

Single Source Justification (Simplified Acquisition)

Section A: General Contract Information

Is this a Bridge Action as defined in the [AF Bridge Action Reduction Plan](#)? ☐ Yes ☒ No

Contracting Activity: 502d Contracting Squadron

Project/Program Name: 2026 JBSA Great Air Show 100 Low Lead AVGAS

Purchase Request / Local ID Number: F2MRAU6068A002

Estimated Contract Cost (including Options): [REDACTED]

Section B: Description of the Supplies/Services Required

The contractor shall provide 9,000 gallons of 100 Low Lead (LL) AVGAS in support of the 2026 Joint Base San Antonio (JBSA) Great Air Show and Open House.

Period of Performance:
1 May 2026 to 3 May 2026

Place of Performance:
JBSA-Randolph AFB, TX 78150

Contractor Responsibilities:
The designated contractor, [REDACTED]

Comply with all applicable Federal Acquisition Regulations (FAR), Defense Federal Acquisition Regulation Supplement (DFARS), and Department of the Air Force Federal Acquisition Regulation Supplement (DAFARS).

Adhere to all Federal Aviation Administration (FAA) procedures.

Coordinate with the Air Boss, Combat Flight Rules (CFR), Airfield Management, Terminal Radar Approach Control (TRACON)/ Tower, and the FAA.

Attend all required safety and flight sequence briefings.

Contract Details:

A Firm-Fixed-Price contract is anticipated for this requirement.

The estimated cost of this action is [REDACTED]

Section C: Justification for Soliciting from a Single Source or Brand Name

A sole-source award to [REDACTED] is warranted based on comprehensive market research and a lack of response from other potential vendors.

Market Research and Solicitation:

[REDACTED]

Vendor Analysis:

Single Source Justification (Simplified Acquisition)

Initial market research identified two other potential vendors in the local area [REDACTED]. However, further investigation revealed that neither could meet the specific requirements for the 2026 Joint Base San Antonio (JBSA) Air Show and Open House.

[REDACTED] This vendor is not authorized to provide fueling services outside of their designated location at [REDACTED] and therefore could not support the event at JBSA-Randolph.

[REDACTED] This vendor was found to lack the necessary refueling assets to deliver the required 9,000 gallons of Avgas, making them unable to fulfill the contract's terms.

Conclusion:

Based on the results of the market research and the absence of any viable responses to the public notice, [REDACTED] is the only identified vendor that is prepared, willing, and equipped to provide the necessary fueling services for this event.

Section D: Efforts to Obtain Competition

The 502d Logistics Readiness Squadron (LRS)/Fuels Management Flight conducted extensive research to identify potential vendors. This research concluded that no other organization was available or willing to provide the required aviation gasoline and associated fueling services for the privately owned vintage aircraft scheduled to participate in the event.

Confirmation of Market Conditions:

To validate the findings of the market research, a "Notice of Intent to Sole Source" was publicly posted. This action yielded no responses from any other interested parties, confirming the absence of alternative vendors capable of fulfilling the requirement.

Section E: Steps to Preclude Future Single Source or Brand Name Awards

Interim Service Provider:

Until another vendor is identified that can meet the Government's stringent requirements for the safe storage of aviation gas and servicing of aircraft, [REDACTED] continue to provide these critical services.

Commitment to Future Competition:

The Government will proactively monitor the market and conduct continuous research to evaluate the capabilities of other vendors. This strategy is intended to foster competition and mitigate the need for sole-source contracts in the future.

Section F: Contracting Officer's Determination

I have determined, in accordance with [FAR 13.106-1\(b\)\(1\)](#), that the circumstances of this contract action deem only a single source is reasonably available.
