2.1. **GENERAL.** Services subject to this contract are herein categorized as either Intermittent Services or Auxiliary Services. Service subcategories are identified as Administrative, Recurring/Regular, Scheduled, and Emergency Services. The Contractor shall provide all personnel, travel, administrative, preparatory efforts, and performance of work necessary to perform services herein. The Government shall provide liturgical materials for services

2.1.1. For continuity of performance, the intent of this contract is for the Contractor to provide one qualified (reference Section 9) Catholic priest to perform all services; however, the Contractor may designate an equally qualified alternate, as/if needed, to function as a "back-up" to the Contractor-provided Catholic priest during the performance of Auxiliary Services.

2.1.2. **BACKGROUND.** While the St. Michael the Archangel Catholic Community population and coverage requirements fluctuate due to the unique nature of the military community, the following historical snapshots serve to provide insight to the average workload for Catholic services at Seymour Johnson Air Force Base (SJAFB):

2.1.2.1. On average, approximately 140 to 150 attend Sunday Mass

2.1.2.2. The average Catholic Priest Chaplain averages one three-week extended absence per year and one six-month extended absence every 18 months.

2.1.2.3. The average annual workload includes:

2.1.2.3.1. Two (2) Weddings

2.1.2.3.2. Eight (8) Baptisms

2.1.2.3.3. Two (2) Memorials

2.1.2.3.4. One (1) Funeral

2.2. **CONTRACT TYPE:** This requirement shall result in one indefinite delivery indefinite quantity (IDIQ) contract. Services subject to this contract will be executed via individual task orders made against the IDIQ. Task orders for Intermittent Services will identify a quantity of

service units (reference Section 3.7) to be performed within a designated performance period; whereas, task orders for Auxiliary Services will identify a quantity of days (reference Section 4). Ordering period(s), ordering minimum/maximum, and overall contract thresholds shall be identified on the SF 1449.

3. **INTERMITTENT SERVICES.**

During times when an SJAFB Catholic Chaplain (herein referenced as Chaplain) is on station (i.e. not deployed, on temporarily duty, etc.), services provided by the Contractor shall be minimal and primarily restricted to when the Chaplain is unavailable; however, provision of some services may be determined as necessary to maintain the Contractor's training and/or experience within the community. Thus, the intent of Intermittent Services is to provide short term (less than 14 consecutive calendar days) coverage and continuity throughout a designated performance period.

3.1. SCHEDULING INTERMITTENT SERVICES. Intermittent Services shall be quantified by service “units” in order to afford maximum flexibility (reference Section 3.7). Unless otherwise specified on the individual task order, and to the maximum extent possible, the scheduling of Intermittent Services shall be mutually coordinated (reference Section 3). At minimum, one Administrative Unit shall be performed each month encompassing the overall administrative and schedule coordination between the Chapel POC and the Contractor. Administrative coordination may be performed via email, virtual meeting, telephone communication, or a combination thereof.

3.2.1.1. The Chapel POC will provide a schedule of upcoming events and/or requested service(s) to the Contractor monthly and/or as needed to address any significant calendar changes. Each month, and to the maximum extent possible, the Chapel POC and/or COR and Contractor will work together to determine days, times, and type of service the Contractor shall perform as Intermittent Services (reference also Section 3.1). The intent/goal is for the Contractor to perform, at minimum, one regular or scheduled service monthly.

Time and effort necessary for performance of administrative/schedule coordination each month is anticipated to be nominal and to generally consist of receipt/review of upcoming schedule and a reasonable amount of follow-up email(s) and/or discussion(s) necessary for coordination. Government-requested teleconference(s) and/or virtual meeting(s) will not exceed 45 minutes per Administrative Service Unit.

3.2.1.3. In event circumstances necessitate extensive and/or more frequent administrative/schedule coordination (i.e. numerous schedule changes, multiple Government-requested exceeding a total of 45 minutes, etc.), and the additional time/effort required is determined to be outside the Contractor's control, the contracting officer may determine to increase the quantity of Administrative Service Unit(s)

Training requirements shall be restricted to orientation to the SJAFB Chapel's general operational procedures or training determined necessary for performance. (See also Section 3.2.1.1.)

3.2.4. **Extended Performance Requirements for Regular/Scheduled Services.** The Government recognizes that there may be instances in which Regular and/or Scheduled Services (reference Sections 3.3. and 3.4.) may extend in duration beyond what is reasonably expected at no fault of the Contractor.
