will not be further evaluated.

The Technical factor evaluation will be based on each Offeror's response to the requirements of solicitation Addendum FAR 52.212-1, Instructions to Offerors. In the execution of the evaluations, both the Offeror's approach to meeting the Government's requirements as defined in the solicitation and the risk related to its proposed approach will be assessed.

The purpose of the technical factor is to assess the Offeror's proposed approach to satisfy the

Government's requirements. The evaluation of risk is related to the assessment of the Offeror's proposed technical approach. Risk assesses the degree to which an Offeror's proposed technical approach to the requirements of the solicitation may cause disruption of schedule, degradation of performance, the need for increased Government oversight, or the likelihood of unsuccessful task order performance.

The combined technical/risk rating will be utilized in the evaluation of Factor II. The combined technical/risk rating includes consideration of risk in conjunction with the strengths, weaknesses, significant weaknesses, and deficiencies in determining technical ratings. Combined technical/risk evaluations will utilize the combined technical/risk ratings listed in the Technical Ratings Tables below.

Combined Technical/Risk Ratings Table

Adjectival Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the requirements and contains multiple strengths, and risk of unsuccessful performance is low.
Good	Proposal indicates a thorough approach and understanding of the requirements and contains at least one strength, and risk of unsuccessful performance is low to moderate.
Acceptable	Proposal meets requirements and indicates an adequate approach and understanding of the requirements, and risk of unsuccessful performance is no worse than moderate.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the requirements, and/or risk of unsuccessful performance is high.
Unacceptable	Proposal does not meet requirements of the solicitation, and thus, contains one or more deficiencies, and/or risk of unsuccessful performance is unacceptable. Proposal is un-awardable.

Technical Risk Description Table

Type of Risk	Description
Low	Proposal may contain weakness(es) which have little potential to cause disruption of schedule, increased cost, or degradation of performance. Normal contractor effort and normal Government monitoring will likely be able to overcome any difficulties.

Mo der ate	Proposal contains a significant weakness or combination of weaknesses which may potentially cause disruption of schedule, increased cost, or degradation of performance. Special contractor emphasis and close Government monitoring will likely be able to overcome difficulties.
Hi gh	Proposal contains a significant weakness or combination of weaknesses which is likely to cause significant disruption of schedule, increased cost, or degradation of performance. Is unlikely to overcome any difficulties, even with special contractor emphasis and close Government monitoring.
Un acc ept abl e	Proposal contains a material failure or a combination of significant weaknesses that increases the risk of unsuccessful performance to an unacceptable level.

Definitions:

-

Significant Strength - An aspect of an Offeror's proposal with appreciable merit or will exceed specified performance or capability requirements to the considerable advantage of the Government during contract performance.

Strength - An aspect of an Offeror's proposal that has merit or exceeds specified performance or capability requirements in a way that will be advantageous to the Government during task order performance.

Weakness - A flaw in the proposal that increases the risk of unsuccessful task order performance.

Significant Weakness - A flaw that appreciably increases the risk of unsuccessful task order performance.

Deficiency - A material failure of a proposal to meet a Government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful task order performance to an unacceptable level.

Risk - (as it pertains to source selection) The potential for unsuccessful task order performance. The consideration of risk assesses the degree to which an Offeror's proposed approach to achieving the Non-Price technical factor may involve risk of disruption of schedule, increased cost or degradation of performance, the need for increased Government oversight, and the likelihood of unsuccessful task order performance.

Uncertainty - any aspect of non-cost/price factor proposal for which the intent of the offer is

unclear (e.g., more than one way to interpret the offer or inconsistencies in the proposal indicating that there may have been an error, omission, or mistake)

Factor III: Past Performance

The past performance evaluation factor assesses the degree of confidence the Government has in an offeror's ability to meet the contract's requirements based on the quality of a demonstrated record of recent and relevant performance. There are three aspects to the past performance evaluation: recency, relevancy, and quality. These are combined to establish a single performance confidence assessment rating for each offeror. Past

Performance Recency: Recency is the first aspect of the past performance evaluation and is the time period during which past performance references are considered relevant. Recency is critical to establishing the relevancy of past performance information. For purposes of this solicitation, recent past performance is performance that has taken place within five (5) years as of the closing date of this solicitation, and each reference must also reflect one year of completed performance by the closing date of the solicitation. Performance outside of this stated period will not be considered for evaluation purposes. **Past Performance Relevancy:** Regarding relevancy, each past performance reference under each offeror's Past Performance submission will be evaluated to determine its scope and magnitude relative to the instant requirement. The following definitions will apply to this evaluation:

- **Scope:** Experience in the areas defined in the PWS.
- **Magnitude:** The measure of the similarity of the dollar value of actually performed work that exists between the PWS and the offeror's referenced contracts during the stated five-year period established by the solicitation. In addition, performance data will only be assessed for those references demonstrating at least one (1) year of completed performance prior to the closing date of this solicitation. If an offeror submits an IDIQ contract, FSS contract, or BPA itself as a reference, only the dollar value of orders actually awarded in the past five (5) years will be considered when assessing magnitude. The contract maximum or ceiling will not be considered in the magnitude assessment.

