

**DESIGN-BID-BUILD, USCG OFFSHORE PATROL CUTTERS (OPC) HOMEPORT
PIER, NAVAL STATION NEWPORT, NEWPORT RI**

Notice Type: Sources Sought

Date: 11 March 2026

Response Date: 26 March 2026 14:00 EST

Classification Code: Y- Construction of Highways, Roads, Streets, Bridges, and Railways

THIS IS A SOURCES SOUGHT NOTICE ONLY. THIS IS NOT A REQUEST FOR PROPOSAL. THERE WILL NOT BE A SOLICITATION, SPECIFICATIONS, OR DRAWINGS AVAILABLE AT THIS TIME.

The purpose of this sources sought notice is to determine if there are commercially available and interested suppliers capable of performing the services pertaining to the following and as detailed in Attachment 2 - Bender iso685 Cutsheet:

1. Ground Detection System – Line Insulation Monitor – Bender ISOMETER iso685

a. Manufacturer – Bender

i. Product – Bender ISOMETER iso685

ii. Requirement – USCG Electrical Shore Ties CSTO (Rev B) (SILC-CSTO-36-11 21 27 11-04) requires the Offshore Patrol Cutters (OPC's) to operate on ungrounded delta 450V, three-phase power and to utilize a Line Insulation Monitor System to monitor and alarm for ground faults on the ungrounded system. USCG indicated that the CSTO information for the Line Insulation Monitor system is based on the Bender series of ground fault monitoring systems, with the more recently released ISOMETER iso685 device being the required product going forward.

This is a market research tool being used to determine the availability and adequacy of potential sources prior to determining the method of acquisition and issuance of an award. The Government is not obligated to and will not pay for any information received from potential sources as a result of this synopsis. It is requested that interested vendors submit to the contracting office a brief capabilities statement package (no more than 5 pages total) demonstrating the ability to provide the product with the specifications described above.

Interested Sources are invited to respond to this Source Sought by completing Attachment 1 – Company Information and providing product technical information and specification sheets.

The Capabilities Statement Package shall not exceed 5 pages and shall ONLY be submitted electronically to Kristy Gerrek, kristy.l.gerrek.civ@us.navy.mil and MUST be limited to a 4MB attachment. You are encouraged to request a read receipt or acknowledgement via reply email.

RESPONSES ARE DUE NO LATER THAN **THURSDAY, 26 MARCH 2026 AT 2:00 PM EASTERN TIME**. LATE RESPONSES WILL NOT BE CONSIDERED.