Each offeror's past performance references in terms of scope and magnitude will result in the assessed overall relevance of that offeror's past performance, and will result in a relevancy rating as outlined in Table 4 (Past Performance Relevancy Ratings Table), below. The relevancy rating assigned to each past performance reference will be considered in determining the weight to be given to that reference in the overall Past Performance Confidence Assessment. References determined to be "Not Relevant" will not be further considered. Similarly, the quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of past performance confidence. In determining the rating for the past performance factor, past performance of greater relevancy will have more influence on the past performance confidence assessment than past performance of lesser relevance.

Past Performance Quality: The third aspect of the past performance evaluation is to establish the overall quality of the offeror's past performance. The Government will review all past performance information collected and determine the quality of the offeror's performance, including general trends and usefulness of the information, and will incorporate this into the performance confidence assessment. **Past Performance Confidence Assessment:** The overall assigned rating for Past Performance will be the Past Performance Confidence Assessment ratings in Table 3. The assignment of this rating will be based on the quality of the recent and relevant past performance and will consider the currency and relevance of the information, source of the information, context of the data, and general trends in contractor's performance.

The quality of performance under a past performance reference that has no relevance to the instant requirement will not be considered in the overall assessment of Past Performance Confidence. Evaluation will focus only on work already performed. Work yet-to-be performed and work prior to the last five (5) years as of the closing date of this solicitation will not be considered. In addition, performance data will only be assessed for those references demonstrating at least one (1) year of completed performance prior to the closing date of this solicitation.

In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on past performance. In this case, the offeror's past performance is unknown and assigned a performance confidence rating of "Neutral Confidence." Although an offeror that lacks recent, relevant past performance may not be rated favorably or unfavorably with regard to past performance, the Government may determine that a "Substantial Confidence" or "Satisfactory Confidence" past performance rating provides better value to the Government than a "Neutral Confidence" past performance rating.

In order to determine the quality of performance, the Government may utilize existing data sources, including the Past Performance Information Retrieval System (PPIRS), the Contractor Performance Assessment Reporting System (CPARS), the Federal Awardee Performance and Integrity Information System (FAPIS), the Electronic Subcontract Reporting System (eSRS), or other databases; communication with points of contact in the offeror's customer's organization, which could include private sector requirements and contracts personnel, Administrative Contracting Officers, Defense Contract Management Agency (DCMA) personnel, Procuring Contracting Officers, Contracting Officer's Representatives, and other Government activity requirements personnel. The Government may verify past performance information. The Government may contact some or all of the references provided, as appropriate, and may collect information through questionnaires, telephone interviews, and existing data sources. The Government reserves the right to obtain information for use in the evaluation of past performance from any and all sources, including sources outside of the Government. This information will be used for the evaluation of past performance. This evaluation and rating is separate and distinct from the Contracting Officer's responsibility determination. The assessment of the offeror's past performance will be used as a means of evaluating the relative capability of the offeror and other competitors to successfully meet the requirements of the RFP.

NOTE: A rating of "Limited Confidence" for the past performance factor means that the offeror's proposal is not awardable without a change or changes to the offeror's proposal. A proposal that includes a "Limited Confidence" rating is considered to be susceptible to correction if the contracting officer determines that an exchange (pursuant to FAR 15.306) is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the offeror's proposal is not awardable, is not susceptible to correction, and will not be further evaluated.

Past Performance Relevancy Ratings Table

Rating	Description
Very Relevant	Present/past performance effort involved essentially the same scope and magnitude of effort this solicitation requires.

Relevant	Present/past performance effort involved similar scope and magnitude of effort this solicitation requires.
Somewhat Relevant	Present/past performance effort involved some of the scope and magnitude of effort this solicitation requires.
Not Relevant	Present/past performance effort involved little or none of the scope and magnitude of effort this solicitation requires.

Past Performance Confidence Assessment Ratings Table

Rating	Description
Substantial Confidence	Based on the Offeror's recent/relevant performance record, the Government has a high expectation that the Offeror will successfully perform the required effort.
Satisfactory Confidence	Based on the Offeror's recent/relevant performance record, the Government has a reasonable expectation that the Offeror will successfully perform the required effort.
Neutral Confidence	No recent/relevant performance record is available, or the Offeror's performance record is so sparse that no meaningful confidence assessment rating can be reasonably assigned. The Offeror may not be evaluated favorably or unfavorably on the factor of past performance.
Limited Confidence	Based on the Offeror's recent/relevant performance record, the Government has a low expectation that the Offeror will successfully perform the required effort.
No Confidence	Based on the Offeror's recent/relevant performance record, the Government has no expectation that the Offeror will be able to successfully perform the required effort.

Note: A rating of "Limited Confidence" for the past performance factor means that the Offeror's proposal is not awardable without a change or changes to the Offeror's proposal. A proposal that includes a "Limited Confidence" rating is considered to be susceptible to correction if the contracting officer determines that an exchange is appropriate and said exchange is conducted. A rating of "No Confidence" for the past performance factor means that the Offeror's proposal is not awardable and is not susceptible to correction.

Factor IV - Small Business Participation Plan

The Contracting Officer will evaluate the Small Business Participation Plan as follows:

- The extent to which small business concerns are specifically identified;
- The extent of commitment to use small business concerns (for example, enforceable commitments will be weighted more heavily than non-enforceable ones);
- Past performance of the offerors in complying with requirements of the clauses at FAR 52.219-8, Utilization of Small Business Concerns, and 52.219-9, Small Business Subcontracting Plan.
- The extent of participation of small business concerns in terms of the value of the total acquisition.

The offeror's small business participation plan factor will be assigned a rating shown in the "Small Business Participation Plan Ratings Table" below.

Small Business Participation Plan Ratings Table

Adjectival Rating	Description
Outstanding	Proposal indicates an exceptional approach and understanding of the small business objectives.
Good	Proposal indicates a thorough approach and understanding of the small business objectives.
Acceptable	Proposal indicates an adequate approach and understanding of small business objectives.
Marginal	Proposal has not demonstrated an adequate approach and understanding of the small business objectives.
Unacceptable	Proposal does not meet small business objectives.

-

Evaluation of Factor V: Price

For the purpose of preparing a price proposal, the contractor shall assume that the basic period of performance will be one (1) 5-year ordering period and a six (6) month option period in accordance with FAR 52.217-8 option to extend. The Government will evaluate the price proposal for the 5-year ordering period and of FAR 52.217-8 option to extend.

The Offeror's proposed price will be evaluated on the basis of price reasonableness. The evaluation method is at the discretion of the Contracting Officer.

Options, to include FAR 52.217-8, will be evaluated pursuant to solicitation provision FAR 52.217-5, Evaluation of Options. The Government will evaluate proposals for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a proposal is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

-

Evaluation of Travel

The dollar values provided in Addendum FAR 52.212-1, Section I, Volume II: Factor IV - Price Proposal, in regard to Travel have been predetermined by the acquiring command and shall be utilized for evaluation purposes in determining the total price for the contract(s).

Evaluation of ODC/Materials

The dollar values provided in Addendum FAR 52.212-1, Section I, Volume II: Factor IV - Price Proposal, in regard to ODC/Materials have been predetermined by the acquiring command and shall be utilized for evaluation purposes in determining the total price for the contract(s).

Offerors responding to this solicitation are advised that, prior to award, the government may request Offerors to submit information/data to support price reasonableness such as copies of paid invoices for the same or similar items, sales history for the same or similar items, price list with effective date and/or copies of catalog pages along with any applicable discounts. Failure to submit the requested information may result in disqualification of the submitted proposal.

A written notice of award or acceptance of a proposal e-mailed or otherwise furnished to the successful Offeror within the time for acceptance specified in the proposal shall result in a binding task order without further action by either party.

Small Business Subcontracting Plan (Other than Small Businesses ONLY; Not an Evaluation Factor)

The contracting officer will negotiate an acceptable small business subcontracting plan if the apparent successful offeror is a large business concern in accordance with FAR 19.702(a)(1). Failure to negotiate an acceptable subcontracting plan will make the offeror ineligible for the award.

TAX ON CERTAIN FOREIGN PROCUREMENTS-NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates "is" in paragraph (d)(1) of this provision, then the Offeror represents that-I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [Offeror shall select one] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then-

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects "is" in paragraph (d)(1) and "partial or no exemption" in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals-

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. (S)6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. (S) 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. (S)6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. (S) 362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

[The contracting officer is to check a box to indicate if paragraph (k)(1) or (k)(2) applies.]

(1) ☐ 22.1003-4(c)(1). The offeror ☐ does ☐ does not certify that-

(iii) Each service employee who will perform the services under the contract will spend only a small portion of his or her time (a monthly average of less than 20 percent of the available hours on an annualized basis, or less than 20 percent of available hours during the contract period if the contract period is less than a month) servicing the Government contract; and

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies-

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

(l) *Taxpayer Identification Number (TIN)* (26 U.S.C. 6109, 31 U.S.C. 7701). (Not applicable if the offeror is required to provide this information to the SAM to be eligible for award.)
